Walworth Community Council

Minutes of the Walworth Community Council meeting held on Tuesday 16 March 2010 7.00 pm at Thurlow Lodge Community Halls, 1 Thurlow Street SE17 2US

PRESENT: Councillor Lorraine Lauder (Chair)
Councillor Paul Bates
Councillor James Gurling
Councillor Abdul Mohamed
Councillor Caroline Pidgeon
Councillor Jane Salmon
Councillor Martin Seaton

1. Introduction And Welcome

2. Apologies

Apologies were received from Councillor Ladipo.

3. Disclosure Of Members' Interests And Dispensations

The Chair declared that she lived in East Street, very close to the East Street Market.

4. Items Of Business That The Chair Deems Urgent

There were none.

5. Chair's Announcements

Colleagues from Southwark's local education partnership, 4 Futures, were in attendance and displayed information about the proposed new secondary school for Trafalgar Street, at the back of the hall. The team invited comments and could provide more information on request.

The agenda item, 'Services for Older People' will go to the next Community Council agenda.

6. Minutes:

The minutes of the meeting held on 8 February 2010 were agreed as a correct record with the addition that Councillor Bates gave his apologies for that meeting.

7. Deputations/Petitions

There were none.

Main Business**8. Matters arising from previous meetings**

A meeting attendee mentioned that the Walworth Community Council meeting didn't endorse all of the plans for the Elephant and Castle at the last Community Council meeting. There was some confusion over what Cllr Stanton had said at a London meeting the next day.

A meeting attendee also asked what the position was regarding the Joint Heygate meetings (demolition board). He wanted to know if people were being invited to take part in the steering groups.

9. Community Council Fund

Pauline Bonner

The Community Council Fund was launched on the 1 March and is closing on 30 April. This is open to residents, organisations and new and emerging groups. This is revenue fund and can be used for things like workshops and sports activities. Application forms were made available at the back of the hall for those interested in applying.

10. Cleaner Greener Safer 2010/11

The chair went through all of the bids and Members agreed them. Members of the public raised concerns however, that the information that was being considered had not been made available for public view before the meeting. See appendix for the list of agreed projects for this year.

11. Veolia Services

Ian McGeough

Ian McGeough went through the changes to the recycling services in Walworth. He outlined what was recyclable and what was not.

The good news was that the recycling rate for Walworth has almost doubled. There were still targets to hit however with 30% of households needing to recycle by next year. Currently Walworth is on 21% so we still have some way to go.

Ian McGeough clarified the various types of waste that needed to go into the corresponding banks for recycling.

Tetra packs are not to be recycled in the usual way. These now have special designated spots set up within the borough. At the moment there are 3 with another 1 on the way.

Veolia are rolling this programme of new recycling ward by ward throughout Southwark.

12. Community Wardens Update.

Sergeant Steve Brown

Sgt Brown gave an update on his ward, Faraday and on those of Newington and East Walworth.

East Walworth: There is now partnership funding for Victory House Youth Club for music and games equipment.

The Safer Neighbourhoods team are working with agencies to provide bollards outside Browning Nursery School.

The next Safer Neighbourhoods meeting will be on the 13th April at the Brandon Nursery and everyone is welcome to attend.

In Newington there's partnership funding of £2,000 to be donated to their youth clubs and the residents association for new equipment for their arts and crafts club.

Traffic calming measures are going ahead and there is good joint partnership work going on with rough sleepers in the area.

Youth engagement continues to grow and vandalism is effectively being dealt with.

In Faraday there is continuing work to deal with drugs paraphernalia on the Aylesbury Estate with the issuing of drugs warrants. There needs to be continued efforts to ensure that local residents are aware that there is work being done to combat crime in their area and that there is a lot of help at hand if it is needed.

Sgt Brown said that they were not just enforcing the law but they were also using outreach officers to combat such problems as the drinkers on the Walworth Road.

There will also be joint plain clothes operations with Newington to address the problems of pick pocketing and there are more follow up visits to victims of crime giving them information on bogus callers and other advice they may need.

There is also more work being done with banks and building societies to help prevent robberies.

Break - Opportunity For Residents To Chat To Councillors And Officers

13. East Street Market

Harriet Harman was invited to speak for a short while on the state of the roads and pathways in East Street Market.

She said that Cllr Lauder had been very kind to ask her to the meeting and that she was aware that the tenants associations and Councillors had all been working very hard to make the market the jewel in the crown for Walworth. The area offered a variety of goods and should be a nice place to go to. It has a long tradition and a variety of culture. The biggest problem is that the road and the pathways have been allowed to fall into disrepair and this was not fair to traders and other people in the area. It was common knowledge that when pot holes are filled in, they are not done properly and soon collapse, allowing waste matter and other unhygienic things to gather in them.

The market should be invested in because often, it gives a lot of people their first opportunity to start a business enterprise. There should be improved lighting and road and pavement surfacing. It should lift peoples spirits to go there. Harriet Harman paid tribute to Johnny Rollingson who had worked very hard to improve the situation of the market. She said that it was all taking too long to sort this out and that she backed the Councillors and the traders in trying to get this sorted out.

Bob Barber, an officer from the Housing department, said that the Council owns 41 shops in the area and has responded to concerns about subletting. He met with Johnny Rollingson and they identified booths that appeared to be sublet. Letters have been sent to those responsible for the booths, informing them that if this is the case, they are in breach of their user clause. There was general appreciation from all at the meeting.

John McHenry said that he had been in post for 8 weeks but was committed to making improvements for the traders. He echoed what Harriet Harman said and went on to say how important it was to ensure that there was sustainability when thinking about the regeneration of the market. There was now £350,000 to put into improvements such as lighting, pedestrian access and footways. There has been a review and Officers are consulting the findings of the review, using those consultations to develop the strategy.

The market is currently struggling and Officers and traders need to look at what is being sold on the market and how we might attract more customers and encourage new traders to come into the area, giving a good balance of trade goods. John McHenry said that he wanted to listen to all and will be attending the trader's conference to get more ideas.

People and traders were very concerned that market traders were adequately consulted on plans and that they were informed of who was taking overall responsibility for the work. There had been a strategic review which took place 18 months ago but it seemed to have been buried and the traders were fed up of being fobbed off with the promise of work that never happens or if it did, was of poor quality and didn't last very long. It was reported that other boroughs had invested millions to redevelop their markets and Southwark's commitment had been poor, consequently, the trader's morale was at rock bottom.

Speakers from the floor ended by saying that they were very grateful to the Councillors on the committee, Harriet Harman and Val Shawcross for all the work they've been doing.

John McHenry responded that he was sure that things could be turned around and hopefully improvements would be seen over the next 12 months. He recognised that there had been problems at Brandon and Portland Street and that everyone had to work together to find solutions to the problems.

There were speakers who said that were proposals to put more fruit stalls in East Lane despite the fact that there were 14 already. They called upon Matt Steel, to come to the meeting in order to explain why things hadn't been done after promises from the Council that improvements would be carried out. All agreed that a good plan must be developed, along with consultations with the traders on any designs that might be in development.

There was also concern and a call for clarity on who can revoke trader's licences. There was anecdotal evidence that some traders were having their licences taken away for minor misdemeanours whilst others traders who were acting in a similar way, were being left alone. There was a perception that the Council had delegated the power to take away licences over to individual Officers. Both Councillors and meeting attendees asked for clarification on what the actual procedure for revoking licences was, and what the process of appeal involved. John McHenry said that he would find out and ensure the information was conveyed to the community council.

There was a general feeling that the market would be better served if it were to come back under the umbrella of the Council and not under the powers of contractors.

Val Shawcross said that there has been a lack of senior political focus on what is known to be needed for the area. She felt that it was a good strategy and that the Council needed to take responsibility at a senior level to take things forward. It seemed that the Council saw East Street as just another ordinary street which meant that it never gets priority in the investment programme.

Simon Hughes MP spoke and said that this issue needed to be put above party politics and that it was frustrating that the momentum had not been sustained in making improvements to the market. He felt that priority should be given to this work and that it would be a corporate failure if work was not delivered. He said that it would be helpful if a meeting was called sometime in the last two weeks in May, dedicated to discussing this issue, open to all and inviting the Chief Executive Annie Shepherd to attend. The date should be advertised in good time so people can get it into their diaries.

On the matter of licences being revoked, Simon Hughes said that if someone's livelihood was at stake, it should not be that one officer was responsible for the decision to take that licence away.

The Chair thanked all for coming and closed the main part of the meeting at 9.20pm

Item No.	Classification: Open	Date: 21 June 2010	Meeting Name: Walworth Community Council
Report title:		Walworth Community Council Fund 2010 - 2011	
Ward(s) or groups affected:		East Walworth, Faraday and Newington wards	
From:		Pauline Bonner, Walworth Neighbourhood Coordinator	

RECOMMENDATION(S)

1. For the Walworth Community Council to agree the £15,260 community funding.

BACKGROUND INFORMATION

The Community Council Fund provides revenue grants of between £100 and £1,000 for community projects. Applications are considered by the borough's eight community councils, which have £15,260 each, for projects that will benefit the community.

KEY ISSUES FOR CONSIDERATION

Appendix 2 contains the funding guidelines for the fund.

The Community Council Fund forms part of Southwark 2016 objectives of

- Improving life chances
- A better place for people
- Delivering quality services.

Community impact statement

The allocation of the Walworth Community Council fund will, in the main, affect the people living in the Walworth Community Council area. However, in making the area a better place to live and improving life chances for local people, the Community Council Fund activities will have an impact on the whole of Southwark.

The Walworth Community Council Fund aims to increase community participation and activity within the area and provide such groups with the support that they would have not been able to access otherwise.

Resource implications

The budget for the Walworth Community Council Fund is £15,260 to be spent by the 31 March 2011.

Legal/Financial implications

The Council has power under section 2 of the Local Government Act 2000 (“the Act”) to do anything which it calculates is likely to promote or improve the economic, social or environmental well being of the area. This power can be exercised for benefit of the whole or any part of the council’s area or for the benefits of any person resident or present in the area.

Section 2(3) of the Act requires the Council to have regard to its Community Strategy when determining whether or not to exercise this power. Section 2(4) of the Act specifies that this includes a power to give financial assistance to any person.

The Council has power under the Act to provide funding to voluntary organisations but in exercising this power regard must be had to the Council’s sustainable community strategy. These grants, from the community fund, are from revenue budgets.

The Executive in November 2005 agreed for this to be done by the community councils. The money can be granted to community projects ranging from cultural celebrations to providing equipment for local sports teams.

Walworth Community Council Fund

2010-2011

Walworth

Information Sheet

www.southwark.gov.uk/communityfund

Your community council has **£15000** to support activities run by local groups. Bids for grants of between £100 and £1000 can be made to Walworth community council via a very simple application form.

Who can apply?

The Community Council Fund was set-up for new and emerging groups and small organisations to hold one-off events and activities. Groups are encouraged to work in partnership with other groups.

- Any constituted local group (i.e. that has a business bank account and letter-headed paper) or any group/individual that has a sponsor organisation (with bank account & letter-headed paper) who can administer the funds on their behalf
- Any community group that is based in the community council area they wish to bid to, and plan to hold their project in that area. (Please see the enclosed community council postcode list and map to find out which is your community council)

What kind of things can be funded?

The Community Council Fund can fund a variety of projects. Examples include:

- a one off event such as a fun-day or a football tournament
- a series of workshops/activities involving members of the local community
- publicity/merchandise to advertise the event you are doing

What kind of things we will not be funded?

Anything which is capital funding. Examples include:

- building works
- large playground equipment

How much can groups bid for?

Local groups can make bids up to £1000 and in some cases a higher bid may be considered. Help can be requested with completing application forms and advice sought about the types of applications that are likely to get approval (please see overleaf for who to contact).

Walworth

How and when can you bid?

You can put in a bid by completing an application form and returning it to the contact address below. You are advised to return your application form by **Friday April 30 2010**.

Who makes the decisions on what gets funded?

Council officers will assess and make recommendations but locally elected councillors will ultimately be responsible for making decisions on which groups get funding.

Decisions for applications received by **Friday April 30 2010** will be made by councillors no later than July 2010 and you will be notified of decisions by letter.

It is possible that the decisions will be given out at a special meeting before you are notified by letter, but you will be informed of this once you have submitted your application.

What type of criteria will be used to judge applications?

- The project is a revenue project: i.e. it involves the money being spent on an activity/event (e.g. fun-day, education day, work-shops) or on certain materials/goods that will contribute to a group activity/or revenue project (e.g. play equipment for a nursery, publicity or merchandise for an event)
- The project is seen to benefit the local community (e.g. a number of local people involved/a number of people will benefit from the project in some way)
- The money must be spent before the end of March 2011
- The group bidding for the project is based in the community council area it is bidding to, and will be carrying-out the project in that area (unless it is a project for an outing e.g. to theatre/other place of interest outside of area)
- The project involves mostly local residents
- The group agrees to complete a feedback/monitoring form about the project and provide evidence of spend, once the project is completed

Please note:

That groups that are not constituted who would like to apply or individuals with project ideas are advised to get in touch with the community council development officer for their area for advice (contact details below).

Please note that priority will be given to:

- Applications that show a high level of community involvement
- Projects that demonstrate groups working together
- New and emerging groups who have not previously received funding from this small grants scheme

Groups can submit more than one application form but will only be awarded for one of their project ideas from the small grants' scheme.
