

RECOMMENDATION

This document shows the case officer's recommended decision for the application referred to below.

This document is not a decision notice for this application.

Applicant	Lovell Partnership Ltd	Reg. Number	20/AP/1390
Application Type	Major application	Case Number	115-349
Recommendation	GRANT permission		

Draft of Decision Notice

planning permission is GRANTED for the following development:

Full planning permission for the demolition of 345 Southwark Park Road and all site preparation works, for a residential-led mixed use development comprising 22 new affordable social rent homes and 24 new private homes (containing a mix of 1, 2 and 3 bedroom apartments), associated cycle and wheelchair car parking, 340 sqm flexible ground floor office and community use floorspace (B1/D1); associated hard and soft landscaping and public realm works.

Southwark Park Day Centre 345 Southwark Park Road London Southwark

In accordance with application received on 19 May 2020

and Applicant's Drawing Nos.:

1. The development hereby permitted shall not be carried out otherwise than in accordance with the following approved plans:

Reason:

For the avoidance of doubt and in the interests of proper planning."

Permission is subject to the following Time Limit:

2. The development hereby permitted shall be begun before the end of three years from the date of this permission.

Reason:

As required by Section 91 of the Town and Country Planning Act 1990 as amended.

Permission is subject to the following Pre-Commencements Condition(s)

3. Prior to the commencement of the development hereby approved;
 - a) Following the completion of the works and measures identified in the approved remediation strategy ref:073237-CUR-00-XX-RP-GE-003 rev P02 (dated 27/94/2020), a verification report providing evidence that all works required by the remediation strategy have been completed, together with any future monitoring or maintenance requirements shall be submitted to and approved in writing by the Local Planning Authority.
 - b) In the event that potential contamination is found at any time when carrying out the approved development that was not previously identified, it shall be reported in writing immediately to the Local Planning Authority, and a scheme of investigation and risk assessment, a remediation strategy and verification report (if required) shall be submitted to the Local Planning Authority for approval in writing, in accordance with part a) above.

Reason

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other off-site receptors in accordance with saved policy 3.2 'Protection of amenity' of the Southwark Plan (2007), strategic policy 13' High environmental standards' of the Core Strategy (2011) and the National Planning Policy Framework 2019.

4. Prior to works commencing, including any demolition, an Arboricultural Method Statement shall be submitted to and approved in writing by the Local Planning Authority.

a) A pre-commencement meeting shall be arranged, the details of which shall be notified to the Local Planning Authority for agreement in writing prior to the meeting and prior to works commencing on site, including any demolition, changes to ground levels, pruning or tree removal.

b) A detailed Arboricultural Method Statement showing the means by which any retained trees on or directly adjacent to the site are to be protected from damage by demolition works, excavation, vehicles, stored or stacked building supplies, waste or other materials, and building plant, scaffolding or other equipment, shall then be submitted to and approved in writing by the Local Planning Authority. The method statements shall include details of facilitative pruning specifications and a supervision schedule overseen by an accredited arboricultural consultant.

c) Cross sections shall be provided to show surface and other changes to levels, special engineering or construction details and any proposed activity within root protection areas required in order to facilitate demolition, construction and excavation.

The existing trees on or adjoining the site which are to be retained shall be protected and both the site and trees managed in accordance with the recommendations contained in the method statement. Following the pre-commencement meeting all tree protection measures shall be installed, carried out and retained throughout the period of the works, unless otherwise agreed in writing by the Local Planning Authority. In any case, all works must adhere to BS5837: (2012) Trees in relation to demolition, design and construction and BS3998: (2010) Tree work - recommendations.

If within the expiration of 5 years from the date of the occupation of the building for its permitted use any retained tree is removed, uprooted is destroyed or dies, another tree shall be planted at the same place and that tree shall be of such size and species, and shall be planted at such time, as may be specified in writing by the Local Planning Authority.

Reason

To avoid damage to the existing trees which represent an important visual amenity in the area, in accordance with The National Planning Policy Framework 2019 Parts 7, 8, 11 & 12 and policies of The Core Strategy 2011: SP11 Open spaces and wildlife; SP12 Design and conservation; SP13 High environmental standards, and Saved Policies of The Southwark Plan 2007: Policy 3.2 Protection of amenity; Policy 3.12 Quality in Design; Policy 3.13 Urban Design and Policy 3.28 Biodiversity.

5. No development shall take place, including any works of demolition, until a written CEMP has been submitted to and approved in writing by the Local Planning Authority. The CEMP shall oblige the applicant, developer and contractors to commit to current best practice with regard to construction site management and to use all best endeavours to minimise off-site impacts, and will include the following information:
 - o A detailed specification of demolition and construction works at each phase of development including consideration of all environmental impacts and the identified remedial measures;
 - o Site perimeter continuous automated noise, dust and vibration monitoring;
 - o Engineering measures to eliminate or mitigate identified environmental impacts e.g. hoarding height and density, acoustic screening, sound insulation, dust control measures, emission reduction measures, location of specific activities on site, etc.;
 - o Arrangements for a direct and responsive site management contact for nearby occupiers during demolition and/or construction (signage on hoardings, newsletters, residents liaison meetings, etc.)
 - o A commitment to adopt and implement of the ICE Demolition Protocol and Considerate Contractor Scheme; Site traffic - Routing of in-bound and outbound site traffic, one-way site traffic arrangements on site, location of lay off areas, etc.;
 - o Site waste Management - Accurate waste stream identification, separation, storage, registered waste carriers for transportation and disposal at appropriate destinations.
 - o A commitment that all NRMM equipment (37 kW and 560 kW) shall be registered on the NRMM register and meets the standard as stipulated by the Mayor of London

All demolition and construction work shall be undertaken in strict accordance with the approved CEMP and other relevant codes of practice, unless otherwise agreed in writing by the Local Planning Authority.

Reason

To ensure that occupiers of neighbouring premises and the wider environment do not suffer a loss of amenity by reason of pollution and nuisance, in accordance with Strategic Policy 13 'High environmental standards' of the Core Strategy (2011), Saved Policy 3.2 'Protection of amenity' of the Southwark Plan (2007), and the National Planning Policy Framework (2019).

Permission is subject to the following Grade Condition(s)

6. Before any above grade work hereby authorised begins, detailed drawings of a hard and soft landscaping scheme including 14 trees and showing the treatment of all parts of the site not covered by buildings (including cross sections, surfacing materials of any parking, access, or pathways layouts, materials and edge details), shall be submitted to and approved in writing by the Local Planning Authority. The landscaping shall not be carried out otherwise than in accordance with any such approval given and shall be retained for the duration of the use.

The planting, seeding and/or turfing shall be carried out in the first planting season following completion of building works and any trees or shrubs that is found to be dead, dying, severely damaged or diseased within five years of the completion of the building works OR five years of the carrying out of the landscaping scheme (whichever is later), shall be replaced in the next planting season by specimens of the same size and species in the first suitable planting season. Planting shall comply to BS: 4428 Code of practice for general landscaping operations, BS: 5837 (2012) Trees in relation to demolition, design and construction and BS 7370-4:1993 Grounds maintenance Recommendations for maintenance of soft landscape (other than amenity turf).

Reason:

So that the Council may be satisfied with the details of the landscaping scheme, in accordance with: Chapters 8, 12, 15 and 16 of the National Planning Policy Framework 2019; Strategic Policies 11 (Open Spaces and Wildlife), 12 (Design and conservation) and 13 (High Environmental Standards) of The Core Strategy 2011, and; Saved Policies 3.2 (Protection of Amenity), 3.12 (Quality in Design) 3.13 (Urban Design) and 3.28 (Biodiversity) of the Southwark Plan 2007.

7. Details of bird and bat nesting boxes/bricks shall be submitted to and approved in writing by the Local Planning Authority prior to any above grade works commencing hereby granted permission.

No less than 4 bat bricks and 6 swift bricks shall be provided and the details shall include the exact location, specification and design of the habitats. The boxes / bricks shall be installed with the development prior to the first occupation of the building to which they form part or the first use of the space in which they are contained.

The nesting boxes / bricks shall be installed strictly in accordance with the details so approved, shall be maintained as such thereafter.

Reason: To ensure the development provides the maximum possible provision towards creation of habitats and valuable areas for biodiversity in accordance with policies: 5.10 and 7.19 of the London Plan 2011, Policy 3.28 of the Southwark Plan, Strategic Policy 11 of the Southwark Core strategy and the National Planning Policy Framework (2019).

8. Before any above grade work hereby authorised begins, details of security measures shall be submitted and approved in writing by the Local Planning Authority.

Any such security measures shall be implemented prior to occupation in accordance with the approved details which shall seek to achieve the 'Secured by Design' accreditation award from the Metropolitan Police.

Reason:

In pursuance of the Local Planning Authority's duty under section 17 of the Crime and Disorder Act 1998 to consider crime and disorder implications in exercising its planning functions and to improve community safety and crime prevention, in accordance with: the National Planning Policy Framework 2019; Strategic Policy 12 (Design and Conservation) of the Core Strategy 2011, and; Saved Policy 3.14 (Designing out crime) of the Southwark Plan 2007.

9. (a) Before any fit out works to the commercial premises hereby authorised begins, an independently verified BREEAM report (detailing performance in each category, overall score, BREEAM rating and a BREEAM certificate of building performance) to achieve a minimum 'very good or excellent' rating shall be submitted to and approved in writing by the Local Planning Authority and the development shall not be carried out otherwise than in accordance with any such approval given;

(b) Before the first occupation of the building hereby permitted, a certified Post Construction Review (or other verification process agreed with the local planning authority) shall be submitted to and approved in writing by the Local Planning Authority, confirming that the agreed standards at (a) have been met.

Reason

To ensure the proposal complies with The National Planning Policy Framework 2019, Strategic Policy 13 - High Environmental Standards of The Core Strategy 2011 and Saved Policies 3.3 Sustainability and 3.4 Energy Efficiency of the Southwark Plan 2007.

10. Prior to above grade works commencing, material samples of all external facing materials to be used in the carrying out of this permission shall be submitted to and approved in writing by the Local Planning Authority; the development shall not be carried out otherwise than in accordance with any such approval given.

Reason:

In order to ensure that these samples will make an acceptable contextual response in terms of materials to be used, and achieve a quality of design and detailing in accordance with The National Planning Policy Framework 2019, Strategic Policy 12 - Design and Conservation of The Core Strategy 2011 and

Saved Policies: 3.12 Quality in Design and 3.13 Urban Design of The Southwark Plan 2007.

11. Before any above grade work hereby authorised begins, details of the biodiversity (green/brown) roof(s) shall be submitted to and approved in writing by the Local Planning Authority. The biodiversity (green/brown) roof(s) shall be:
- * biodiversity based with extensive substrate base (depth 80-150mm);
 - * laid out in accordance with agreed plans; and
 - * planted/seeded with an agreed mix of species within the first planting season following the practical completion of the building works (focused on wildflower planting, and no more than a maximum of 25% sedum coverage).

The biodiversity (green/brown) roof shall not be used as an amenity or sitting out space of any kind whatsoever and shall only be used in the case of essential maintenance or repair, or escape in case of emergency.

The biodiversity roof(s) shall be carried out strictly in accordance with the details so approved and shall be maintained as such thereafter.

Discharge of this condition will be granted on receiving the details of the green/brown roof(s) and Southwark Council agreeing the submitted plans, and once the green/brown roof(s) are completed in full in accordance to the agreed plans. A post completion assessment will be required to confirm the roof has been constructed to the agreed specification.

Reason:

To ensure the development provides the maximum possible provision towards creation of habitats and valuable areas for biodiversity in accordance with: Policies 2.18 (Green Infrastructure: the Multifunctional Network of Green and Open Spaces), 5.3 (Sustainable Design and Construction), 5.10 (Urban Greening) and 5.11 (Green Roofs and Development Site Environs) of the London Plan 2016; Strategic Policy 11 (Design and Conservation) of the Core Strategy 2011, and; Saved Policy 3.28 (Biodiversity) of the Southwark Plan 2007.

12. Before any above grade work hereby authorised begins, details (1:50 scale drawings) of the facilities to be provided for the secure and covered storage of cycles shall be submitted to and approved in writing by the Local Planning Authority. Thereafter the cycle parking facilities provided shall be retained and the space used for no other purpose, and the development shall not be carried out otherwise in accordance with any such approval given.

Reason:

In order to ensure that satisfactory safe and secure cycle parking facilities are provided and retained in order to encourage the use of cycling as an alternative means of transport to the development and to reduce reliance on the use of the private car in accordance with: the National Planning Policy

Framework 2019; Strategic Policy 2 (Sustainable Transport) of the Core Strategy 2011, and; Saved Policy 5.3 (Walking and Cycling) of the Southwark Plan 2007.

13. Before any above grade work hereby authorised begins, details of the means of enclosure for all site boundaries shall be submitted to and approved in writing by the Local Planning Authority and the development shall not be carried out otherwise than in accordance with any such approval given.

Reason:

In the interests of visual and residential amenity in accordance with: the National Planning Policy Framework 2019; Strategic Policy 12 (Design and Conservation) of the Core Strategy 2011; Saved Policies 3.2 (Protection of Amenity), 3.12 (Quality in Design), and 3.13 (Urban Design) of the Southwark Plan 2007.

Permission is subject to the following Pre-Occupation Condition(s)

14. Party walls, floors and ceilings between the commercial premises and residential dwellings shall be designed to achieve a minimum weighted standardized level difference of 60dB DnTw+Ctr. Pre-occupation testing of the separating partition shall be undertaken for airborne sound insulation in accordance with the methodology of ISO 16283-1:2014. Details of the specification of the partition together with full results of the sound transmission testing shall be submitted to the Local Planning Authority for written approval prior to the use commencing and once approved the partition shall be permanently maintained thereafter.

Reason

To ensure that the occupiers and users of the proposed development do not suffer a loss of amenity by reason of noise nuisance and other excess noise from activities within the commercial premises accordance with strategic policy 13 'High environmental standards' of the Core Strategy (2011), saved Policy 3.2 Protection of Amenity of the Southwark Plan (2007) and the National Planning Policy Framework 2019.

15. The dwellings hereby permitted shall be designed to ensure that the following internal noise levels are not exceeded due to environmental noise:

Bedrooms - 35dB LAeq T†, 30 dB L Aeq T*, 45dB LAFmax T *

Living and Dining rooms- 35dB LAeq T †

* - Night-time - 8 hours between 23:00-07:00

† - Daytime - 16 hours between 07:00-23:00

Following completion of the development and prior to occupation, a validation test shall be carried out on a relevant sample of premises. The results shall be submitted to the LPA for approval in writing. The approved scheme shall be implemented and permanently maintained thereafter.

Reason

To ensure that the occupiers and users of the development do not suffer a loss of amenity by reason of excess noise from environmental and transportation sources in accordance with strategic policy 13 'High environmental standards' of the Core Strategy (2011) saved policies 3.2 'Protection of amenity' and 4.2 'Quality of residential accommodation' of the Southwark Plan (2007), and the National Planning Policy Framework 2019.

16. The combined Rated sound level from all plant, together with any associated ducting shall not exceed 35dB(A) at any noise sensitive premises. For the purposes of this condition the Background, Rating and Specific sound levels shall be calculated in full accordance with the methodology of BS4142:2014 +A1:2019

Reason:

To ensure that occupiers of neighbouring premises do not suffer a loss of amenity by reason of noise nuisance or the local environment from noise creep due to plant and machinery in accordance with the National Planning Policy Framework 2019, Strategic Policy 13 High Environmental Standards of the Core Strategy 2011 and Saved Policy 3.2 Protection of Amenity of the Southwark Plan (2007).

17. Prior to the occupation of the development, a Flood Warning and Emergency Evacuation Plan should be submitted to and approved in conjunction with Southwark's Emergency Planning team. The plan should state how occupants will be made aware that they can sign up to the Environment Agency Flood Warning services, and of the plan itself. The plan should provide details of how occupants should respond in the event that they receive a flood warning, or become aware of a flood.

Reason :

To guarantee that the development is designed to ensure safety of the building users during extreme flood events, to mitigate residual flood risk and ensure safety of the future occupants of the proposed development, to reduce the amount of surface water run-off from the site, to provide safe refuge and ensure safety of the future occupants of the proposed development, all in accordance with: the National Planning Policy Framework 2019; Strategic Policy 13 (High Environmental Standards) of the Core Strategy 2011, and; Saved Policy 3.9 (Water) of the Southwark Plan 2007.

Permission is subject to the following Compliance Conditions

18. The use hereby permitted for community/community use purposes shall not be carried on outside of the hours of:
07:00 to 22:00 on Monday to Fridays;
08:00 to 22:00 on Saturdays, and;
09:00 to 21:00 on Sundays and Bank Holidays.

Reason:

To safeguard the amenities of neighbouring residential properties in accordance with The National Planning Policy Framework 2019, Strategic Policy 13 High environmental standards of The Core Strategy 2011 and Saved Policy 3.2 Protection of Amenity of The Southwark Plan 2007.

19. Before the first occupation of the building hereby permitted, the refuse storage arrangements shall be provided as detailed on the drawings hereby approved and shall be made available for use by the occupiers of the dwellings/premises. The facilities provided shall thereafter be retained and shall not be used or the space used for any other purpose.

Reason:

To ensure that the refuse will be appropriately stored within the site thereby protecting the amenity of the site and the area in general from litter, odour and potential vermin/pest nuisance in accordance with: the National Planning Policy Framework 2019; Strategic Policy 13 (High Environmental Standards) of the Core Strategy 2011, and; Saved Policies 3.2 (Protection of Amenity) and 3.7 (Waste Reduction) of The Southwark Plan 2007

20. Any deliveries, unloading and loading to the commercial units shall only be between the following hours:
- Monday - Friday 08:00m18:00pm;
 - Saturdays 09:00 - 14:00; and
 - No deliveries or servicing scheduled on Sundays.

Reason

To ensure that and occupiers of the development and occupiers of neighbouring premises do not suffer a loss of amenity by reason of noise nuisance in accordance with The National Planning Policy Framework 2019, Strategic Policy 13 High Environmental Standards of the Core Strategy 2011 and Saved Policies 3.2 Protection of Amenity of The Southwark Plan 2007

Permission is subject to the following Special Condition

21. The completed schedule of site supervision and monitoring of the arboricultural protection measures as approved in Tree Protection condition shall be submitted for approval in writing by the Local Planning Authority within 28 days from completion of the development hereby permitted. This condition may only be fully discharged on completion of the development, subject to satisfactory written evidence of compliance through contemporaneous supervision and monitoring of the tree protection throughout construction by the retained or pre-appointed tree specialist.

Reason

To avoid damage to the existing trees which represent an important visual amenity in the area, in accordance with The National Planning Policy Framework 2019 Parts 7, 8, 11 & 12 and policies of The Core Strategy 2011:

SP11 Open spaces and wildlife; SP12 Design and conservation; SP13 High environmental standards, and Saved Policies of The Southwark Plan 2007: Policy 3.2 Protection of amenity; Policy 3.12 Quality in Design; Policy 3.13 Urban Design and Policy 3.28 Biodiversity.
