BACKGROUND INFORMATION

The Licensing Act 2003

3. The Licensing Act 2003 provides a licensing regime for:
 - The sale of and supply of alcohol
 - The provision of regulated entertainment
 - The provision of late night refreshment.
4. Within Southwark, the licensing responsibility is wholly administered by this council.
5. The Act requires the licensing authority to carry out its functions under the Act with a view to promoting the four stated licensing objectives. These are:
 - The prevention of crime and disorder
 - The promotion of public safety
 - The prevention of nuisance
 - The protection of children from harm.
6. In carrying out its licensing functions, a licensing authority must also have regard to
 - The Act itself
 - The guidance to the act issued under Section 182 of the Act

- Secondary regulations issued under the Act
 - The licensing authority's own statement of licensing policy
 - The application, including the operating schedule submitted as part of the application
 - Relevant representations.
7. The summary review powers under sections 53A to 53C of the Act allow the police to trigger a fast track process to review a premises licence where the police consider that the premises are associated with serious crime or serious disorder (or both); and the licensing authority to respond by taking interim steps quickly, where appropriate, pending a full review.

The review application and certificate

13. On 10 November 2015 the Metropolitan Police applied to the licensing authority for a summary review of the premises licence issued in respect of the premises known The Coronet, 28 Old Kent Road, London SE1 6TJ and Railway Arch 3,4 ,5 And 6, Elephant Road, Elephant Mews, London SE17 1LB. A senior member of the police force for the area has certified that in his opinion the premises are associated with serious crime or serious disorder or both.
14. The review application states the premises licence numbers 840278, which relates to 28 Old Kent Road, London SE1 6TJ, 840281 which relates to the annex at Railway Arch 3,4 ,5 And 6, Elephant Road, Elephant Mews, London SE17 1LB and 845674 which relate to a time limited premises licence which is now expired.
15. The Police we contacted and have confirmed that the review is for both premises held by Elephant Music limited held for each of the addresses.
16. The application is concerned with serious incidents that took place on 8 November 2015 it is alleged that a fight broke out involving approximately 15 patrons, a noxious gas was discharged and a person was found with a stab wound and a gun was seen all within the premises. Other crime in or immediately outside the premises including three separate incidents of theft.
17. The certificate also states that although the premises has a good record of compliance and co-operation with the police and local authority including voluntary closure following serious incidents the police are concerned that the victim is not co-operating with the police and they are of the opinion that this may lead to retribution and reprisal attacks. They are also concerned that the premises is hosting a number of similar events I the next few months.
18. The police request that following interim steps are taken to prevent further incidents from occurring;
- The licence is suspended until such time as the full hearing is determined
19. The licensing sub-committee is not restricted to just considering this step.
20. A copy of the application and certificate are attached to this report as Appendix B. Additional evidence is presented in Appendix C and other evidence may become available at the hearing.

The review procedure

21. The current hearing is for the purpose of considering if interim steps are needed as a result of the police review and information submitted pending the full review hearing that will be held on 2 December 2015.
22. The licensing sub-committee is not obliged to hear evidence from other parties at this stage of the procedure. However the premises licence holder and designated premises supervisor (DPS) have been invited to attend the hearing.
23. The review is currently being consulted on and is advertised at the premises for 10 days. Responsible authorities and any other persons may make representations that will then be considered at the full hearing of the licensing sub-committee.
24. Any interim steps made by the licensing sub-committee at this hearing will cease to have effect once the review has been determined.

Operating History

25. The last full premises inspection made under the Licensing Act 2003 was on 30 May 2015 at 00.30, the premises was found to be fully compliant with the terms and conditions of their premises licence.
26. The premises does receive regular visits from the Council's night time economy team, no serious concerns have been raised on these visits.

The local area

27. A map of the local area is attached at Appendix E.

Southwark Council statement of licensing policy

28. Council assembly approved Southwark's statement of licensing policy 2011-14 on 12 October 2011. Sections of the statement that are considered to be of particular relevance to this application are:
 - Section 3 which sets out the purpose and scope of the policy and reinforces the four licensing objectives.
 - Section 5 which sets out the council's approach with regard to the imposition of conditions including mandatory conditions to be attached to the licence.
 - Section 6 details other relevant council and government policies, strategies, responsibilities and guidance, including the relevant articles under the Human Rights Act 1998.
 - Section 7 provides general guidance on dealing with crime and disorder and deals with licensing hours.
 - Section 8 provides general guidance on ensuring public safety including safe capacities.
 - Section 9 provides general guidance on the prevention of nuisance.

- Section 10 provides general guidance on the protection of children from harm.
29. The purpose of Southwark's statement of licensing policy is to make clear to applicants what considerations will be taken into account when determining applications and should act as a guide to the sub-committee when considering the applications. However, the sub-committee must always consider each application on its own merits and allow exceptions to the normal policy where these are justified by the circumstances of the application.

Resource implications

30. There is no fee associated with this type of application.

Consultation

31. There is no public consultation for an interim hearing.
32. The premises licence holder has been informed of the application for review and of the details of the interim hearing, they have indicated that they will attend the hearing.
33. The premises licence holder's representative has submitted a 696 promotion event risk assessment form for the event submitted to the police central licensing promoters desk, the event was classified as low risk by the police in an email dated 27 October 2015. An after event assessment by the club is also submitted. Copies of these documents are in Appendix D.

Community impact statement

34. Each application is required by law to be considered upon its own individual merits with all relevant matters taken into account.

SUPPLEMENTARY ADVICE FROM OTHER OFFICERS

Director of Law and Democracy

35. The sub-committee is asked to consider interim steps following an application to review the premises licence under Section 53A of the licensing act 2003.
36. The principles, which sub-committee members must apply, are set out below.

Principles for making the determination

37. The licensing authority must hold a hearing to consider interim steps within 48 hours of receiving an application for review of a premises licence where:
- The application is properly made in accordance with Section 53A of the Act.
 - The licensing authority has considered the ground(s) of review to be relevant to the licensing objective for prevention of crime and disorder.
38. The four licensing objectives are:
- The prevention of crime and disorder.
 - The protection of public safety.

- The prevention of nuisance.
 - The protection of children from harm.
39. Each objective must be considered to be of equal importance. The authority must, having regard to the application and any relevant representations, take such of the following steps as it considers appropriate for the promotion of the licensing objectives. The steps are to:
- Modify the conditions of the licence by altering, omitting or adding any condition.
 - Exclude a licensable activity from the scope of the licence.
 - Remove the designated premises supervisor.
 - Suspend the premises licence.
40. The steps will remain in place until the review application is determined at a full hearing of the licensing sub-committee.
41. The authority may decide to take no action if it finds no interim steps are appropriate to promote the licensing objectives.
42. In deciding what remedial action if any it should take, the authority must direct its mind to the causes or concerns that the representations identify. The remedial action should generally be directed at these causes and should always be no more than an appropriate and proportionate response.
43. It is of particular importance that any detrimental financial impact that may result from a licensing authority's decision is appropriate and proportionate to the promotion of the licensing objectives in the circumstances that gave rise to the application for review.

Reasons

44. Where the authority takes interim steps on an application for review it must notify the determination and reasons why for making it to:
- The holder of the licence.
 - The chief officer of police for the area (or each police area) in which the premises are situated

Hearing procedures

45. Subject to the licensing hearing regulations, the licensing committee may determine its own procedures. Key elements of the regulations are that:
- The hearing shall take the form of a discussion led by the authority. Cross examination shall not be permitted unless the authority considered that it is required for it to consider the representations.
 - Members of the authority are free to ask any question of any party or other person appearing at the hearing.
 - The committee must allow the parties an equal maximum period of time in which to exercise their rights to:

- Address the authority
 - If given permission by the committee, question any other party.
 - In response to a point which the authority has given notice it will require clarification, give further information in support of their application.
- The committee shall disregard any information given by a party which is not relevant:
 - To the particular application before the committee, and
 - To the licensing objectives.
 - The hearing shall be in public, although the committee may exclude the public from all or part of a hearing where it considers that the public interest in doing so outweighs the public interest in the hearing, or that part of the hearing, taking place in private.
 - In considering any representations or notice made by a party the authority may take into account documentary or other information produced by a party in support of their application, representations or notice (as applicable) either before the hearing or, with the consent of all the other parties, at the hearing.
46. This matter relates to the review of the premises licence under section 53A of the Licensing Act 2003.

Council's multiple roles and the role of the licensing sub-committee

47. Sub-committee members will note that, in relation to this application, the council has multiple roles. Council officers from various departments have been asked to consider the application from the perspective of the council as authority responsible respectively for environmental health, trading standards, health and safety and as the planning authority.
48. Members should note that the licensing sub-committee is meeting on this occasion solely to perform the role of licensing authority. The sub-committee sits in quasi-judicial capacity, and must act impartially. It must offer a fair and unbiased hearing of the application. In this case, members should disregard the council's broader policy objectives and role as statutory authority in other contexts. Members must direct themselves to making a determination solely based upon the licensing law, guidance and the council's statement of licensing policy.
49. As a quasi-judicial body the licensing sub-committee is required to consider the application on its merits. The sub-committee must take into account only relevant factors, and ignore irrelevant factors. The decision must be based on evidence, that is to say material, which tends logically to show the existence or non-existence of relevant facts, or the likelihood or unlikelihood of the occurrence of some future event, the occurrence of which would be relevant. The licensing sub-committee must give fair consideration to the contentions of all persons entitled to make representations to them.
50. The licensing sub-committee is entitled to consider events outside of the premises if they are relevant, i.e. are properly attributable to the premises being open. The proprietors do not have to be personally responsible for the incidents for the same to be relevant. However, if such events are not properly attributable to the premises being open, then the evidence is not relevant and should be excluded. Guidance is

that the licensing authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public, living, working or engaged in normal activity in the area concerned.

51. Members will be aware of the council's code of conduct which requires them to declare personal and prejudicial interests. The code applies to members when considering licensing applications. In addition, as a quasi-judicial body, members are required to avoid both actual bias, and the appearance of bias.
52. The sub-committee can only consider matters within the application that have been raised through representations from interested parties and responsible authorities. Interested parties must live in the vicinity of the premises. This will be decided on a case to case basis.
53. Under the Human Rights Act 1998. The sub committee needs to consider the balance between the rights of the applicant and those making representations to the application when making their decision. The sub-committee has a duty under section 17 Crime and Disorder Act 1998 when making its decision to do all it can to prevent crime and disorder in the borough.
54. There is no right of appeal to a magistrates' court against the licensing authority's decision regarding the setting of interim steps at this stage.

Guidance

55. Members are required to have regard to the DCMS Guidance in carrying out the functions of licensing authority. However, guidance does not cover every possible situation, so long as the guidance has been properly and carefully understood, members may depart from it if they have reason to do so. Full reasons must be given if this is the case.

REASONS FOR LATENESS

56. The reasons for lateness are that when an application for an expedited summary review is received from the Police under section 53a of the Licensing Act 2003 the Council's licensing authority has a statutory duty hold a hearing within 48 hours from receipt of the application to consider interim steps that may be placed on the premises licence until such time as the application can be fully determined.

REASONS FOR URGENCY

57. The Council has a statutory duty under section 53a to hold an interim hearing within 48 hours of receipt of a summary review.

PROTECTIVE MARKING

On Sunday the 8th November 2015 At approximately 02:30hrs Police were called to the venue by the DPS to a fight inside the premises involving 15 people.

The venue holds approximately 2600 people over a number of floors. On police arrival it was estimated that between 1800 (Venue est.) and 2400 (Police est) people were inside the venue and approximately another 200 outside.

The first officers on scene were informed by staff that a noxious substance had been discharged inside the venue similar to CS or Pepper spray.

On investigation it was established that two large groups of males were involved in an altercation in the main room bar area, what started off as pushing and shoving then quickly escalated into a fight.

Security at the venue were deployed to separate the two groups and establish what was going on, at this point it is alleged that noxious substance similar to CS or Pepper spray has been discharged, people are shouting that they have been gassed and attempting to cover their faces with clothing etc. A member of security staff describes what he saw as a cloud of smoke which was CS gas.

As the chaos continued it is alleged by one of the security personnel that a male is seen with a Black Hand gun tucked into his waste band. He is seen to expose the gun handle and saying something similar to " You see this, you wanna fuck with me now, you wanna fuck with this."

Security withdrew into the main foyer area, the fight continued and spilled down into the main foyer, It is alleged that security barriers and fire extinguishers were then thrown around by the two fighting groups.

As this was taking place security were called to the ground floor toilets where a male had been found with a stab wound to his leg. This male was taken to the medical room where on site medical staff provided first aid prior to the arrival of paramedics from the LAS.

Police arrived on scene and attempted to establish the facts, secure evidence and bring the situation under control.

It was decided that the venue should cease playing music and the event closed down, as the crowds dispersed there were further pockets of volatility. The duty inspector on scene had concerns of an escalation in violence and possible crushing injuries, due to the number of persons trying to retrieve their items from the cloakroom.

At 04:07 the duty officer declared this as a critical incident and called upon off borough resources to ensure the appropriate number could be deployed inside and out of the venue to ensure public safety. At least 18 units from outside of the borough attended including specialist firearms officers.

Well in excess of 20 units were deployed throughout this incident, this does not take into account the LAS and medical staff involved at the hospital.

The first call was received from the management at 02:30, at 04:38 there were sufficient units on scene to control the situation safely. At 05:02 off borough units were dismissed as levels of footfall had reduced to normal levels.

It is clear from initial reports that there has been a significant failure in the security procedures at the venue. At least one person has gained entry with a noxious substance with the ability to discharge this substance inside the venue.

One male has received a stab wound to his leg, this weapon has yet to be found but from initial reports it is believed to from a knife or similar bladed article. Of note is the statement provided by PC Wythe where security have described seeing a 3 to 4 inch knife in the hand of one of the males fighting.

A member of security has also provided an initial written statement describing his sight of what he believed to be a Black Hand gun in waste band of a suspect and threatening others as described above.

This is an unacceptable situation and one that requires a fast time response in order to protect the public and prevent further crime and disorder. Police seek the suspension of the premises licence pending the determination of a full licensing hearing.

Notes for guidance

- A certificate of the kind mentioned in the form must accompany the application in order for it to be valid under the terms of the Licensing Act 2003. The certificate must explicitly state the senior officer's opinion that the premises in question are associated with serious crime, serious disorder or both.

Serious crime is defined by reference to section 81 of the Regulation of Investigatory Powers Act 2000. In summary, it means:

 - conduct that amounts to one or more criminal offences for which a person who has attained the age of eighteen and has no previous convictions could reasonably be expected to be sentenced to imprisonment for a term of three years or more; or
 - conduct that amounts to one or more criminal offences and involves the use of violence, results in substantial financial gain or is conduct by a large number of persons in pursuit of a common purpose.

Serious disorder is not defined in legislation, and so bears its ordinary English meaning.
- Briefly describe the circumstances giving rise to the opinion that the above premises are associated with serious crime, serious disorder, or both.

PROTECTIVE MARKING

I am a Superintendent in the Metropolitan Police Service.

*Insert rank of officer giving the certificate, which must be superintendent or above.

I am giving this certificate because I am of the opinion that other procedures under the Licensing Act are inappropriate in this case because:

(Give a brief description of why other procedures such as a standard review process are thought to be inappropriate, e.g. the degree of seriousness of the crime and/or disorder, the past history of compliance in relation to the premises concerned)

Issue 1 - Assault Occasioning Greivous Bodily Harm

On Sunday 8th November 2015 at about 02:30 hours, a fight broke out inside the Coronet involving approximately 15 people. During this incident it is believe a noxious substance was discharged, causing understandable panic among the crowd. People were shouting loudly saying they had been 'gassed' and covering their faces. Security personnel clearly describe seeing what they believed to be a black hand gun tucked in to the waistband of a male suspected to be involved in the fight.

As staff were dealing with this incident, another male was found in the premises toilet with a significant (knife) stab wound to the leg. It was clear this had taken place recently, presumably by someone inside the premises armed with an implement capable of causing significant injury.

The seriousness of these incidents passes the threshold test for what I consider to be serious crime and serious disorder. Of particular concern is this incident was both the use or carriage of weapons capable of causing death or serious injury and the discharge of a noxious substance. It is clear there has been a significant breach of security procedures and standards in allowing these items, and those carrying them, in to the premises.

The investigation of this crime is ongoing - there have not been any arrests yet,

Issue 2 - Heightened Levels of Other Crime

Of note over the weekend of 7th/8th November 2015 was the amount of other crime that is alleged to have occurred within or immediately outside the Coronet. This is at levels not normally expected with this venue, and include three separate reports of theft from a person, where it is alleged the victims has high value items stolen from them, presumably by way of pickpocketing. It is not known whether the venue was over capacity, but in my professional experience, pickpocket offenders prefer to work in crowded place where their actions (at waist height to remove items from handbags and pockets) can be more concealed.

History & Rationale

The venue has a recent good record of compliance with the police and local authority and have co-operated with recommendations of statutory parties where appropriate. This has included voluntarily closing the premises following significant incidents. Historically, such cooperation hasn't always been forthcoming and the more recent cooperation has been welcome.

I feel however that an expedited review is proportionate and necessary in this case. While investigations are ongoing in to both the serious assault and the thefts, no suspects have yet been arrested. The victim of the assault is reluctuant to involve the police and in my experience, this may give rise to him or others taking matters in to their own hands in seeking retribution through reprisal attacks. The promoted event on Saturday evening attracted a particular customer base; the venue has similar events planned in the coming weeks in the lead up to Christmas. I consider these events may attract similar customer groups, and the opportunity for both the time and the setting to be ripe for such a reprisal attack cannot in my view be ruled out. It is for this reason I consider the standard review process, which takes a minimum of 8 weeks, would not afford the appropriate timely opportunity to mitigate any further incidents of serious violence or disorder taking place.

As this was taking place security were called to the ground floor toilets where a male had been found with a stab wound to his leg. This male was taken to the medical room where on site medical staff provided first aid prior to the arrival of paramedics from the LAS.

Police arrived on scene and attempted to establish the facts, secure evidence and bring the situation under control.

It was decided that the venue should cease playing music and the event closed down, as the crowds dispersed there were further pockets of volatility. The duty inspector on scene had concerns of an escalation in violence and possible crushing injuries, due to the number of persons trying to retrieve their items from the cloakroom.

At 04:07 the duty officer declared this as a critical incident and called upon off borough resources to ensure the appropriate number could be deployed inside and out of the venue to ensure public safety. At least 18 units from outside of the borough attended including specialist firearms officers.

Well in excess of 20 units were deployed throughout this incident, this does not take into account the LAS and medical staff involved at the hospital.

The first call was received from the management at 02:30, at 04:38 there were sufficient units on scene to control the situation safely. At 05:02 off borough units were dismissed as levels of footfall had reduced to normal levels.

It is clear from initial reports that there has been a significant failure in the security procedures at the venue. At least one person has gained entry with a noxious substance with the ability to discharge this substance inside the venue.

One male has received a stab wound to his leg, this weapon has yet to be found but from initial reports it is believed to from a knife or similar bladed article. Of note is the statement provided by PC Wythe where security have described seeing a 3 to 4 inch knife in the hand of one of the males fighting. **Please see attached statement from PC Wythe (SW1)**

A member of security has also provided an initial written statement describing his sight of what he believed to be a Black Hand gun in waste band of a suspect and threatening others as described above. **(IJC1)**

This is an unacceptable situation and one that requires a fast time response in order to protect the public and prevent further crime and disorder. Police seek the suspension of the premises licence pending the determination of a full licensing hearing.

Police take into consideration when applying for this review the good working relationship we and the local authorities have had with the premises management and staff.

The premises have in recent times volunteered to close the premises following information of potential violence and have taken on board and implemented additional security procedures including ID Scan.

The premises have however been associated with a number of other incidents of serious crime, the most recent of which led the change in the security provision.

Please see attached summary of crime exhibit **(IJC 2)**

In addition to this serious crime there has been an historical problem with the volume of theft offences associated with the premises although Police recognise that the number has seen a significant decrease in recent months.

Police are seeking the suspension of the premises licence in order to promote the licensing objectives, in particular the prevention of crime and disorder and public safety. [REDACTED]

On Sunday 8 November 2015 I was on duty on solo patrol in full uniform. At about 0230hrs, I received information over personal radio regarding a fight involving fifteen people at 28 New Kent Road. I recognised this address to be that of The Coronet night-club, I assigned myself. En route I received further information stating that the London Ambulance Service (LAS) had informed the control room that they had been called to The Coronet regarding a male being stabbed.

I arrived at about 0235hrs. The manager,  was outside, speaking on her phone, as were assistant managers,  & . After a few moments,  led me through the entrance of the venue, along the corridor towards the bar area. There was blood on the floor;  explained that the victim was located in the toilets.

I was shown to a further room with several door staff outside. There were a significant number of people inside including door staff; a male whom I now know to be  was sat on the floor, speaking loudly into a mobile phone. Two males in medical uniform were attending to his left leg; a group of about five or six males were stood crowding very close to  & the medics, talking loudly. I spoke briefly to the medics who stated that the wound to the leg was not life threatening. I updated the control room.

Head doorman,  explained to me that there had been a large fight by the bar area, that he had seen a male with a firearm & that C.S. gas had been deployed. I asked him to describe the firearm that he saw, he stated that he had seen

a firearm tucked down a male's waistband as he'd lifted his shirt & threatened people, that he'd seen the handle; he described it as a handgun. I immediately informed the control room about the firearm information & the fact C.S gas had been deployed, asking for the Duty Inspector & CID to be informed.

I asked [REDACTED] to show me where the fight had occurred; he showed me to the corner area of the main bar & the corridor leading off there where the blood was on the floor. I asked [REDACTED] to secure the area as a crime scene, he arranged for his security staff to do so.

I returned to the room where [REDACTED] was being treated by medical staff. Two Police Officers & LAS medics were in attendance. A paramedic stated that they needed to get the victim to their ambulance parked outside. [REDACTED] & the males accompanying him continued to be very loud vocally. Security Staff expressed concern that a the opposing group who had been involved in the fight, resulting in the stab wound & C.S. deployment, was waiting outside; I contacted the control room regarding this fact. The situation inside the room was confusing; I considered the information I had; a stab wound victim, a firearm at the venue, C.S gas at the venue, paramedics trying to treat the victim & an opposing gang potentially waiting outside. My priority was safety of all, I was anxious for paramedics to be able to treat the stab wound victim unhindered. I stopped everyone from leaving the room & attempted to gain some order before everyone left; [REDACTED] was particularly vocal & insulting at this. Once some order had been established to provide the safest environment feasible under the circumstances, the paramedics escorted [REDACTED] towards the exit. The males who were accompanying [REDACTED] walked closely with him; the situation was fast-time. A doorman stated to me he had seen a male with a weapon & attempted to indicate him to me; I watched the male, after a few seconds I saw what appeared to me to be him passing something to another male in the group. I had honest held concerns regarding this behaviour, bearing in mind firearms, knives & C.S. gas were involved. I immediately took hold of the male whom I believed had had an item handed to him, secured his hands behind his back, telling him who I was, where I worked & that he was being detained for a search for weapons. I took him to one side, asking security staff to halt the 'procession' escorting [REDACTED] to the ambulance. I continuously had an honest held belief that a firearm, a knife & C.S. gas was in the venue so in order to search the male, who I believed possessed a weapon, I handcuffed him to the front, explaining fully to him what I was doing & why; I checked the handcuffs for tightness & double locked them. I conducted a section 1 PACE search on the male; [REDACTED] was vocally insulting & threatening regarding my actions. I searched the male's outer clothing, I found nothing untoward, he declined giving me his name, I advised he could get a copy of the stop slip from Southwark Police Station.

Continuation of Statement of **Stuart Wythe PC 393MD**

The paramedics escorted [redacted] to their ambulance, two colleagues escorted them to hospital, I went outside as Officers began to arrive & briefed the Inspector, Sergeant & Detective Sergeant.

I went to the CCTV room with [redacted] she interrogated the CCTV. A copy of the CCTV showing the area where the fight is thought to have taken place & of the exit where a male is seen to run towards the exit just after the fight & brandish an item in the direction of the box offices has been seized; I exhibit the CCTV as SGW/1.

The Duty Officer assessed the situation & with the cooperation of the venue, the event was closed. I went to the front entrance of the venue as people started to leave. Customers were filtered out of the venue in an orderly fashion, with a large crowd congregating outside. As this crowd grew, pockets of minor volatility occurred at the main entrance & towards Elephant Road. A major issue was that of retrieving items from the cloak room, with a significant number of people waiting outside the fire exit, wanting their items. I went inside via the fire exit which was being controlled by door staff. Inside were a significant number of people, attempting to get to the counter to get their belongings. It was very loud & extremely crowded, at one point I was concerned that a crush may occur.

The venue proceeded to empty & the crowd dispersed. I liaised with management & security. A doorman approached me saying he had seen a male at the scene of the fight with a 3" or 4" blade of a knife protruding from his right hand; I obtained his details. I liaised with management & security, taking statements from [redacted] the head doorman & [redacted] the assistant manager.

I booked the CCTV in at Walworth Police Station & completed a crime report regarding this matter.

Incident Report: Coronet, 28 New Kent Road, London SE1 6TJ 0207 701 1500

Trading Day: Saturday 7th November 2015

Incident Date: Sunday 8th November 2015

Report By: [REDACTED] General Manager

Incident Time: Approx 02.25am

Event: House of Silk

At approximately 02.25am on Sunday 8th November 2015, by radio I was made aware of a fight breaking out to the right hand side of the main bar on the ground floor (slope side). Security attended immediately.

I was on the front door at the time so made my way to where the incident was taking place. I met security and a large group of males in the foyer area where they were arguing and pushing each other. One male picked up a crowd barrier and attempted to throw it at a group of males, a blue plastic bin was also thrown by another male. Security contained the fighting but I decided to call the police as some of the males were already outside the venue and I was concerned that the fight would continue, there were still people queuing to enter the venue at this time and I did not want them harmed.

Approximately 3 minutes later I received a call on the radio that somebody had been stabbed in the men's toilets on the ground floor. I had very little information at this time but called an ambulance regardless. The first officer on-site was Stu Wythe (NTET). He was taken to the male toilets by myself while I still had a paramedic on the phone awaiting updates on the victim. When we arrived at the toilets a mixed race male wearing blue jeans and checkered boxer shorts was sitting on the floor being attended by club medics. The medics had already bandaged the injury but the bleeding had ceased and they said it was a puncture wound approx. 1cm and an inch deep. The victim was fully alert and breathing. I asked the victim if he could tell me what had happened. He shouted that he wasn't 'f*cking telling you anything and I'm f*cking leaving'. At this point the paramedic had ended the call and said an ambulance was there. The victim became increasingly verbally abusive, including to Stu Wythe (SW). The paramedics in attendance had got the victim to his feet and were ready to escort the victim to the ambulance (the victim was walking). Whilst leaving the toilets I saw the victim passing some object from his pockets to one of his friends. One item was a small black canister which looked like a balloon charger but I had become aware that somebody had released pepper spray into the main room which had caused the disturbance. 2 other police officers were also present at this time. On leaving the toilets we [REDACTED] (Head Doorman) told officers that he had seen the same item I had seen being passed to another member of the group on leaving the toilets.

One of the males was separated from the group, hand cuffed by SW and searched. He did not have the canister on his person. At this time, the victim became even more irate and was being extremely verbally abusive toward SW. After this search had taken place the whole group were led out of the building by the officers. The rest of the group were not searched on-site.

[REDACTED] also told myself and SW that he believes he had seen a firearm on one of the group of males (please see Tom's report attached).

The scene of where the fight took place was preserved and cordoned by Security and [REDACTED] (Deputy Manager). 4-6 spots of blood were found in the corridor outside the wines and spirits store. I then took SW to the cash office to check CCTV. The camera on the main bar did not show any of the incident as they were just off camera shot, however CCTV did show people covering their faces as the pepper spray had gone off.

While I was with SW, [REDACTED] was with an Inspector who requested the event end and everybody leave the premises. They were just waiting to decide if they should search everybody on exit. It was decided that an exit search would not take place and that the event end and people allowed to leave the premises.

Myself and [REDACTED] (Operations Manager) went to individual floors and shut down the music.

We had approximately 1800 people inside the building at this time. On the event ending cloakrooms 1 & 2 were rushed which resulted in us having to close them temporarily. Once people had been organised into one queue out onto New Kent Road, small groups were allowed back into the cloak area to retrieve their belongings, customers then exited out of the back gate onto Elephant Road.

Police officers placed cordon tape around the preserved area for the forensic team who were due to visit the premises sometime in the morning (they were due on shift at 8am). I told a female officer that I would stay on site and ensure the crime scene stayed in-tact and wait for forensics.

Forensics arrived at the venue, with a CID officer at approximately 10.30am on Sunday 8th November 2015. I walked both officers around the venue and described to them what happened. The CID officer left shortly after. [REDACTED] from Forensics left at approximately 12.30pm.

The assistant manager states that upon hearing the code black, she saw a large group fighting in the main foyer between the box offices, she then saw a black male, slim, c 5' 9", grey hooded top, hood up, run from the group and out the door.

Venue

The Coronet, 28 NEW KENT ROAD, LONDON, SE1 6TJ. The venue is a large club and at the time of the incident it was holding a 'house of silk' music event. There were about 2000 people inside the club and about 600 people queuing outside to get in.

The Circumstances

Police attended the venue following a call from the manager [REDACTED]. She reported that there is a fight at the location and that security is on scene to control the situation. The security staff reported that during the fight he has seen someone deploy CS spray and that another male from the group has a fire arm tucked in his

waistband. It is unclear who these males are and whether they are with the suspect/s or victim. The victim is a male and he has a puncture wound to his leg. He was receiving treatment by medics at the cubicle in the men's toilet. He was taken to KCH and his injuries were deemed not life threatening.

Victim

████████████████████ He was unwilling and refused to provide any details about the incident. He has declined to provide his address or contact numbers. His last known address is ██████████
████████████████████ He is known for drugs and firearms offences. He has refused to co-operate with police in any way. From a previous crisis report was his father Darance's contact number ██████████ and a message has been left to return my call. He returned my call and states that he does not have his son's mobile and he has not seen him for a while but reassured me that he will pass my details onto ██████████

██████████ returned my call and he states that he does not want police to investigate the matter and he cannot remember very much of what took place last night. He did not have any arguments with anyone leading up to him being stabbed and he does not know who had stabbed him or with what object. He states that he remembered someone letting off a CS spray but did not know who was responsible. He said that he is well and has been discharged from hospital with painkillers. He is walking with a slight limp, but he is ok and does not fear for his life.

He states that he has signed a short statement in an officer's book stating that he does not want police to investigate

the matte further.

The manager [REDACTED] provided a description of the victim and what he was wearing on the night:

IC3 Male
Dark skin
F506-F508
Slim build
Mid 20's
Short black hair in twists
Wearing dark t/shirt with a multi colour emblem on the front.

He was limping when he was being escorted out of the club by LAS to the ambulance.

Injuries

The victim has a stab wound to his upper Left thigh. Victim was taken to KCH for treatment and his injuries were NOT deemed life threatening.

Suspect

No known details for the suspect at the present time. The victim has not provided police with any details on who has attacked him.

Forensics

Forensic strategy was discussed with SOCO and the decision has been made to take a blood swab from the dried drops of blood on the floor in the corridor. However it is believed that the blood belongs to the victim and not the suspect and it will therefore not be submitted for analysis. The decision has been made not to seize the various plastic cups and bottles on the floor in the corridor between the bar and the foyer area as it is unclear whether these have been held by the suspect as the area was full of people.

At this time it is not known what weapon has been used to stab the victim with. No weapon has been recovered from the scene.

Scenes

I attended the venue with SOCO on 08/11/15 at around 10:30 am and we were met by the Manager [REDACTED]. She was on duty at the time of the incident and showed us the scene. There are two scenes;

Scene 1 is at the side of the bar in the main

room and the corridor leading to the foyer on the ground floor. The fight took place by the side of the bar and this filtered out onto the foyer area. SOCO has taken photographs and a blood swap has been taken from drops of dried blood on the floor on the corridor and exhibited them as follow:

LMW/1 - Swab blood
LMW/2301161/15 - Master & Viewing discs

Scene 2 is the cubicle in the men's toilet on the ground floor where the victim was found trying to wrap tissue paper around his wound. This area has been cleaned by the time SOCO attended.

Witnesses

Statements provided by two witnesses:

██████████ - door supervisor
██████████ - assistant manager

██████████ states that at about 2:20 am a code black call came out to the main bar in the left side. On arrival he noticed 2 large groups of mixed race and black males were pushing, shouting and arguing. One of the groups threw a punch and then the whole group started to punch each other. One of the males pulled up his t-shirt slightly to show his waistband and he could see a black handle of what he believed to be a hand gun. He described the male as a mixed race IC3 male of slim build, F509 tall, slim build, wearing blue jeans and a dark t-shirt.

██████████ states that there was a call black came out for staff to go to the main bar. He saw a group of people fighting in the foyer between the two offices. He stopped the queue and pushed the barrier down to stop people from coming in. The first person to leave the area was a black male, slim, about F509 tall, wearing a grey hoodie, with hood up.

OIC UPDATE

10/11/2015

CCTV

I have viewed the CCTV from the venue. There are 2 cameras;
 Camera 1 is of the main bar area. The footage shows clubbers congregating at the bar ordering drinks and minutes later it shows clubbers pulling up their tops to cover their mouths. There are too many people in the area and footage quality is very poor to identify who has let off the CS spray. It does not capture the fight which takes place in the corridor to the left of the bar as it is outside the camera's range.

Camera 2 is of the foyer area. The footage shows security and door staff in the foyer area searching people as they come into the club. It then shows a male picking up a table and brandishing it about before throwing it on the floor. The features of this male are not visible. It also shows a black male in a grey hoodie rushing out of the club, but with no continuity where he came from or what part if any he played in the fight. Again his features are not visible.

Evidentially the footage is of no value.

no details of the attack on him. He has signed a pocket book entry stating that he does not wish police to investigate the matter.

I have spoken to him and he repeatedly states that he does not want police to investigate the matter and that he will not assist with police with any enquiries.

Injuries

The victim had a stab wound to his top left thigh. He was taken to KCH for treatment. Injuries deemed minor and not life changing or threatening.

Witnesses

██████████ Door Supervisor - he witnessed a group of people fighting, but does not see the attack on the victim. He believed he saw a black male with a hand gun tucked in the waistband and provided a general description of the male.

██████████ Assistant Manager - she witnessed a black male wearing a grey hoodie rushing out of the venue immediately following the fight.

The witness statements offer no evidential leads to take the investigation forward.

CCTV

There is no cctv of the fight as it took place outside the cameras' range. The footage from the venue is of no evidential value.

Forensics

There are about 3 patches of dried blood on the floor in the corridor between the main bar area and the men's toilet. Blood sample has been taken by SOCO, but the blood is believed to be that of the victim's and as such it will not be submitted for analysis. There are no other forensic opportunities.

Weapons

No weapons recovered at the scene.

There is no realistic prospect of identifying the suspect/s from the available information, and as the victim has refused to co-operate

ISC (1)

On Sunday morning at about 0220 hrs a code red was called to the left side of the bar in the main room. Myself and [REDACTED] attended the call. Upon arrival I noticed 2 large groups of males black and mixed race arguing and pushing and shoving at the bar. Myself and several other security members were trying to find out what was going on and tried to calm the males down and break them up. The situation then escalated and a fight broke out. One of the males then said "we've been gassed we have f*cking been gassed". With that I saw a cloud of smoke which was CS gas and everybody started covering their faces. Myself and [REDACTED] was standing against the wall in the walk way near left side main room bar and 1 mixed race male wearing blue jeans short hair t shirt and about 5f9 tall looked at the opposing group and lifted his t shirt just enough to show them a handle of what looked to me to be a black hand gun which was inside the males waist band at the front of his trousers. This male was standing right in front of me and I had a clear view of him with no obstructions. He was shouting at the group " you see this, you wanna f*ck with me now, you wanna f*ck with this." Myself and [REDACTED] moved very quickly to the foyer area and the males then spilled into that area. 1 male then picked up a fire extinguisher and threw it at the other males then they proceeded to pick up the security barriers and throw them too. Security staff tried their best to stop the incident. Police then arrived on scene. Another code red then came out on the radio to the male toilets on the ground floor. I attended to find a mixed race male sitting on the floor with a group of other males around him being his friends saying " he has been stabbed in his leg ". A medic was then called on the radio to which he attended and the male was then seen too. An ambulance was then called for the male. His injuries was a puncture wound to his left leg just above his knee. Something entered about half an inch deep roughly. The injury was non life threatening. The male was then taken away by ambulance and police. I then went outside and spoke to police. They made the decision that the venue be shut down for the rest of the night. As security tried to move everyone out of the venue code red was called to the cloak room new Kent road side. Everyone rushed the cloak rooms and police and security had to close the cloak rooms to move everyone out. The police then made their way to this area and worked along side security staff to bring the crowd under control. Once the crowd was under control everyone queuing was then able to get their jackets and leave the venue.

Additional crime 3032840/15

At approximately 02:30 the victim was with a friend at the bar in the main area, as she was talking with her friend she was punched hard in the side of the face.

She turned to see her ex partners girlfriend, this was a completely unprovoked attack resulting in the victim receiving a broken jaw.

The victim states that she tried to alert the security but they were dealing with another fight, she states that she got caught up in the disturbance and was aware that something like CS gas had been discharged and everyone was covering their faces.

Form 696A

AFTER PROMOTION / EVENT DEBRIEF

Name of Premises: Coronet
Date of Event: 7 th November 2015

Please complete this page if you have any information concerning the event that will enable police to give you appropriate support and advice to ensure safer future events. Full, honest disclosure is essential.

The Coronet hosted House of Silk on 24th January 2015, attracting 2300 people without incident and a mixed male/female crowd.

We hosted House of Silk for a second time on Saturday 7th November 2015. The event had approximately 1800 people inside at the time of an incident with a further 2-300 still queuing to enter the venue at 2.30am.

An incident occurred where a pepper spray was triggered and one male receiving a puncture wound to just above his left knee (no weapons were found so it is unknown what caused the injury). The event was closed at the request of the Police.

No other incidents took place, however I am concerned about the profile of customers, especially following the last event. The crowd was 65-70% male which is highly irregular for any event we host at Coronet.

Early doors, the crowd was a fairly even mix of male and females, by 12am we noticed the crowd becoming more male orientated. Though the people queuing were well behaved I became slightly concerned over the profile of people. We queue jumped females in order to keep the balance inside.

I take no issue with [REDACTED] (promoter), the incident was out of his control. However, I feel that more attention needs to be paid to who tickets are being sold to. Also, his partner for this particular event known as [REDACTED] or [REDACTED], did attempt to try and walk artists and guests through without being searched. [REDACTED] was alerted of this and was in agreement with me that this was unacceptable and promptly spoke to [REDACTED]. [REDACTED] did not try it again.

I have general concerns now over the type of person this particular genre of event is attracting. Myself and my team are currently reviewing our diary for future events and will feedback any concerns we may have.
