## Dulwich Community Council

Notes from the meeting on Monday 12 December 2005  
Christ Church, 263 Barry Road, SE22

Issue no. 3

[southwark.gov.uk/communitycouncil](http://southwark.gov.uk/communitycouncil)

### Main items at this meeting

- Herne Hill CPZ
- Dulwich Community Fund 2005/06
- Deputation from the residents of Stradella Road and Springfield Residents Association
- Lordship Lane

### Also:

- Dulwich Youth 2000
- Travel and Transport Plans for Southwark
- Flooding In Dulwich Update
- Statement of Community Involvement – Planning

## Herne Hill CPZ

The review of Herne Hill CPZ was discussed at length at the meeting. Officers explained that there was a need for traffic calming measures in the area due to the problems of traffic generation in the area. Due to its proposed extension in notably Burbage Road, Carver Road and Ruskin Walk North, residents voiced their concerns. These were regarding the proposed extension in Burbage Road and that Carver Road should be restricted to residents parking bays only. Ruskin Walk residents highlighted the issue of changes in the parking enforcement plan and said this would have serious parking implications for the area.

It was suggested that CPZ proposals in Half Moon Lane would be re-visited in 2007 along with North Dulwich Station. That the parking situation in Burbage Road could be reviewed after the end of the six-month experimental period particularly if there is further public interest. Suggestions were also made about changing the position of the controlled parking bays on the north west part of Red Post Hill. In addition that sympathetic consideration be given to issues raised at the meeting on behalf of Herne Hill School.

To find out more about the proposals visit [www.southwark.gov.uk/YourServices/Parking/cpzreviews/HerneHillReview](http://www.southwark.gov.uk/YourServices/Parking/cpzreviews/HerneHillReview) a copy is also available for inspection at Dulwich Library. Written comments need to be received before Tuesday 3rd January 2006.

## Dulwich Community Fund launched

Dulwich Community Council has £15,000 to allocate to local community groups' project ideas as part of the 2005-06 Community Fund. We also want your idea for community events or activities which you would like to see take place in Dulwich. Anyone who submits an idea will be entered into a prize draw to win an iPod shuffle!

Many will remember that Dulwich Community Council was one of three Community Council areas that piloted a similar scheme last year which saw funds allocated to help community activities such as the Dulwich Walk of Faith.

Send your applications and ideas for the community fund by the February 17 2006. If you would like more information about the fund and support in making an application, then please **contact Dulwich's community involvement officer Nadine James on 020 7525 5503 or email [nadine.james@southwark.gov.uk](mailto:nadine.james@southwark.gov.uk)**

Dulwich

## Lordship Lane

A transport officer explained that journey times had improved since the implementation of the bus lane. TfL (Transport for London) have come on board and will produce a report in January 2006 on parking provision issues and how they have changed. Members are likely to decide in March 2006 how to take things forward and what to do about the 4pm -7pm bus lane. Consultation is taking place. There will be feedback at future Dulwich meetings.

## Dulwich Youth 2000

Dulwich Youth 2000, a voluntary club formed four years ago to provide services for young people on the Dulwich Grove estate, is looking for new members. For more information on how to become involved in Dulwich Youth 2000 contact Nigel Robinson on 02075250882, email [Nigel.robinson@southwark.gov.uk](mailto:Nigel.robinson@southwark.gov.uk)

## Travel and transport plans for Southwark

Transport officers would like to know your views and priorities.

The transport plans for Southwark – known as the Local Implementation Plan (LIP) – aims to provide improved access to sustainable travel for all, better integration of transport and land use. Increased personal safety and security is also an important factor in the plans

**For More Information or to view the LIP visit [www.southwark.gov.uk/YourServices/transport/lip/](http://www.southwark.gov.uk/YourServices/transport/lip/), Contact [lip@southwark.gov.uk](mailto:lip@southwark.gov.uk) or call 020 7525 5462**

## Deputation from the residents of Stradella Road and Springfield Residents Association

Residents concerned with traffic speeds in Winterbrook, Stradella and Burbage Road, called for speed humps (across the width of the road) to be installed. They believe this will ensure that motorists pay more attention to the existing 20mph zone.

The deputation presented a petition to the meeting signed by 140 residents in the area who were in favour of the installation of full width speed humps as they were concerned that vehicles, particularly large vehicles, were regularly reaching speeds of 40mph. 75% of the Stradella Road and Springfield residents association were in favour of this course of action with the rest preferring to see the speed limits enforced.

Members were concerned that their did not appear to be consistency in when full width speed humps verse bumps were installed and requested that the Executive Member for Environment report back on the criteria used to install full width speed humps and to investigate the most up to date research into effective traffic calming.

## Statement of Community Involvement - Planning

Community involvement is central to the new planning system and a 'statement of community involvement' (SCI) is required to show how and when the council will involve the community in planning applications and policy development. By commenting on the SCI you will help ensure that planning consultation effectively reaches the community. An early draft of the Statement was brought to the Community Council back in September and final consultation closes shortly.

**Consultation closes on the 23 December 2005, so to get a copy of the draft statement or to give your views call 020 7525 5418 or visit [www.southwark.gov.uk/YourServices/planningandbuildingcontrol](http://www.southwark.gov.uk/YourServices/planningandbuildingcontrol)**

## Flooding In Dulwich

Thames Water pulled out of a meeting in December to discuss the need for an engineering study in Dulwich following on from the floods in 2004. A new meeting has been arranged for January and the outcomes from that meeting will be reported back to the Community Council meeting on 19 January. Councillors at the meeting requested that Thames Water be invited to attend a future Dulwich Community Council meeting to discuss the concerns of flooding in the area and report back on the proposed engineering survey which is yet to take place.

**Your next Dulwich meeting is on Thursday January 19 2006, from 7pm at Herne Hill Baptist Church, Half Moon Lane SE22**

[southwark.gov.uk/communitycouncil](http://southwark.gov.uk/communitycouncil)

**Everyone welcome**

Items that are up for discussion at the next meeting include Southwark Sports Ground and Greendale, Together Action Zones (TAZ), Community Strategy for Dulwich – public consultation and much more
