

# APPENDIX 1

## APPENDIX 1 GIG 2020/21 funding recommendations

Organisation	Title of Project	Description of activities	Request ed	Recomm ended	Comments
ARARA (Astbury Road Area Residents Association)	Getting Involved Community Projects	Our proposed projects include 1) Education programme - extra tuition for Maths, English and Languages plus help to use zoom, whatsapp, email, basic word and IT which will help with communicating with each other and family and friends ; 2) Art exhibition - for local artists to share their art work within our community, would help to promote artists ; 3) Creative skills classes ; 4) Yoga and Zumba classes ; 5) Various sports lessons eg, tennis, table tennis, football ; 6) Gardening club, we plan to liaise with Bespoke Gardens in Walworth Road and BETRA (other local TRA) ; 7) Walking club - we plan to liaise again with Peckham Society	£ 5,000	£ 5,000	The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.
Astley and Coopers Tenants Residents Association	Children after school Activities Remotely	ASCO TRA will be proposing the following range activities that we be offering for an after-school activities remotely session two days weekly for 21 sessions , this would be worked out and take place in the months ahead organising activities for example free table tennis sport activities, and free style game. An additional free delivering at least one meal a day that meets school food standards to individual doorstep promote a healthier eating, (see attached costings). All ages will be invited to attend, but with a special focus on Family with lower income including vulnerable children, this involves given everyone especially our young people an opportunity to reduce social isolation and fear of anxiety	£ 5,000	£ 5,000	Increase No of beneficiaries
Bells Gardens Estate TRA	The Peckham Lyons	Past experience has proven social activities where by children have engaged in athletic activities has brought families, residents and a broader scope of the community together to support and engage with the youth. Considering we are coming out of a lock down and health and wellbeing is a strong concern it demonstrates the need for children activities that build confidence, strength, agility and mental alertness - while, social & community based activities offers community engagement on a wider scale	£ 4,800	£ 4,800	The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.

Organisation	Title of Project	Description of activities	Request ed	Recomm ended	Comments
Bessemer Grange TRA	Circus and Theatre Skills After-School Project	The main people to benefit from this project will be young people aged 6 – 16 years. The TRA covers over 800 households, with children and young people on the estates mostly living in council homes. The children and young people on the estates all attend different schools in the area so have little opportunity to meet and get to know one another as a group on their home ground. The 2019 LBS multi-ward survey for South Southwark showed that the Champion Hill Ward has higher than average levels of childhood obesity and higher levels of 0-15s in out-of-work benefit households. Our project will target these groups specifically through a programme of outreach before the project begins. The new circus and performance skills that participants will gain will increase their confidence levels, improve health, and overcome isolation. This type of activity is valuable for people who may not yet be confident in speaking English but have vast amounts of untapped talent. Parents and guardians will be encouraged to support their children through regular feedback from	£ 2,372	£ 2,372	The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.
Brandon Estate 1 TRA	Children's Garden and Food Activities	The project is three events that bring children on the estate together with the existing gardening club. By using produce from the garden in healthy cooking activities, related to the seasons when the events happen, children will learn about gardening and healthy eating. The three events will each be tailored to younger children, older children and young people.	£ 600	£ 600	The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.
BRANDON ONE TRA	Four Seasons	There is something for everyone, where a community can be involved like social events. The four seasons events will be delivering fun, including activities targeting different ages groups from the Brandon community. Most of the events can take part using their tablets, mobile phones or computers, in the comfort of their own home or residence, via digital platforms such as Zoom or Microsoft Teams or our outdoor green space between the library and the park.	£ 3,500	£ 1,280	Reduced funding as per budget breakdown.

Organisation	Title of Project	Description of activities	Request ed	Recomm ended	Comments
Bricklayers Arms Tenants & Residents Association	Darwin Street Maisonette Dead Space Planters	<p>This planter project will achieve the following aims:</p> <ol style="list-style-type: none"> <li>1. It would be of great assistance during this difficult time of partial constraints of our freedoms and the mental effects of confinement due to Covid-19.</li> <li>2. Gardening activity has been proven to support mental health and community wellbeing especially as it will involve residents working together (subject to current social distancing guidelines)</li> <li>3. It will enhance the local environment as it is very visible to people walking and cycling through Salisbury Row Park.</li> <li>4. It will help to stop the fly tipping that has been a major problem for years.</li> </ol>	£ 1,428	£ 1,428	The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.
Cossall Estate Tenants & Residents Association	After-school Circus and Drama Class	<p>The project will provide a weekly after-school Circus and Drama activity for children and young adults aged 6 years and over and residing in the Cossall Estate.</p> <p>Over the years, the Circus class has become a great opportunity for children and parents of the estate to get to know each other and build a strong and connected community within the estate.</p> <p>Following the COVID-19 crisis, the Cossall Hall TRA hall had to close its doors and, to this date, no youth activity has been available for the children and young people of the estate.</p> <p>Re-starting the Circus class will benefit not only the children's mental and physical wellbeing through exercising their balance, flexibility and co-ordination skills but will also benefit their parents as a lot of tenants can't afford extra school activities.</p>	4,882,69	4,882,69	The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.

Draper Residents Action TRA	Winter Lights 2020	<p>Now in its fifth year, the Winter Lights Festival is an extremely popular and much anticipated appointment for our community to mark the beginning of seasonal holidays and celebrate togetherness. Each edition has been developed and managed by Draper Together CIO in collaboration with local residents, reflecting the diverse and thriving communities that make it. Originally a one day event, it has grown into a three week craft workshop leading up to the festive four weeks month, a family celebration and a special gathering for residents of all ages to meet their neighbours at a distance. To comply with this year's COVID-19 restrictions, the craft workshop designed to take place at Draper Hall will be moved to each household. The Festival team will identify interested residents, prioritising council tenants and families with small children. Three weeks before the Festival date, a special Draper Santa will distribute craft packs to create decorations for the tree installed in the green opposite Draper House. A series of weekly online craft session will be broadcast on Zoom for the households who can access it, to get together and learn new skills safely. Residents will be then encouraged to leave their decorations at their Reception (or at their front door) once ready. On Saturday December 5th, the Festival team will decorate the tree and turn on the lights installed on the estate, bringing a flavour of the holiday season that can be enjoyed by everyone in the community, from the safety of their own homes. Each household will find a present in the</p>	£ 3,274	£ 3,274	The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.
Kennington Park Road TRA	Everybody Active	<p>This project is exclusively for the benefit of the council residents on this block to improve their physical fitness and mental wellbeing. We have already has two successful pilots of this project. Specifically, this project is an outdoor communal garden fitness initiative (5 weeks, of weekly 45 minutes sessions). Whilst using government social distancing protocols. These sessions were run by a qualified fitness instructor and nutritionist. It was instigated during the COVID-19 lockdown, as a response to residents' welfare. It proved very successful and beneficial as given by resident testimonies. One resident noted, that the regular exercise gave her routine. Many residents reported that it helped release tension, help their mental well-being and assisted in better sleep. Not forgetting the project also engaged young people on the block. The service provider, Criss Cross Active, gave a comprehensive package which helped residents. We wish to continue the momentum and expand residents' confidence including having a better understanding of nutrition. This is particularly important during these COVID-19 times. Our ambition is to take this pilot and use the funds given by this grant, to continue</p>	£ 450	£ 450	The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.

Kennington Park Road TRA	Summer Fun: Strengthen Communities	<p>The recent events of COVID-19 has torn at the threads of our block community. Extra effort has had to be put in by the TRA to ensure residents do not feel socially alienated. Many have had holiday or recreational activities cancelled. Families with young children have been isolated from play-activities. Morale is low and there has been testimonials from residents of mental health struggles. The purpose of this project is to inject some fun into the lives of the families on this block, give residents a break away from the area; which is located on a main road. Thus having a break from the noise, pollution and social issues of the area. In addition, residents , including the children and young people on the block can re-connect and have shared, positive experiences. Specifically on the trip, we will have a photographic and art challenge for the` younger members, and we will ask the adults in the group what observations do they note from their visit to a seaside town. What aspects could be adopted to where we live in London; placing specific emphasis on environmental attributes such as horticulture and use of space. Many residents who live on the block are unemployed. Those who are employed, were massively impacted during the first lock -down and are still trying to recalibrate &amp; adjust to their change in circumstances. The purpose of this project is to raise the levels of hope, optimism and self-esteem for residents on</p>	£ 890	£ 890	<p>The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.</p>

Organisation	Title of Project	Description of activities	Request ed	Recomm ended	Comments
Kingswood Estate Tenants and Residents Association	Community Rejuvenation Projects	<p>Football: Ibuild physical strength, endurance and confidence. They would be able to form a positive friendship and it would distract them from any form of anti-social behaviour.</p> <p>- Fitness Exercise and Healthy Eating: It would help create a healthy lifestyle, reduce obesity, and support their general wellbeing. We propose Yoga as one of the fitness exercise. Yoga lessons are effective in developing coping skills and reaching a more positive outlook on life. During the Lockdown, we introduced online Tone and Stretch as part of keeping our residents healthy mentally and physically. The feedback was great.</p> <p>- Coding For beginners: Help residents to start a career in Computer programming for beginners. It would actively upskill residents with the foundational skills they need to enter a career in the IT sector.</p> <p>- Digital Support Scheme: Help residents with CV, Housing application, Job search, benefits application and other digital assistance.</p> <p>- Music and Dance Scheme: Training for young musicians and dancers. Learning piano, keyboard and singing. This pportunity would be open to both young people and adults.</p> <p>- Gardening: Our young ones show great interest in gardening when they visited a reside. This is open to both Adults and young people</p>	£ 5,000	£ 5,000	The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.
Lindley Estate TRA	Grow Lindley	<p>The aim of the project is to encourage residents to spend time outdoors engaging with the natural spaces on our estate. The majority of residents live in flats and do not have access to private green space yet the communal green spaces are underused due to to the nature of the landscaping. We will run 24 gardening and greening sessions with a horticultural instructor in Lympstone Peace Gardens and across other smaller green spaces on our estate. Part of the session will focus on a particular 'green' activity (planting bulbs/plants, creating bird feeders for winter, etc)) with a tea/refreshment break for residents to interact. The benefit of the project is threefold: improving resident wellbeing through horticultural therapy, creating a more pleasant social space outdoors and improving biodiversity.</p>	£ 4,425	£ 4,425	The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.

Newington Estate TRA	Newington Youth Club	<p>The project will be working with young residents of Newington estate or surrounding homes and estates. These majority of attendees will be from council owned homes.</p> <p>The project is designed to engage young people in positive activities, providing a safe environment in which they can express themselves whilst gaining confidence and developing social skills, broadening their experiences, learning new skills, meeting up with friends, and making new ones. Building trusting relationships with young people is at the core of InSpire's approach to working with young people. Conversation is central to our work, which helps us to work with the groups meaningfully, addressing needs and interests and signposting where appropriate. Youth workers consult with and involve individuals and groups in the planning and development of activities by actively seeking their opinions and ideas through on going consultation. In addition to this InSpire welcomes the views and opinions of parents whilst collaborating with Newington TRA.</p> <p>Newington Youth club currently takes place after school, on Tuesdays and is targeted at a mixed age range of 8-16-year-old, with a weekly average attendance of 15 young people.</p> <p>Alongside indoor activities, including pool, table tennis, softball football and board games, art activities also play a big part of youth</p>	£ 5,000	£ 5,000	The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.

Pelican Plus Tenants & Residents Association	Safe	<p>Our project is in 5 categories:</p> <ol style="list-style-type: none"> <li>1. Direct distribution Hand sanitiser and face masks to all flats within our catchment area of just under 300 flats every month.</li> <li>2. Install hand sanitiser stations at all our 9 buildings blocks on entrance halls.</li> <li>3. Financial help to our vulnerable residents, this project is already going with an initial £1000 from Kings College NHS Foundation Trust.</li> <li>4. build a website where residents can contact us for help, as well as general communication with our residents (this project is almost complete with website partially finished (Pelicanplus.co.uk).</li> <li>5. Making our hall safe for possible future opening to our residents and meetings. we have identified a number of risks.               <ol style="list-style-type: none"> <li>5.1 Install a sanitiser station at entrance.</li> <li>5.2 floor markings in kitchen area with squares to limit 2 persons at any one time.</li> <li>5.3 Install soap dispenser in two toilets.</li> <li>5.4 Install disposable towels in two toilets.</li> <li>5.5 Replace all hall bins with foot-pedal bins to reduce touch for open and close.</li> </ol> </li> </ol>	£ 5,000	£ 4,000	<p>Reduced funding on the basis that various listed items are covered by the council as part of TRA hall reopening process, some budget items are unclear and costly.</p> <p>Payment will be subject to the council premisses officer</p>
Surrey Gardens TRA	Christmas Fayre	<p>Our TRA area is primarily council owned homes. This is a free event providing a free chance for people to get together, have free refreshments, free craft, enjoy the season. We have missed the chance to meet up as a community and the Christmas Fayre is a perfect opportunity to do this again.</p>	£ 1,000	£ 1,000	<p>The TRA will be advised that any face to face activities will be subject to a satisfactory COVID risk assessment being completed by the TRA committee or those delivering the activity or activities on their behalf.</p>

**£47,739    £ 44,519**
