Walworth Community Council

Date: Wednesday May 9, 2007
Time: 7.00 PM
Place: Thurlow Lodge Community Hall,
Wendover, Thurlow Street, SE17

1. Introductions and welcome (7.00pm)
2. Apologies
3. Disclosure of Members' interests and dispensations
4. Items of business that the Chair deems urgent
5. Minutes to be agreed from the previous meeting and matters arising (7.05pm)
6. Deputations (if any) (7.15pm)

Main Business

7. Crime Update (7.25pm)
8. Aylesbury Area Action Plan: The Draft Consultation Strategy – Annabel Sidney & Tim Cutts
(Report to follow). (7.35pm)

9. The Way Forward for Community Councils – Councillor Blango & Russell Profit (8.15pm)
10. The Walworth Road project – Andrew Downes (7.40pm)
11. Changes on the Heygate Estate – Tracy Dickinson (8.50pm)

Members' decisions

Members will consider the siting of a disabled parking place in Harmsworth Street. (9.00pm)

Closing Comments by the Chair

(9.15pm)

`Forthcoming meetings:

Date, Meeting Type & Time	Venue
Tuesday 29 May 2007 - Planning	To be confirmed

ADDITIONAL INFORMATION

Walworth Community Council Membership

Councillor Abdul Mohamed Chair
Councillor Lorraine Lauder Vice-Chair
Councillor Paul Bates
Councillor James Gurling
Councillor Jelil Ladipo
Councillor Kirsty McNeil
Councillor Caroline Pidgeon
Councillor Jane Salmon
Councillor Martin Seaton

Carers' Allowances

If you are a Southwark resident and have paid someone to look after your children, or an elderly dependant or a dependant with disabilities, so that you can attend this meeting, you may claim an allowance from the Council. Please collect a claim form from the clerk at the meeting.

Deputations

For information on deputations please ask the clerk for the relevant hand-out.

Exclusion of Press and Public

The following motion should be moved, seconded and approved if the Community Council wishes to exclude the press and public to deal with reports revealing exempt information.

“That the public be excluded from the meeting for the following items of business on the grounds that they involve the likely disclosure of information as defined in paragraphs 1-15, Access to Information Procedure Rules of the Constitution.”

Transport Assistance for Disabled Members of the Public

Members of the public with a disability who wish to attend Community Council meetings and who require transport assistance in order to access the meeting, are requested to call the meeting clerk at the number below to give his/her contact and address details. The clerk will arrange for a driver to collect the person and provide return transport after the meeting. There will be no charge to the person collected. Please note that it is necessary to call the clerk as far in advance as possible, at least three working days before the meeting.

Wheelchair access

Wheelchair access to the venue is via the main entrance.

For further information, please contact the Walworth Community Council clerk:

Caroline Chalklin
Phone: 0207 525 7385

Walworth Community Council

Main Meeting

Draft Minutes of the Walworth Community Council Meeting held on
Wednesday March 14 at 7.00PM
at Thurlow Lodge Community Hall, Thurlow Street, SE17

Present

Councillors: Abdul Mohamed (Chair), Lorraine Lauder (Vice-Chair), Paul Bates, James Gurling, Martin Seaton, Jane Salmon and Kirsty McNeil

The meeting opened at **7.13pm**.

PLEASE NOTE THAT ANY RESPONSES IN ITALICS HAVE BEEN SUPPLIED AFTER THE MEETING

1. Introduction and welcome by the Chair

Councillor Mohamed began the meeting by welcoming residents. He explained the process to be followed at the meeting and introduced Members and officers. He informed the meeting that the proceedings would be taped.

2. Apologies

Apologies for absence were submitted on behalf of Councillor Caroline Pidgeon.

3. Disclosure of Members' interests and dispensations

None

4. Notification of any items the Chair deems urgent

None.

5. Confirmation of minutes and matters arising

RESOLVED:

That the minutes of the meeting held on February 7 2007 be approved as a true and accurate recording of that meeting, and be signed by the Chair.

Councillor Bates requested that the Clerk be congratulated on the quality of the February 7 2007 minutes.

Mr Cherrill asked that, in future reports on crime, numbers should be reported rather than percentages.

6. Deputations (if any): There were no deputations.

7. Community Slot: Southwark Arbitration Unit

This item was postponed to the next meeting.

8. Southwark's bid for traffic improvements to Transport for London:

Annually, the Council bids for funding for local transport improvements. This is done via the Local

Implementation Plan Annual Progress Report (Lip APR). This also feeds into the Council's five year transport strategy.

The timescale for the bid is:

- Mid May - Submit to council's Executive
- June - Submit funding application for £7million, with likely allocation between £3m and £4m
- December – Results are announced by TfL

There are specific TfL programme areas, including:

- Road Safety
- Walking
- Accessibility
- maintaining the network
- Cycling
- Public transport

The public can get involved by letting the transport planners know about daily transport issues, submitting ideas for the Project bank.

The following comments/questions were raised:

- Mr Cherrill expressed concern that the traffic diverted away from the works in Walworth Road was making other streets unsafe (for example, Thurlow Street). In response, David Moffat from Transport Planning explained that, prior to the road works in Walworth Road, the changed flow in local streets had been modelled to anticipate and resolve potential problems.
- Mr Clark said that when planning for road improvements and parking improvements, where surveys done in advance in regard to health & safety, prior to spending taxpayers' money. Also when it takes three times as long to take a journey, how does this help traffic flow and emissions. Mr Clark said that cyclists were at risk at the top of Elsted Street, due to poor road layout. In response, David Moffat said that Safety Audits were always undertaken prior to implementation of a design scheme. In the longer term, planners will continue to consider the impact on various road users.
- Councillor Lauder said there was a problem at the junction of Portland Street and East Street; there have already been serious accidents at the junction. *An analysis of the accident record at this junction has been carried out. Over the last 3 years 5 slight injury accidents occurred. There is no common pattern to these accidents and this makes it difficult to suggest appropriate remedial actions. This site is therefore unlikely to be included in the bid for funding for local safety schemes which is being prepared for submission in June 2007. Officers will continue to monitor the accident pattern at this location.*
- A resident expressed his concern at the invisibility of cyclists wearing black and displaying no lights at night. In response, David Moffat said that there were cycling training courses at Southwark schools.
- Mr Cherrill complained that if there were a number of bendy buses stopped at bus stops, it was hard for the elderly to get to the last bus.

Resolved: That Andrew Downes be requested to attend the next meeting, with an update on the Walworth Road improvements, and to respond to residents' concerns.

9. Crime Update:

Superintendent Chinchin outlined the situation on a Borough wide basis. There had been a small number of shootings in Peckham in February, but overall violent crime continued to fall – serious violence had declined 22% in the last year. Unfortunately, a small group of young people were responsible for the attacks in the Peckham area.

Street robbery is 12% down this year, with a similar reduction in thefts from cars; there was a smaller reduction in thefts of cars.

10. Safer Neighbourhood bases and the closure of some police stations in Southwark:

Superintendent Chinchin said that the Walworth and Peckham police stations will remain open, with counters, custody suites and parking. The stations, which would be closed, were Camberwell, Rotherhithe and East Dulwich. Most of the police stations under threat of closure were late Nineteenth Century or early Twentieth Century buildings, and there had been very little investment. They were not entirely fit for purpose for a modern police service, as the accommodation they offer is inflexible and the buildings are expensive to run. There will be a strategy of a smaller number of big police stations.

To replace the closed big police stations, there will be 8 – 10 Safer Neighbourhood bases, which will be closer to the areas where officers patrol. These should be in place within the next 18 months. These bases should have an interview room and a conference room, and some will have counters. Superintendent Chinchin was visiting all the Community Councils to try and get the best view of what the community needed. There is a possibility that a base will be located in the Chaplin Centre and in the redeveloped Aylesbury estate.

- Ms Vincent expressed concern that there were people using drugs in her block, and there were hoodies. Superintendent Chinchin explained that the Safer Neighbourhood Teams had priorities, but were working with Police & Community Support Officers and Street Wardens to address problems. Extra Police & Community Support Officers will be allocated to the trouble spots in the Borough. He added that hoodies were not all criminals, and some hoodies were also concerned about street crime. However, the police are putting resources into dealing with street crime, as this has a huge impact on the area. A team of police officers are working round the clock on allegations of robbery, and stop and searching for guns and knives.
- Councillor Bates said he wanted to see the number of Police & Community Support Officers preserved in all the Safer Neighbourhood Teams, and was there any news of the Faraday base. Superintendent Chinchin said there was no discussion about reallocating Police & Community Support Officers. The difficulties of putting the Safer Neighbourhood Team base in the Chaplin Centre was the poor fabric of the building, however the control room could be moving out, freeing up space for the Safer Neighbourhood Team base.
- Mr Cherrill asked if local bases were better than police stations. Superintendent Chinchin said that Safer Neighbourhood Teams should be deployed as close to the locations they are patrolling. Police Stations are not in the best locations, and the moves will reduce the cost of parking etc. This is a London-wide strategy, and the proceeds may not come back to Southwark.
- The Chair said that big police stations give the public confidence. Superintendent Chinchin said that Walworth police station will remain, with its custody suite and police vehicles. Two Safer Neighbourhood Teams would possibly be located at one base.
- Ms Abdalla said she had asked her Safer Neighbourhood Team to send an officer to come to their International Women's Day event, but no officer attended. Superintendent Chinchin said he would take details and investigate, but pointed out that Safer Neighbourhood Teams only had six officers to cover a large area and range of work. Their primary duty is to uphold the law.
- Mr Beedell asked what the average response time was. Superintendent Chinchin said that there was night and day cover, with a response car based in Walworth or Peckham. The response time to 90% of calls was 12 minutes, but a serious incident could mean that there was a shortage of police officers available for other calls.
- Councillor Seaton said that the main problems were at night, and this has a profound impact on residents' lifestyle. There was a need for balance between foot patrols and response cars on the street. Superintendent Chinchin said that the highest demand is in the late evening.
- In response to Ms Amodia, John McHenry said that the Street Wardens worked up to 10:30pm
- Residents said they wanted more police visibly on the streets. Wardens do work together with the police by sharing intelligence and premises. Police do not walk with Wardens as their Risk Assessments and radio nets are different.
- There are eight Street Wardens based in Walworth, together with two supervisors and one manager. Walworth is a priority area. The Wardens need to know the priorities of the community so they can respond to them.
- Councillor Seaton said that the Heygate estate had insufficient cover and criminals are attracted into the area. Will the Wardens' response team go home at 10:30pm?
- Superintendent Chinchin said the police are trying to arrange a visible presence, and direct resources to problem areas. The Wardens' response team will work later, but work within their own remit and risk assessment.
- A resident said that it was too dangerous to distribute leaflets on the Heygate. Superintendent Chinchin said that the Neighbourhood Task Force assists Safer Neighbourhood Teams with warrants etc. that are needed to raid crack houses.
- Ms Childs asked if the police did not have enough money to pay for night shifts? Superintendent Chinchin said that the data from 999 calls etc was analysed to ensure allocations of resources every six months. The Safer

- Neighbourhood Teams are not the only police officers covering an area.
- Mr Crawford said that in Lambeth and Westminster, Wardens work night shifts. There is a need for a visible presence on the streets at night. Superintendent Chinchon said that crime was not just committed at night, but at peak times during the day.
- Mr Clark said he wanted more police officers, as distinct from Police & Community Support Officer or Street Wardens.

Public Question Time - Answers in italics were provided after the meeting

- (i) Mr Clark asked: "When planning traffic improvements, and parking, have they done on the spot surveys in regard to Health & Safety in their plans, before spending taxpayers' money? Also, when it takes three times as long to do a journey, how does this help traffic flow and emissions?" Mr Moffat responded that changes were modeled in advance to foresee problems, and safety audits are always part of the design scheme.
- (ii) Mr Charnock asked: "Why is it that the City of London estate in Old Kent road has immaculate grass and palm trees, when my grass area is turned into a mud site because of football and dogs? These activities are allowed by adults who do not use the football area provided." *Officers will be investigating the grassed area around Mr Charnock's residence (Northchurch) . The Aylesbury estate has lots of play areas and kick about areas and youngsters should be using these areas. Wardens will be asked to patrol this area & to direct the youngsters to the play areas. Officers will be asked to see if the grassed area needs re-seeding.*
- (iii) Mr Charnock asked: "Why do shopkeepers extend their displays of goods beyond the shop front and on to the pavements?" *The shop fronts that display their goods on the pavement have shop front licenses, and there are 17 shops in East Street that have such licenses.*
- (iv) Ms Vincent asked: "Why are there so many loose paving stones, and bad roads where the people and elderly can have a bad fall? I tripped in Wooler Street. No lighting – why is this not being addressed by the Council." *Ms Vincent states there is no street lighting in Wooler Street which resulted in her having a fall, however there are 11 street lights in Wooler Street, all were surveyed by the night scout on 13th March 2007 with no defective lighting reported. Further to that the last reported defect by any source was 12th December 2006. I will arrange for the road to be surveyed tonight.*
- (v) Mr Noble asked: "There was a danger of gas digging hole at Comus House between flats 5 & 6, since February 2007. The job has been completed and the hole was left open. Children are dropping into the hole. Please tell the Council to block it as soon as possible." *This work is the responsibility of British Gas; the Housing Manager will ask them to fill the hole as soon as possible.*
- (vi) Mr Clark asked: "Why was a hole in the footpath resurfaced when a new lamp post is put in next to the old one, when it will be pulled up when the old lamp post is removed? Why not do it all at the same time, saving the taxpayer money?" *Various contractors carry out street lighting replacement works. The in-house team installs the columns, and then they are connected by EDF energy, then the in-house team return and remove the redundant columns. EDF energy are duty bound to reinstate all excavations on completion of their works as the holes they open contain live electricity cables, but there is often a delay in between EDF's works and removals.*
- (vii) Mr Noble asked: "Could you please invite Raj Sarda, the Area Housing Manager to the next meeting?" *It should be noted that Housing issues are not within the remit of Community Council, as they can be addressed at the appropriate Area Forum.*
- (viii) Mr Noble asked: "Referring to paragraph vii of the Public Questions section of the minutes of the February 7 2007 meeting: who is the Chair of Comus TRA? When did Charlotte Glazier and Edwin Emakpose meet the Chair for a discussion? Why couldn't they forward a written notification (Area Housing Office) to the TRA that funding is already with them and confirm the project starting date? Could you please contact them to confirm when this project is starting? *CGS letters of confirmation are sent out to the stakeholders only and not any associated supporting group such as a T&RA. Mr Noble has been communicated with on a variety of occasions regarding Phase 2 06/07 works and he is aware that start dates will not take place until the details of the scheme are developed and approved by the local community, housing and maintenance. It may also be the case that this project requires planning permission, which could add an additional 3 months. A meeting is due to be held with Mr Noble and Forid Ahmed on site and this will take place at the earliest convenience of everybody concerned.*
- (ix) Mr Crawford asked: "Are there designated places where the street cleaners are supposed to leave blue bags, and when are they picked up? Bags are left in different places, before midday, on Browning Street and never picked up until next morning. The bags tend to become magnets for residents to dump their own rubbish around. *There are no designated areas for blue bags to be left, as the refuse collectors are constantly up and down the street collecting them, as well as the cardboard which is deposited in the compactors (traders waste). The waste deposited from the shops (trade waste) is*

- collected in the evening when the cleansing trucks come down the street. There has been an ongoing problem, due to shop fronts depositing their trade waste on days that they should not be. The possibility of getting all the shops to sign up to trade waste agreements would enable officers to monitor dumping.*
- (x) Mr Charnock asked: "TV has advertising with regards to motorcyclists at junctions. Cyclists are dressed in dark clothing when roads are wet and headlights from oncoming vehicles can give a blind spot to dark cyclists. They should be in highly luminous clothing for their own safety." *Training is offered to all junior and primary schools, targeted mainly at year five and six pupils. Adults who live, work or study in the borough are also offered free training. The two-hour training session is on a one to one basis and tailored to the needs of the individual, who will receive advice on cycling safety and bicycle maintenance.*
- (xi) Mr Beedell asked: "When shops are closing in East Street, I have noticed that they are sweeping inside their shop and leave the rubbish on the pavement. The street cleaners do not come until the next day! Can shopkeepers be advised to keep the pavement in front of their shop as clean as the inside of the shops?" *If shopkeepers are seen to sweep rubbish out of their shops on to the street, they are liable to penalties. All shopkeepers are encouraged to have a contract to have their trade waste removed. There is no onus on shopkeepers to sweep outside their curtilage."*
- (xii) Mr Beedell asked: "Can Chief officers of the Council attend our meetings as promised?" *The Community Council can resolve to invite anyone to attend meetings, but no individual officer will have all the answers. Indeed, the more senior the officer, the less he or she will know about the detail of local issues.*
- (xiii) Mr Beedell asked: "In Queen & King Street and Orb Street, vans park in the middle of the road, blocking it for emergency vehicles. Can something be done?" *Between April 2006 and March 2007 there were 1366 visits and 437 Penalty Charge Notices issued in King & Queen Street, and in Orb Street there were 516 visits with 113 Penalty Charge Notices issued. Officers spent 341 hours in King & Queen Street over the year, and 103 hours in Orb Street.*

Members' decisions

Resolved: Ms Smith was appointed to the Governing body of Townsend Primary School.

The meeting ended at 9.20pm

Signed:

Councillor Abdul Mohamed (Chair) on (date):

Item No. Members' decisions	Classification: Open	Date: 09/05/2007	MEETING NAME Walworth Community Council
Report title:		<i>Local Parking Issues</i>	
Ward(s) or groups affected:		All wards within Walworth Community Council	
From:		Andrew Downes	

RECOMMENDATION(S)

1. It is recommended that the disabled parking bays set out in the Appendix B to this report are approved for implementation subject to the outcome of any necessary statutory procedures.

BACKGROUND INFORMATION

2. This report presents proposals for a number of local traffic management schemes, which are matters reserved to Community councils for decision.
3. The origins of the proposals are indicated in the annexed schedule.

KEY ISSUES FOR CONSIDERATION

4. The reasons for the proposed traffic schemes are set out in the Appendix B.
5. The proposals are consistent with the policies set out in the draft Parking and Enforcement Plan, which in turn reflects the Council's policy priorities as set out in the Community Strategy and the emerging Transport Plan.
6. The proposals will support the Council's Equal Opportunities Policy and will promote social inclusion:
 - by providing improved access for emergency vehicles and residents
 - for disabled drivers
 - increasing parking provision

RESOURCE IMPLICATIONS

7. Implementation of the proposals can be undertaken within existing budgets.

CONSULTATION

8. Preliminary consultation of the occupants of properties directly affected has been undertaken where appropriate.
9. Should the Community Council approve the item, statutory consultation will take place as part of the making of the Traffic Management Order. A proposal notice will be erected in proximity to the site location and a press notice will be published in the Southwark News and London Gazette. If there are objections the proposal, or a modified proposal will be re-submitted to the Community Council.
10. The Head of Transport Planning (Regeneration Department) and the Head of Parking Services (Environment and Leisure Department) have been consulted on the proposals and have no objections.
11. No Consultation or comment has been sought from the Borough Solicitor & Secretary or the Chief Finance Officer.

Traffic Management Functions – Decision Making

APPENDIX B

Matters reserved to Community Council, under Part 3H of Southwark Council Constitution, 2004-5.

The following items are brought to the attention of Walworth Community Council on 9th May 2007

Abbreviations: DPPP Disabled persons parking place
 CPZ Controlled Parking Zone

Item Number	Street Name	Location	Type of restriction	Hours of operation	CPZ	Reason	Origins of proposal
2105	Harmsworth Street	11	DPPP	At Any Time	N/A	Parking place required for Blue Badge holder	Resident's Request

On approval, these items will be progressed to a statutory consultation so as to enable a Traffic Management Order to be made.

These schemes are proposed by the Network Operations Planning Team, Municipal Offices, 151-153 Walworth Road, London, SE17 1RY.

If you require any further information on the items please contact Hope Nabimanya on 020 7525 2165, quoting the item number.
