**20.2 MOTION FROM MEMBERS IN ACCORANCE WITH COUNCIL PROCEDURE  
RULE 3.9 – BUS ROUTES**

At the above meeting of the Executive we considered the following motion referred from Council Assembly on 22<sup>nd</sup> January 2003, which had been moved by Councillor William Rowe and seconded by Councillor Kim Humphreys:-

“Council notes that South London has a disproportionately high share of badly performing bus routes and in particular that routes 322, 185 and 3 through Southwark are three of the worst five routes in London. Council Assembly requests the Executive to instruct officers to consult with the bus companies, Transport for London and residents borough-wide on measures to reduce delays and to bring forward a plan to achieve substantially improved performance on the 322, 185, 3 and other poor performing routes within the next year.”

Consideration of the motion was deferred at the Executive meeting on 25<sup>th</sup> February 2003 pending the attendance of a Transport for London (TfL) Officer. It was subsequently decided to consider the motion without the attendance of the TfL officer.

Having considered the motion, we agreed the following:

That the Executive Member for Environment and Transport liaise with officers on identified problem bus routes in the borough and report back in writing to Members.

LEADER OF THE COUNCIL**
