In support of 03-AP-0235, object to 03-AP-2440

Flat 9, Springalls Wharf, 25 Bermondsey Wall West. In favour of layout of plan A (03-AP-0235) and supports the application in principle, with the proviso of a S.106 Agreement. However, objects to Plan B (03-AP-2440) on grounds of increase in number of boats, and loss of visual amenity

**Letters received in support of both applications – ‘form letter’ with some additional comments. All letters received on or before 8 April 2004.**

Letter states:

*‘I/We support the grant of planning permissions by Southwark Council pursuant to planning applications numbered 03-AP-2435 and 2440 for the continued use of the existing moorings at Downings Roads for mixed use purposes including residential, business, barge repair, live/work and for the berthing of vessels in the course of navigation and retention of associated tyre beds. I/We believe that any unacceptable impact on the amenities of nearby residents, on the River Thames, and the environment by reason of the proposed use of the moorings can be effectively mitigated by a range of conditions attached to the planning permissions and by planning obligations entered into under S.106 of the Town & Country Planning Act 1990. I/We do not believe that the proposed use of the moorings will have any unacceptable impact on any conservation area, listed building, world heritage site, or river views. I/We do not believe that the proposed use of the moorings deters public access to the Thames, or freight passenger traffic, or recreational use of the Thames.*

*‘I/We consider that the moorings and their proposed use are an asset to the river, to the Borough of Southwark and to London.’*

<b>No.</b>	<b>Address</b>	<b>Additional comment</b>
123	50 Kensington Drive, Chislehurst, Kent	Save the moorings
124	32 Long Lane, SE1	Diversity stimulates cultural growth
125	Extreme Finace, Reeds Wharf, SE1	Having worked here for the last 5 years, we feel the barges add tremendous character to the area and their removal would be a sad loss. We have never been disturbed by the boats.
126	Flat 2 Market Place St Albans	I've worked in Bermondsey for 3 years and love to see the moored boats
127	10 Cavendish Road Aldershot GU11 1NA	I work in Mill Street, and walk past the moorings every day. I think the area would be poorer without them, as they add colour and variety.
128	27 Little London Court Mill Street SE1	Keep the character of the river!
129	21 Morriss House, Cherry Garden Street SE16	I heartily endorse everything above.
130	4 Matson House, Slippers Place Se16	It's a joy to see these peoples boat homes and it should stay
131	Flat 23 Springview Heights, Bermondsey Wall West SE1	They have been here longer than the flats and they look nicer. Besides there's no shortage of flats going up.
132	St Michaels RC School, John Felton Road, Bermondsey SE16	The moorings offer a unique sight to the river and it's a pleasant part of the river
133	40 Elephant Lane, Rotherhithe, SE15	I hope they stay, they are an asset to the area
134	201 Providence Square SE1 2EW	Keep it here, it adds a little colour and life to the area
135	50 Running Waters, Brentwood, Essex	Work in the area – love the moorings – let them stay
136	407 ½ Wandsworth Road SW6	They must stay. The river and the area needs more life like this
137	101 Lucey Way, St James Road SE16	It's very wrong to move them as they have all been there for years, been coming here all our lives, please let them stay

No.	Address	Additional comment
138	501 Fennel Apts, 3 Cayenne Court, SE1	Its v. attractive and adds a lot of atmosphere to this area, people love to look at the boats, they are very well looked after and should be no reason for them to go. It would leave an empty space.
139	23 Tewkesbury Ave, Pinner	Thames could always use more pretty boats
140	30 Dombey House, Wolsely Street Se1	The boats look very pretty. Please let them stay
141	14 Ewhurst Close E1	It's a focal point on a days work by the river
142	23 Arnold Estate, Druid Street SE1	I live near the moorings and come down to admire boats on a regular basis. It would be a real shame if they weren't there any more!
143	23 Arnold Estate, Druid Street SE1	I consider the moorings to be an asset and should be kept
144	C/o Two Towers Housing Co-op, 83 Lupin Point SE1	On behalf of all the members of Two Towers (165 units) who do not wish to see history demolished by one person
145	22 Cheyenne Building Butlers Wharf SE1	Ridiculous idea! This is a wonderful sight to look out on the river at work, doing what it is meant to be doing! As a semi-pro sailor, people (me) appreciate boats and lives affected
146	64 Guy Road, Wallington SM6 7LY	Y ( <i>sic</i> ) move them
147	220a Northend Road West Kensington W14 7NX	I strongly believe the boats add strongly to the visual landscape and reflect strongly on the strong history of the area. The boats bring back the maritime essence of the area lost in many of the unsympathetic elements found within various buildings surrounding which are highly distracted from these elements
148	30 Barrow Road SW16 5PF	This is a unique social and cultural nictitular and it deserves the full support of the council
149	33 William Guy Gardens, Talvin Street, Bow E3 3LF	It will be greatly missed as it adds such a huge character to the river
150	170 Kilburn Lane, London	I feel very strongly that all forms of living accommodation are allowed to exist in London. These moorings add a very important dimension to the area.
151	The Bridge House, 218 Tower Bridge Road SE1	The culture and architecture is important to any area and the moorings are of the most important aspects of river living
152	19 Queen Elizabeth Street SE1	The character of this ancient river front is rooted in the craft plying the waterway. This mooring should remain to encourage more marine craft
153	129 Hemingord Raid N1	These boats are a natural and beautiful part of Thames life – let them stay
155	5 Wickham Court, Cranes Park Surbiton, Surrey	We do not want to destroy all of London's Heritage!
156	3 Gilbey Yard Oval Road NW1	I personally feel that it is a great idea and should be ? ahead. It will add to the amazing view of the City of London
157	5 Sandwich House, Swan Road SE16	Please keep this here!
158	65 Pymers Mead, Dulwich SE21	What came first the chicken or the egg!
159	12 Hobbs Court 2 Jacob Street SE1	The moorings add character to an otherwise 'exclusive' and 'unwelcoming' corner of London. To get rid of these 'charming' boats would be a ridiculous ( <i>sic</i> ) consestion ( <i>sic</i> ) to the people who are only worried about the value of their apartments`
160	43 Scotts Sufferance Wharf Mill Street SE1	I live overlooking the water and the moorings are a great local fixture and must remain
161	207 Providence Square, SE1	I do not believe that the removal of the mooring will affect the outlook of the area – in fact, they add to the sense of community
162	5 Woolcombes Court, Princes Riverside SE16	

No.	Address	Additional comment
163	20 Scarborough Street E1	I truly believe that the moorings adds to the cultural and maritime life!
164	19a Providence Square SE1	Please save the moorings. They make the area more personalize (sic) and wonderful
165	C/o Southwark College SE1	The boats bring character and interest (as well as homes!) to the river. I would object very strongly to the removal of people who have a right to live here.
166	164 Providence Square SE1	The moorings really add character to the whole Butlers Wharf area
167	9 Oliver House, George Row SE16	Leave them be!
168	207 Providence Square, Mill Street SE1	It's part of the culture and fabric of the area
169	49 Glebe Wharf, Rotherhithe Street SE16	Please let's keep character in London!
170	79 Comeragh Road W14 9HS	My grandchildren, Oscar and Marjorie, live in the barge community and go to local school childminder while their parents work as architects. Please don't evict them!
171	15 Middleton Drive, Surrey	As a long term sailor and user of the river I strongly believe that historic facilities such as these should be maintained!
172	33 St Saviours Wharf SE1	The moorings have real character and give atmosphere and charm to the area. Don't ruin it!
173	51 Lily Road E17	I am considering moving to Southwark and I don't see why colourful and traditional elements of the river should be removed and tidied up because a few people want to gentrify the area and possible increase the value ?? (text missing)
174	71 St Saviours Wharf SE1	These boats are essential to the river!
175	Number one, Sherbourne Gate, B16	The site should stay as it creates for a diverse community which then helps those like me (3 days in London) to see what a true community could be. It should be more than just development.
176	St Michaels School SE16	I manage a local secondary school. This is a major advantage to our pupils and parents
177	22 Mill Stream house, Jamaica Road SE16	Why take them away? They are charming and part of river life!
178	Wardens Post, Moor Lane, South Newington, Oxon	My husband worked at New Concordia Wharf for many years and we always enjoyed the boats on the river.
179	Wardens Post, Moore Lane, South Newington Oxon	I worked in New Concordia Wharf for 16 years and appreciate the barges
180	39 Plough Way SE16	I walk home from work every day in every weather and it is lovely to walk past the boats
181	104 Providence Square SE1	I think the moorings add significantly to the character of the area and should stay
182	122 Providence Square SE1	It is important to retain variety of both buildings and people – especially for an area that has a heritage of diversity
183	11 Providence Tower, SE16	I overlook the boats and enjoy the view
184	25a Providence Square SE1	Live locally, boats add to the area. If they don't like them, don't move there!
185	5d Riverview Heights, Bermondsey Wall West SE16	I overlook the boats at the moorings and love the character they add to my neighbourhood
186	21 New Concordia Wharf SE1	The boats add great personality to the locale
187	207 Providence Square SE1	Much more attractive than recent developments
188	103 Providence Square SE1	But I would to see the roof of the Arts Ark removed
189	115 Providence Square SE1	We bought our apartment in the block because of the character the boats bring to the area. They cause no noise problems and are well maintained
190	11a Riverview Heights SE16	The moorings add character to a city which has a duty to promote such assets

No.	Address	Additional comment
191	58 Bavent Road SE5	
192	58 Bavent Road SE5	
193	Battlebridge Moorings, Wharfdale Road N1	
194	26 Montague Road Richmond, Surrey	I own a barge on the Thames ?. There is very little provision for barge owners on the Thames. The Thames is a resource that we ignore. We should encourage people to (text missing)
195	C/o 207 Providence Square SE1	The boats add character to the area.
196	104 Horseferry Road, SW1	I feel that they add a good character aspect to the river
197	47 Mill Pond Estate, Rotherhithe, SE16	As far as I am concerned, these vessels have been here for quite a while. Before the residents and see no reason as to why they should go.
198	5 Sanford Way SE14	I (sic) shouldn't be possible for wealth to control out (sic) environment and get rid of any elements that don't fit with their view. Remember this is a river!
199	21 Manorside Close, SE2	Please don't let this be taken away. I have always looked out for the barges on my walk along the river.
200	207 Providence Square SE1	I think that the boats add to the local environment and it would be a travesty to get rid of them
201	89 Merton hall Road SW19	I say 'no' to change for the sake of change. This part of the local character – leave it alone!
202	207 Providence Square SE1	They are very pretty. Tourists like them and so do I!
203	34 Lower Richmond Road Putney SW15	I have worked next to the moorings for 14 years and it's never caused me a problem!
204	14 Fownes Street Battersea SW11	First in, first served. Who was there first?
205	Orpington, BR5	I work in Queen Elizabeth Street and walk daily to the area. It would be a shame to remove the moorings.
206	14 Cunningham Court, W9	I consider that it is of crucial importance that the river should continue to be used both by commercial and residential vessels and that, in particular, houseboats and the few remaining traditional Thames sailing barges should be moored within the heart of London. They should be visible to the public and local residents as they evoke London's unique maritime history and add significant character and value to waterside spaces in the city. In my opinion Downings Roads moorings are an excellent example of good usage of the waterfront.
