COUNCIL ASSEMBLY
(ANNUAL MEETING)
WEDNESDAY 22 MAY 2013
QUESTIONS ON REPORTS

ITEM 3.2 - ESTABLISHMENT OF COMMITTEES, COMMUNITY COUNCILS, PANELS AND RELATED MATTERS - 2013/14

1. QUESTION FROM COUNCILLOR ROSIE SHIMELL

What work has the council done to measure satisfaction levels with the current community council system?

RESPONSE

At each community council meeting, those attending are encouraged to complete an evaluation form which asks them how satisfied they are and elicits suggestions for improvement. After the meeting, this is collated and fed back to the chair and vice chair. In addition to this an annual review is produced and in order to assist in this process, officers are currently undertaking a questionnaire to all attendees and the results of this will be presented to the chairs and vice chairs of community councils meeting scheduled for 3 July 2013.

This feedback is used to make improvements to meetings. Examples of changes implemented from residents' feedback have been to hold meeting on Saturdays and rotating venues on a regular basis. All community council areas have developed forward plans to deliver more themed meetings and are taking residents views into account when setting agendas.

2. QUESTION FROM COUNCILLOR PODDY CLARK

Please list the attendance for each community council area for each meeting in the last two years?

RESPONSE

The democracy commission meeting held in September 2011 received a report on attendance at community councils. This showed areas of overlap of attendance between Bermondsey and Rotherhithe (20 people on average) and to a lesser extent between Peckham and Nunhead and Peckham Rye (three people on average). If these are taken into account the numbers attending have remained constant after the change.

3. QUESTION FROM COUNCILLOR JAMES BARBER

Will the leader consider returning to eight community council areas and allowing chairs to manage the existing budget more efficiently?

RESPONSE

The cost of returning to eight community councils with their previous functions will cost £344,000 per year. At a time when we have to make savings due to massive cuts from the Tory/Liberal Democrat government, I cannot support the Liberal Democrats' call to hike spending on community councils to over £1.3 million per year.

As Councillor Barber knows, we consulted extensively on this when making this budget decision and people told us that all areas including the budget for meetings like community councils had to take their fair share of the reductions necessary to meet these cuts. The 25% saving we made was in line with other budgets. Despite this we have been able to devolve more funding than ever before to community councils to give local people more say on local spending. This includes the new cleaner greener safer revenue fund that the current administration introduced. Any further devolution of the existing community council budgets for local management would be minimal, for example negotiating room hire costs for meetings, and so I would not accept that this will make budget management more efficient.

4. QUESTION FROM COUNCILLOR ADELE MORRIS

What percentage of planning applications has been decided by planning sub-committees in 2012/13? How does this compare to the percentage decided by community councils in 2011/12?

RESPONSE

In 2012/13 1.92% of planning applications were decided by planning sub-committee, with 1.35% decided by planning committee.

In 2011/12 5.56% of planning applications were decided by community councils, with 2.64% decided by planning committee.

The principle reason for this change is the change in the delegation authority to officers which changed at the same time as the change from community councils to planning sub-committees.
