

# Open Agenda

## Licensing Sub-Committee

Thursday 15 April 2021  
10.00 am

Online/Virtual: please contact [andrew.weir@southwark.gov.uk](mailto:andrew.weir@southwark.gov.uk) for a link to the meeting and the instructions for joining the online meeting

### Membership

Councillor Renata Hamvas (Chair)  
Councillor Sunil Chopra  
Councillor Lorraine Lauder MBE

### Reserves

Councillor Sunny Lambe

---

### INFORMATION FOR MEMBERS OF THE PUBLIC

---

#### Access to information

You have the right to request to inspect copies of minutes and reports on this agenda as well as the background documents used in the preparation of these reports.

#### Babysitting/Carers allowances

If you are a resident of the borough and have paid someone to look after your children, an elderly dependant or a dependant with disabilities so that you could attend this meeting, you may claim an allowance from the council. Please collect a claim form at the meeting.

#### Access

The council is committed to making its meetings accessible. Further details on building access, translation, provision of signers etc for this meeting are on the council's web site: [www.southwark.gov.uk](http://www.southwark.gov.uk) or please contact the person below.

#### Contact

Andrew Weir by email: [andrew.weir@southwark.gov.uk](mailto:andrew.weir@southwark.gov.uk)

---

Members of the committee are summoned to attend this meeting

**Eleanor Kelly**  
Chief Executive  
Date: 7 April 2021

# Licensing Sub-Committee

Thursday 15 April 2021  
10.00 am

Online/Virtual: please contact [andrew.weir@southwark.gov.uk](mailto:andrew.weir@southwark.gov.uk) for a link to the meeting and the instructions for joining the online meeting

## Order of Business

Item No.	Title	Page No.
----------	-------	----------

### PART A - OPEN BUSINESS

#### 1. APOLOGIES

To receive any apologies for absence.

#### 2. CONFIRMATION OF VOTING MEMBERS

A representative of each political group will confirm the voting members of the committee.

#### 3. NOTIFICATION OF ANY ITEMS OF BUSINESS WHICH THE CHAIR DEEMS URGENT

In special circumstances, an item of business may be added to an agenda within five clear days of the meeting.

135 - 173

**ANY OTHER OPEN BUSINESS AS NOTIFIED AT THE START OF THE MEETING AND ACCEPTED BY THE CHAIR AS URGENT.**

Item No.	Title	Page No.
----------	-------	----------

## **PART B - CLOSED BUSINESS**

### **EXCLUSION OF PRESS AND PUBLIC**

The following motion should be moved, seconded and approved if the sub-committee wishes to exclude the press and public to deal with reports revealing exempt information:

"That the public be excluded from the meeting for the following items of business on the grounds that they involve the likely disclosure of exempt information as defined in paragraphs 1-7, Access to Information Procedure rules of the Constitution."

### **ANY OTHER CLOSED BUSINESS AS NOTIFIED AT THE START OF THE MEETING AND ACCEPTED BY THE CHAIR AS URGENT.**

Date: 7 April 2021

<b>Item No.</b> 5.	<b>Classification:</b> Open	<b>Date:</b> 15 April 2021	<b>Meeting Name:</b> Licensing Sub-Committee
<b>Report Title</b>		MIK K-Pop Festival, Southwark Park, South Section, Hawkstone Road, London SE16 2PE	
<b>Ward(s) of group(s) affected</b>		Rotherhithe	
<b>From</b>		Strategic Director of Environment and Leisure	

## RECOMMENDATION

1. That the licensing sub-committee considers whether an application made by Magic Sound Limited for a time limited premises licence be granted under the Licensing Act 2003 in respect of the premises known as Southwark Park, South Section, Hawkstone Road, London SE16 2PE.
  
2. Notes:
  - a) This application is submitted under Section 17 of the Licensing Act 2003 and is for a time limited premises licence. The application is subject to representations submitted by responsible authorities and an 'other person' and is therefore referred to the licensing sub-committee for determination.
  
  - b) Paragraphs 8 to 15 of this report provide a summary of the application. Copies of the full application and related documentation are attached as Appendix A.
  
  - c) Paragraphs 16 to 24 of this report deal with the representations submitted in respect of the application. Copies of the representations submitted by responsible authorities, and related correspondence, are attached to this report as Appendix B. Copies of the representation submitted by the 'other person', and related correspondence, are attached to this report as Appendix C. A plan showing the location of the event area within Southwark Park is attached to this report as Appendix E. A map showing the location of Southwark Park is attached as Appendix F.
  
  - d) A copy of the council's approved procedure for hearings of the sub-committee in relation to an application made under the Licensing Act 2003, along with a copy of the hearing regulations, has been circulated to all parties to the meeting.

## **BACKGROUND INFORMATION**

### **The Licensing Act 2003**

3. The Licensing Act 2003 provides a licensing regime for:
  - The sale of and supply of alcohol
  - The provision of regulated entertainment
  - The provision of late night refreshment.
4. Within Southwark, the licensing responsibility is wholly administered by this council.
5. The Act requires the licensing authority to carry out its functions under the Act with a view to promoting the four stated licensing objectives. These are:
  - The prevention of crime and disorder
  - The promotion of public safety
  - The prevention of nuisance
  - The protection of children from harm.
6. In carrying out its licensing functions, a licensing authority must also have regard to
  - The Act itself
  - The guidance to the act issued under Section 182 of the Act
  - Secondary regulations issued under the Act
  - The licensing authority's own statement of licensing policy
  - The application, including the operating schedule submitted as part of the application
  - Relevant representations.
7. The premises licence application process involves the provision of all relevant information required under the Act to the licensing authority with copies provided by the applicant to the relevant responsible bodies under the Act. The application must also be advertised at the premises and in the local press. The responsible authorities and other persons within the local community may make representations on any part of the application where relevant to the four licensing objectives.

## **KEY ISSUES FOR CONSIDERATION**

### **The premises licence application**

8. On 11 February 2021 Magic Sound Limited applied to this council for the grant of a time limited premises licence in respect of Southwark Park, South Section, Hawkstone Road, London SE16 2PE.
9. The application is for a time limited premises licence to have effect on one weekend, a Saturday and the immediately following Sunday only, between 1

June 2021 and 30 September 2023 to facilitate a festival known as the ‘MIK K – Pop Festival’. The application is summarised as follows:

- **The provision of plays, films, live music, recorded music, performance of dance, anything similar to live or recorded music:**
    - Saturday: 12:00 to 22:00
    - Sunday: 12:00 to 22:00
  - **The sale of alcohol for consumption on the premises**
    - Saturday: 12:00 to 21:30
    - Sunday: 12:00 to 21:30
  - **Proposed opening hours of the premises**
    - Saturday: 12:00 to 22:15
    - Sunday: 12:00 to 22:15
  - The application seeks to allow up to 14999 people to attend the premises at any one time.
10. The premises licence application form includes an ‘operating schedule’. Parts A, B, E, F, G, J, K, L and M of the operating schedule set out the proposed licensable activities, operating hours and operational control measures in full with reference to the four licensing objectives. Should a premises licence be issued in respect of the application then the information provided in part M of the operating schedule will form the basis of conditions that will be attached to any licence granted subsequent to the application. An event management plan was submitted with the application. Copies of the application and the event management plan are attached to this report as Appendix A.
11. The premises are a specified section of a Southwark Park which will be fenced off. The section of the park to be used is shown in the premises plan attached as Appendix D.
12. **NB** - The council’s events team already holds a premises licence that allows for the provision of regulated entertainment in the entirety of Southwark Park (licence number 010878), however the licence only allows for events in respect of up to 4999 attendees and does not allow for the sale of alcohol. Details of licence number 010878 are as follows:
- **The provision of plays, films, live music, recorded music, performance of dance, anything similar to live or recorded music:**
    - Monday to Thursday: 10:00 to 21:00
    - Friday and Saturday: 10:00 to 22:00
    - Sunday: 11:00 to 21:00

- **Opening hours of the premises:**
    - Monday to Sunday: 08:00 to 22:00.
13. At any event in Southwark's parks or open spaces pertaining to which the event organiser proposes to allow for more than 4999 attendees, or to allow for the sale of alcohol, a new (time limited) premises licence must be applied for to allow both. There are two other matters, outlined below, which the above application seeks to address and thus, fundamentally the application is to:
- Allow for up to 14999 attendees (instead of 4999 as is permitted by the premises licence held in respect of Southwark Park by the council's events team)
  - Allow the sale of alcohol at the proposed event (which is not permitted by the premises licence held in respect of Southwark Park by the council's events team)
  - Allow regulated entertainment to take place until 22:00 on the Sunday of the event (the premises licence held in respect of the park by the council's events team only allows for regulated entertainment to take place until 21:00 on Sundays).
  - Allow the event site to be open to the public until 22:15 on both the Saturday and Sunday of the event (the premises licence held in respect of the park by the council's events team only allows for event sites to be open to the public until 22:00 on Saturdays and Sundays).
14. Please note that permission for the event to take place has already been granted by the council's events team. If this application is not granted the event can still take place under licence 010878, albeit only for up to 4999 attendees, without the sale of alcohol permitted and with curtailed operating hours. The 'other person' has been informed of this. The sub-committee are invited to consider the application in the above context.

#### **Designated premises supervisor**

15. The proposed designated premises supervisor (DPS) is Harry Feigen.

#### **Representations from responsible authorities**

16. Representations were submitted by this council's environmental protection team and also by the Metropolitan Police Service.
17. The representation submitted by the environmental protection team suggested a control measure that should become a condition of any licence issued subsequent to the application. The applicant agreed to amend the application to include the suggested control measure and the environmental protection team withdrew their representation.

18. The representation submitted by the Metropolitan Police Service suggested control measures that should become conditions of any licence issued subsequent to the application. Following discussions with the Metropolitan Police Service, the applicant agreed to amend the application to include various control measures and the Metropolitan Police Service withdrew their representation.
19. Copies of the representations submitted by the environmental protection team and the Metropolitan Police Service, and related correspondence, are attached as Appendix B.

### **Representations from other persons**

20. One representation objecting to the application was submitted by an 'other person', the other person being a local tenants and residents association.
21. The representation is concerned with the location within the park that the event is proposed to be held, the possible adverse effect on local sports teams who use the park and the possible deleterious effect that events taking place under the proposed licence may have on the fabric of the park. Other concerns also include the effect the event may have on public transport provision in the locale, possible noise and light nuisance arising from events held under the proposed licence, possible anti-social behaviour and crime and disorder related to the provision of events under the proposed licence and the risk of increased transmission of COVID-19 regarding events held under the proposed licence.
22. **NB** – The licensing sub-committee can only consider matters pertaining to the four licensing objectives and therefore the parts of the representation concerned with the possible deleterious effect that events taking place under the proposed licence may have on the fabric of the park, the possible adverse effect on local sports teams who use the park and the effect the event may have on public transport provision in the locale cannot be considered.
23. Concerns regarding possible noise and light nuisance, anti-social behavior, crime and disorder, the risk of increased transmission of COVID-19 and the effect that the proposed number of attendees will have on these issues can be considered by the licensing sub-committee.
24. A copy of the representation submitted by the other person is attached as Appendix C.

### **Conciliation**

25. The applicant was sent copies of all the representations. The applicant was advised that they could reply, via the licensing unit, to the representation submitted by the other person. The applicant was advised to contact directly any responsible authorities who had submitted representations.
26. The environmental protection team and the Metropolitan Police Service have now conciliated and have withdrawn their representations.

27. The applicant provided a response to the other person's representation and this response was sent to the other person however, at the time of the writing of this report, the representation submitted by the other person remains outstanding and so must be considered by the licensing sub-committee. The licensing sub-committee will be apprised to any conciliation of the other person, at the hearing to determine this application.

### **Premises history**

28. Southwark Council's events team holds a premise licence in respect of Southwark Park. The licence number is 010878 and was issued on 16 January 2007. Details of the licence are provided in paragraph 12 above. The licence allows for a maximum of up to 4999 attendees at events held under the licence. A copy of licence number 010878 is attached as Appendix D.
29. On 7 May 2013 a time limited premises licence, to have effect between 3 October 2013 and 6 October 2013 was issued to London Oktoberfest Limited. The licence allowed for the provision of live and recorded music and the sale of alcohol on Thursday and Friday between 16:00 and 23:00, on Saturday between 12:00 and 23:00 and on Sunday between 12:00 and 19:00. The licence allowed for a maximum of up to 4999 attendees at any event to be held under the licence.
30. On 7 May 2013 a time limited premises licence to have effect on 30 June 2016 only was issued to The London Borough of Southwark to facilitate an event known as 'Bermondsey Carnival'. The licence allowed for the provision of plays, films, live and recorded music performances of dance and entertainments similar to live and recorded music between 12:00 and 20:00. The licence allowed for the sale of alcohol between 12:00 and 19:45. The licence allowed for a maximum of up to 4999 attendees at any event to be held under the licence.
31. On 13 October 2018 a time limited premises licence to have effect between 7 November 2018 and 11 January 2019 was issued to Marcus Van Der Gaag to facilitate an event known as 'Alice in Wonderland Lantern Festival'. The licence allowed for the provision of recorded music, entertainment similar to live or recorded music and the sale of alcohol on Monday to Sunday between 15:00 and 21:00. The licence allowed for the provision of live music on Sunday to Thursday between 15:00 and 21:00 and on Friday and Saturday between 15:00 and 22:00. The application for this event was subject to representations and was determined at a licensing sub-committee hearing. The licence allowed for a maximum of up to 4999 attendees at any event to be held under the licence.
32. On 2 April 2019 a time limited premises licence, to have effect on 6 July 2019 only, was issued to Continental Drifts Limited to facilitate an event known as 'Bermondsey Carnival'. The licence allowed for the provision of plays, films, live and recorded music performances of dance and entertainments similar to live and recorded music and the sale of alcohol between 12:00 and 20:00.

The licence allowed for a maximum of up to 4999 attendees at any event to be held under the licence.

33. On 11 February 2021 Magic Sound Limited applied to this council for the grant of a time limited premises licence in respect of Southwark Park, South Section, Hawkstone Road, London, SE16 2PE.

### **Map**

34. A map showing the location of Southwark Park is attached to this report as Appendix F.

### **Southwark council statement of licensing policy**

35. Council assembly approved Southwark's statement of licensing policy 2021-2026 on 25 November 2020 and it came into effect on 1 January 2021.
36. Sections of the statement that are considered to be of particular relevance to the sub-committee's consideration are:
  - Section 3 - Purpose and scope of the policy. This reinforces the four licensing objectives and the fundamental principles upon which this Authority relies in determining licence applications
  - Section 5 – Determining applications for premises licences and club premises certificates. This explains how the policy works and considers issues such as location; high standards of management; and the principles behind condition setting.
  - Section 6 – Local cumulative impact policies. This sets out this authority's approach to cumulative impact and defines the boundaries of the current special policy areas and the classifications of premises to which they apply. To be read in conjunction with Appendix B to the policy.
  - Section 7 – Hours of operation. This provides a guide to the hours of licensed operation that this Authority might consider appropriate by type of premises and (planning) area classification.
  - Section 8 – The prevention of crime and disorder. This provides general guidance on the promotion of the first licensing objective.
  - Section 9 – Public safety. This provides general guidance on the promotion of the second licensing objective.
  - Section 10 – The prevention of nuisance. This provides general guidance on the promotion of the third licensing objective.
  - Section 11 – The protection of children from harm. This provides general guidance on the promotion of the fourth licensing objective.

37. The purpose of Southwark's statement of licensing policy is to make clear to applicants what considerations will be taken into account when determining applications and should act as a guide to the sub-committee when considering the applications. However, the sub-committee must always consider each application on its own merits and allow exceptions to the normal policy where these are justified by the circumstances of the application.
  
38. The statement of licensing policy states that the premises are located in a residential area. Below are closing times for various types of premises in residential areas in Southwark as suggested in the statement of licensing policy:
  - Restaurants, cafes and takeaway establishments:
    - Monday to Sunday: 23:00
  
  - Public houses, wine bars or other drinking establishments:
    - Monday to Sunday: 23:00
  
  - Event premises/ spaces where sale of alcohol is included in, and ancillary to, range of activities including meals:
    - Monday to Sunday: 23:00
  
  - Night clubs:
    - Not considered suitable for residential areas.

### **Resource implications**

39. A fee of £2100.00 has been paid by the applicant in respect of this application, that fee being the statutory fee payable for premises within non-domestic rateable value band 'A' and where the additional fee in respect of 10000 – 14999 people being in attendance at the premises at any one time applies.

### **Consultation**

40. Consultation has been carried out on this application in accordance with the provisions of the Licensing Act 2003. A public notice was published in a local newspaper and similar notices were exhibited outside of the premises for a period of 28 consecutive days.

### **Community impact statement**

41. Each application is required by law to be considered upon its own individual merits with all relevant matters taken into account.

## **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

### **Director of Law and Governance**

42. The sub-committee is asked to determine the application for a premises licence under Section 17 of the Licensing Act 2003.
43. The principles which sub-committee members must apply are set out below.

### **Principles for making the determination**

44. The sub-committee is asked to determine the application for a premises licence under section 17 of the Licensing Act 2003.
45. The principles which sub-committee members must apply are set out below.
46. The general principle is that applications for premises licence applications must be granted unless relevant representations are received. This is subject to the proviso that the applicant has complied with regulations in advertising and submitting the application.
47. Relevant representations are those which:
  - Are about the likely effect of the granting of the application on the promotion of the licensing objectives
  - Are made by an interested party or responsible authority
  - Have not been withdrawn
  - Are not, in the opinion of the relevant licensing authority, frivolous or vexatious.
48. If relevant representations are received then the sub-committee must have regard to them, in determining whether it is necessary for the promotion of the licensing objectives to:
  - To grant the licence subject to:
    - The conditions mentioned in section 18 (2)(a) modified to such extent as the licensing authority considers necessary for the promotion of the licensing objectives
    - Any condition which must under section 19, 20 or 21 be included in the licence.
  - To exclude from the scope of the licence any of the licensable activities to which the application relates.
  - To refuse to specify a person in the licence as the premises supervisor.
  - To reject the application.

## **Conditions**

49. The sub-committee's discretion is thus limited. It can only modify the conditions put forward by the applicant, or refuse the application, if it is necessary to do so. Conditions must be necessary and proportionate for the promotion of one of the four licensing objectives, and not for any other reason. Conditions must also be within the control of the licensee, and should be worded in a way which is clear, certain, consistent and enforceable.
50. The four licensing objectives are:
  - The prevention of crime and disorder
  - Public safety
  - The prevention of nuisance
  - The protection of children from harm.
51. Members should note that each objective is of equal importance. There are no other licensing objectives, and the four objectives are paramount considerations at all times.
52. Conditions will not be necessary if they duplicate a statutory position. Conditions relating to night café and take away aspect of the license must relate to the night time operation of the premises and must not be used to impose conditions which could not be imposed on day time operators.
53. Members are also referred to the Home Office Revised Guidance issued under section 182 of the Licensing Act 2003 on conditions, specifically section 10.

## **Reasons**

54. If the sub-committee determines that it is necessary to modify the conditions, or to refuse the application for a premises licence application, it must give reasons for its decision.

## **Hearing procedures**

55. Subject to the licensing hearing regulations, the licensing committee may determine its own procedures. Key elements of the regulations are that:
  - The hearing shall take the form of a discussion led by the authority. Cross examination shall not be permitted unless the authority considered that it is required for it to consider the representations.
  - Members of the authority are free to ask any question of any party or other person appearing at the hearing.
  - The committee must allow the parties an equal maximum period of time in which to exercise their rights to:

- Address the authority
  - If given permission by the committee, question any other party.
  - In response to a point which the authority has given notice it will require clarification, give further information in support of their application.
  - The committee shall disregard any information given by a party which is not relevant to the particular application before the committee and the licensing objectives.
  - The hearing shall be in public, although the committee may exclude the public from all or part of a hearing where it considers that the public interest in doing so outweighs the public interest in the hearing, or that part of the hearing, taking place in private.
  - In considering any representations or notice made by a party the authority may take into account documentary or other information produced by a party in support of their application, representations or notice (as applicable) either before the hearing or, with the consent of all the other parties, at the hearing.
56. This matter relates to the determination of an application for a premises licence under Section 17 of the Licensing Act 2003. Regulation 26(1) (a) requires the sub-committee to make its determination at the conclusion of the hearing.
- Council's multiple roles and the role of the licensing sub-committee**
57. Sub-committee members will note that, in relation to this application, the council has multiple roles. Council officers from various departments have been asked to consider the application from the perspective of the council as authority responsible respectively for environmental health, trading standards, health and safety and as the planning authority.
58. Members should note that the licensing sub-committee is meeting on this occasion solely to perform the role of licensing authority. The sub-committee sits in quasi-judicial capacity, and must act impartially. It must offer a fair and unbiased hearing of the application. In this case, members should disregard the council's broader policy objectives and role as statutory authority in other contexts. Members must direct themselves to making a determination solely based upon the licensing law, guidance and the council's statement of licensing policy.
59. As a quasi-judicial body the licensing sub-committee is required to consider the application on its merits. The sub-committee must take into account only relevant factors, and ignore irrelevant factors. The decision must be based on evidence, that is to say material, which tends logically to show the existence or non-existence of relevant facts, or the likelihood or unlikelihood of the occurrence of some future event, the occurrence of which would be relevant. The licensing sub-committee must give fair

consideration to the contentions of all persons entitled to make representations to them.

60. The licensing sub-committee is entitled to consider events outside of the premises if they are relevant, i.e. are properly attributable to the premises being open. The proprietors do not have to be personally responsible for the incidents for the same to be relevant. However, if such events are not properly attributable to the premises being open, then the evidence is not relevant and should be excluded. Guidance is that the licensing authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public, living, working or engaged in normal activity in the area concerned.
61. Members will be aware of the council's code of conduct which requires them to declare personal and prejudicial interests. The code applies to members when considering licensing applications. In addition, as a quasi-judicial body, members are required to avoid both actual bias, and the appearance of bias.
62. The sub-committee can only consider matters within the application that have been raised through representations from other persons and responsible authorities. Interested parties must live in the vicinity of the premises. This will be decided on a case to case basis.
63. Under the Human Rights Act 1998, the sub-committee needs to consider the balance between the rights of the applicant and those making representations to the application when making their decision. The sub-committee has a duty under section 17 Crime and Disorder Act 1998 when making its decision to do all it can to prevent crime and disorder in the borough.
64. Other persons, responsible authorities and the applicant have the right to appeal the decision of the sub-committee to the magistrates' court within a period of 21 days beginning with the day on which the applicant was notified by the licensing authority of the decision to be appealed against.

### **Guidance**

65. Members are required to have regard to the Home Office guidance in carrying out the functions of licensing authority. However, guidance does not cover every possible situation, so long as the guidance has been properly and carefully understood, members may depart from it if they have reason to do so. Full reasons must be given if this is the case.

### **Strategic Director of Finance and Governance**

66. The head of regulatory services has confirmed that the costs of this process over and above the application fee are borne by the service.

Business - Application for a premises licence to be granted under the Licensing Act 2003  
Ref No. 1618992

## Name of Applicant

Please enter the name(s) who is applying for a premises licence under section 17 of the Licensing Act 2003 and am making this application to you as the relevant licensing authority in accordance with section 12 of the Licensing Act 2003

	Magic Sound Limited
--	---------------------

## Notes for Guidance

1. Describe the premises, for example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies, you must include a description of where the place will be and its proximity to the premises.
2. In terms of specific regulated entertainments please note that:
  - Plays: no licence is required for performances between 08:00 and 23.00 on any day, provided that the audience does not exceed 500.
  - Films: no licence is required for 'not-for-profit' film exhibition held in community premises between 08.00 and 23.00 on any day provided that the audience does not exceed 500 and the organiser (a) gets consent to the screening from a person who is responsible for the premises; and (b) ensures that each such screening abides by age classification ratings.
  - Indoor sporting events: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000.
  - Boxing or Wrestling Entertainment: no licence is required for a contest, exhibition or display of Greco-Roman wrestling, or freestyle wrestling between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000. Combined fighting sports – defined as a contest, exhibition or display which combines boxing or wrestling with one or more martial arts – are licensable as a boxing or wrestling entertainment rather than an indoor sporting event.
  - Live music: no licence permission is required for:
    - o a performance of unamplified live music between 08.00 and 23.00 on any day, on any premises.
    - o a performance of amplified live music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500.
    - o a performance of amplified live music between 08.00 and 23.00 on any day, in a workplace that is not licensed to sell alcohol on those premises, provided that the audience does not exceed 500.
    - o a performance of amplified live music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance from a person who is responsible for the premises.
    - o a performance of amplified live music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the relevant premises from: (i) the local authority concerned, or (ii) the school or (iii) the health care provider for the hospital.
  - Recorded Music: no licence permission is required for:
    - o any playing of recorded music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500.
    - o any playing of recorded music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance from a person who is responsible for the premises.
    - o any playing of recorded music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the relevant premises from: (i) the local authority concerned, or (ii) the school proprietor or (iii) the health care provider for the hospital.
  - Dance: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500. However, a performance which amounts to adult entertainment remains licensable.
  - Cross activity exemptions: no licence is required between 08.00 and 23.00 on any day, with no limit on audience size for:
    - o any entertainment taking place on the premises of the local authority where the entertainment is provided by or on behalf of the local authority;
    - o any entertainment taking place on the hospital premises of the health care provider where the

entertainment is provided by or on behalf of the health care provider;

any entertainment taking place on the premises of the school where the entertainment is provided by or on behalf of the school proprietor; and

any entertainment (excluding films and a boxing or wrestling entertainment) taking place at a travelling circus, provided that (a) it takes place within a moveable structure that accommodates the audience, and (b) that the travelling circus has not been located on the same site for more than 28 consecutive days.

3. Where taking place in a building or other structure please tick as appropriate (indoors may include a tent).

4. For example the type of activity to be authorised, if not already stated, and give relevant further details, for example (but not exclusively) whether or not music will be amplified or unamplified.

5. For example (but not exclusively), where the activity will occur on additional days during the summer months.

6. For example (but not exclusively), where you wish the activity to go on longer on a particular day e.g. Christmas Eve.

7. Please give timings in 24 hour clock (e.g. 16.00) and only give details for the days of the week when you intend the premises to be used for the activity.

8. If you wish people to be able to consume alcohol on the premises, please tick 'on the premises'. If you wish people to be able to purchase alcohol to consume away from the premises, please tick 'off the premises'. If you wish people to be able to do both, please tick 'both'.

9. Please give information about anything intended to occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children, regardless of whether you intend children to have access to the premises, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups or the presence of gaming machines.

10. Please list here steps you will take to promote all four licensing objectives together.

11. The application form must be signed.

12. An applicant's agent (for example solicitor) may sign the form on their behalf provided that they have actual authority to do so.

13. Where there is more than one applicant, each of the applicants or their respective agent must sign the application form.

14. This is the address which we shall use to correspond with you about this application.

15. Entitlement to work/immigration status for individual applicants and applications

from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

#### Documents which demonstrate entitlement to work in the UK

- An expired or current passport showing the holder, or a person named in the passport as the child of the holder, is a British citizen or a citizen of the UK and Colonies having the right of abode in the UK [please see note below about which sections of the passport to copy].
- An expired or current passport or national identity card showing the holder, or a person named in the passport as the child of the holder, is a national of a European Economic Area country or Switzerland.
- A Registration Certificate or document certifying permanent residence issued by the Home Office to a national of a European Economic Area country or Switzerland.
- A Permanent Residence Card issued by the Home Office to the family member of a national of a European Economic Area country or Switzerland.
- A current Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder indicating that the person named is allowed to stay indefinitely in the UK, or has no time limit on their stay in the UK.
- A current passport endorsed to show that the holder is exempt from immigration control, is allowed to stay indefinitely in the UK, has the right of abode in the UK, or has no time limit on their stay in the UK.

- A current Immigration Status Document issued by the Home Office to the holder with an endorsement indicating that the named person is allowed to stay indefinitely in the UK or has no time limit on their stay in the UK, when produced in combination with an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the UK, when produced in combination with an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the Channel Islands, the Isle of Man or Ireland when produced in combination with an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A certificate of registration or naturalisation as a British citizen, when produced in combination with an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A current passport endorsed to show that the holder is allowed to stay in the UK and is currently allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity.
- A current Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder which indicates that the named person can currently stay in the UK and is allowed to work relation to the carrying on of a licensable activity.
- A current Residence Card issued by the Home Office to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights or residence.
- A current Immigration Status Document containing a photograph issued by the Home Office to the holder with an endorsement indicating that the named person may stay in the UK, and is allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity when produced in combination with an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A Certificate of Application, less than 6 months old, issued by the Home Office under regulation 18(3) or 20(2) of the Immigration (European Economic Area) Regulations 2016, to a person who is not a national of a

European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence.

- Reasonable evidence that the person has an outstanding application to vary their permission to be in the UK with the Home Office such as the Home Office acknowledgement letter or proof of postage evidence, or reasonable evidence that the person has an appeal or administrative review pending on an immigration decision, such as an appeal or administrative review reference number.
- Reasonable evidence that a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence in exercising treaty rights in the UK including:
  - o evidence of the applicant's own identity – such as a passport,
  - o evidence of their relationship with the European Economic Area family member – e.g. a marriage certificate, civil partnership certificate or birth certificate, and
  - o evidence that the European Economic Area national has a right of permanent residence in the UK or is one of the following if they have been in the UK for more than 3 months:
    - (i) working e.g. employment contract, wage slips, letter from the employer,
    - (ii) self-employed e.g. contracts, invoices, or audited accounts with a bank,
    - (iii) studying e.g. letter from the school, college or university and evidence of sufficient funds; or
    - (iv) self-sufficient e.g. bank statements.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

Original documents must not be sent to licensing authorities. If the document copied is a passport, a copy of the following pages should be provided:

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;

- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

#### Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

#### Premises Details

##### Application for a premises licence to be granted under the Licensing Act 2003

Non-domestic rateable value of premises in order to see your rateable value click [here](#) (opens in new window)

£	0
	Band D and E only applies to premises which uses exclusively or primarily for the supply of alcohol for consumption on the premises

When do you want the premises licence to start?

	01/06/2021
--	------------

If you wish the licence to be valid only for a limited period, when do you want it to end?

	30/09/2023
--	------------

## General description of premises ( see guidance note 1 )

	<p>Southwark Park is a South London park in the London borough of Southwark that covers an area of 25 hectares. The park is divided into two distinct areas the North End and the South End of the park.</p> <p>MIK K-Pop Festival will take place in an area in the South End of the park across the central green space in front of the café and lake. The event takes up approximately 19% of the park and will take place over a Saturday and Sunday over one weekend between June and September annually.</p> <p>The perimeter of the site is grassland. All public paths will be maintained during the build and break period of the event and an access route will be maintained through the park during the event days. Vehicular and pedestrian access to the event will be through the parks existing network of internal roads and paths, served by access points around the park's perimeter. The event will be built in phases to minimise disruption to local residents.</p> <p>Consultation will take place the park management team and park assets will be protected.</p> <p>The park is well served by public transport routes including the underground, rail, overground and bus network and is linked to a number of cycling routes.</p>
--	---

If 5,000 or more people are expected to attend the premises at any one time please use the drop down below to select the number.

	10000 to 14999
--	----------------

M - Steps to promote four licencing objectives

- a) General - all four licensing objectives (b,c,d,e) ( Please read guidance note 10 )

	<p>The applicant is an experienced event promoter and organiser of major events including outdoor music events, festivals and large-scale events across London in parks and other public spaces.</p> <p>The applicant has a highly experienced management team and long-term working relationships with expert specialist contractors to provide the professional services, infrastructure and equipment to deliver highly professional and safe events.</p> <p><b>Planning of the Events</b></p> <p>The applicant is applying for a time limited Premises Licence to operate for two days to take place between 1 June and 30 September in 2021, 2022 and 2023. The event will usually be scheduled to take place in July but may be adjusted annually with agreement from the Licensing Authority. The event will take place on a Saturday and the immediately followed Sunday over one weekend each year to facilitate the MIK K-Pop Festival.</p> <p>Notice of the proposed event days will be provided by the Premises Licence Holder to the Licensing Authority and the Responsible Authorities annually no less than four months or such other period as may be agreed by the Licensing Authority. Notice will be provided to the Licensing Authority and the Responsible Authorities.</p> <p>The Premises Licence Holder will liaise with the Licensing Authority and with their agreement attend the Safety Advisory Group (or other body nominated by the Licensing Authority) to present an Event Management Plan for each event each year.</p> <p>The Event Management Plan shall be presented to the Safety Advisory Group in a draft, working document form, no later than 3 months prior to the date of the first event day. The Safety Advisory Group will be provided with details of the planning for the event and will be a forum to scrutinise the plans.</p> <p>A final version of the Event Management Plan will be submitted to the Safety Advisory Group no later than 28 days before the first event day. Any significant changes to the final version of the Event Management Plan in the 28 days before the event shall be proposed to the Licensing Authority, in consultation with the Responsible Authorities.</p> <p>The Event Management Plan shall comprise, but not limited to:</p> <ul style="list-style-type: none"><li>• Event Management Structure</li><li>• Event Risk Assessment</li><li>• Site Plan</li><li>• Construction Phase Plan, Risk Assessments &amp; Method Statements</li><li>• Fire Risk Assessment</li><li>• Major Incident Plan (including counter terrorism measures)</li><li>• Security &amp; Crowd Management Plan</li><li>• Medical Risk Assessment and Plan</li><li>• Adverse Weather Plan</li><li>• Children &amp; Vulnerable Adults Safeguarding Policy</li><li>• Transport Plan</li><li>• Alcohol Management Plan</li><li>• Waste Management Plan</li><li>• Health &amp; Safety Policy</li><li>• Alcohol and Drug Use Policy</li><li>• Coronavirus Risk Assessments &amp; Controls (as required)</li></ul> <p><b>Management of the Event</b></p> <p>The Premises Licence Holder will appoint an Event Manager who will lead an Event Management Team. In addition, the Premises Licence Holder will establish both an Event Control and an Event Liaison Team to operate during events, made up of representatives of the Event Management Team and representatives from or nominated by the Safety Advisory Group. The Event Management Structure will set out the responsibilities of the Event Management Team and be included in the Event Management Plan.</p> <p>The Premises Licence Holder will have overall responsibility to implement the Event Management Plan during the operation of the event. The Event Manager will manage the operation of the event in accordance with the Event Management Plan with the involvement of the Event Liaison Team. Changes to the Event Management Plan during the event shall be made with the consent of the Event Liaison Team and nominated representatives from the Licensing Authority and Responsible Authorities if</p>
--	---

	<p>agreed and required.</p> <p>Any authorised officer of the London Metropolitan Police, authorised officer of the London Fire Brigade, authorised officer of London Borough of Southwark, and any authorised officer of the Child Protection Agency shall have access to the premises at all reasonable times for the purposes of enforcing the observance of the licence conditions, for the prevention and detection of crime and criminal activity, the prevention of public nuisance, public safety and the protection of children from harm.</p> <p>The Premises Licence Holder will organise a debrief of the event to take place with the Licensing Authority and Responsible Authorities, within a Safety Advisory Group meeting within three months of the date of the last event of each year.</p> <p><b>Engagement with residents and businesses</b></p> <p>The Premises Licence Holder is committed to ongoing engagement with key stakeholders to Southwark Park, residents and local business and has begun a process of engagement with local residents, businesses and elected officials through established networks, existing organisations and direct outreach. The aim is to establish effective routes to engage that will be carried out annually to provide information and receive feedback. A website will provide specific information for local residents and businesses including contact details.</p>
--	---

b) the prevention of crime and disorder

	<p><b>Working with the Police</b></p> <p>The Premises Licence Holder will liaise with the Metropolitan Police Service on procedures, crime prevention advice and other guidance as required including counter terrorism measures</p> <p>The Metropolitan Police Service will be notified at the earliest opportunity in the case of any incidents of serious crime and disorder where an intervention is required to maintain wider public safety.</p> <p><b>Security Planning</b></p> <p>Suitable and experienced security and crowd management contractors will be appointed. The appointed contractor will hold relevant industry accreditation. The appointed contractors will be required to prepare a Security &amp; Crowd Management Plan accompanied by appropriate risk assessments and method statements to be included in the Event Management Plan.</p> <p>A Security &amp; Crowd Management Plan will be included within the Event Management Plan. The plan will contain measures as follows:</p> <ul style="list-style-type: none"> <li>• To deter and prevent crime and disorder</li> <li>• To detail the security arrangements to keep attendees, staff, performers safe and secure</li> <li>• To detail the security arrangements for protecting assets within the premises including infrastructure, stages, equipment, etc.</li> <li>• To detail the security arrangements to prevent unauthorised access to the premises</li> <li>• To detail the procedures for managing exclusion and eviction from the premises</li> <li>• To set out procedures for managing incidents of disorder and antisocial behaviour</li> </ul> <p>All staff appointed by the Crowd Management &amp; Security contractor to work on the event will hold a relevant qualification and have experience. The contractor will be required to provide details of all staff deployed on the event.</p> <p><b>Security Operation</b></p> <p>Security personnel will be present throughout the event and during the period during the build and break of the event site.</p> <p>All security and stewarding staff will receive a briefing from the appointed Security &amp; Crowd Manager prior to each event. All security and stewarding staff will be easily identifiable in high vis jackets.</p>
--	---

	<p>Security staff will be deployed in sufficient numbers for each event based on an assessment of attendance. Deployment schedules for full, medium and low capacity events will be included in the Event Management Plan.</p> <p>Entry to the premises for the event will be managed by SIA staff employed by the security contractor. Security staff will be briefed on the entry conditions and any relevant policies or procedures for each event including any event specific requirements.</p> <p>Entry conditions will be notified to patrons on the event website and shall be displayed outside of the premises which can be seen on entry. Information regarding searching policies and Challenge 25 shall also be displayed at entry points into the premises.</p> <p>An incident reporting and recording procedure will be in place, details will be included within the Event Management Plan. All entry refusals and evictions will be recorded by Event Control. A copy of the Event Control log and an Incident Log will be maintained and made available for inspection by the Licensing Authority or an authorised office of the Metropolitan Police Service on reasonable request.</p> <p><b>Searching on Accessing the Premises</b></p> <p>Patrons, staff and contractors will be liable to search on access to the premises. The purpose of searching is to deter and prevent prohibited items from entering the premises.</p> <p>Details of the search policy and procedure will be included within the Event Management Plan as part of the Security &amp; Crowd Management Plan.</p> <p>All relevant security staff will be briefed on the search procedures prior to each event. The briefing will include details of the conditions of entry and details of prohibited items.</p> <p>We will provide amnesty bins at entrances. Items surrendered or confiscated will be held by the Security &amp; Crowd Manager in accordance with procedures agreed with the Metropolitan Police. Disposal will follow procedures agreed with the Metropolitan Police. A log will be maintained of confiscations, seizures and disposals. It will be maintained by the Security &amp; Crowd Manager and be made available inspection by the Licensing Authority and Metropolitan Police on reasonable request.</p> <p><b>Controlling Access Within the Premises</b></p> <p>A system of secure ticketing and accreditation will be in place. Only patrons in possession of a valid ticket will be allowed access to the premises. Access points will be controlled by registered Security Industry Association staff employed by the security contractor.</p> <p>Staff, contractors, volunteers, visitors, artists and guests will be required to wear a form of secure accreditation within the premises. Access to accreditation will be the responsibility of the Premises Licence Holder. Accreditation will designate access to restricted areas within the premises. All access points will be controlled by registered Security Industry Association staff employed by the security contractor.</p> <p><b>Effective Communication</b></p> <p>The Premises Licence Holder will ensure there is an effective means of two-way communication in place. This may include but not limited to mobile phones, two-way radios and other wireless and wired communications systems. General event communication will be managed by Event Control.</p> <p><b>Reducing the Risk &amp; Harm From Drugs</b></p> <p>A drugs policy will be included within the Event Management Plan. Illegal drugs and psychoactive substances will be prohibited items. Possession for personal use or supply may result in refusal of admission to or ejection from the premises and a report to the Metropolitan Police. Suspected possession for supply will be reported to the Metropolitan Police.</p> <p>Anyone under the influence of illegal drugs or psychoactive substances who is vulnerable will be managed through the process set out in the Children &amp; Vulnerable Adults Policy included within the Event Management Plan.</p> <p><b>Preventing Underage Alcohol Consumption</b></p>
--	--

	<p>The Premises Licence Holder will operate a Challenge 25 policy. Bar staff will require a valid proof of ID from any patron seeking to make a purchase of alcohol for themselves or anyone else appearing to be under 25. The only acceptable forms of identification are recognised photographic identification cards such as a driving licence, passport or proof of age care with the PASS hologram. If a person seeking alcohol is unable to produce an acceptable form of identification no sale or supply of alcohol shall be made to or for that person.</p> <p>Each bar will be managed by a Personal License Holder. All bar staff will undertake mandatory licensing training before operating at a bar. A record of this training and those attending will be kept by the appointed bar operator(s) and be made available for inspection to the Licensing Authority. All bar staff will be over 18.</p> <p>Patrons unable to provide a valid proof of age will be refused service and a record of the refusal kept.</p> <p><b>Lost Property</b></p> <p>Lost property will be handed to Event Control and a log of the items handed in will be kept. Where information about the owner is available the customer services team will make attempts to contact the patron and return their item. Patrons will be provided with a contact email address for lost property.</p> <p><b>Counter Terrorism Measures</b></p> <p>The Premises Licence Holder recognises the risk from acts of terrorism and will liaise with the Safety Advisory Group and the Metropolitan Police to assess risk and put in place reasonable and proportionate measures to reduce risk. Risk assessments, measures and plans in the event of a major incident will be included in the Event Management Plan.</p>
--	--

c) public safety

	<p><b>Premises Capacity</b></p> <p>The maximum capacity applied for is for 14,999 including all patrons, guests, staff, contractors and artists.</p> <p><b>Health and Safety</b></p> <p>The security of the Licensed Premises and the safety of persons within it under the Licensing Act 2003 will be the responsibility of the Premises Licence Holder during the period of licensable activities on the site each year.</p> <p>A suitably experienced and qualified Health and Safety Consultant will be appointed. The Health and Safety Consultant will undertake risk assessments and produce appropriate methods statements that will be included within the Event Management Plan.</p> <p>The Health and Safety Consultant will review the Event Management Plan including all the associated appendices and annexes and make recommendations to the Premises Licence Holder regarding any additions and amendments. The Health and Safety Consultant will review risk assessments and method statements of suppliers and contractors and make recommendations to the Premises Licence Holder regarding any additions and amendments.</p> <p>The Health and Safety Consultant will attend site during the build and break of the event. They will monitor and assess the implementation of safe working practices and method statements. They will advise the site management and production team on any changes or improvements.</p> <p>The Health and Safety Consultant will attend the event as appropriate and be a member of the Event Liaison Team. They will provide advice and guidance to the Premises Licence Holder on the operation of the event relating to the health and safety of patrons, guests, staff, contractors, traders and artists.</p> <p><b>Managing Crowds</b></p>
--	---

The Premises Licence Holder has overall responsibility for crowd management safety. The Security & Crowd Manager will prepare a Security & Crowd Management Plan that will be included in the Event Management Plan. The aim of the crowd management operation is to:

- Maintain a safe environment for members of the public, staff, contractors and artists working at the event.
- Ensure only authorised ticket and pass holders gain access to the relevant areas.
- Monitor crowd movements, identify and deal promptly and effectively with any identified crowd control issues.
- Oversee the safe ingress and egress of the event including in the event of an incident or major incident.

The premises will be designed and laid out to manage the flow and movement of crowds accessing, leaving and within the premises. Infrastructure will be deployed to support the management of crowds including queues and fencing to secure areas to prevent access. Lighting will be provided to illuminate entry and exits, including emergency exits, ingress and egress routes and to facilitate safe movement within the premises.

Security and stewarding staff will be deployed throughout the premises to facilitate ingress and egress and to prevent access to the premises of those without authority to gain access.

#### Major Incidents and Evacuation

A Major Incident Plan will be included within the Event Management Plan. The Major Incident Plan will be discussed and agreed with the Safety Advisory Group and will include details of coordination with the emergency services and how the premises will be evacuated to agreed rendezvous points. The Event Management Plan will contain the contact details of those nominated by the Premises Licence Holder to manage any major incident.

The Major Incident Plan will include details of the routes to access the premises for emergency service vehicles and personnel.

#### First Aid and Medical Provision

The Premises Licence Holder will appoint a suitably qualified and experienced medical and first aid contractor to provide services at the event. The contractor will undertake a risk assessment for the event and produce a Medical Management Plan both of which will be included in the Event Management Plan. The medical and first aid contractor will attend the Safety Advisory Group meetings and liaise with the London Ambulance Service.

The medical and first aid contractor will position resources on site for the event that are accessible. Personnel will be in attendance prior to the start of the event and remain until the event has been finished and stand down has been agreed by the Event Liaison Team.

Records of all medical and first aid decisions and treatment provided will be maintained by the medical and first aid contractor. Information will be provided to the Premises Licence Holder in the form of a log without providing confidential patient information.

#### Provision and Management of Sanitation

The Premises Licence Holder is responsible for management of sanitation at the event. Sanitation facilities will include the provision and maintenance of adequate numbers of toilets, urinals and accessible toilets for patrons, staff, contractors, traders and artists based on an assessment of requirements.

A constant supply of clean water, or alternative hand cleansing sanitiser will be maintained at all sanitation positions throughout the event.

#### COVID-19

A Coronavirus Risk Assessment and Controls Plan will be provided to the Local Authority and Responsible Authorities as required. This will be based on the latest government guidance and advice.

**Fire Safety**

The Health and Safety Consultant or another suitably qualified person will undertake a Fire Risk Assessment on behalf of the Premises Licence Holder. The Fire Risk Assessment will be contained within the Event Management and Safety Plan and discussed with the Safety Advisory Group.

Fire safety equipment, including portable firefighting equipment, fire notices and other resources will be located at appropriate locations throughout the premises and clearly signed.

All floor coverings, wall coverings, curtains, drapes, fabric, artificial or dried foliage, decorations and filling materials used in furnishings supplied and used will carry flame retardancy certification to the relevant British Standards or will be inherently flame retardant. The details of all such materials will be held on site and will be available for inspection by London Fire Brigade.

The siting of all vehicles, generators, tents, marquees, dressing rooms etc. will be arranged so as to provide fire breaks. All food, bar and other traders are required to provide fire safety risk assessments and will be checked when onsite by the Health and Safety Consultant.

**Fire Exits and Means Of Escape**

Fire exits will be provided at designated points around the perimeter of the premises and within any structures erected or used for the event. All means of escape and fire exists will be clearly signed. Exit capacities will be calculated and contained within the Fire Risk Assessment contained within the Event Management Plan.

Security and stewarding staff will guide all patrons, staff, contractors and artists to designated places of safety away from the premises and identified on the Site Plan and within the Fire Risk Assessment contained within the Event Management Plan.

**LPG Used by Traders**

Traders requiring the use of LPG will be required to bring the minimum necessary quantity to site and provide a notification to the Event Manager that they have LPG equipment. A register of the location of LPG equipment and containers will be maintained within the Site Office. All LPG storage locations will be secure and with no public or unauthorised access. These areas will all be designated as 'no smoking' areas.

All traders will be required to provide Gas Safe certification for their LPG equipment. All equipment will be subject to periodic inspection during the events by the Health & Safety Consultant.

**Pyrotechnics and Special Effects**

Some limited use of pyrotechnics and special effects may take place during the event. In the event these are to be used an experienced and competent contractor will be employed to undertake an assessment and manage the use of these. The contractor will be required to provide risk assessments, method statements and demonstrate compliance with all the necessary regulations and legislation and this documentation will be reviewed by the Health and Safety Consultant.

It will be a condition of contract with the operator that they are only used in compliance with the relevant legislation. This will be expanded on in the Fire Risk Assessment. All details of proposed pyrotechnics will be sent to London Fire Brigade and the Licensing Authority for approval in advance of the event.

The Health and Safety Coordinator will be in direct liaison with London Fire Brigade and the pyrotechnic contractor and will carry out an additional check once any pyrotechnics are installed to check compliance with agreed positions and the effects list.

**Temporary Structures**

The Premises Licence Holder will appoint suitably experienced and qualified suppliers and installers of temporary structures. Copies of plans and any necessary calculations will be submitted to the London Borough of Southwark, including Building Control as required or requested.

	<p>The Site Manager and Health and Safety Consultant on behalf of the Premises Licence Holder will take all reasonable steps to ensure any temporary structures are suitable for their intended purposes and installed in accordance with the contractor's plans. Installation and completion certificates will be provided by the relevant contractor prior to their use and copies will be held on the Site Office for inspection on request by the Licensing Authorities.</p>
--	--

d) the prevention of public nuisance

	<p><b>Resident Information and Complaint Service</b></p> <p>A dedicated resident information and complaint phone line and email service will be established. Residents and local businesses will be able to use the service to report their concerns regarding noise, antisocial behaviour, litter, etc.</p> <p>Information about how to use the service will be provided to local residents via a leaflet drop to properties within an agreed vicinity from the premises. The phone line and email service will be staffed throughout the duration of event. The email service will be staffed throughout the duration of the build and break of the event. A log will be kept of call communications received via the phone and email service along with a record of any actions taken. The log will made available for inspection by the Licensing Authority on reasonable request.</p> <p><b>Management of Noise</b></p> <p>Notices shall be prominently displayed at all exits of the event for patrons to leave the area quietly in respect of the needs of local residents and businesses.</p> <p>An experienced acoustic consultant will be appointed to develop and monitor a robust Sound Management Plan that will be included in the Event Management Plan. The Sound Management Plan will contain the maximum music noise levels permitted at agreed noise sensitive locations and the acoustic consultant's management strategy and measures to control music noise levels during the event.</p> <p>The acoustic consultant will assess the positioning of sound sources pre-event and liaise with the Licensing Authority's sound consultants throughout the event. Sound checks will take place the day prior to the event as well as on the day of the event. Times for these checks are to be notified in advance.</p> <p>The acoustic consultant will be available throughout the duration of the event, as required, and will have complete authority to ensure compliance with the Sound Management Plan. They will hold regular meetings with representatives of the Licensing Authority as required.</p> <p>The sound amplification systems will not be used after the permitted hours of entertainment on any night of the event for the relaying of music or other content or for any purpose except for emergency announcements relating to public order and safety.</p> <p>No deliveries to the site shall take place between the hours of 23:00 – 07:00. There shall be no noise audible at the nearest noise sensitive premises from construction or similar works associated with the set up or dismantling of the site outside of 08:00 – 20:00.</p> <p><b>Traffic and Transport Management</b></p> <p>The event will emphasise and promote the environmental benefits of walking, cycling and the use of public transport to all patrons. Car use will be discouraged and there will be no patron parking on site, except for some limited Blue Badge parking.</p> <p>A Transport Plan will be developed and included in the Event Management Plan and agreed with the Safety Advisory Group. Due to the central location of the site and no parking it is not expected there will be significant impact on public transport and the road network. Key transport bodies including but not limited to Transport for London and London Overground, London Buses will be consulted in advance of the event.</p> <p>The Premises Licence Holder will work with the London Borough of Southwark and Transport for London on the provision of cycle parking.</p>
--	--

	<p><b>Managing Dispersal</b></p> <p>Dispersal routes from the premises will be agreed with the Safety Advisory Group and the details included in the Event Management Plan. Exit routes will be well lit, clearly signed and stewarded where required.</p> <p>Dispersal routes will be designed to minimise disruption to local residents. Signage will be provided asking patrons to minimise noise and disturbance. SIA security staff will be positioned as required to reduce the risk from any potential antisocial behaviour and ensure there is no gathering of patrons in areas likely to cause nuisance or disturbance.</p> <p><b>Managing Waste and Litter</b></p> <p>The Premises Licence Holder has set high environmental standards for the event and is operating to a 'leave no trace' approach to the management of waste. A Waste Management Plan that will include litter, waste from traders, bars and production activities will be included in the Event Management Plan. The plan will include litter picking services and the removal and management of all waste generated by the event including ingress and egress routes to and from the premises. Waste removed from site will be undertaken by a certified operator and all waste will be tracked.</p> <p>A responsive litter picking service will be provided to deal with any local resident or business complaints about litter arising from the event.</p> <p><b>Reducing Light Pollution</b></p> <p>The Premises Licence Holder will take all reasonable steps to minimise pollution from light sources associated with the event. Light sources will be directed inwards towards the premises and on ingress and egress routes for public safety.</p>
--	--

e) the protection of children from harm

	<p><b>Safeguarding of Children and Vulnerable Adults</b></p> <p>A Safeguarding of Children and Vulnerable Adults Policy will be included in the Event Management Plan and discussed with the Safety Advisory Group. All members of the Event Liaison Team will be briefed on the safeguarding measures and all operational staff will follow the procedures set out in the policy.</p> <p>No alcohol will be served for consumption of young people under the age of 18 and a Challenge 25 policy will operate at all bars.</p> <p><b>Welfare for Children and Vulnerable Adults</b></p> <p>A welfare service will be provided for children, including lost and unaccompanied children and vulnerable adults. Welfare providers and those with significant access to children and vulnerable adults will be subject to a Disclosure and Barring check. A Lost Children policy will be included in the Event Management Plan and discussed with the Safety Advisory Group</p> <p><b>Admission of Children</b></p> <p>Children under the age of 16 will be allowed access to the Licensed Premises if accompanied by a responsible adult aged 18 years or over.</p> <p>Children shall remain the responsibility of their responsible adult at all times.</p>
--	--

#### Guidance note 10

Please list here steps you will take to promote all four licensing objectives together.

Please upload a plan of the premises

	KPOP-V1c-LICENSED-BOUNDARY-PROUD-LAYOUT-PAGE-A1-3.pdf
--	---

Please upload any additional information i.e. risk assessments

	
--	---

#### Checklist

	I have enclosed the plan of the premises. I understand that if I do not comply with the above requirements my application  will be rejected. I understand that I must now advertise my application (In the local paper within 14 days of applying)
--	---

#### Home Office Declaration

Please tick to indicate agreement

	I am a company or limited liability partnership
--	---

#### Declaration

[Applicable to individual applicants only, including those in a partnership which is not a limited liability partnership]

I understand I am not entitled to be issued with a licence if I do not have the entitlement to live and work in the UK (or if I am subject to a condition preventing me from doing work relating to the carrying on of a licensable activity) and that my licence will become invalid if I cease to be entitled to live and work in the UK.

The DPS named in this application form is entitled to work in the UK (and is not subject to conditions preventing him or her from doing work relating to a licensable activity) and I have seen a copy of his or her proof of entitlement to work, or have conducted an online right to work check using the Home Office online right to work checking service which confirmed their right to work.

I/We hereby declare the information provided is true and accurate.

I agree to the above statement

	Yes

## MIK K-POP Festival

MIK K-Pop Festival is a new outdoor festival coming to Southwark Park in July 2021 showcasing international talent born out of the Korean Pop movement (K-Pop) which is now a popular music and entertainment genre. The K-Pop movement attracts audiences who are young, diverse, progressive and socially aware. Southwark Park will be the perfect home for the new event which it's diverse population and good access to public transport, walking and cycling facilities.

K-Pop's emerging popularity within the UK has been growing over the past decade and over the year's partners of the event, Magic Sound, have produced a number of shows at indoor institutions such as the O2 and Wembley Arena. MIK K-Pop Festival will be the first of its kind in the United Kingdom taking on a traditional festival format in a public park in comparison to indoor arenas previously seen.

It has been a devastating year for the event's industry with majority of events being cancelled, or postponed, due to the Covid-19 Pandemic. MIK K-Pop Festival will be a welcome boost to Southwark's local economy.

- Providing a safe and accessible live event for local residents
- Assist local social, economic recovery and regeneration
- Support community wellbeing through the production of a professionally managed event
- Support local events and hospitality businesses that have been hit heavily by the pandemic
- MIK K-Pop Festival Impact Assessment Report can be found in Appendix 25 of this Event Management and Safety Plan.

MIK K-Pop Festival will take place over the 24<sup>th</sup> & 25<sup>th</sup> July 2021, dates subject to change, with the build and break happening in the days on either side of the event. Entertainment will consist of two stages of live music showcasing Korean Pop and Chinese Pop acts known internationally around the world. The music entertainment across the two stages will be concurrent allowing for stage production change overs between performances and acts. There will be amenities such as food concessions, bars and merchandise too at the event.

MIK K-Pop Festival is a two stage event that will require a free flowing site and is being planned as such. We understand that the current guidance in regards to social distancing and the spread of COVID-19 is that all events must operate strictly under two metre social distancing however in the unlikely event that social distancing is required by the time of the event in 2021 MIK K-Pop Festival will not go ahead. We do however understand that it is likely there will be additional measures that will be outlined by the Government that events have to put in place to operate and have provided a COVID-19 secure risk assessment as part of this Event Management and Safety plan demonstrating our understanding and acceptance of the responsibilities event organisers have in putting on events at this time.

The COVID-19 Controls (Appendix 6a) will be reviewed and updated periodically throughout the planning phase of MIK K-Pop Festival to reflect the changing legalisation and guidance in regards to the spread of COVID-19.

It is crucial that as much employment and economic benefit remains within the local community as possible. Proud Events has overall responsibility for producing the events and will work with local businesses where possible to secure a local supply chain.

The following areas of work are London based businesses and freelancers:

- Operational Management
- Site Management
- Event Medical Provision
- Event Security
- Bar Operators
- Customer Service Team – All locally recruited

We have undertaken a cautious Economic Impact Assessment using the DCSM supported tool from eventsIMPACTS. This indicates a direct economic impact from the events in London of £672,345.50 and 17 full team equivalent jobs that would be delivered to a large number of freelance and casual workers currently impacted by the pandemic. The full Economic Impact Assessment report can be found in Appendix 25 of this Event Management and Safety Plan.

### **Coronavirus and Events**

This document will reference, where required, appropriate COVID-Secure measures to ensure that the event is fully compliant with all current UK Legislation, Guidelines and Industry Guidelines (Event Industry Forum and Purple Guide COVID-19 supplementary guidance) surrounding the control of transmission of the virus.

It is recognised that the circumstances surrounding COVID-19 are in a constant state of flux. Reference to specific UK legislation, regulations and guidance surrounding COVID-19 must be noted alongside the date of the document. Where there is an update to legislation which impacts the management of the Event, this will be updated for re-distribution as soon as possible.

### **COVID-19 Overview**

The landscape surrounding the COVID-19 pandemic is in a constant state of flux. As a result, the UK government is frequently updating emergency legislation dependent on changing circumstances.

With this in mind, as Event Organisers, it is difficult to plan controls specific to legislation that likely does not exist and will be subject to several changes.

This document will reference the legislation correct to this date, but where this is prohibitive of Mass Gatherings taking place, it must be acknowledged that the Event is due to take place in July 2021 and the plans detailed within this document rely on restrictions being lessened.

As mentioned in the section above, if social distancing is a requirement for mass gatherings in July 2021, the event will not take place in its current format due to the impossibility of successfully implementing social distancing at a music festival.

The sub-sections below detail the Regulations and associated Guidance which are most relevant to the Event.

### **UK Government Regulations**

#### ***The Health Protection (Coronavirus, Restrictions) (No.4) (England) Regulations 2020***

Coming into force on 05/11/2020, the National Restrictions applicable to the entire of England. These Regulations expire at the end of the period of 28 days beginning with the day on which they come into force.

Under the updated regulations, The Health Protection (Coronavirus, Restrictions) (No.4) (England) Regulations 2020 prohibit gatherings of more than 2 people.

It is not considered appropriate, at this stage, to refer to the restrictions detailed within these regulations placed on Mass Gatherings, as they are due to change imminently (written 19/11/2011) and will not be applicable to the Event itself.

However, previous updates of The Health Protection (Coronavirus, Restrictions) (No.2) (England) Regulations 2020 have designated specific Exemptions for Events and Event Organisers that have carried out a risk assessment which would satisfy the requirements of regulation 3 of the Management of Health and Safety at Work Regulations 1999, whether or not the gathering organiser or manager is subject to those Regulations.

In addition, Event Organisers must take all reasonable measures to limit the risk of transmission of the coronavirus, taking into account the Risk Assessment and any guidance issued by the government which is relevant to the gathering.

This document will seek to explore a range of Covid-Secure Controls suitable to the Event format, which may be altered depending on the prevailing circumstances in July 2021.

### **COVID-Secure Procedures**

All information contained below is correct to the UK Government legislation and guidelines as of 19/11/2020. Please note that as previously stated in this document, given the frequent

change of the guidelines this information may become quickly outdated but will be updated periodically.

A number of procedures are being developed by Proud Events to ensure that safety of staff and the general public remains paramount during the continuing circumstances surrounding COVID-19.

Procedures as stated within this document and associated documents have been developed in line with the current UK Government legislation, Event Industry Forum Guidelines and Purple Guide COVID-19 Supplementary Guidance for event organisers.

Proud Events are duty bound under the Health and Safety at Work Act 1974 and the associated Management of Health and Safety at Work Regulations 1999 to protect their employees from harm, so far as is reasonably practicable.

It is noted that it is not possible to reduce the risk of transmission to absolute zero, and therefore the controls implemented seek to control the risk of transmission to the lowest acceptable risk.

Please refer to the Risk Assessment (Appendix 6b), available as a separate document, for a comprehensive detailing on the Covid-Secure controls.

An overview of procedures is as follows. This is not exhaustive nor complete at this stage (19/11/2020);

Venue	
Controlling Access to the venue	<p>Venue perimeter defined using steel shield fencing. Single access point controlled within Southwark Park.</p> <p>The area around the main entrance will be reviewed to ensure that those who are waiting to enter the venue are able to Social Distance as required by the UK Government at the time of the Event.</p> <p>Space used outside the event site for queuing should be available and safe. External queues should be managed safely to make sure they do not cause a risk to individuals, other businesses or present additional security risks.</p> <p>PE will ensure the welfare of security &amp; stewarding personnel overseeing entry and exit and close contact</p>

	<p>security screening processes, with consideration to staff rotation, contactless security equipment, avoiding face to face contact and Face Covering and additional protective equipment requirement.</p> <p>A staggered exit process following the event will be implemented to reduce congestion on exits.</p>
Social Distancing within the event site	<p>Social distancing will not be enforced within the venue, however, there is ample space within the venue so that individuals can seek areas of lower occupancy should they wish.</p>
Ticketing & Refunds	<p>All tickets will be purchased in advance to ensure that NHS Test and Trace data can be captured. Tickets will not be permitted to be resold to prevent inaccurate data.</p> <p>The event organiser should make refunds available to ensure anybody experiencing symptoms is not motivated to attend the event due to not securing a refund.</p>
NHS Test and Trace	<p>PE will maintain a record of their ticketing data as standard. This will act as a data record to support the NHS Test and Trace service.</p> <p>Upon purchase of tickets, all ticket holders must declare that they will not attend the Event if they display any COVID-19 symptoms and/or are required to self-isolate.</p> <p>Contact data will be collated for the following parties:</p> <ul style="list-style-type: none"> <li>- All workers, crew and contractors</li> <li>- All visitors – local authority, emergency services etc.</li> <li>- Artists &amp; touring crew</li> <li>- Guestlist</li> </ul> <p>The use of the NHS COVID-19 application will be encouraged at all entry points to the event site.</p>
<b>Hygiene</b>	

Sanitary Facilities	<p>Numbers of sanitary facilities on site will be reviewed in line with the expected occupancy numbers at any peak time.</p> <p>Toilet facilities must include hand washing facilities and not hand sanitiser as is sometimes found. Hand Soap must be filled frequently with hand drying facilities also available within the provisions.</p> <p>One way queuing systems may be appropriate for the on site sanitary facilities. This will be reviewed in due course in line with Site Plan reviews.</p>
Hygiene 'Stations'	<p>Hygiene Stations will be placed around the event site to allow for staff and members of the public to use Hand Sanitiser.</p> <p>Attendees will be encouraged to come prepared with Hand Sanitiser in the first instance.</p> <p>Signage to be installed to all key areas that reinforces the message of Social Distancing, Good Hygiene Standards and the appropriate hand washing technique.</p>
Enhanced Cleaning	<p>'High touch' areas will be subject to a frequent cleaning regime. Areas such as Toilets, Entry Barriers etc will be included in a cleaning rota with each area documented as cleaned.</p> <p>Waste receptacles must be emptied frequently to avoid over spilling.</p> <p>Shared equipment, such as radios, will be discouraged and where they are swapped over at the end of the day, they will be disinfected as part of the cleaning regime.</p>
Face Coverings	All persons will be required to wear Face Coverings where this remains mandated by UK Legislation.
<b>Staff and Contractors</b>	

Site Inductions  Check-in	<p>All staff and contractors will be sent an online Site Induction, including a Health Questionnaire, to complete prior to attending site. There will be no on site induction, other than Tool Box talks where required, to reduce gathering larger crowds of staff for briefings.</p> <p>All staff and contractors must sign in when arriving on site prior to starting work in order to maintain a comprehensive log of persons to support the NHS Test and Trace Service.</p>
NHS Test and Trace	See above.
'Bubble' Working	Where possible, staff will work in smaller groups or 'bubbles' in order to avoid multiple contacts throughout the period of the live event.
RAMS	All Contractors must submit their RAMS, as standard, to the Health & Safety Advisor for review ahead of undertaking any work on site. This must include all COVID-Secure procedures and controls that the company has put into place.
Offices	<p>Where staff are required to work in temporary offices during the Event, the offices will be set up so as to allow adequate social distancing. Desks will be placed back to back or side to side where possible.</p> <p>Where this is not possible, screens may be placed in between stations.</p>
Meetings/Briefings	Non-Essential meetings by staff within the event site will be discouraged and the use of mobile phones/radios and other electronic devices to communicate will be encouraged. PE to review quantity of radio channels in order to avoid overuse of key channels which must remain open for efficient Event Management.

Face Coverings	<p>Staff and Contractors will be required to wear Face Coverings where this remains mandated by UK Legislation.</p> <p>All staff and contractors will wear Face Coverings during the live event where this remains mandated by UK Legislation.</p>
----------------	--

## Introduction to Magic Sound Ltd

Magic Sound Ltd is a Registered Company (no. 07433425) trading as MIK K-Pop Festival. The Event Organisers, Magic Sound Ltd will be the commercial contracting body, project management and the key point of coordination between the event management team, production team and talent.

Magic Sound Ltd, also known as Magic Sound Entertainment, is owned and operated by [REDACTED] and are the only UK based promoter of K Pop and Asian music in the Country. The organisation has staged numerous sell out shows at the O2, Wembley and Eventim Apollo and are looking to bring the Korean Pop phenomenon to the festival format in 2021.

[REDACTED] will appoint Ipex Productions to manage the stage production of MIK K-Pop festival. Ipex Productions is the production company used for all Magic Sound shows and is also owned and operated by [REDACTED].

## Introduction to [REDACTED]

[REDACTED] is the founder of London outdoor events Field Day, Cross the Tracks and The Mighty Hoopla and is partnering with Magic Vision Media to bring you the first ever MIK K-Pop Festival.

[REDACTED] is a leading promoter and experienced Festival Director in the outdoor festival and concert market with a trusted and tested supply chain. In addition to his festival work [REDACTED] co-founded XOYO in 2010, a club and live music venue in Shoreditch, and conceived and launched Winterville first staged in Victoria Park in 2014. The five week winter festival moved to Clapham Common in 20017 and now attracts more than 250,000 each year.

## Introduction to Proud Events Ltd.

Proud Events Ltd has been appointed by the Promoters to design, plan and manage the operations and site for MIK K-Pop Festival reporting to [REDACTED] as Festival Director.

Established in 2014 the company is owned and operated by [REDACTED]  
[REDACTED] who between them have over 50 years of experience working in the live events industry.

Proud Events design, deliver and manage events in green field and urban locations, including major city centres. Their work includes work on some of the UK's major festivals, creating temporary touring arenas in stadiums and greenfield locations for leading international artists and designing and operating concerts in unique and protected locations.

They have a long track record delivering community events including the delivery of Brixton Splash and UK Black Pride. Prior to the establishment of Proud Events, [REDACTED] both had major roles delivering Pride in London, [REDACTED] as Event Director, overseeing the design, delivery and operation of the Capital City's second largest one day event requiring the management and closure of much of Central London.

Proud Events are rightly proud of our safety record, stakeholder engagement and providing events to clients that build a platform for long term success.

## About This Plan

Proud Events Ltd has prepared this Event Safety Management Plan on behalf of MIK K-Pop Festival, with the support of specialist event advisors, and as part of the planning process to support the safe and successful operation of the Event.

The Event Safety Management Plan is part of how the MIK K-Pop Festival demonstrates its commitment to meet the objectives of the Licensing Act 2003 and its obligations in ensuring the health, safety and welfare of the event visitors and of everyone involved in the event. It has been shared with the licensing authorities in the planning stages of the event and is used as the operational plan for the delivery of the event.

## About the Event

### The Premises

Southwark Park, Gomm Road, London, SE16 2RX

### Event Dates and Timings

24<sup>th</sup> & 25<sup>th</sup> July (Subject to change)

Saturday	12:00 – 22:00
Sunday	12:00 – 22:00

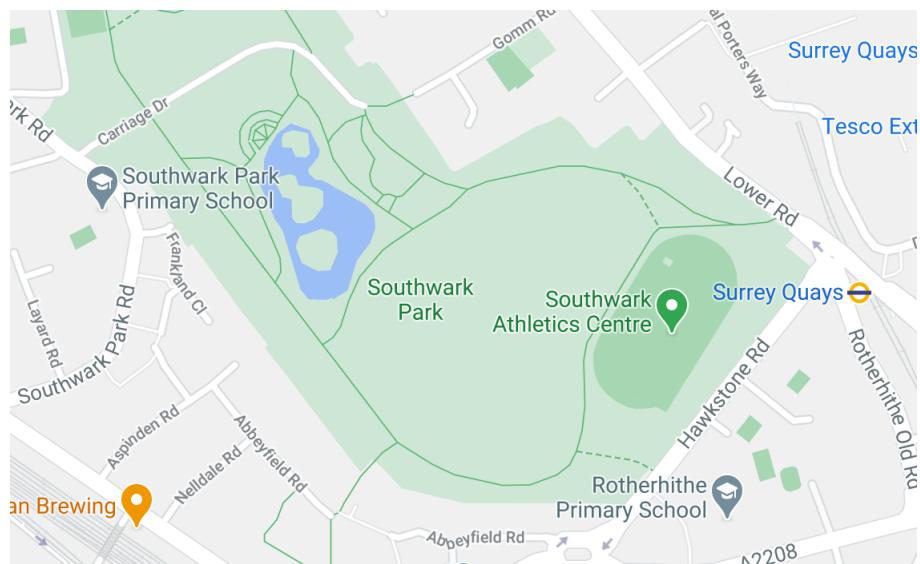

\*All dates and timings subject to change

## Summary of the Event

The event will take place on Saturday and Sunday the 24<sup>th</sup> & 25<sup>th</sup> July 2021 at Southwark Park. The Event Organisers will operate the event under their own Premises Licence granted by licensing authority the London Borough of Southwark.

The event will operate between 12:00 and 22:00 each when the park is open to the public. The event will be held within a perimeter fence which the general public shall not have access to unless they hold a valid ticket to the event. A public path will be maintained from Carriage Drive to Lower Road throughout Southwark Park so that local residents are not obstructed from using the park for travel however the Avenue towards Dilston Grove, accessed from Jamaica gate into Carriage Drive, to the west of the site will be held within the event's perimeter over the live event days only for customer ingress, egress and to act as the blue route for the emergency services.

Restrictions on access and management of vehicle movements within the park itself throughout the entire event period will be subject to discussion and agreement with local stakeholders.

Public paths that remain open within Southwark Park shall be managed carefully and the event organiser shall provide Risk Assessments and Method Statements for the movement of vehicles and acceptance of deliveries in public areas.

The Festival Director, [REDACTED], has appointed [REDACTED] from Proud Events to act as Designated Premises Supervisor on their behalf for the duration of the event.

## Venue and Site Design

The main event site is located in Southwark Park, London, in the south end part of the park. The site is fully contained within the park which the general public will have access to during the day time when the park is open to the public. All works carried out within the park will be managed within safe working spaces created by Proud Events which the public will not have access to.

The event site will comprise of the below areas.

- The main event arena: The main arena will be held within the main area of grassland on the south end of Southwark park and shall consist of two stages, that shall operate at opposing times, public bars, food concessions, merchandise stands, medical and welfare areas and toilet compounds. Stages will be positioned to cause the least amount of impact for local residents regarding noise pollution.
- Main entrance/queueing lanes: The main entrance for customers will be in to the part via Jamaica Gate leading on to Carriage drive and immediately right down the Avenue towards Dilston Grove where they shall access the north east of the main event arena. This area will be fenced off from the general public on only the event days and will be available to use during the build and the break. Customers will access the main event arena via the north east end of the site. Queueing pens will be created off the Avenue to manage queues in the event that customers arrive early to the site. Additionally pedestrian walkways can be created on external pavement routes to the side and a hold and release queueing system in the North End of the park if required as a last resort.
- The production compounds: Behind the two stages there will be production compounds, which shall sit on temporary trackway, for staging trucks, offices, artist cabins, and a boneyard. Vehicles and plant shall be kept in the production compounds when not in use which shall access via the temporary trackway off the public path. The production compounds shall be connected by an internal trackway road to create a secure link between the performance areas. The compounds will have no public access and entry to the compound will always be managed by site security.
- Production Car Park: Only essential vehicles such as production vehicles, trucks and ambulances shall have access to the production compounds. All other vehicles shall be parked at the Hawkstone Gate car park.

A full site plan can be found in the appendices of this document.

The site has been designed to provide a location in which the audience can enjoy the entertainment in a safe and comfortable atmosphere, and to ensure that the health, safety and welfare of those within the site is safeguarded. Consideration has been given to the local residents surrounding the site.

The main areas for consideration are space for the audience to enter and exit the site, front of stage capacities, suitability of exit routes in the event of an emergency, the positioning of temporary structures, support facilities, vehicle access, rendezvous points, surrounding communities, road networks and the logistics of the build and break period.

## Event Capacity

The ticketed event capacity for 2021 is 14,999 persons.

It is estimated that there will be circa 200 members of staff involved in the live event – this is made up of production, artist liaison, concessionaires, security & stewards, medical, bar staff, merchandise, cleaners etc.

The total available space within the event site is 22,500 sq/m.

Allowing a 20% reduction of this total to reflect the event infrastructure, gives a revised total of 18,000 sq/m available.

Assuming a typical crowd density of 0.5 sq/m per person across the event site, this give us a total holding capacity of 36,000 persons. In the event that the entire audience is located at the main stage for the headline act then the required space for audience viewing using this average density would be 7,500 sq m.

It is anticipated that crowd densities will be much higher (2-5 persons per sq/m) in certain areas of the event site, such as, the front of stage barrier, but we have assumed the lower crowd density for safety planning purposes. Lower density areas within sightline of stages and screens will be available for persons who wish to observe some social distancing.

Each emergency exit (with the exception of the main entrance) will consist of two heras fencing panels with the capability to be fully opened. Each panel is approx. 3.5m, therefore each emergency exit will be a total of 7m. Emergency exits will be located to permit the crowd to exit the arena in several directions into the surrounding park and beyond.

Main Entrance – 10m (discounted)

Exit 1 – 7m

Exit 2 – 7m

Exit 3 – 7m

Exit 4 – 7m

Total available emergency exit width: 28m

Assuming a flow rate of 80 persons per meter per minute, with a target evacuation time of 7.5 minutes, this gives us a total emergency exit capacity of:

80 persons x 28m x 7.5 minutes = 16,800 persons

As you can see from both figures above, the event site can safely accommodate a capacity of 14,999 persons.

## Travel & Transport

The event series will be promoted as car free events. Messaging will be included to discourage the use of private cars and make it clear that this is no facility or capacity for parking on or near the events. Walking and cycling will be encouraged. Southwark Park is directly connected and adjacent to a number of cycling routes C4, C14, Q14.

The premises are extremely well served by public transport. The park has underground and overground stations in each direction including Surrey Quays, Canada Water, London Bridge, Bermondsey and South Bermondsey. In addition the park is accessible on numerous bus routes (1, 47, 188, 199, 225, 381, 395, P13).

It is estimated from previous experience and due to the events central London location that somewhere in the region of 80 – 90% of guests will use public transport to attend the event. We have undertaking consultation with Transport for London and designated that the preferred stations to be marketed to event guests will be Canada Water, Bermondsey and London Bridge which hold sufficient resource for the expected numbers.

Agreed travel routes, including cycle clear ways, will be marketed to customers via the event's website, social media, wayfinding signage and stage screens onsite for egress. Stage screen content can be updated live.

Planning will take place with taxi providers to pinpoint appropriate drop off and collection points that minimise disruption to local residents and businesses.

A separate security contractor, SFM Security Consultants, has been appointed to manage egress of the event site and will have the specific responsibility of manage customers on egress including managing customer behaviour, customer flow and having a security presence at the local transport hubs as designated above. SFM Security Consultants will also have a presence in Transport for London's control room to communicate directly with the event organiser during egress and coordinate teams accordingly.

A Traffic and Transport Plan will be provided in this Event Management and Safety Plan which

will cover off SFM Security Consultants deployment schedules and Operating Procedures, see appendix 18.

## Access

MIK K-Pop Festival is committed to delivering an event that is accessible for all and work to silver status charter of Attitude is Everything. This includes, but is not limited to the below provisions.

- Accessible information, booking system and personal assistant tickets
- Priority parking for blue badge holders at the main festival site
- Accessible toilets
- Accessible routes through the event site
- Adequate signage for those with impaired hearing and/or vision
- Level access counters on all public bars and concessions
- Viewing platforms
- Access training to all staff members

## Access to and from the Event including Emergency Access

Access to and from the site, including the routes to be used to bring people into the site or exit them from it, including in emergencies has been access. These are detailed in: Appendix 5 – Site Plan.

Rendezvous points have been agreed with the emergency services and are also indicated on the site plans in the Major Incident Plan see Appendix 11.

## Availability of Services

There are reasonable facilities for the general public in close proximity to the event for use prior to and after the event. Adequate welfare facilities will be provided on site for the audience, staff and contractors.

## Outline Planning & Event Schedule

Date (time frame)	Output/Outcome	Period/Phase
October	Delivery of ESMP - draft	Planning

November/December	Safety Advisory Group & Key Stakeholders Consultations	Planning
January	Submission of Premises Licence Application	Planning
January - July	Ongoing consultation with Safety Advisory Group & Key Stakeholders	Planning
February	Event Announced	Planning
w/c 12 <sup>th</sup> June	Delivery of ESMP - final	Planning
16 <sup>th</sup> July	Site Build	Build
23 <sup>rd</sup> July	Site Sign Off	Build
24 <sup>th</sup> July (12:00)	Gates Open for public	Live Event
24 <sup>th</sup> July (22:00)	Gates Close for public	Live Event
25 <sup>th</sup> July (12:00)	Gates Open for public	Live Event
25 <sup>th</sup> July (22:00)	Gates Close for public	Live Event
26 <sup>th</sup> July	Site Break	Breakdown
29 <sup>th</sup> July	Site Hand back	Breakdown
August/September	Full Event Review	Debrief

## Strategic Policy, Event Objectives & Venue Licensing

The Event Organiser undertakes to deliver and manage MIK K-Pop Festival in accordance with the objectives of the Licensing Act 2003, the London Borough of Southwark's licensing policy and all relevant health, safety and environmental legislation.

### Venue Licensing

The license for the event is be held by the Event Organiser and granted by the London Borough of Southwark. In addition, as the venue owner the London Borough of Southwark will issue an event permit to operate the land to the event organiser, see Appendix 3 – Event Licence. It is understood that the existing premises licence in place is not appropriate for use for the event and a Premises Licence application will be submitted in due course.

This Event Safety Management Plan has been prepared by MIK K-Pop Festival to support the objectives and conditions of the licence and the safe delivery and management of the event.

### Community Engagement

The Event Organiser is committed to minimising the impact of the event on local residents and the business community. Proud Events will lead resident and business engagement with the aim of providing advance information about the event so that local residents and businesses can prepare and where necessary provider their feedback.

In the pre-application consultation, the event organisers have consulted with Southwark Council's Cabinet Member for Jobs, Culture and Skills, the Ward Councillors for the area and neighbouring areas, the Safety Advisory Group for events, the Events and Parks teams for the Borough and reached out to the Friends of Southwark Park. A copy of the Consultation Report can be found in the appendices of this document, see Consultation Report – Appendix xx.

In the next phase wider consultation will commence and consultation will be opened up to local residents in the area through a series of online Zoom meetings. These meetings will commence in February during the consultation period and will be advertised through local leaflet drops, public notices at the park and through the interested parties of Southwark Park.

Key information that shall be shared will include operational detail such as measures put in place to minimise traffic, parking, noise and litter. In addition to this the Event Organiser shall detail benefits to the park and local community including potential opportunities to get involved and any schemes created to bring funding to the area.

When the event is building and live a local residents line will be shared for any complaints that may occur during the event. When a complaint is made via the local residents line it will

be logged with the Event Control team onsite as well as any actions or follow up conversations that happened to manage the complaint and/or incident.

## **Ecology and Tree Protection**

As part of the pre-application consultation the event organiser met with the local ecology officer and tree protection team for the park to review plans and vehicle access routes for the event.

No concerns were raised on presentation of the draft plans however it was recommended that Nesting Bird and Bat Roost assessments be completed by the event organiser closer to the time so any findings can be factored into the management plans. It was concluded it was unlikely these surveys would generate issues for the event due to placing of the event being within the tree canopy of the site however should be completed for confidence.

The tree protection team will conduct a site visit with the event organiser in the spring to review site plans and placement of temporary roadways installed by the event for vehicle access however were satisfied the event organiser were taking necessary precautions to protect the trees and green space of the park.

An environmental risk assessment / impact assessment will be completed by the event organiser ([Appendix 19 – Environmental Impact Assessment](#)).

## **Requirements of the 2003 Licensing Act**

The license for the event will be applied for in due course and will be granted specifically for this event. The licence will be held by the event organiser and is likely to be limited to a specific period. The London Borough of Southwark will grant permission to operate MIK K-Pop Festival to the event organiser via the Safety Advisory Group when satisfied during the planning of the event.

The Designated Premises Supervisor will be appointed to [REDACTED] for the duration of the event.

The Event Organiser will have in place systems, measures and resources to (in so far as reasonably practicable) to:

- Prevent instances of crime and disorder
- Prevent nuisance to the public
- Ensure the safety of the public
- Protect children and vulnerable persons from harm

MIK K-Pop Festival recognise a safe and successful event requires a team approach and have appointed appropriately qualified and experienced advisors and suppliers to support planning

and delivery. In addition, the Event Organisers will work closely with all relevant agencies and stakeholders to achieve the aims and objectives of the licence and conditions.

MIK K-Pop Festival are committed to the safety of attendees, staff and contractors, and recognise that this shall be a result of the safety of the event space and the management arrangements implemented and take all reasonable steps to ensure that the event site is free from undue risks to the health, safety and welfare of attendees and working personnel.

## **Prevention of Crime and Disorder**

MIK K-Pop Festival is committed to crime prevention. Contractors shall work in close liaison with officers of the Metropolitan Police in terms of evidence gathering and the sharing of intelligence.

All activities within the Licensed Premises will be managed with a view to preventing crime and disorder by adopting the following policies. All issues arising outside the licensed area and will be the responsibility of Metropolitan Police and measures will be taken to minimise the impact through a full consultation process with the local authority.

Detailed policies and plans are in place and attached to this ESMP for:

- Crowd Safety Management Plan – Appendix 12
- Alcohol Management Plan – Appendix 15
- Children & Vulnerable Adults Procedure – Appendix 14

Key principles for meeting the licensing objectives are as follows:

- Suitably qualified, registered and experienced stewards will be employed to control access to the premises and will patrol the event to prevent crime and public disorder
- Searches will be conducted and will be an advertised condition of entry to the premises
- Challenge 25 will operate within the premises
- Only alcohol purchased on the premises to be consumed on the premises
- All drinks will be served in plastic and all bottle caps will be removed prior to sale
- No alcohol will be allowed to be taken outside the event site
- All communications between management shall be carried out via a two-way radio system as laid out in the Communications Plan (Appendix 9)

## **Prevention of Nuisance to the Public**

Events impact on a local area and communities and all reasonable effort is taken to minimise the impact through effective communication, planning and management during the event.

Detailed policies and plans are in place and attached to this ESMP for:

- Crowd Safety Management Plan – Appendix 12
- Alcohol Management Plan – Appendix 15
- Waste Management Plan – Appendix 17
- Sound Management Plan – Appendix 16

Key principles for meeting the licensing objectives are as follows:

- Providing advance notification where appropriate and practical
- Reducing the impact of noise and disruption to close or noise sensitive premises
- Providing a means of contact to raise concerns and complaints
- Reducing the impact from litter and waste in the area immediately surrounding the event
- Effective management of queues and dispersal of attendees

## Noise Sensitive Buildings

The event site is located in Southwark Park in close proximity to residential areas and properties. Sound management will be strictly controlled, and the event will only operate within the licensed times.

A sound management consultant has been appointed for the events and a Sound Management Plan details the measures in place to manage and monitor noise. The Sound Management Plan is Appendix 16. The sound management consultant has liaised with the London Borough of Southwark's Environmental Health department on all aspects of the sound management including integrating information regarding the audio specification to ensure plans are adequate for the control of sound levels and direction.

For the duration of the build noise will be kept to day time working hours of 08:00 to 20:00 and noise disruption will be kept to a reasonable minimum.

For the live events there will be some planned recorded music which will be agreed with the London Borough of Southwark in advance. All noise conditions of the licence will be met, and noise will be kept within the licensable hours of the licence.

A telephone number will be made publicly available to local residents to allow for complaints to be made about noise levels. A log will be taken of any complaints received and actions undertaken.

## Ensuring the Safety of the Public

Delivering an event that is safe is the Event Organiser's primary priority. Effective planning, assessing and mitigating risk and the development of the ESMP all are key actions contributing to the delivery of a safe event.

Detailed policies and plans are in place and attached to this ESMP for:

- Major Incident Plan – Appendix 11
- Crowd Safety Management Plan – Appendix 12
- Medical Plan – Appendix 13
- Alcohol Management Plan – Appendix 15
- Adverse Weather Plan – Appendix 22

Key principles for meeting the licensing objectives are as follows:

- All key activities will be risk assessed and appropriate control measures will be implemented as far as reasonably possible to reduce and mitigate identified risks
- A suitably qualified and experienced event medical provider will be appointed who will undertake a risk assessment, develop and implement an event medical plan with appropriate levels of resource
- Access to the event and exit from it will be managed so as to ensure the event remains within assessed capacity limits
- Access for Emergency Vehicles will be maintained around the licensed premises for the duration of the event
- Exit capacities will be calculated in accordance with industry standards and guidance on capacity taking social distancing into account and the support of the relevant emergency services.

## The Protection of Children and Vulnerable Persons from Harm

The event will operate a strict policy that any children under the age of 16 must be accompanied by an adult to attend the event. MIK K-Pop Festival recognise the importance of protecting children from harm and considerations have been made within the risk assessment in order to protect children during the event. The operation of this will be undertaken by the onsite stewarding and security team.

- Safeguarding teams will be required to undergo a CRB check to work onsite.
- A managed, restricted access area will be provided for the welfare of lost children and vulnerable adults and staffed by trained and appropriately checked staff.
- Age restrictions and limitations will be displayed as required at relevant points across the event site.
- Queues into the event site and congested areas will be adequately resourced by the safeguarding and welfare teams.

- Search teams will work alongside the safeguarding and welfare teams in relation to access into the event.
- Challenge 25 will operate at all points where there is sale of alcohol.
- All sales of alcohol will be authorised by a personal license holder who will be present on each bar at all times.
- All personal license holders will only operate under the permission and authority of the Designated Premises Supervisor.
- All bar staff will be subject to license training prior to the start of the event or shift.
- There will be no nudity involved in any event.
- Suitable and sufficient first aid facilities and welfare facilities shall be provided.
- Requirements for accompanying adults where children are under the age of 16 will be enforced as required.
- A strict Lost Children and Vulnerable Adults procedure will be followed in the event this situation occurs onsite ([Appendix 14 – Children and Vulnerable Adults Procedure](#)).
- Found children will be accompanied by two members of staff.
- No food or drink, except water from a sealed bottle, will be offered to children whilst in temporary care.

The policy and procedure for dealing with lost children and/or vulnerable adults are attached to this ESMP:

- Children & Vulnerable Adults Procedure – [Appendix 14](#)

## Health and Safety

Throughout the Event Safety Management Plan and Risk Assessment, specific reference is made to meeting the above licensing objectives. These objectives will take priority alongside the other important health and safety considerations outlined in the Event Safety Management Plan and Risk Assessments.

The outdoor event industry and the organisers of this event are committed to producing an event that has taken all reasonable and necessary action to protect the health, safety and welfare of all those taking part. The meeting of the above licensing objectives and those outlined in the Event Safety Management Plan and Risk Assessment will play a role in achieving that aim.

The Event Organiser will present their plans to the Safety Advisory Group and will consult the Multi Agency Planning meeting facilitated by the London Borough of Southwark.

## Monitoring Safety Performance

Monitoring is essential to maintain and improve health and safety performance. There are two ways of generating information on safety performance:

- Active monitoring systems give feedback on safety performance before an accident or incident happens. We will achieve active monitoring by carrying out inspections of the contractors on site during the build- up and breakdown and by checking the contractors' safety method statements for carrying out work against their actual work on site.
- Reactive monitoring systems are triggered after an accident or incident has occurred. They include identifying and reporting injuries, ill health, other losses such as damage to property, incidents with the potential to cause injury, and weaknesses or omissions in safety standards.

## Auditing and Reviewing Safety Performance

An audit of the safety performance will be carried out on completion of the event so that any problems in the planning and organisation can be identified, or any matters that arise during the event can be analysed and corrected for future events. Views of the police, fire brigade, health authorities, first-aid providers and local authority will be sought as well as views of the CDM Co-ordinator, contractors, security and stewarding contractors.

## Approach to Risk Assessment

The event organiser takes a proactive approach to the assessment, mitigation and management of risk. The Event Safety Management Plan is a key document that identifies risks associated with the event through the construction phases of building and break and the live operations. Early identification of the risks associated with the delivery of the event, combined with an assessment of who is at risk, the likelihood of the risk materialising and the impact of the risk, allows for the planning of actions to mitigate both the risk and factors leading to it. These mitigation measures are detailed in Method Statements.

Risk is assessed across the event as a whole through a process of event profiling (see Event Profile – [Appendix 1](#)) and a full event risk assessment (see Build, Break and Fire Risk Assessment – [Appendix 6](#), and Covid-19 Risk Assessment – [Appendix 6a](#)). Key activities are also risk assessed.

## Crowd Management

### Overall Co-ordination of Event Security and Stewarding

G4S have been appointed by MIK K-Pop Festival to deliver their security and stewarding service for the festival. They shall take overall command of event crowd management resources and will be responsible for managing crowd flow within the main event site at Southwark Park.

G4S have undertaken a risk assessment and on the basis of these assessments developed a robust Crowd Safety Management Plan (see [Appendix 12](#) – Crowd Safety Management Plan).

Only persons licensed by the Security Industry Authority shall undertake roles identified as requiring licensing under the SIA.

Security personnel will be deployed wherever the nature of the location or role has been risk assessed as requiring personnel licensed under the SIA. A full log of contracted SIA personnel shall be kept onsite and available for inspection on request. Security personnel duties at the event shall include the following:

- Working at access points
- Recognising crowd conditions and advising their controller.
- Managing crowd flow and social distancing
- Attending incidents and emergencies.
- Understanding the requirements/implementation of the emergency and major incident plan.
- Providing a visual deterrent against crime and disorder.

- Securing mission critical technical infrastructure

All security and stewards shall:

- Be individually and readily identifiable by wearing reflective tabards and any PPE required for the role they are performing.
- Be over 18 years of age
- Not consume or be under the influence of alcohol or drugs
- Not leave their assigned location or task without permission from a supervisor or controller.

## Crowd Safety and Dynamics

The site has an estimated 18,000 m<sup>2</sup> of usable outdoor space for the event excluding that assumed to be for event infrastructure. Capacity for the event has been agreed at 14,999 at any one time. It is noted that a holistic approach will be taken in assessing the capacity on site, supported by information from ticket scanning and sales. The security team will take direction on this and will follow the lead between the event organiser, health and safety advisor and security management.

The main entrance for customers will be in to the part via Jamaica Gate leading on to Carriage drive and immediately right down the Avenue towards Dilston Grove where they shall access the north east of the main event arena. This area will be fenced off from the general public on only the event days and will be available to use during the build and the break. Customers will access the main event arena via the north east end of the site. Queueing pens will be created off the Avenue to manage queues in the event that customers arrive early to the site. Additionally pedestrian walkways can be created on external pavement routes to the side and a hold and release queueing system in the North End of the park if required as a last resort.

There are two outdoor stages within MIK K-Pop Festival, the site is open and free flowing with the only areas that have space restrictions being the entry and exit gates which shall be managed by the security and event management team. For the purposes of this document it is presumed that the area where alcohol can be consumed in and around the whole event site. The capacity has been calculated and will be monitored through ticket sales prior to the event and the main customer gate to ensure that there is no overcrowding. High densities will be seen at the front of stage, but there should be adequate 'breathing' room the greater distance from the main stage.

It will be assumed that there will be migration between the two stages with the main stage having the main viewing area for the most popular acts. In order to mitigate against stage 2 becoming overly crowded and reduce overall crowd migration, large LED screens at each stage will screen some relevant content to retain a portion of the audience whilst on-stage changeovers are effected. In addition to this, sponsor and refreshment areas will provide capacity for a portion of the audience between acts.

The two most important aspects to be considered in crowd management are:

1. Audience profile:
2. Crowd Dynamics

It is expected that the audience profile for the event will be a younger age demographic with the average age between 16 and 24, proportionally female and highly socially responsible. This is due to the type of music, typical audience for the talent performing and previous experience on similar events.

The way that a crowd behaves and responds is a combination of factors and will depend on the activities of that crowd, which is influenced in turn by the character of the crowd and attraction performing.

This means that factors such as the following must be addressed:

- The character of the acts i.e. crowd diving and throwing items into the crowd
- Audience profile i.e. gender split, age, alcohol/drug consumption and likely activities such as crowd surfers and moshing

These are the factors that we have considered and included with other information such as attendance figures and venue design / capacities to set staffing levels for this event.

The Risk of Crowd disorder has been assessed as Low due to:

- The nature of the music being played with ethos and 'fun vibe'.
- Crowd demographic of gender split and younger age range.
- Relatively 'early' finish time of 22:00
- Strict door policy with regards to searching and competency checks.
- Experience seen at previous events as discussed with organisers.
- Alcohol only being purchased responsibly at a clearly identified bar being run by a reputable and specialist outside bar agency.
- Reassuring and friendly Hi-Viz security patrols throughout the site.

## **Site Security**

The event will take place within Southwark Park.

G4S will provide a general presence to secure the site areas 24 hours a day and throughout the live event.

It is anticipated that with the nature of the event as well as good communication outside the event site and with mobile patrol teams monitoring the inside of the event site, coupled with the fencing of the perimeter that will surround the event, those gaining unauthorised entry should be kept to a minimum.

Any areas of concern during the event will be radioed through to Security Control and the Event Management team. More detailed information is available in the Crowd Management Plan.

## **Event Security**

The main arena itself is held on a free-flow site with little areas of restricted access other than the production and back stage areas.

Event security will be maintained by mobile (on foot) patrols that will maintain constant contact with Event Control and all static positions in order to respond to incidents as required.

Any areas of restricted access (Production, Backstage) will be staffed on a static basis and controlled via the pass system implemented by the Event Organisers.

## **Site Access**

During the build a vehicle brief will be in place for all vehicles accessing site, which shall include how and where to access the site, vehicle limitations, required accreditation, any follow me and/or banksing protocols and site speed limits.

All vehicles will be off site by 11:30 on each the live days. No access to the main arena area will be granted to any vehicles except the emergency services in response to an incident.

Everyone on site will be accredited. Site access will then only be granted to those with the correct accreditation. All persons will be directed to the appropriate facility to gain accreditation before entering.

## **Accreditation**

Accreditation for customers, contractors and authorities will be planned and managed by the Event Organiser who will request all access information in advance of the event and also have a presence onsite to administer onsite.

Access to areas of the site will be controlled by the security and stewarding team who will be briefed by the Accreditation Manager on what accreditation gets access to what areas. In addition to this the Accreditation Manager will be responsible for creating and deploying pass sheets around the site which the security and stewarding team will use to refer to when monitoring access.

Accreditation will either be a cloth wristband, vinyl wristband, paper wristband or pass on a lanyard and will be signed out on entry to the site.

## **Search and Illegal Substances**

### Search Procedures

Certain property is designated as 'contraband good and prohibited articles' by the Event License holder to:

1. Comply with certain license conditions Maintain public health and safety
2. Prevent the Personal License holder being liable to prosecution
3. Adhere to the wholesalers' and traders' agreements
4. A random search will be in place upon entry to the event.

At present the following items are prohibited and will be liable to confiscation, customers will have the opportunity to amnesty these items at the gate:

- Alcohol
- Any glass containers
- Excessive amounts of cigarettes or alcohol
- Weapons
- Non-prescription drugs, including the previously described 'legal highs'
- Professional photography or recording equipment sound systems
- Fireworks/Flares/Laser candle lights/Gas canisters/BBQ's/
- Sparklers
- Any other type of explosive
- Flags/windbreakers/tents
- Dogs (except guide/service dogs)
- Bicycles
- Aerosols
- Drones

Profiling will take place at the gates and random searches will take place, including staff, crew, traders and customers. If there is intelligence to suspect that a person may be in possession of contraband items a search will be requested. If refused this could lead to eviction.

If the above items are found either of the following may take place:

- Allow the person to leave the site of their own accord
- Refuse entry

- The person to surrender the items and allows to remain on site
- The person has the items confiscated and is also evicted from site

## Medical Provision

The medical provider appointed by MIK K-Pop Festival is First Aid Cover Ltd. They will supply the required human resources and medical infrastructure required for MIK K-Pop Festival. They will develop a robust medical operational plan for the event that takes into account the geography and specific layout of the event site. See [Appendix 13 – Medical Plan](#).

Under the new guidance within the Purple Guide all medical provisions are now based on a risk assessment produced by a suitably qualified and competent person.

First aid facilities and a medic will be provided on site for all staff and audience members during the build, break and live show period. In addition, there will be first aid kits on site.

Prior to the show commencing, all on site staff and the head of security will be briefed and made aware of any contingency plans, including evacuation points, designated ambulance loading points (Emergency Vehicle Rendezvous Point) and forward ambulance aid points. RV's will be reviewed by the Event Safety Manager and designated depending on the location and type of emergency.

The first aid point will be provided with contingency plans and site contact numbers, together with site plans.

A Medical team will be on-site a minimum of one hour prior to gates opening to deal with any incidents relating to the queuing public. All medical teams will remain on-site until the site is clear of patrons. All medical staff will wear identified uniforms.

A record of all people requiring first aid treatment will be kept by the medical team contractor on site and figures will be made available following the event for analysis.

Suitable facilities will be in place in consideration of the requirements of Covid 19 at the time of event.

## Medical Deployment

The proposed deployment based on the risk assessment is as follows:

The following has been as the agreed level of staffing between First Aid Cover Ltd and MIK K-Pop Festival in line with previous event data and the HSE Purple Guide.

### Build / Break Phase

1 x Emergency Medical Technician

#### **Live Event**

2 x Ambulance

4 x Ambulance Personnel

6 x First Aider

1 x Nurse

1 x Support Unit / FA Post

#### **Clinical Waste**

The first aid point shall be the designated collection point for all clinical waste and sharps. As such it will have a suitable container for sharps, marked 'Bio Hazard' and yellow bags. In accordance with their normal procedures the contracted event medical provider shall be responsible for the carriage and disposal of all such waste.

#### **Fire Safety Management**

The event organisers have overall responsibility for fire safety at the event. The Event Health & Safety Advisor will provide competent advice assist them in discharging their duties. See [Appendix 6 – Event Risk Assessment](#).

#### **Fire Prevention**

All contractors, caterers, traders and personnel operating at the event shall be reminded and monitored to ensure that they conduct their operations in a manner to minimise the risk of fire in so far as is reasonably practicable.

During the construction and live phases of the event portable fire-fighting equipment will be located at key positions around the site identified through the risk assessment process.

The Event Manager shall ensure that a comprehensive (see [Appendix 23 - Trader & Concessions Information Pack](#)) is supplied to all prospective caterers and traders. This shall include details of what equipment is permitted onsite, details with regard to keeping to safe distances between stalls and the consequences of not complying to these general terms and conditions of trading.

## Fire Risk Assessments

An assessment of fire risk has been conducted in the planning stages of the event and is attached see **Appendix 6** – Event Risk Assessment. The risk assessment will identify the location of portable fire-fighting equipment for both the construction and live phases of the event.

Prior to opening the event to the public the Health & Safety Advisor will undertake an inspection of the site to ensure the risk assessments accurately reflect the built site and advise on any changes to the risk mitigation measures, including the addition or repositioning of portable fire fighting equipment.

## Fire Service Access

The Major Incident Plan (see **Appendix 11**) for the event takes account of incidents related to the event and incidents that take place within the event footprint but that may be causally unrelated. This includes fires in or surrounding the event, including the municipal and civil buildings within the event footprint but not directly involved in the event.

London Fire & Rescue Service will review the Event Safety Management Plan as part of the planning process and make recommendations as appropriate and required.

## LPG Safety

The trading conditions for the event shall set out the policy on LPG safety. All traders at the event shall have valid Gas Safety Register certification for their gas appliances.

Traders will be allowed to hold sufficient gas for day's trading at their concession. All other gas cylinders, full or empty, will be stored in a secure gas compound. The Concessions Manager will have a record of the location of all LPG. These plans will be held in Event Control.

## Flammability Certification

All stage surrounds and elements of stage dressings should have appropriate flammability certification.

## Smoking

Smoking will not be permitted in any wholly or substantial enclosed structure.

## Classifications of Fires

The classifications of fires most likely to occur at an outdoor event are;

- Class A Fires: Fires involving solid materials, usually of an organic nature, in which combustion normally takes place with the formation of glowing embers such as paper, wood, cardboard etc.
- Class B Fires: Fires involving all flammable liquids and solids, which can be sub divided into; Non-miscible (do not mix with water) such as petrol, solvents, paints & waxes; Miscible (mix with water) such as alcohol, acetone and ethanol, also known as Polar liquids.
- Class C Fires: Fires involving natural gas, liquid petroleum gas and medical / industrial gases.
- Class D Fires: Fires involving metals or powdered metals (where water will be ineffective or dangerous). Specialist dry powders for certain class "D" fires (e.g. those involving alkali metals such as sodium and potassium). These dry powders will extinguish by forming a crust and excluding oxygen. An additive is added to prevent the powder sinking into the surface of molten metals.
- Electrical Fires: Electrical fires do not have a class of their own, as electricity is a source of ignition that will feed the fire until removed. When the electrical supply has been isolated (removed) use a Dry Powder or CO<sub>2</sub> extinguisher as some electrical equipment may contain capacitors, lethal voltage.
- Class F Fires: This is a new class dealing with high temperature (greater than 360 degrees centigrade). Typically involving cooking oils used in large industrial kitchens, restaurants and takeaway establishments. Due to their high auto- ignition temperatures, cooking oil fires are difficult to extinguish. Conventional extinguishers are ineffective as they do not cool sufficiently or may cause flash back. The liquid chemical extinguisher used for this cools and emulsifies the oil, extinguishing the flame, sealing the surface and preventing re-ignition.

## Combustion Triangle

The triangle illustrates the three elements a fire needs to ignite: heat, fuel, and an oxidising agent (usually oxygen).

A fire naturally occurs when the elements are present and combined in the right mixture, meaning that fire is actually an event rather than a thing.

A fire can be prevented or extinguished by removing any one of the elements in the fire triangle. For example, covering a fire with a fire blanket removes the oxygen part of the triangle and can extinguish a fire. Portable Fire Fighting Equipment (Appliances)

### Fire extinguishers

Type Extinguisher	CLASS A	CLASS B	CLASS C	CLASS D	Electrical	CLASS F	Comments
	Combustible materials (e.g. paper & wood)	Flammable liquids (e.g. paint & petrol)	Flammable gases (e.g. butane and methane)	Flammable metals (e.g. lithium & potassium)	Electrical equipment (e.g. computers & generators)	Deep fat fryers (e.g. chip pans)	
Water	✓	✗	✗	✗	✗	✗	Do not use on liquid or electric fires
Foam	✓	✓	✗	✗	✗	✗	Not suited to domestic use
Dry Powder	✓	✓	✓	✓	✓	✗	Can be used safely up to 1000 volts
CO2	✗	✓	✗	✗	✓	✗	Safe on both high and low voltage
Wet Chemical	✓	✗	✗	✗	✗	✓	Use on extremely high temperatures

## Construction, Design and Management (CDM)

### Organising for Safety

A management structure is shown in Appendix 2 – Event Management Structure. Below is a summary of the main roles and responsibilities of the companies involved and their respective teams.

To satisfy the Construction (Design and Management) Regulations 2015 (CDM2015) we have defined here the perceived titles and duties under this regulation. It should also be noted that this applies mainly to the construction, use and deconstruction of temporary demountable

structures throughout the event site.

### **Client – MIK K-Pop Festival**

Are the promoters for the event and will utilise the planning and organisation stages of the event management process to ensure the safety of the general public, contractors and staff, to minimise hazards and prevent accidents, and as far as possible to minimise nuisance and disruption to businesses and other users of the wider community surrounding the event arena.

Provide suitable arrangements for managing their event, enabling those carrying it out to manage health and safety risks in a proportionate way.

### **Principal Designer – Proud Events Ltd**

Principal designers have an important role in influencing how risks to health and safety are managed throughout a project. Design decisions made during the pre-construction phase have a significant influence in ensuring the project is delivered in a way that secures the health and safety of everyone affected by the work.

In line with the HSE guidance for the entertainments industry for festivals and concerts both Proud Events as the overall site designer and the staging supplier, specifically for the stage, are identified as Principal Designers.

Staging design, including the necessary structural calculations is considered a significantly specialist skill for the staging supplier to be identified as a separate Principal Designer.

### **Principal Contractor – Proud Events Ltd**

Principal contractors have an important role in managing health and safety risks during the construction, use and de-construction phases so they must have the skills, knowledge, experience and, where relevant, organisational capability to carry out this work.

As staging is considered such a specialist area of skills, knowledge and expertise within the events industry they are identified as a Principal Contractor alongside the Event Production suppliers.

### **Contractors**

A contractor is anyone who directly employs or engages workers or manages work at this event. Contractors include sub-contractors, any individual self-employed worker or business that carries out, manages or controls work at this event. They must have the skills, knowledge, experience and, where relevant, the organisational capability to carry out the work safely and without risk to health.

The legal obligations of companies are set out in the Health and Safety at Work etc. Act 1974 and its associated regulations and the above named guidance seek neither to replace nor to encompass the full range of obligations for the sector. Special attention should be directed, but not limited, to the Construction Design and Management Regulations 2015, the Work at Height Regulations 2005, Lifting Operations and Lifting Equipment Regulations 1998, and the Management of Health and Safety at Work Regulations 1999. Relevant codes and standards should be adhered to.

## Event Management

### Operational Management

Ultimate responsibility for the event, under normal operating conditions, will reside with the Event Organisers, their appointed Event Manager and the Health and Safety Advisor.

The Event Manager and Health & Safety Advisors will devolve and delegate operational authority to a series of managers such as: The Security & Stewarding Manager, Site Manager, etc. known as the Event Management Team.

Details of each manager and lead supplier are contained within the Key Contacts

### Event Management Team Roles

#### **Event Organiser: MIK K-Pop Festival**

MIK K-Pop Festival is the event organiser and accountable to Designated Premises Supervisor. The MIK K-Pop Festival carry overall responsibility for the event and the delivery of the Event Safety Management Plan.

#### **Festival Director:** [REDACTED]

The Festival Director is appointed by MIK K-Pop Festival to provide strategic management and oversight of the planning and delivery of the event. They represent the Event Organiser throughout the process and at key planning and delivery meetings. They will provide strategic direction to the Event Manager with the support of the specialist advisors and suppliers. They will attend the Event Liaison Team (ELT).

**Event Manager:** [REDACTED] – Proud Events

The Event Manager is responsible for ensuring the delivery and operation of the event day to day in accordance with the principles set out in the Event Safety Management Plan. This will include management of all live event contractors including security, medical, ticketing amongst others. They shall manage when the event opens to the public and when the event closes each day and have oversight over all live event processes for the event reporting back to the Event Organiser as agreed prior to the first day of the event going live. The Event Manager will form part of the ELT and may call a Show Stop.

**Designated Premises Supervisor (DPS):** [REDACTED] – Proud Events

The DPS is the licence holder for the event and has overall responsibility for ensuring the licensing objectives and the conditions of the licence are met during the event. They will be part of the ELT. They will lead the Event Liaison Team (ELT). The Designated Premises Supervisor may call a Show Stop through Event Control.

**Event Safety / Health & Safety Advisor (Construction Phase & Live Event):** [REDACTED] – JP Event Safety

The Event Safety Advisor is responsible for the planning, coordinating and safety measures for the construction and live operation of the event, including undertaking the event risk assessments and reviewing relevant risk assessments and method statements from suppliers. They will support the Production Company and advise the Event Organiser. They will be part of the ELT. The Event Safety Advisor may call a Show Stop.

**Security & Stewarding Manager:** [REDACTED] – G4S

The Security & Stewarding Manager is responsible for strategically planning and coordinating the security and stewarding resources onsite to ensure that the teams work cohesively to provide for a holistic approach to event crowd management. They will be part of the ELT. The Security Manager may call a Show Stop.

**Medical Manager:** [REDACTED] – First Aid Cover Ltd

The Medical Manager is responsible for undertaking the event medical risk assessment, planning the medical provision and the management of the medical service during the construction phase and live event. They will provide management and clinical leadership throughout the event. They will be part of the ELT.

**Site Manager:** [REDACTED] – Proud Events

The Site Manager is responsible of all the construction phases of the site build and break and for overseeing all the site services during live operations. They will oversee all site operations

ensuring they comply with the site rules and the identified risk assessments and associated mitigating methods statements are implemented. The Site Manager will be part of the ELT. The Stage Manager may call a Shop Stop.

### **Production Manager: Ipex Productions**

The Production Manager is responsible ensuring the delivery and operation of all the performance spaces and areas on the event site. This includes the construction phases of the stage, light and sound load in and load out. They will work closely with the Site Manager during the build and break of the event and the lead Stage Manager during live shows. They will join the ELT as required. The Production Manager may call a Show Stop through Event Control.

### **Stage Manager: Ipex Productions**

The Stage Manager is responsible for managing all the artist performance areas across the footprint including the main stage and secondary stages. They are responsible for all programming and the timely operation of all performances. They are not part of the ELT however due to the important nature of the role the Stage Manager may call a Show Stop through Event Control.

### **Event Control Manager: TBC – Proud Events**

The Event Control Manager will run the Event Control operation on behalf of the Event Organiser. They will be managed by the Event Manager and will act as a conduit for all communication and decision-making between the Event Organiser and the licensing authorities. They are part of the ELT and will provide the main briefing at ELT meetings.

### **Accreditation Manager: TBC – Proud Events**

The Accreditation Manager will be responsible for issuing all accreditation for the event including customer, contractor and management. The Accreditation Manager will be responsible for the security of all event wristbands, collecting all accreditation information from the teams onsite, administering onsite and ensuring the stewarding team are wrist banding customers correctly into the event (should it be required). The Accreditation Manager reports to the Event Manager and is not part of the ELT.

### **Bars Manager: TBC – TBC**

The Bars Manager is responsible for ensuring an Alcohol Management Plan is prepared in advance of the event and is fully implemented during the event. They will be a Personal Licence Holder and will ensure that they or a suitably appointed deputy is on site throughout the period the event is open to the public. They will ensure all staff have received training and that there is a Personal Licence Holder present at each point alcohol is being provided across the event. They are not part of the ELT.

### **Concession Manager: TBC - TBC**

The Concessions Manager is responsible for safe and proper operation of the food concessions including compliance with their risk assessments and hygiene practices. They will ensure staff have received proper training and supervision. They are also responsible for ensuring liaison between the event management team and the food concessions.

### **Event Liaison Team**

The Event Liaison Team (ELT) will be specified as below. The ELT will comprise of the Event Management Team and nominated individuals from the Licensing Authorities and Emergency Services.

- Event Manager / DPS
- Event Control Manager
- Licensing Authorities representative (if required)
- Police representative (if required)
- Health & Safety Advisor
- Security & Stewarding Manager
- Medical Provider Manager
- Site Manager
- Production Manager

To assist with the smooth running of the event, ELT meetings will be held when necessary to discuss any potential issues or changes to the running of the event.

The purpose of these meetings is to provide a forum for key members of the event management team and licensing authorities to meet, provide updates and if necessary, collectively develop required plans.

### **Event Control**

A fully functional Event Control will be provided by Event Organisers. It will be staffed by key agencies as well as key suppliers (Health & Safety, Security & Stewarding and First Aid) and managed on behalf of the Event Organisers by the Event Control Manager reporting to the Event Manager.

Event Control will be contactable by radio and phone and will log all key communications and decisions. All decisions outside the EMSP and escalation will be routed through Event Control to the Event Manager and they will track all key event activities. Each organisation involved in the event will have their own chain of command and communication arrangements.

The Event Control facility will begin full-scale operations not less than 2 hours before the event is open to the public. Following the end of the event will begin a phased shut down unless there is an incident that requires it to remain at full operating capability.

Notification of an incident may need to be reported to the police, they may not always be able to be resolved in house. A log will be kept of any incidents (assaults, large drug seizures, etc). The log should include names, phone numbers personal details, locations of the incident, incident type, any witness names, etc). This log will be submitted to the police within 24 hrs.

In the event of an emergency Event Control will operate to support the designated representative from the emergency services who assumes control of the event and dealing with the incident. This is subject to ensuring the safety of those providing Event Control.

## **Event Communications**

Communications across the event will be facilitated two way radios.

All key staff will be provided with full contact details of all other key staff, agencies and event suppliers.

Further details are available in the Communications Plan – [Appendix 9](#)

## Major Incident & Emergency Planning

All Emergency Services will be informed of the event and will be made aware of the emergency access and exit routes. Should an emergency arise, they will have unrestricted access around the event site.

A major emergency situation will require a multi-agency approach in which the operations manager, the police, ambulance service, fire service and stewards all play a part. A clear demarcation of duties and responsibilities will be agreed and understood at the planning stage. Agreed emergency procedures will be issued in writing to all relevant parties.

## Emergency Procedures

This section is a brief overview of the initial actions to be taken in the event of an emergency occurring at the event. It is a quick reference summary of the important aspects of the Major Incident Plan. It does not replace the Major Incident Plan and the event organisers should ensure that they understand the plan and the arrangements contained within it.

### Definition

For the purposes of this document, the definition of a major incident is "an event or situation with a range of serious consequences which requires special arrangements to be implemented by one or more emergency responder agency". They are likely to be larger, more complex, endanger more people or threaten larger areas, and will require additional levels of command, control and co-ordination.

An emergency is defined as "a dangerous or serious situation that happens unexpectedly and needs fast action in order to avoid harmful results."

### Alert & Activation

## Incidents

### Incident Management

All incidents are reported to and managed by the Event Manager working with the Health & Safety Advisor. An incident management procedure is contained within Appendix 8 – Incident Reporting Procedure

In respect of any incident the priority of any personnel at the scene will be to advise Event Manager by the quickest available means (which will normally be radio). The Event Manager, with the support of the Health & Safety Advisor, will determine the appropriate course of action and issue instructions accordingly. A detailed event incident log shall be completed throughout the duration of the event.

The number of variables associated with any incident is such that whilst it is important to have an established framework it is nevertheless crucial to retain a degree of flexibility. The event management team shall assess any incident or potential incident and agree the best means of tackling it.

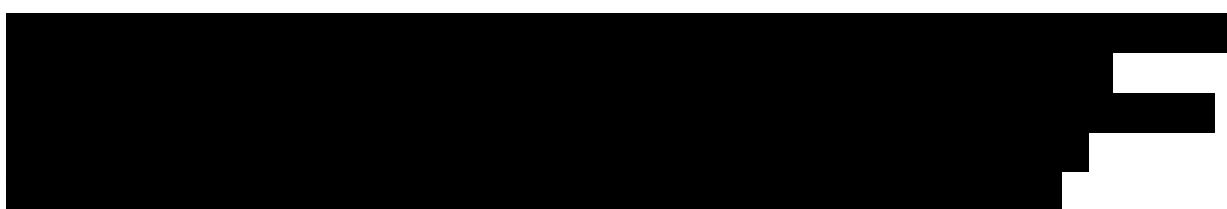

To facilitate operational debriefing and to provide evidence for enquiries, comprehensive records shall be kept of all events, decisions and actions taken. The Event Organisers shall maintain records and shall brief contractors that they themselves are required to maintain records

## Major Incidents

### Major Incidents and Emergencies

Whether an incident is categorised as a major incident is entirely a matter for the emergency services or in certain circumstances the local authority. Should a major incident be declared the Event Organiser will place the resources of the event management team at the disposal of the lead emergency service who will assume overall control (see Appendix 11 – Major Incident Plan)

## Threat of Terror

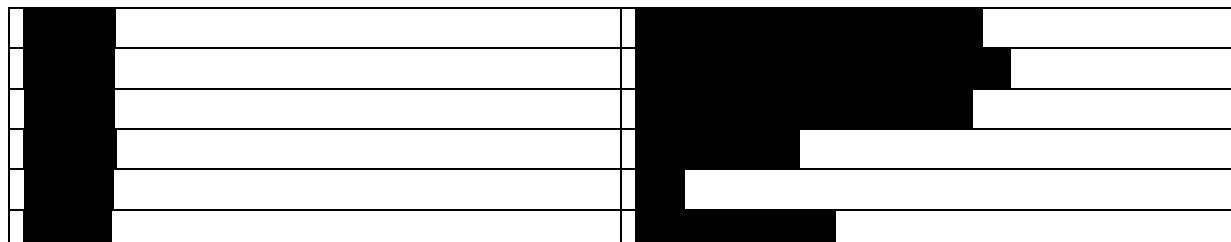

### Emergency Radio Codes

Emergency radio codes will be used in emergency situations via radio communication in order to not concern that of the public.

### Action Codes

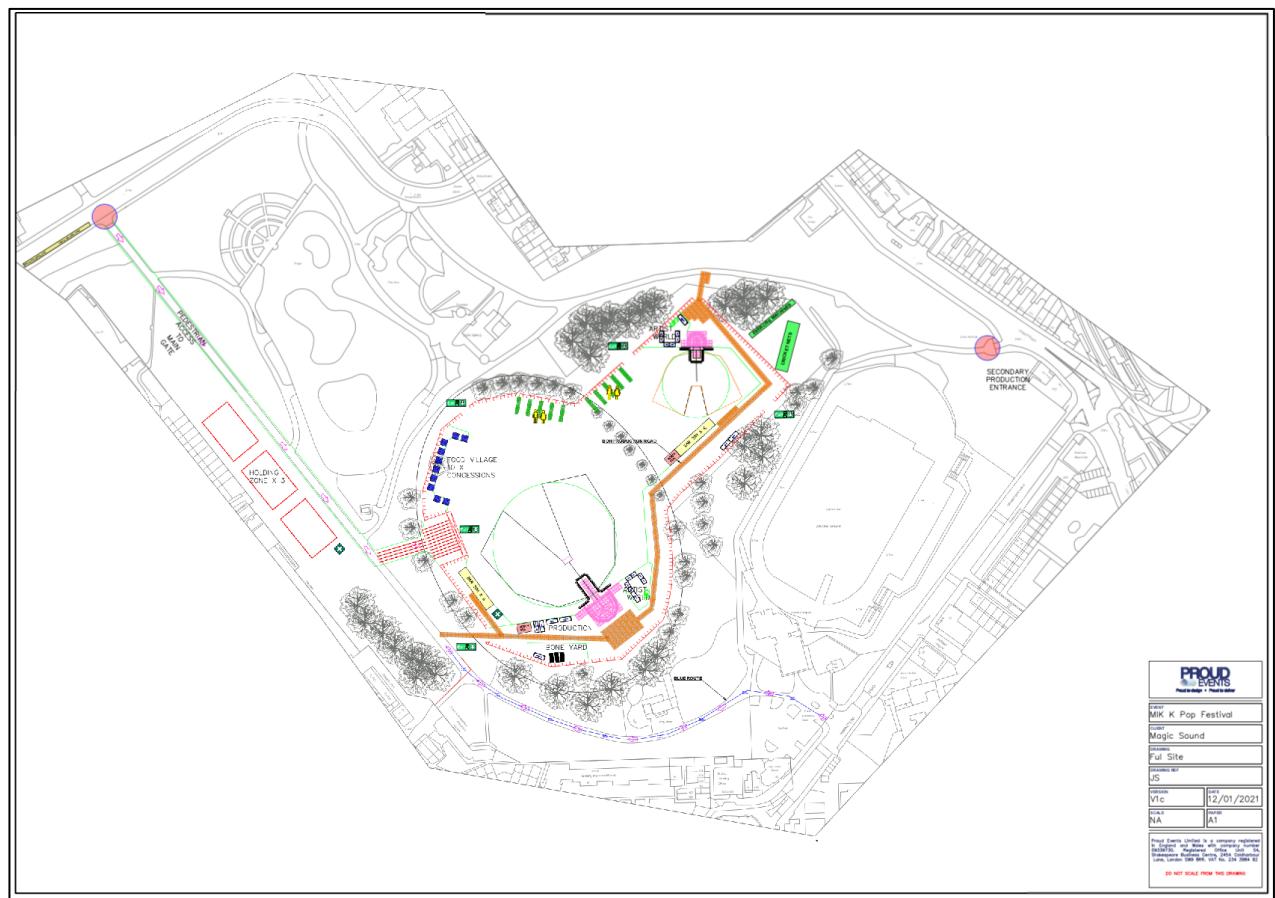

### Incident Codes

### Emergency Access and Rendezvous Points

## Wind and Adverse Weather

The event organiser will monitor the weather conditions in the run up to and operational days of the event (including the build and break periods). If adverse weather conditions are identified all contracts, suppliers and staff will be briefed with any specific action or risk mitigations that are agreed.

Wind remains a risk (see [Appendix 22](#) – Adverse Weather Plan) and an action plan is in place in the event of strong winds or gusts. All suppliers of temporary structures will supply information about the wind tolerance and loading of their structures.

In the event of strong consistent winds or gusts, the Event Management team will monitor the wind conditions and call the Event Liaison Team to meet to agree to activate the management steps within the plans. This may result in the clearing of areas within the event site or in extreme situations, a complete site evacuation. Remediation and risk mitigation measures for each temporary structure (or type of structure) are detailed within the plan.

It is expected that due to the nature of the event that a number of customers will come to MIK K-Pop Festival in costume dress up and may be children or young adults who would not think to plan ahead in a heat wave. Special provisions on management of guests in a heat wave, which is considered as adverse weather, can be found in the Adverse Weather Plan ([Appendix 22](#)).

## Temporary Electrical Installations and Site Lighting

### Design and Coordination of Distribution

Temporary power is required to support the construction and live phases of the event. In particular power will be required for the stages, offices, bars, concessions and other elements right across the event site.

**TBC** has been appointed to design, install, operate and monitor a series of temporary power networks across the event site. They are a qualified and experienced provider of temporary power solutions to the events and entertainments industry.

The installation will be powered by a series of diesel generators located around the site in secured compounds. Cabled distribution networks will be set up and operated off these generators. All distribution networks will be subject to required earthing and all circuits will be protected by appropriate breakers to prevent accidental electric shock or electrocution.

If required temporary Electrical Installations should be designed, installed, tested and maintained in accordance with the provisions of BS 7909: 2011 Code of practice for

temporary electrical systems for entertainment and related purposes. Sign off certification will be supplied, and copies retained in the Site Office for inspection.

## Cabling

Cables will be routed or covered so that they will not cause a tripping hazard or be crushed by vehicular traffic. Cables carrying hazardous voltages e.g. those that could cause electrical shock if damaged, will be protected against contact with sharp edges or crushing by heavy loads. All temporary overhead cables will be securely fixed in position out of reach of the public.

## Portable Appliance Testing

Advance documentation should make it clear to both contractors and traders that all portable electrical equipment brought onto the event site shall have been subject to a robust PAT testing regime.

## Petrol Generators

The event organisers shall ensure that all relevant parties are notified that petrol generators are prohibited within the event site.

## Site Lighting

Adequate lighting is required for both the construction phase and live operation of the event. Safe lighting levels are required for safe working and to support customer navigation around the site and any emergency egress required. The use of temporary site lighting will also be subject to discussion with the Parks team in respect of the ecological impact on fauna in the park at the time of the event.

As the event takes place in Southwark Park there is limited ‘in situ’ street lighting. The Event Organiser will supply temporary lighting for night time working conditions.

Independently powered, diesel generator, telescopic high luminosity lights will be installed at key locations around the site to provide supplementary lighting to support areas on the site with low light, to provide safe working light or to support an emergency site egress.

Lights will be subject to periodic test operation throughout both the construction and live phases of the event to ensure they are operating as required.

## **Barriers**

Barriers will be used extensively around the site to provide security and to manage and direct crowds. The barrier types intended for this event are as follows:

Steel shield (T-Hoard) will be used to create perimeter fencing around the main event site where high level secured fencing, privacy and reduced visibility is required.

Heras barrier connected with clips and supported by blocks and stays will be used to queuing area from Carriage Drive to the main entrance for customers and at areas throughout the event where high level secured fencing is required. It will be covered in a suitable material in some areas to provide privacy or reduce visibility into an area.

Pedestrian barrier will be used largely to form queuing lanes and create defined areas within and outside the event. Pedestrian barrier is an effective way to provide direction and guide customers.

Met (HD) or lightweight pedestrian (GT) barrier will be used to create a more robust barrier line where it is important to keep a separation between areas or activities i.e. along the edge of a road to keep pedestrians away from moving vehicles. It may also be used to supplement hostile vehicle mitigation measures, but not as a measure in itself.

Industry standard front of stage (or mojo) barrier wil be used at each stage and other discrete locations where crowd loading capability is required.

## **Drinking water provision and arrangements for grey water**

During the construction phase bottled drinking water for the welfare of crew, contractors and staff will be provided.

The water management supplier will tap into the mains water supply of the park to create a potable water supply. All water supplies will be tested and certified and documentation will be held in the site office for inspection. In the event that there is no mains water supply that the water management supper can tap into tankered potable water to traders, concessions and bars will be supplied instead.

Patrons will be able to request drinking water from the bars.

Grey water collected from trader and concession activity will be stored in waste water IBCs and removed from site at the end of the event and disposed of via a certified grey water disposal point.

## Sanitary Facilities

Sanitary facilities will be provided across various locations around the event. Care will be taken when planning their location to ensure these are areas that will encourage their use and discourage antisocial behaviour.

The number of toilets required has been assessed using both the 'Purple Guide' and the knowledge and expertise of the supplier, based on anticipated capacities and customer footfall.

Toilets will be gender neutral and will comprise urinals, contained individual units with lockable doors, accessible units and one fully accessible toilet/changing unit with powered access. Toilets will be clearly signed and where required compounds will be screened.

Cleaning and servicing of sanitary facilities, services and offices will happen continuously throughout all phases of the event. During cleansing users will be asked to leave units to allow the team to thoroughly cleanse with disinfectant to reduce risk of virus contamination.

## Waste Management

The Event Organiser is committed to delivering a safe and clean event and the active management of waste during the construction and live event phases is delivered through the waste management supplier, TBC.

The waste management supplier will provide bins for collection, containment and disposal of related waste for the event. Contractors will be informed they are responsible for maintaining a safe and clean site during the construction phases of the event and the waste management supplier will do a site cleanse during the live event days.

During the live event the waste management supplier will provide supplementary bins for public use and also for the use of traders and concessions.

Public bins will be emptied throughout the event and there will be an active litter picking services. Following live show days there will be a full site cleanse.

Traders and concessions will be responsible for bagging and disposing of their waste at pre-agreed collection points. The Site Office will deal with any capacity issues during live events.

Towards the end of the construction phase cleansing of the site will be undertaken so that as the final construction activities are completed the site has been fully cleansed ready for the site to be handed back.

## COVID-19 Cleansing

The Event Organiser is committed to a thorough cleansing regime at MIK K-POP Festival to stop the spread of COVID-19 and it is anticipated that this will still be required throughout all outdoor events in 2021. The Event Organiser will be contracting a specific supplier to manage the cleansing regime at MIK K-Pop Festival throughout the build, break and live periods. The supplier will be TBC and there will always be a minimum of one member of the cleansing team onsite whenever any worker or customer is onsite.

TBC will be responsible for the continuous cleansing and disinfecting of potential areas of contamination onsite including, but not limited to, toilets, offices, door handles, high touch areas, workshop areas, medical areas and staff rest areas.

TBC shall work on a continuous loop cleansing these key areas and will be available to take requests from Event Management if required with a minimum of one member of the team present during the build and break and two during the live events.

TBC will use NHS assessed products to disinfect and cleanse key areas at MIK K-Pop Festival. Reports will be available upon request to the Event Organiser on these products if required.

A full COVID-19 cleansing risk assessment can be found in Appendix 18 and Appendix 6a (COVID-19 Controls).

## Bars

TBC will operate two bars under the premises licence. Their alcohol management plan is contained within Appendix 15.

TBC will provide a Bars Project Manager and operations team to deliver the bar operation. The Bars Project Manager will report into the Event Manager and Designated Premises Supervisor.

Each bar will be fully staffed with a personal licence holder and bar team. All staff will receive licensing training as part of their recruitment process for the event. All bars will operate a Challenge 25 scheme.

Main Arena – Bar 1	30m x 6m	Packaged serve
Main Arena – Bar 2	30m x 6m	Packaged serve

## Concessions Management

Concessions will either rent a pre-built marquee pitch from the Event Organiser or will apply to bring their own.

TBC have been appointed by MIK K-Pop Festival to manage all food concessions onsite. They are the primary suppliers of food and soft drinks for consumption on site. Pre-assessment paperwork will be submitted to the London Borough of Southwark. The concession supplier will appoint a concessions manager whose details will be contained within this document.

TBC will advise on the appropriate number of concessions for the event in regards to the expected attendance which will offer a high quality range of cuisines.

The Site Manager will work with the Concessions Manager to manage traders on site and throughout the event. All traders will submit applications and will be assessed by the event organiser and be given an allocated a pitch location.

Prior to arriving to site all traders will be sent a copy of the Concessions and Traders pack which will be produced by the Concessions Management Company and checked by the Event Manager. A copy of this can be found in Appendix 23 of this document.

Notification of food traders and required supporting documentation will be provided by the local authority no later than 28 days in advance of the event.

### **Concession planning**

Concession areas should be configured with due regard to maximizing thoroughfare widths and not adversely impacting crowd dynamics.

### **Concessions Access**

During the event the Concessions Manager will be supported by the site team to monitor and oversee legal traders and report illegal traders to trading standards for removal.

There will be designated times of arrival for legal traders and the security contractor will be well briefed on preventing illegal traders entering the footprint.

Where caterers are deemed by Licencing to be in breach of regulations, laws or issued terms and conditions they will be closed down and removed from the premises. However, this will only be done if licensing together with the MPS consider it is safe to do so.

### **Funfairs**

TBC

## Marketing and Promotion

Whilst MIK K-Pop Festival is a new event the promoters have a wealth of experience on planning and promoting both outdoor music events and K-Pop events within the UK. A robust marketing plan will be developed and operated by the promoter team and shared with the London Borough of Southwark to coordinate event messaging.

### Media and press

The Promoter will be responsible for handling all media and press enquiries for the festival. The Promoter shall be responsible for all public relations and media interaction throughout the planning process in line with the creative direction of the event and artistic programming. They shall facilitate positive working relationships and links between all internal and external parties involved in the presentation of the event and shall be charge of all ticketing and manage the ticket agents for the event.

**Subject:** RE: New premises application- MIK K-Pop Festival, Southwark Park, South Section, Hawkstone Road

Dear Licensing,

**RE: New premises application 874183 - MIK K-Pop Festival, Southwark Park**

I have considered this application on behalf of EPT (Prevention of Public Nuisance Responsible Authority) and I make the following representation:

I am satisfied with the proposed steps to control noise from the event, as set out in the submitted Sound Management Plan. However, to ensure more straightforward enforceability it is necessary for the event sound limits to be included as a specific License Condition rather than just by a general condition which makes reference to the SMP.

It is necessary for the applicant to agree to the following License Condition:

- Sound from regulated entertainment shall not exceed a free field level of 75dB(A) and 90dB(C) (Leq 15 minute) outside any noise sensitive location. All assessment and monitoring data shall be shared with the Local Authority upon request.

If the applicant can confirm their agreement then I can withdraw my representation.

Kind Regards,

Richard

**Richard Earis**  
Principal Environmental Protection Officer  
**Environmental Protection Team**

**Cc:**  
**Subject:** Re: New premises application- MIK K-Pop Festival, Southwark Park, South Section, Hawkstone Road

Dear Richard and Licensing Team

Many thanks for your email and the suggestion of the proposed condition.

Can I request one small change of the wording to the below?

- Music Noise from regulated entertainment shall not exceed a free field level of 75dB(A) and 90dB(C) (Leq 15 minute) outside any noise sensitive location. All assessment and monitoring data shall be shared with the Local Authority upon request.

Best

**Cc:**

**Subject:** RE: New premises application- MIK K-Pop Festival, Southwark Park, South Section, Hawkstone Road

Yes this is agreed – it is not intended to cover crowd or other noise.

Licensing – on the basis of this condition and the submitted Sound Management Plan, I confirm I withdraw my objections to this application.

Condition replicated below for clarity:

*Music Noise from regulated entertainment shall not exceed a free field level of 75dB(A) and 90dB(C) (Leq 15 minute) outside any noise sensitive location. All assessment and monitoring data shall be shared with the Local Authority upon request.*

Kind Regards,

Richard

**Date:** 10<sup>th</sup> MARCH 2021

Dear Sir/Madam

**Re:- MIK K-Pop Festival, Southwark Park, London SE16 2PE**

Police are in possession of an application from the above for a new Time limited premises licence for two days a year over three years. The application is for a Pop Festival for up to 14999 people which will take place in an area in the South End of the park. The terminal hour as requested are inside the guidelines set out in the Southwark Statement of Licensing.

A number control measures have been offered by the applicant within the operating schedule, and the application. The Home office guidance issued under Sec 182 of the licensing Act 2003 'General principles' state that it is important in setting the parameters within which the premises may operate. Conditions must be precise and enforceable. This is difficult due to the nature of festival applications due to the temporary nature of the set up.

In its current format, I object to this granting of this licence, unless the following control measures are agreed and added to the operating schedule before the premises licence is granted.

1. All events will operate in accordance with Southwark Council's Events Policy.
2. No alcohol to be sold or supplied in glass containers anywhere in the park.
3. The exact numbers of SIA and stewards must be agreed with the police licensing officer 14 days prior to the start of event.

4. That all events obtain authority and agreement from the Safety Advisory Group (SAG) and all recommendations are implemented.

Submitted for your consideration.

Yours Sincerely

**PC Graham White 2288AS**

Dear Mr White

I refer to your representation of 10<sup>th</sup> March 2021 which has been forwarded to me by Southwark Licensing Authority.

Following latest Government COVID-19 Guidance and the Road Map, we have decided not to hold our proposed event in 2021 but to stage our first event in 2022. Our Licence Application is to proceed on this basis.

I note in your representation your reference to conditions that may be imposed in a Licence, if granted, and we will prepare a set of proposed conditions for consideration now that we have received all representations relating to our Application.

Our comments on your proposed conditions are as follows:

1. Southwark's Outdoor Event Policy provides Guidance to prospective users of the Park so they can make an Application to the Council for use of the Park. Such an application is totally separate to the Application for a Premises Licence. The Policy covers matters which are much wider than the Licensing Objectives, so it is not appropriate to incorporate the Policy into a Licence Condition. However, what you seek to achieve is contained in the Policy, insofar as it includes a requirement for a Premises Licence to be obtained for events such as ours as a prerequisite of the use of the Park.
2. We agree this Condition provided it is limited to the Premises which is the area within our control and we will include this Condition in our Schedule of Proposed Conditions.
3. We are on the same page with your proposal – see Section M b) of our Application, which provides for the security and stewarding plan, including deployments, to be presented for approval within the EMP to SAG 28 days before the first event day. This will be one of our proposed conditions.
4. Again, we agree with this proposal which is provided for in Section M a) of the Application and Conditions will be included in our proposed conditions to this effect.

I hope to have the Schedule of Proposed Conditions prepared by the end of next week and will forward a copy to you at the same time as I send a copy to Southwark Licensing Authority.

Thank you for your input into our Application which is appreciated. We are committed to work with you and hope our response is helpful and will enable you to withdraw your representation after you've received our schedule of proposed conditions.

If you wish to discuss our Application further, I will be happy to arrange a "virtual meeting" with you to do so.

Best

**Managing Director**

,  
Thanks for the response. I will withdraw condition 1 and have amended the others below and note that the event will not take place this year.

2. No alcohol to be sold or supplied in glass containers anywhere in the confines of the event footprint, and no glass bottles or glasses will be permitted to be brought into the event.

3. The exact numbers of SIA and stewards must be agreed with the police licensing officer 14 days prior to the start of event.

4. That all events obtain authority and agreement from the Safety Advisory Group (SAG) and all recommendations are implemented.

If you are happy with the above let me know

Regards

Graham

**Subject:** Re: Application for a time limited premises licence: MIK K-Pop Festival, Southwark Park, South Section, Hawkstone Road, London, SE16 2PE ref': 874183 (Loc ID: 4588) - Rotherhithe Ward

Dear Mr. White

Apologies for my delay coming back to you.

Please see attached our full set of proposed conditions.

Using your numbering, the concerns expressed in your email are addressed as follows:

2. Please see proposed conditions 29 and 38. In condition 38, we have referred to the Licensed Premises because this is recognised terminology under the Act and "event footprint" is not.
3. Please see condition 20. We have referred to MPS generically because several different MPS functions are involved, for example, Licensing, Planning, Operations etc.
4. This is covered in condition 6 and 10. Condition 6 recognises that SAG is an advisory body and the power to approve the EMP is with the Licensing Authority but we have specifically referred to there being consultation with the Responsible Authorities in this process. In condition 10, the Premises Licence Holder must implement the final EMP.

I hope the above covers off all the points you have raised satisfactorily.

Thanks again for your input.

Best

**Managing Director**

## **MIK K-POP DRAFT CONDITIONS**

### **GENERAL**

#### Planning of the Events

1. This Premises Licence authorises licensable activity on 2 consecutive days to take place over one weekend between 1 June and 30 September, each year, in 2022 and 2023.
2. Each year the following conditions apply.
3. Notice of the proposed event days, for that year, will be provided by the Premises Licence Holder to the Licensing Authority and the Responsible Authorities no less

than four months in advance of the first event day or such shorter period as may be agreed by the Licensing Authority.

4. The Event Management Plan shall be submitted to the Safety Advisory Group in a draft, working document form, no later than 3 months prior to the date of the first event day. The Event Management Plan shall comprise, but not be limited to:
  - Event Management Structure
  - Event Risk Assessment
  - Site Plan
  - Construction Phase Plan, Risk Assessments & Method Statements
  - Fire Risk Assessment
  - Major Incident Plan (including counter terrorism measures)
  - Security & Crowd Management Plan
  - Medical Risk Assessment and Plan
  - Adverse Weather Plan
  - Children & Vulnerable Adults Safeguarding Policy
  - Transport Plan
  - Alcohol Management Plan
  - Waste Management Plan
  - Health & Safety Policy
  - Alcohol and Drug Use Policy
  - Coronavirus Risk Assessments & Controls (as required)
5. The Premises Licence Holder shall liaise with the Safety Advisory Group to scrutinise plans for the management of the events authorised by this Premises Licence.
6. A final version of the Event Management Plan will be submitted to the Safety Advisory Group no later than 28 days before the first event day. Any significant changes to the final version of the Event Management Plan in the 28 days before the event shall be proposed to the Licensing Authority, in consultation with the Responsible Authorities.

#### Management of the Event

7. The Premises Licence Holder will appoint an Event Manager who will lead an Event Management Team. The Event Management Structure will set out the responsibilities of the Event Management Team and be included in the Event Management Plan.
8. Throughout an event, the Premises Licence Holder shall establish both an Event Control and an Event Liaison Team to operate during events, made up of representatives of the Event Management Team and representatives from or nominated by the Safety Advisory Group.
9. The Premises Licence Holder will have overall responsibility to implement the Event Management Plan during the operation of the event. The Event Manager will manage the operation of the event in accordance with the Event Management Plan with the involvement of the Event Liaison Team. Changes to the Event Management Plan during the event shall be made with the consent of the Event Liaison Team and nominated representatives from the Licensing Authority and Responsible Authorities if agreed and required.

10. The Premises Licence Holder will implement the final Event Management Plan for each event.
11. Any authorised officer of the London Metropolitan Police, authorised officer of the London Fire Brigade, authorised officer of London Borough of Southwark, and any authorised officer of the Child Protection Agency shall have access to the premises at all reasonable times for the purposes of enforcing the observance of the licence conditions, for the prevention and detection of crime and criminal activity, the prevention of public nuisance, public safety and the protection of children from harm.
12. The Premises Licence Holder will organise a debrief of the event to take place with the Licensing Authority and Responsible Authorities, meeting within three months of the date of the last event of each year.

#### Engagement with Residents and Businesses

13. Each year, the Premises Licence Holder will commit to engagement with key stakeholders to Southwark Park, residents and local businesses. A website will provide specific information for local residents and businesses including contact details.

### **THE PREVENTION OF CRIME AND DISORDER**

14. The Premises Licence Holder will liaise with the Metropolitan Police Service on procedures, crime prevention advice and other guidance as required including counter terrorism measures.
15. During events, the Metropolitan Police Service will be notified at the earliest opportunity in the case of any incidents of serious crime and disorder where an intervention is required to maintain wider public safety.

#### Security Planning

16. Suitable and experienced security and crowd management contractors will be appointed. The appointed contractor will hold relevant industry accreditation. The appointed contractors will be required to prepare a Security & Crowd Management Plan accompanied by appropriate risk assessments and method statements which will be included in the Event Management Plan.
17. A Security & Crowd Management Plan will contain measures as follows:

- To deter and prevent crime and disorder
- To detail the security arrangements to keep attendees, staff, performers safe and secure
- To detail the security arrangements for protecting assets within the premises including infrastructure, stages, equipment, etc.
- To detail the security arrangements to prevent unauthorised access to the premises
- To detail the procedures for managing exclusion and eviction from the premises
- To set out procedures for managing incidents of disorder and antisocial behaviour

18. All staff appointed by the Crowd Management & Security contractor to work on the event will have relevant qualification and experience. The contractor will be required to provide details of all staff deployed on the event.

#### Security Operation

19. Security personnel will be present throughout the event and during the build and break of the event site. All security and stewarding staff will receive a briefing from the appointed Security & Crowd Manager prior to each event. All security and stewarding staff will be easily identifiable in high vis jackets.
20. Security staff will be deployed in sufficient numbers and in an appropriate mix of genders for each event based on an assessment of attendance. Deployment schedules for full, medium and low capacity events will be agreed with the Metropolitan Police Service 14 days before the start of the first event and included in the Event Management Plan.
21. Entry to the premises for the event will be managed by SIA staff employed by the security contractor. Security staff will be briefed on the entry conditions and any relevant policies or procedures for each event including any event specific requirements.
22. Entry conditions will be notified to patrons on the event website and shall be displayed outside of the premises which can be seen on entry. Information regarding searching policies and Challenge 25 shall also be displayed at entry points into the premises.
23. An incident reporting and recording procedure will be in place, details will be included within the Event Management Plan. All entry refusals and evictions will be recorded by Event Control. A copy of the Event Control log and an Incident Log will be maintained and made available for inspection by the Licensing Authority or an authorised officer of the Metropolitan Police Service on reasonable request.

#### Searching on Access to the Premises

24. Patrons, staff and contractors will be liable to be searched on entry to the premises in accordance with the search policy and procedure in the Event Management Plan.
25. All relevant security staff will be briefed on the search procedures prior to each event. The briefing will include details of the conditions of entry and prohibited items.
26. Amnesty bins will be provided at entrances. Items surrendered or confiscated will be held by the Security & Crowd Manager in accordance with procedures agreed with the Metropolitan Police. Disposal will follow procedures agreed with the Metropolitan Police. A log will be maintained of confiscations, seizures and disposals. It will be maintained by the Security & Crowd Manager and be made available inspection by the Licensing Authority and Metropolitan Police on reasonable request.

### Prohibited Items

27. The Premises Licence Holder will agree a list of prohibited items that cannot be brought into the premises with the Licensing Authorities and Responsible Authorities via Safety Advisory Group meetings.
28. Details of prohibited items will be included in the Conditions of Entry to the event, which will be available on the events website and will be clearly displayed at all entry points.
29. Patrons will not be allowed to bring glass bottles or open bottles into the licenced premises.

### Controlling Access Within the Premises

30. A system of secure ticketing and accreditation will be in place. Only patrons in possession of a valid ticket will be allowed access to the premises. Access points will be controlled by registered Security Industry Association staff employed by the security contractor.
31. Staff, contractors, volunteers, visitors, artists and guests will be required to wear a form of secure accreditation within the premises. Access by accreditation will be the responsibility of the Premises Licence Holder. Accreditation will designate access to restricted areas within the premises.

### Effective Communication

32. The Premises Licence Holder will ensure there is an effective means of two-way communication in place. This may include but not be limited to mobile phones, two-way radios and other wireless and wired communications systems. General event communication will be managed by Event Control.

### Reducing the Risk & Harm From Drugs

33. A drugs policy will be included within the Event Management Plan. Illegal drugs and psychoactive substances will be prohibited items. Possession for personal use or supply may result in refusal of admission to or ejection from the premises and a report to the Metropolitan Police. Suspected possession for supply will be reported to the Metropolitan Police.
34. Anyone under the influence of illegal drugs or psychoactive substances who is vulnerable will be managed through the process set out in the Children & Vulnerable Adults Policy included within the Event Management Plan.

### Bar and Alcohol Management

35. The Premises Licence Holder will operate a Challenge 25 policy. Bar staff will require a valid proof of ID from any patron seeking to make a purchase of alcohol for themselves or anyone else appearing to be under 25. The only acceptable forms of identification are recognised photographic identification cards such as a driving licence, passport or proof of age card with the PASS hologram. If a person seeking alcohol is unable to produce an acceptable form of identification no sale or supply of alcohol shall be made to or for that person.

36. Each bar will be managed by a Personal License Holder. All bar staff will undertake mandatory licensing training before operating at a bar. A record of this training and those attending will be kept by the appointed bar operator(s) and be made available for inspection to the Licensing Authority. All bar staff shall be over 18.
37. Patrons unable to provide a valid proof of age will be refused service and a record of the refusal kept.
38. No alcohol shall be sold or supplied in glass containers anywhere within the Licensed Premises.

#### Lost Property

39. Lost property will be handed to Event Control and a log of the items handed in will be kept. Where information about the owner is available the customer services team will make attempts to contact the patron and return their item. Patrons will be provided with a contact email address for lost property.

#### Counter Terrorism Measures

40. The Premises Licence Holder recognises the risk from acts of terrorism and will liaise with the Safety Advisory Group and the Metropolitan Police to assess risk and put in place reasonable and proportionate measures to reduce risk. Risk assessments, measures and plans in the event of a major incident will be included in the Event Management Plan.

### **PUBLIC SAFETY**

#### Premises Capacity

41. The maximum capacity is for 14,999 persons including all patrons, guests, staff, contractors and artists.

#### Health and Safety

42. A suitably experienced and qualified Health and Safety Consultant will be appointed. The Health and Safety Consultant will undertake risk assessments and produce appropriate method statements that will be included within the Event Management Plan.
43. The Health and Safety Consultant will review the Event Management Plan including all the associated appendices and annexes and the risk assessments and method statements of suppliers and contractors and make recommendations to the Premises Licence Holder regarding any additions and amendments.
44. The Health and Safety Consultant will attend site during the build and break of the event. It will monitor and assess the implementation of safe working practices and method statements. It will advise the site management and production team on any changes or improvements.
45. The Health and Safety Consultant will attend the event as appropriate and be a member of the Event Liaison Team. It will provide advice and guidance to the Premises Licence Holder on the operation of the event relating to the health and safety of patrons, guests, staff, contractors, traders and artists.

## Managing Crowds

46. The Security & Crowd Manager will set out details of the crowd management operation in the Security Crowd Management Plan that will be included in the Event Management Plan. The crowd management operation shall include but not be limited to:

- Maintaining a safe environment for members of the public, staff, contractors and artists working at the event.
- Ensuring only authorised ticket and pass holders gain access to the relevant areas.
- Monitoring crowd movements, identify and deal promptly and effectively with any identified crowd control issues.
- Overseeing the safe ingress and egress of the event including in the event of an incident or major incident.

47. The premises will be designed and laid out to manage the flow and movement of patrons accessing, leaving and within the premises. Infrastructure will be deployed to support the management of patrons including queues and fencing to secure areas to prevent access. Lighting will be provided to illuminate entry and exits, including emergency exits, ingress and egress routes and to facilitate safe movement within the premises. Security and stewarding staff will be deployed throughout the premises to facilitate ingress and egress routes and to facilitate safe movement within the premises.

48. Security and stewarding staff will be deployed throughout the premises to prevent access to the premises of those without valid tickets or other authorisation.

## Major Incidents and Evacuation

49. A Major Incident Plan will be included within the Event Management Plan. The Major Incident Plan will be discussed and agreed with the Safety Advisory Group and will include details of coordination with the emergency services and how the premises will be evacuated to agreed rendezvous points. The Event Management Plan will contain the contact details of those nominated by the Premises Licence Holder to manage any major incident.

50. The Major Incident Plan will include details of the access and egress routes for emergency service vehicles and personnel.

## First Aid and Medical Provision

51. The Premises Licence Holder will appoint a suitably qualified and experienced medical and first aid contractor to provide services at the event. The contractor will undertake a risk assessment for the event and produce a Medical Management Plan both of which shall be included in the Event Management Plan. The medical and first aid contractor will attend the Safety Advisory Group meetings and liaise with the London Ambulance Service as required.

52. The medical and first aid contractor will position resources on site for the event that are accessible. Medical personnel will be in attendance prior to the start of the event and remain until the event has been finished and stand down has been agreed by the Event Liaison Team.

53. Records of all medical and first aid interventions and treatment provided will be maintained by the medical and first aid contractor.

#### Provision and Management of Sanitation

54. The Premises Licence Holder will provide and manage sanitation at the event. Sanitation facilities will include the provision and maintenance of adequate numbers of toilets, urinals and accessible toilets for patrons, staff, contractors, traders and artists based on an assessment of requirements.

55. A constant supply of clean water, or alternative hand cleansing sanitiser will be maintained at all sanitation positions throughout the event.

#### COVID-19

56. A Coronavirus Risk Assessment and Controls Plan will be provided to the Licensing Authority and Responsible Authorities as required. This will be based on the latest government guidance and advice and will be constantly reviewed and updated as necessary.

#### Fire Safety

57. The Health and Safety Consultant or another suitably qualified person will undertake a Fire Risk Assessment on behalf of the Premises Licence Holder. The Fire Risk Assessment will be contained within the Event Management Plan and discussed and approved within the Safety Advisory Group.

58. Fire safety equipment, including portable firefighting equipment, fire notices and other resources will be located at appropriate locations throughout the premises and clearly signed.

59. All marquee structures shall be of proven fire performance and all floor coverings, wall coverings, curtains, drapes, fabric, artificial or dried foliage, decorations and filling materials used in furnishings supplied and used will carry flame retardancy certification to the relevant British Standards or will be inherently flame retardant. The details of all such materials will be held on site and will be available for inspection by London Fire Brigade.

60. The siting of all vehicles, generators, tents, marquees, dressing rooms etc. will be arranged so as to provide fire breaks. All food, bar and other traders are required to provide fire safety risk assessments and will be checked when onsite by the Health and Safety Consultant.

#### Fire Exits and Means Of Escape

61. Fire exits will be provided at designated points around the perimeter of the premises and within any structures erected or used for the event. All means of escape and fire exists will be clearly signed. Exit capacities will be calculated and contained within the Fire Risk Assessment contained within the Event Management Plan.

62. Security and stewarding staff will guide all patrons, staff, contractors and artists to designated places of safety away from the premises which will be identified on the Site Plan and within the Fire Risk Assessment contained within the Event Management Plan.

### LPG Used by Traders

63. Traders requiring the use of LPG will be required to bring the minimum necessary quantity to site and provide notification to the Event Manager that they have LPG equipment. A register of the location of LPG equipment and containers will be maintained within the Site Office. All LPG storage locations will be secure and with no public or unauthorised access. These areas will all be designated as 'no smoking' areas.
64. All traders will be required to provide Gas Safe certification for their LPG equipment. All equipment will be subject to periodic inspection during the events by the Health & Safety Consultant.

### Pyrotechnics and Special Effects

65. Some limited use of pyrotechnics and special effects may take place during the event. In the event these are to be used an experienced and competent contractor will be employed to undertake an assessment and manage the use of these. The contractor will be required to provide risk assessments, method statements and demonstrate compliance with all the necessary regulations and legislation and this documentation will be reviewed by the Health and Safety Consultant.
66. All details of proposed pyrotechnics will be sent to London Fire Brigade and the Licensing Authority for approval in advance of the event.
67. The Health and Safety Consultant will be in direct liaison with London Fire Brigade and the pyrotechnic contractor and will carry out an additional check once any pyrotechnics are installed to check compliance with agreed positions and the effects list.

### Temporary Structures

68. The Premises Licence Holder will appoint suitably experienced and qualified suppliers and installers of temporary structures. Copies of plans and any necessary calculations will be submitted to the London Borough of Southwark, including Building Control as required or requested.
69. The Site Manager and Health and Safety Consultant on behalf of the Premises Licence Holder will take all reasonable steps to ensure any temporary structures are suitable for their intended purposes and installed in accordance with the contractor's plans. Installation and completion certificates will be provided by the relevant contractor prior to their use and copies will be held on the Site Office for inspection on request by the Licensing Authorities.

## **THE PREVENTION OF PUBLIC NUISANCE**

### Resident Information and Complaint Service

70. A dedicated resident information and complaint phone line and email service will be established. Residents and local businesses will be able to use the service to

report their concerns regarding, for example but not limited to, music noise, antisocial behaviour and litter.

71. Information about how to use the service will be provided to local residents via a leaflet drop to properties within an agreed vicinity from the premises. The phone line and email service will be staffed throughout the duration of event. The email service will be staffed throughout the duration of the build and break of the event. A log will be kept of communications received via the phone and email service along with a record of any actions taken. The log will made available for inspection by the Licensing Authority on reasonable request.

#### Management of Noise

72. The maximum music noise level from regulated entertainment shall not exceed a free field level of 75dB(A) and 90dB(C) (Leq 15 minute) outside any noise sensitive location. All assessment and monitoring data shall be shared with the Local Authority upon request.
73. An experienced acoustic consultant will be appointed to develop and monitor a robust Sound Management Plan that will be included in the Event Management Plan. The Sound Management Plan will contain the maximum music noise levels permitted at agreed noise sensitive locations and the acoustic consultant's management strategy and measures to control music noise levels during the event.
74. The acoustic consultant will assess the positioning of sound sources pre-event and liaise with the Licensing Authority's sound consultants throughout the event. Sound checks will take place the day prior to the event as well as on the day of the event. Times for these checks are to be notified in advance.
75. The acoustic consultant will be available throughout the duration of the event, as required, and will have complete authority to ensure compliance with the Sound Management Plan. They will hold regular meetings with representatives of the Licensing Authority as required.
76. The sound amplification systems will not be used after the permitted hours of entertainment on any night of the event for the relaying of music or other content or for any purpose except for emergency announcements relating to public order and safety.
77. No deliveries to the site shall take place between the hours of 23:00 – 07:00. There shall be no noise audible at the nearest noise sensitive premises from construction or similar works associated with the set up or dismantling of the site outside of 08:00 – 20:00.
78. Notices shall be prominently displayed at all exits of the event for patrons to leave the area quietly and respect the needs of local residents and businesses.

#### Traffic and Transport Management

79. The event will publicise and promote the environmental benefits of walking, cycling and the use of public transport to all patrons. Car use will be discouraged and there will be no patron parking on site, except for some limited Blue Badge parking.

80. A Transport Plan will be included in the Event Management Plan and agreed within the Safety Advisory Group. Key transport bodies including but not limited to Transport for London and London Overground, London Buses will be consulted in advance of the event.

81. The Premises Licence Holder will work with the London Borough of Southwark and Transport for London to provide cycle parking.

#### Managing Dispersal

82. Dispersal routes from the premises will be agreed with the Safety Advisory Group and the details included in the Event Management Plan. Exit routes will be well lit, clearly signed and stewarded where required.

83. Dispersal routes will be designed to minimise disruption to local residents. Signage will be provided asking patrons to minimise noise and disturbance. SIA security staff will be positioned as recommended by the Safety Advisory Group to reduce the risk of antisocial behaviour likely to cause nuisance or disturbance.

#### Managing Waste and Litter

84. A Waste Management Plan that will include litter, waste from traders, bars and production activities will be included in the Event Management Plan. The plan will include litter picking services and the removal and management of all waste generated by the event including litter along the ingress and egress routes to and from the premises. Waste removed from site will be undertaken by a certified operator and all waste will be tracked.

85. A responsive litter picking service will be provided to deal with complaints from local resident or businesses about litter arising from the event.

#### Reducing Light Pollution

86. The Premises Licence Holder will take all reasonable steps to minimise pollution from light sources associated with the event. Light sources will be directed inwards towards the premises and on ingress and egress routes for public safety.

### **THE PROTECTION OF CHILDREN FROM HARM**

#### Safeguarding of Children and Vulnerable Adults

87. A Safeguarding of Children and Vulnerable Adults Policy will be included in the Event Management Plan. All members of the Event Liaison Team will be briefed on the safeguarding measures and all operational staff will follow the procedures set out in the policy.

88. No alcohol will be served for consumption of young people under the age of 18 and a Challenge 25 policy will operate at all bars.

#### Welfare for Children and Vulnerable Adults

89. A welfare service will be provided for children, including lost and unaccompanied children and vulnerable adults. Welfare providers and those with significant access

to children and vulnerable adults will be subject to a Disclosure and Barring check.  
A Lost Children policy will be included in the Event Management Plan.

Admission of Children

90. Children under the age of 16 will be allowed access to the Licensed Premises if accompanied by a responsible adult aged 18 years or over.

**To:** Regen, Licensing <[Licensing.Regen@southwark.gov.uk](mailto:Licensing.Regen@southwark.gov.uk)>

**Subject:** 874183 - Application reference: SWKEVE000354 for MIK K-POP Festival

I am writing on behalf of

Tenant's and Residents Association.

We wish to object to this application for a number of reasons:

The location is situated nearest to the residents including high rise blocks and will cause significant disruption in respect of noise and light pollution.

The age group this is aimed at will mean that a large proportion of the 15,000 attendees will not be vaccinated for Covid-19 and as such will be a greater risk for the local population as they will be using the local public transport system as well as local shops increasing the risk of spread.

It will destroy the safe use of the public park and prevent use of this for local residents for this ten day period at peak summer time.

The location is based on the football pitches and more specifically the cricket nets and cricket pitch. Therefore destroying the entire cricket season for local residents as the pitch will be trampled by 15,000 attendees, so will have a significant adverse effect on the local sport and teams not just for the two day and 10 day closure but for the entire summer season of local sport. It is our understanding that there are a number of cricket teams including a newly formed women's cricket team will be affected and may well have an adverse affect to continue going forward if they have no pitch to play on. Why is it located here where in the past events have been located nearer to the bandstand, not on playing pitches and further away from residential buildings?

There is nothing in the application as to how the crowd outside of the venue will be managed as Rotherhithe already suffers a large amount of anti-social behaviour. How will you deal with thousands of attendees queuing to get into the venue without disrupting the local residents as well as when it finishes late at night - again a significant disruption to local residents. How can local residents use local buses and transport if they are filled with attendees from across London and further afield again increasing a greater risk of spreading covid 19 on buses, which currently are restricted in numbers. Has TFL been consulted on this?

Regards

Secretary

Tenants and Residents Association

**Cc:** Whyte, Anne <[Anne.whYTE@southwark.gov.uk](mailto:Anne.whYTE@southwark.gov.uk)>

**Subject:** Re: Premises Licence Application 874183 Update

Hi Wesley

Many thanks for sharing the TRA representation with me.

Please see attached our response to the representation.

Best

**Managing Director**

Dear Madam

Thank you for your representation and the purpose of my letter is to respond to the concerns that you have expressed about our events.

We are an established, responsible promoter and organiser of events with over 50 years experience. In particular, we have extensive experience of organising events in parks and in cities for as many as 30,000 patrons and we understand the issues and concerns that local residents may have from such events.

As part of our Application, we have committed to prepare a raft of detailed plans to manage all aspects of our events so that they are safe and that disturbance to the local community is kept to a minimum. All of our plans will be scrutinised in a planning process, over several months by a Multi Agency Group which will include the Licensing Authority, Police and other Relevant Authorities. Under the Premises Licence, if it is granted, there will be conditions which will only allow events to take place if and when all of our management plans are approved via this Multi Agency Planning Process.

I will now respond to your specific concerns :

Covid-19

You raise a concern that attendees may not be vaccinated at the time of our event and the risk of transmission of the virus. Following the latest guidance and publication of the Government Road Map, we can confirm that we will not be holding an event in 2021 and our first event will be scheduled for 2022. We hope that this addresses this concern.

Use of the Park

We will keep disruption to the use of the park to a minimum.

The event will be held in the South section of the park and utilise a maximum space of 18.81% of the park. In addition, we will build the event in phases to keep as much

green space open to the general public as possible to minimise disruption to local residents who use the park. The total period of time we will utilise the maximum space will be limited to 10 days including the two days the event is open to the public.

We have discussed plans with the Head of Parks for the London Borough of Southwark to lay special plastic tracking over any sensitive areas of the site, such as the cricket pitch, to protect the condition of the grass. We have used this type of product as a risk mitigation in previous sites such as the Southampton Ageas Bowl to ensure ground condition is handed back to the venue in the same condition it was received. This has also been shared with members of the Southwark Park Cricket Club during the consultation period for this event. We will also lay metal trackway onsite on vehicle routes to protect the green space.

If in the unfortunate situation some areas of the park are damaged, for example due to bad weather, we will reinstate the park after our event has taken place which is a condition of our agreement with the London Borough of Southwark.

#### Management of Music Noise

Our Application explains that we will appoint an experienced Acoustic Consultant who will liaise with the Council's noise team to agree a Noise Management Plan and fix maximum music noise levels which will prevent disturbance from public nuisance. In fact, these discussions have already taken place and the Council's Noise Team have proposed maximum levels which we accept and which will be carried forward into the conditions if the Licence is granted. We will also have a residents' hotline so that any incidences of disturbance can be reported and addressed by our response team.

#### Access and Egress for Patrons

A Plan for management of this has been prepared with input from the Police and TFL and will be scrutinised and approved through the Multi Agency process. Our Plan will provide for specific deployments of security and stewards both within the premises and also in the surrounding area including crossing points and key transport hubs as agreed with TFL. The security and stewards will be briefed to disperse patrons in an orderly manner at the end of the evening and minimise disruption and antisocial behaviour.

#### Transport and Traffic

Again, this is a specific issue which will be addressed through the preparation of a Transport and Traffic Management Plan. This Plan will be prepared during the planning process with input from the Police, Highways, TFL and will be scrutinised and approved within the Multi Agency process.

We have already held one consultation with local residents and would be pleased to meet with you by zoom or telephone call to discuss your concerns and explain our plans more fully. My contact email address is

In the meantime, I hope that this note gives you reassurance that we wish to engage and work with the local community to provide a safe event with the minimum of disturbance to local residents and businesses.

I look forward to hearing from you.

Kind regards

Proud Events Limited

Dear ,

Please find attached from the applicant a response to your representation.

After considering the applicant's response, please confirm one of the following:

1. Provide any further comments you may have or,
2. Confirm that you wish your representation to be considered as submitted or,
3. Confirm that you wish to withdraw your representation

If you confirm any of 1-3 above, please do so directly to me.

At this stage your anonymity is preserved and will remain preserved if all related correspondence between you and the applicant is made through the Licensing Unit, however I note that the applicant has provided details for you to contact them directly should you wish to do so.

If you enter into any correspondence directly with the applicant please copy me in.

Regards,

licensing@southwark.gov.uk

**Annex 1 - Mandatory conditions**

**102** The admission of children to films given under this licence must be restricted in accordance with the recommendations of the British Board of Film Classification or of the licensing authority itself

**103** Where a film is to be submitted for classification to the licensing authority, the cinema or venue operator must submit the film intended for exhibition to the authority at least 28 days prior to the first date upon which the film is intended to be exhibited

**104** Where a programme includes a film in the 12a, 15 or 18 category no person appearing to be under the age of 12 (and unaccompanied in that case), 15 or 18 as appropriate shall be admitted to any part of the programme; and the licence holder shall display in a conspicuous position a notice in the following terms

-"PERSONS UNDER THE AGE OF (INSERT APPROPRIATE AGE) CANNOT BE ADMITTED TO ANY PART OF THE PROGRAMME"

Where films of different categories form part of the same programme, the notice shall refer to the old stage restriction. This condition does not apply to members of staff under the relevant age while on duty provided that the prior written consent of the person's parents or legal guardian has first been obtained

**105** Immediately before each exhibition at the premises of a film passed by the British Board of Film Classification there shall be on screen for at least five seconds in such a manner as to be easily read by all persons in the auditorium a reproduction of the certificate of the Board or, as regards a trailer advertising a film, of the statement approved by the Board indicating the category of the film

**106** Immediately before each exhibition at the premises of a film passed by the licensing authority notices shall be displayed both inside and outside of the premises so that persons entering can readily read them and be aware of the Category attached to any film or trailer

**107** Any individual carrying out security activities at the premises must be licensed by the Security Industry Authority. This does not apply where the premises are being used primarily as a Qualifying Club under a Club Premises Certificate, under a Temporary Event Notice, or primarily as a cinema, restaurant or theatre

## **Annex 2 - Conditions consistent with the operating Schedule**

**112** That on days when licensable activity is taking place, the park will close at sunset.

**340** All events will adhere to the restrictions as per the Events Policy.

a) Proposed events will be in line with the Council's overall aims and objectives for culture as set out in "Southwark @ the Centre –Strategy and Priorities for Arts, Culture and Heritage"

b) Any damage to sites will be minimised and restoration carried out in a proper and timely fashion

c) The following criteria will be used to determine whether approval will be given to a specific event. These criteria should be read alongside the application process to ensure compliance with the objectives of the Events Policy and the requirements for holding an event:

Security and public safety issues

Effect on the fabric of the area and damage limitation

Effect of event on regular users of public spaces, stakeholders and local residents

Timing of the event

Size of location, numbers attending or numbers estimated to attend

impact on transport infrastructure to support the event. e.g. parking,

increased use of public transport and road closures. Quality of the event

The creation of opportunities for local participation

The ability to demonstrate commitment to Southwark Council's Equal Opportunities Statement.

The ability to demonstrate the capacity of the organisers to effectively plan, manage and control the event.

The ability to demonstrate the impact of the event on local business.

No financial risk to London Borough of Southwark Legal constraints

All events will meet any further criteria set out in conditions specific to the location of the event.

d) Upon receiving any applications for events consultation will be carried out with internal and external partners, including appropriate responsible authorities. The level of consultation is dependent on the location of the event and the impact on its surroundings. The consultation process may include the following; Initial information is received by the Events Team to ensure it fits within the events policy. Comments will be sought from relevant internal departments. Opinion may be sought from the Metropolitan Police. Local Ward Councillors will be alerted to and consulted about a proposed event. The relevant level of external consultation will occur If objections are received through the public consultation, conciliation is offered where appropriate. In case of continued dispute the Strategic Director of Environment and Leisure will make a final decision.

e) Fly posting by event organisers shall be discouraged and if it can be directly linked to any event occur, the event's organiser will be deemed in breach of their contract with the Council and will subsequently incur any associated costs arising through the Council having to remove such material. Where possible, prosecutions will be taken and future applications from offenders will not be accepted.

Event organisers must inform Council officers of all event advertising, prior to the commencement of advertising. The organisers must identify the following:

Advertising schedule and process

Methods of advertising

Publications and volume

Radio stations

Poster board sites

f) The following restrictions to the siting of events near trees will apply:

Organisers will adhere to the protection of the borough's current tree stock accordingly

No structure shall touch or interfere with any tree canopy

No tree or shrub should be pruned without authorisation

No exhausts from heaters, generators, etc. shall be positioned next to the base of trees and where possible, exhausts shall be directed away from the tree canopy.

Nothing shall be attached to trees.

Any damage to trees as a direct result of the event shall be charged to the organiser.

g) Transport - Event organisers must inform Southwark Council's Highways and Parking departments and Transport for London and act on any appropriate guidance. A Transport Infrastructure Plan should be drawn up and submitted as part of the application process.

h) Temporary Events Notice (TEN) or Time-limited Premises Licence may be required by event organisers.

In these circumstances any hire agreement will be conditional on a license being granted. Equally, the issue of a TEN or time limited premises licence does not itself constitute permission to use the land.

i) Waste Management - event organisers to be solely responsible for the clearance and maximum avoidance of waste. In addition, the council expects organisers to promote and facilitate recycling methods as its first option of waste management before waste disposal.

k) Environmental Protection - Every effort should be made to minimise environmental impact and maximise the 'green' production of events through the use of recyclable and/or reusable sustainable products and materials, e.g. Minimising power consumption, bio-diesel generators and recycled cups and plates.

l) Normal Service Levels are provided by the London Borough of Southwark for the day-to-day maintenance, upkeep and cleaning of public areas. All increases in these service levels will result in costs being charged directly to event organisers. These details are outlined in the application process.

m) Provisional bookings will only be accepted following submission of a completed application form.

n) Each event must ensure that health and safety legislation is adhered to through the organisers and sub-contractors and that high standards are ensured for both audience and workers. Event organisers will need to ensure that they have developed processes for and that all documentation be available to the London Borough of Southwark Events Manager or representative on request a minimum of 2 weeks prior to the event.

Documents required will be:

Crowd Management Plan

Emergency Control Plan

Risk Assessments

Method Statements

Equal Opportunity Statement

Fire Procedures

Event Communication Plan

Medical Plan

Transport Infrastructure Plan

Lost Child Procedure

Food Hygiene Certificates

Waste Management Plan

Environmental Impact Assessment Site Plans

Access (& interpretation) provision

Public Liability Insurance

Timetable and event description/line-up

Marketing Plan

o) Regulations - All events must conform to:

The Event Safety Guide: A guide to health, safety and welfare at music and similar events HSG 195

Health and safety at Work Act 1974

Management Regulations 1999, and advice given in HG65 The Principles of Safety Management.

RIDDOR 1995

The Children's Act 1989

Fire Precautions Act 1971

Wildlife and Countryside Act 1981

London Borough of Southwark Open Spaces Bylaws

**341 a)** A limited amount of firework displays are permitted. However in the event of any form of pyrotechnic special effects to be used, full details must be provided in time for full public consultation to occur

b) In the event of the showing of a rated film or sale of alcohol under an additional licence on the grounds, appropriate signage and advance notice of the event and controlled entry shall be in place; proof of age shall be requested

c) For small size events, there shall be a maximum of 20 per calendar year of up to 500 attendees

d) There shall be a minimum time of 21 days between events for Large (1) size events totalling 6 per calendar year of up to 2000 attendees

e) There shall be a minimum of 21 days between events for Large (2, 3, 4) size events totalling 3 per calendar year of up to 4000, 6000, 8000 attendees respectively

f) Only in exceptional circumstances will any changes be allowed to the permanent infrastructure of the site. Permission must be granted from the Park Manager and Events Manager

g) Vehicle access shall be through Jamaica Gate, Southwark Park Road with the weight limit of 7.5 tons

- h) Parking is possible on the main carriageway or in Hawkstone Car Park which is a public car park for approximately 40 cars. In order to close the car park or to restrict its usage during an event, full details must be made available within the application in order to give time for suitable notice for suitable public transportation
- i) All vehicle movement not on set roadways shall be minimised and agreed with London Borough of Southwark. Vehicle shall travel at a maximum of 5 m.p.h
- j) All damages above reasonable wear and tear to physical infrastructure and environment will be reinstated and the cost charged directly to event organisers
- k) Events in Area A, Area B, Area C, Area D, Area E and Area F as shown on the appended site plan within Southwark Park are not covered by these site conditions; as they are independently managed spaces. However if an events is deemed to be of a scale that does raise issues of public safety or will create significant environmental impact, advice and support may be sought from the Events Team
- l) The level of consultation is dependent on the size of the events;
- m) For small size event, the length of consultation would be flexible with consultation to Wards Councillors for Rotherhithe and the Chair of Friends of Southwark Park and internal department if necessary
- n) For Large (1, 2, 3, 4) size events, there would be a 28 days consultation to internal departments, Ward Councillors for Rotherhithe, local residents and traders associations and additional residents who have specifically requested consultation

<b>Item No.</b> 6.	<b>Classification:</b> Open	<b>Date:</b> 15 April 2021	<b>Meeting Name:</b> Licensing Sub-Committee
<b>Report title:</b>		Licensing Act 2003: Big Town Restaurants, 302 Walworth Road, London SE17 2TE	
<b>Ward(s) or groups affected:</b>		North Walworth	
<b>From:</b>		Strategic Director of Environment and Leisure	

## RECOMMENDATION

1. That the licensing sub-committee considers an application made by Good Food Ventures Ltd (Company Number 09911032) to fully vary the premises licence granted under the Licensing Act 2003 in respect of the premises known as: Big Town Restaurants, 302 Walworth Road, London SE17 2TE.
2. Notes:
  - The application seeks to vary the premises licence held under current legislation in respect of the premises known as: Big Town Restaurants, 302 Walworth Road, London SE17 2TE, under section 34 of the Licensing Act 2003. Existing permitted licensable activities are not under consideration at this meeting and the plans are not being updated. The variation application is subject to outstanding representations submitted by responsible authorities and is therefore referred to the sub-committee for determination.
  - Paragraph 8 of this report provides a summary of the existing premises licence. A copy of the existing premises licence is attached at Appendix A.
  - Paragraphs 10 to 12 of this report provide a summary of the application under consideration by the sub-committee. A copy of the full application is attached as Appendix B. A map showing the location of the premises is attached as Appendix D.
  - Paragraphs 15 to 18 of this report deal with the representations submitted in respect of the application, all of which come from responsible authorities. Copies of the representations are attached in Appendix C.

## **BACKGROUND INFORMATION**

### **The Licensing Act 2003**

3. The Licensing Act 2003 provides a new licensing regime for:
  - The sale of and supply of alcohol
  - The provision of regulated entertainment
  - The provision of late night refreshment.
4. Within Southwark, this council wholly administers the licensing responsibility.
5. The Act requires the licensing authority to carry out its functions under the Act with a view to promoting the four stated licensing objectives. These are:
  - The prevention of crime and disorder
  - The promotion of public safety
  - The prevention of nuisance
  - The protection of children from harm.
6. In carrying out its licensing functions, a licensing authority must also have regard to:
  - The Act itself
  - The guidance to the act issued under Section 182 of the Act
  - Secondary regulations issued under the Act
  - The Licensing authority's own statement of licensing policy
  - The application, including the operating schedule submitted as part of the application
  - Relevant representations.
7. The premises licence application process involves the provision of all relevant information required under the Act to the licensing authority with copies provided by the applicant to the relevant responsible bodies under the Act. The application must also be advertised at the premises and in the local press. The responsible authorities and other interested parties within the local community may make representations on any part of the application where relevant to the four licensing objectives.

## **KEY ISSUES FOR CONSIDERATION**

### **The current premises licence**

8. The current premises licence issued in respect of the premises known as Big Town Restaurants, 302 Walworth Road, London SE17 2TE was issued on 14 October 2019 and allows the following licensable activities:

- The sale by retail of alcohol (on sales):
    - Monday to Saturday: from 10:00 to 22:30
    - Sunday: from 11:00 to 22:30
  - Opening hours:
    - Monday to Sunday: from 07:00 to 23:00
9. A copy of the existing premises licence and plans are attached as Appendix A.

### **The variation application**

10. On 20 february 2021, the premises licence holder Good Food Ventures applied under section 34 of the Licensing Act 2003 to this council to vary the premises licence issued in respect of the premises known as Big Town Restaurants, 302 Walworth Road, London SE17 2TE.
11. The application for variation is described as follows:
- “...Extension of hours during which the premises will be open to the public from 07:00 – 23:00 Monday – Sunday To 00:00 – 00:00 (24hrs) Monday – Sunday.
- Extension of hours for the sale by retail of alcohol for consumption on the premises from 10:00hrs – 22:30 Monday – Sunday To 10:00 – 23:00 Monday – Sunday.
- Provision of late-night refreshment for take-away and consumption on the premises from 23:00 – 05:00 Monday – Sunday.
- No regulated entertainment of any kind. No playing of live or recorded music of any kind...”

12. The application also seeks to amend the existing hours of alchol activities and to add additional licenablce activities:
- The sale by retail of alcohol (on sales):
    - Monday to Sunday: from 10:00 to 23:00
  - The provision of late night refreshment (both indoors and outdoors) (Provision of hot meals and drinks for consumption on the premises; for take-away by customers; and for delivery to customer addresses. No outside dining area at premises):
    - Monday to Sunday: from 23:00 to 05:00

- Opening hours:
    - Monday to Sunday: from 00:00 to 00:00.
13. A copy of the application is attached to this report as Appendix B.

### **Designated Premises Supervisor**

14. The current designated premises supervisor (DPS) under the existing premises licence is Korham Topal who holds a personal licence with the London Borough of Southwark.

### **Representations from responsible authorities**

15. The Metropolitan Police have made representation, objecting to the extension of operational hours on the grounds of public nuisance and crime and disorder. The police add that other premises in the area that have a 24 hour opening for the sale of late night refreshments have attracted crowds, anti-social behaviour and serious violence. There is a concern that the conditions offered in the operating schedule are inadequate for a premises with a 24hour operation.
16. The licensing authority also made a representation objecting to the variation. The licensing authority objected to the application for extended hours and stated that they are excessive in relation to the hours recommended in the Southwark statement of licensing policy.
17. Copies of the representations are available in Appendix C.

### **Representations from other persons**

18. No representations have been received from other persons.

### **Conciliation**

19. Copies of representations were provided to the Applicant. At the point that this report was written, the Applicant had not conciliated with the objecting Responsible Authorities.

### **Operating history**

20. The original premises licence was issued on 02 June 2016.
21. A variation application was received on 14 October 2019, transferring to the current licence holder with immediate effect.
22. There is no history of recent complaints or Temporary Events Notices for the premises.

## Map

23. A map of the area is attached to this report as Appendix D. There are some licensed premises in the immediate vicinity:

### **Shishlique, 326 Walworth Road, London SE17 2NA**

- Late night refreshment - indoors
  - Sunday to Thursday: from 23:00 to 00:00

- Sale by retail of alcohol – off sales
  - Sunday to Thursday from 12:00 to 23:00
  - Saturday and Sunday from 12:00 to 00:00
- Sale by retail of alcohol – on sales
  - Sunday to Thursday from 08:00 to 23:00
  - Saturday and Sunday from 08:00 to 00:00

**Capalina News, 365 Walworth Road, London SE17 2AL**

- Sale by retail of alcohol – off sales:
  - Monday to Saturday from 08:00 to 23:00
  - Sunday from 10:00 to 22:30

**Walworth Kebab & Burger Bar, 360 Walworth Road, London SE17 2NF**

- Late night refreshment – indoors:
  - Sunday to Thursday from 23:00 to 02:00
  - Friday and Saturday from 23:00 to 04:00.

**Southwark council statement of licensing policy**

24. Council assembly approved Southwark's statement of licensing policy 2021-2026 on 25 November 2020 and it came into effect on 1 January 2021.
25. Sections of the statement that are considered to be of particular relevance to the sub-committee's consideration are:
  - Section 3 - Purpose and scope of the policy. This reinforces the four licensing objectives and the fundamental principles upon which this Authority relies in determining licence applications
  - Section 5 – Determining applications for premises licences and club premises certificates. This explains how the policy works and considers issues such as location; high standards of management; and the principles behind condition setting.
  - Section 6 – Local cumulative impact policies. This sets out this authority's approach to cumulative impact and defines the boundaries of the current special policy areas and the classifications of premises to which they apply. To be read in conjunction with Appendix B to the policy.
  - Section 7 – Hours of operation. This provides a guide to the hours of licensed operation that this Authority might consider appropriate by type of premises and (planning) area classification.
  - Section 8 – The prevention of crime and disorder. This provides general guidance on the promotion of the first licensing objective.
  - Section 9 – Public safety. This provides general guidance on the promotion of the second licensing objective.
  - Section 10 – The prevention of nuisance. This provides general guidance on the promotion of the third licensing objective.
  - Section 11 – The protection of children from harm. This provides general guidance on the promotion of the fourth licensing objective.
26. The purpose of Southwark's statement of licensing policy is to make clear to applicants what considerations will be taken into account when determining applications and should act as a guide to the sub-committee when considering the applications. However, the sub-committee must always

consider each application on its own merits and allow exceptions to the normal policy where these are justified by the circumstances of the application.

### **Cumulative impact area**

27. The premises is not situated in a cumulative impact area but is situated within a residential area.
28. Under the Southwark statement of licensing policy 2021 - 2026 the following closing times are recommended as appropriate within this area for these categories of premises:
  - Restaurants and cafes: 23:00 daily
  - Public houses, wine bars or other drinking establishments: 23:00 daily
  - Night clubs (with 'sui generis' planning classification): these are not considered appropriate for this area
  - Off-licences and alcohol sales in grocers and supermarkets: 23:00 daily
  - Takeaways: these are not considered appropriate for this area.

### **Resource implications**

29. A fee of £315.00 being the statutory fee payable for premises within non-domestic rateable value band has been paid by the applicant company in respect of this application.

### **Consultation**

30. Consultation has been carried out in respect of this application in accordance with the provisions of the Licensing Act 2003. A public notice was published in a local newspaper twice (there was an error on the initial advert. However, this was republished within the specified time period to the satisfaction of the licensing authority). A similar notice exhibited at the premises for a period of 28 consecutive days. This was inspected by a licensing officer during the consultation period and found to be compliant.

### **Community impact statement**

31. Each application is required by law to be considered upon its own individual merits with all relevant matters taken into account.

## **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

### **Director of Law and Governance**

32. The sub-committee is asked to determine the application to vary the premises licence under Section 34 of the Licensing Act 2003.
33. The principles which sub-committee members must apply are set out below.

### **Principles for making the determination**

34. Section 35 of the Licensing Act 2003 sets out the licensing authority's powers and duties in considering the determination of an application for variation.
35. The general principle is that applications for variation must be granted unless relevant representations are received. This is subject to the proviso that the applicant has complied with regulations in advertising and submitting the application.
36. Relevant representations are those which:
  - Are about the likely effect of the granting of the application on the promotion of the licensing objectives
  - Are made by an other party or responsible authority
  - Have not been withdrawn
  - Are not, in the opinion of the relevant licensing authority, frivolous or vexatious.
37. If relevant representations are received then the Sub-Committee must have regard to them, in determining whether it is necessary for the promotion of the licensing objectives to:
  - Add to, omit, and/or alter the conditions of the licence or,
  - Reject the whole or part of the application for variation.

### **Conditions**

38. The sub-committee's discretion is thus limited. It can only modify the conditions put forward by the applicant, or refuse the variation, if it is necessary to do so. Conditions must be necessary and proportionate for the promotion of one of the four licensing objectives, and not for any other reason. Conditions must also be within the control of the licensee, and should be worded in a way which is clear, certain, consistent and enforceable.
39. The four licensing objectives are:
  - The prevention of crime and disorder
  - Public safety
  - The prevention of nuisance
  - The protection of children from harm.

40. Members should note that each objective is of equal importance. There are no other licensing objectives, and the four objectives are paramount considerations at all times.
41. Conditions will not be necessary if they duplicate a statutory position. Conditions relating to late night refreshment and take away aspect of the licence must relate to the night time operation of the premises and must not be used to impose conditions which could not be imposed on day time operators.
42. The Licensing Act requires mandatory conditions in respect of supply of alcohol, the exhibition of films and in respect of door supervisors. The Licensing Act 2003 (Mandatory Licensing Conditions) Order 2003 introduced three new conditions in respect of irresponsible promotions, the oral dispensing of alcohol and free tap water. In October 2010 an additional two conditions will come into force – age verification policy and smaller measures for alcoholic drinks.
43. Members are also referred to the Home Office revised guidance issued under section 182 of the Licensing Act 2003 on conditions, specifically section 10.

### **Reasons**

44. If the sub-committee determines that it is necessary to modify the conditions, or to refuse the application for to vary the premises licence, it must give reasons for its decision.

### **Hearing procedures**

45. Subject to the licensing hearing regulations, the licensing committee may determine its own procedures. Key elements of the regulations are that:
  - The hearing shall take the form of a discussion led by the authority. Cross examination shall not be permitted unless the authority considered that it is required for it to consider the representations.
  - Members of the authority are free to ask any question of any party or other person appearing at the hearing.
  - The committee must allow the parties an equal maximum period of time in which to exercise their rights to:
    - Address the authority
    - If given permission by the committee, question any other party.
    - In response to a point which the authority has given notice it will require clarification, give further information in support of their application.

- The committee shall disregard any information given by a party which is not relevant to the particular application before the committee and the licensing objectives.
- The hearing shall be in public, although the committee may exclude the public from all or part of a hearing where it considers that the public interest in doing so outweighs the public interest in the hearing, or that part of the hearing, taking place in private.
- In considering any representations or notice made by a party the authority may take into account documentary or other information produced by a party in support of their application, representations or notice (as applicable) either before the hearing or, with the consent of all the other parties, at the hearing.
- This matter relates to the determination of an application to vary a premises licence under section 34 of the Licensing Act 2003. Regulation 26(1) (a) requires the sub-committee to make its determination at the conclusion of the hearing.

#### **The council's multiple roles and the role of the licensing sub-committee**

46. Sub-committee members will note that, in relation to this application, the council has multiple roles. Council officers from various departments have been asked to consider the application from the perspective of the council as authority responsible respectively for environmental health, trading standards, health and safety and as the planning authority.
47. Members should note that the licensing sub-committee is meeting on this occasion solely to perform the role of licensing authority. The sub-committee sits in quasi-judicial capacity, and must act impartially. It must offer a fair and unbiased hearing of the application. In this case, members should disregard the council's broader policy objectives and role as statutory authority in other contexts. Members must direct themselves to making a determination solely based upon the licensing law, guidance and the council's statement of licensing policy.
48. As a quasi-judicial body the licensing sub-committee is required to consider the application on its merits. The sub-committee must take into account only relevant factors, and ignore irrelevant factors. The decision must be based on evidence, that is to say material, which tends logically to show the existence or non-existence of relevant facts, or the likelihood or unlikelihood of the occurrence of some future event, the occurrence of which would be relevant. The licensing sub-committee must give fair consideration to the contentions of all persons entitled to make representations to them.
49. The licensing sub-committee is entitled to consider events outside of the premises if they are relevant, i.e. are properly attributable to the premises being open. The proprietors do not have to be personally responsible for the incidents for the same to be relevant. However, if such events are not

properly attributable to the premises being open, then the evidence is not relevant and should be excluded. Guidance is that the licensing authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public, living, working or engaged in normal activity in the area concerned.

50. Members will be aware of the council's code of conduct which requires them to declare personal and prejudicial interests. The code applies to members when considering licensing applications. In addition, as a quasi-judicial body, members are required to avoid both actual bias, and the appearance of bias.
51. Under the Human Rights Act 1998 the sub committee needs to consider the balance between the rights of the applicant and those making representations to the application when making their decision. The sub-committee has a duty under section 17 Crime and Disorder Act 1998 when making its decision to do all it can to prevent crime and disorder in the borough.
52. Other persons, responsible authorities and the applicant have the right to appeal the decision of the sub-committee to the Magistrates' Court within a period of 21 days beginning with the day on which the applicant was notified by the licensing authority of the decision to be appealed against.

### **Guidance**

53. Members are required to have regard to the Home Office revised guidance in carrying out the functions of licensing authority. However, guidance does not cover every possible situation, so long as the guidance has been properly and carefully understood, members may depart from it if they have reason to do so. Full reasons must be given if this is the case.

### **Strategic Director of Finance and Governance**

54. The head of regulatory services has confirmed that the costs of this process over and above the application fee are borne by the service.

## **Annex 1 - Mandatory conditions**

**100** No supply of alcohol may be made under the Premises Licence -

(a). At a time when there is no Designated Premises Supervisor in respect of the Premises Licence; or

(b). At a time when the Designated Premises Supervisor does not hold a Personal Licence or his Personal Licence is suspended.

**101** Every supply of alcohol under the Premises Licence must be made, or authorised by, a person who holds a Personal Licence.

**485 (1)** The responsible person must ensure that staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises.

(2) In this paragraph, an irresponsible promotion means any one or more of the following activities, or substantially similar activities, carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises -

(a) games or other activities which require or encourage, or are designed to require, encourage, individuals to -

(i) drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol), or  
(ii) drink as much alcohol as possible (whether within a time limit or otherwise);

(b) provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic in a manner which carries a significant risk of undermining a licensing objective;

(c) provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less in a manner carries a significant risk of undermining a licensing objective;

(d) selling or supplying alcohol in association with promotional poster or flyers on, or in the vicinity of, the premises which can reasonably be considered to condone, encourage or glamorise anti-social behaviour or to refer to the effects of drunkenness in any favourable manner; and

(e) dispensing alcohol directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of disability).

**487** The responsible person must ensure that free potable water is provided on request to customers where it is reasonably available.

**488 (1)** The premises licence holder or club premises certificate holder must ensure that an age verification policy is adopted in respect of the premises in relation to the sale or supply of alcohol.

(2) The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy.

(3) The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and either

- (a) a holographic mark; or
- (b) an ultraviolet feature.

**489** The responsible person shall ensure that –

(a) Where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available to customers in the following measures -

- (i) Beer or cider: 1/2 pint;
- (ii) Gin, rum, vodka or whisky: 25 ml or 35 ml; and
- (iii) Still wine in a glass: 125 ml;

(b) these measures are displayed in a menu, price list or other printed material which is available to customers on the premises; and

(c) where a customer does not in relation to a sale of alcohol specify the quantity of alcohol to be sold, the customer is made aware that these measures are available,

**491** 1. A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price.

2. For the purpose of the condition set out in paragraph (1):

- (a) "duty" is to be construed in accordance with the Alcoholic Liquor Duties Act 1979;
- (b) "permitted price" is the price found by applying the formula

$$P = D + (D \times V),$$

where-

- (i) P is the permitted price,
- (ii) D is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of the alcohol, and
- (iii) V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol;
- (c) "relevant person" means, in relation to premises in respect of which there is in force a premises licence -

  - (i) the holder of the premises licence;
  - (ii) the designated premises supervisor (if any) in respect of such a licence; or

- (iii) the personal licence holder who makes or authorises a supply of alcohol under such a licence;
- (iv) "relevant person" means, in relation to premises in respect of which there is in force a club premises certificate, any member or officer of the club present on the premises in a capacity which enables the member or officer to prevent the supply in question; and
- (v)"value added tax" means value added tax charged in accordance with the Value Added Tax Act 1994.

3. Where the permitted price given by paragraph (b) of paragraph 2 would (apart from this paragraph) not be a whole number of pennies, the price given by that sub-paragraph shall be taken to be the price actually given by that sub-paragraph rounded up to the nearest penny.

4. (1) Sub-paragraph (2) applies where the permitted price given by paragraph (b) of paragraph 2 on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax;  
(2) the permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day.

## **Annex 2 - Conditions consistent with the operating Schedule**

**288** That a CCTV system shall be installed at the premises and shall be maintained in full working order at all times that the premises are in operation. The CCTV system will record footage of evidential quality in all lighting conditions and should be able to capture a clear facial image of all persons that enter the venue. All public areas will be covered by the CCTV system.

**289** All CCTV footage shall be kept for a period of thirty one (31) days and shall be made immediately available for inspection to officers of the Police and the Council on request.

**293** That all staff involved in the sale of alcohol, or the operation of the premises under this licence, shall be trained in their responsibilities under the Licensing Act 2003 and trained in respect of the full terms and conditions of this licence. Records pertaining to such training shall be kept and be accessible at the premises at all times and will be updated every six months. The training records shall include the trainee's name (in block capitals), the trainer's name (in block capitals), the signature of the trainee, the signature of the trainer, the date(s) of training, a basic summary of what the training included and a declaration that the training has been received. The training records shall be made immediately available to officers of the police and / or the council upon request.

**305** That clearly legible notices will be prominently displayed where they can easily be seen and read by customers at all customer exits requesting to the effect that customers leave the premises and area in a quiet and orderly manner with respect for local residents. Such signage shall be maintained free from obstruction at all times.

**340** That signage shall be displayed stating to the effect that a CCTV system is in operation at the premises.

**341** That there shall be at least one member of staff on duty at all times that the premises are in operation who is trained and proficient in the operation of the CCTV system, and who is capable of operating and retrieving footage at the request of police, council or other authorised officers.

**342** That customers or their guests will not be permitted to take glassware supplied by the premises away from the premises at any time.

**343** That all sales of alcohol shall only be made to customers taking, or waiting for, a substantial table meal at the premises and for consumption as ancillary to such meals.

**344** That all staff involved in the sale of alcohol shall be trained in the challenge 21 scheme in operation at the premises. A record of such training shall be kept / be accessible at the premises at all times and be made immediately available for inspection at the premises to council or police officers on request. The training record shall include the trainee's name (in block capitals), the trainer's name (in block capitals), the signature of the trainee, the signature of the trainer, the date(s) of training and a declaration that the training has been received. Staff shall receive documented refresher training every 6 months.

**4AG** That a challenge 21 scheme shall be maintained at the premises requiring that staff selling alcohol request that any customer who looks under 21 years old, and who is attempting to purchase alcohol, provides valid photographic identification proving that the customer is at least 18 years old. Valid photographic identification is composed of a driving licence, passport, UK armed services ID card and any

Proof of Age Standards Scheme (PASS) accredited card such as the Proof of Age London (PAL) card.

**4AI** That a register of refused sales of alcohol shall be maintained in order to demonstrate effective operation of the challenge 21 policy. The register shall be clearly and legibly marked on the front cover as a register of refused sales, with the address of the premises and with the name and address of the licence holder. The register shall be kept / be accessible at the premises at all times. The register shall be made immediately available to council or police officers on request. At any time, the preceding 12 months refusal register details shall be available at the premises.

Business - Application to vary a premises licence under the Licensing Act 2003  
Ref No. 1625518

Please enter the name(s) of the premises licence holders who is applying to vary a premises licence under section 34 of the Licensing Act 2003 for the premises described in Part 1 below

	Good Food Ventures Ltd (Company Number 09911032)
Premises licence number	870116

#### Notes for Guidance

This application cannot be used to vary the licence so as to extend the period for which the licence has effect or to vary substantially the premises to which it relates. If you wish to make that type of change to the premises licence, you should make a new premises licence application under section 17 of the Licensing Act 2003.

1. You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable for the late night levy
2. Describe the premises. For example, the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place of consumption of these off-supplies of alcohol, you must include a description of where the place will be and its proximity to the premises.
3. In terms of specific regulated entertainments please note that:
  - Plays: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500.
  - Films: no licence is required for 'not-for-profit' film exhibition held in community premises between 08.00 and 23.00 on any day provided that the audience does not exceed 500 and the organiser (a) gets consent to the screening from a person who is responsible for the premises; and (b) ensures that each such screening abides by age classification ratings.
  - Indoor sporting events: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000.
  - Boxing or Wrestling Entertainment: no licence is required for a contest, exhibition or display of Greco-Roman wrestling, or freestyle wrestling between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000. Combined fighting sports – defined as a contest, exhibition or display which combines boxing or wrestling with one or more martial arts – are licensable as a boxing or wrestling entertainment rather than an indoor sporting event.
  - Live music: no licence permission is required for:
    - o a performance of unamplified live music between 08.00 and 23.00 on any day, on any premises.
    - o a performance of amplified live music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500.
    - o a performance of amplified live music between 08.00 and 23.00 on any day, in a workplace that is not licensed to sell alcohol on those premises, provided that the audience does not exceed 500.
    - o a performance of amplified live music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance from a person who is responsible for the premises.
    - o a performance of amplified live music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the relevant premises from: (i) the local authority concerned, or (ii) the school or (iii) the health care provider for the hospital.
  - Recorded Music: no licence permission is required for:
    - o any playing of recorded music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500.
    - o any playing of recorded music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance from a person who is responsible for the premises.
    - o any playing of recorded music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the relevant premises from: (i) the local authority concerned, or (ii) the school proprietor or (iii) the health care provider for the hospital.
  - Dance: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500. However, a performance which amounts to adult entertainment remains

licensable.

- Cross activity exemptions: no licence is required between 08.00 and 23.00 on any day, with no limit on audience size for:
  - o any entertainment taking place on the premises of the local authority where the entertainment is provided by or on behalf of the local authority;
  - o any entertainment taking place on the hospital premises of the health care provider where the entertainment is provided by or on behalf of the health care provider;
  - o any entertainment taking place on the premises of the school where the entertainment is provided by or on behalf of the school proprietor; and
  - o any entertainment (excluding films and a boxing or wrestling entertainment) taking place at a travelling circus, provided that (a) it takes place within a moveable structure that accommodates the audience, and (b) that the travelling circus has not been located on the same site for more than 28 consecutive days.

4. Where taking place in a building or other structure please tick as appropriate (indoors may include a tent).

5. For example state type of activity to be authorised, if not already stated, and give relevant further details, for example (but not exclusively) whether or not music will be amplified or unamplified.

6. For example (but not exclusively), where the activity will occur on additional days during the summer months.

7. For example (but not exclusively), where you wish the activity to go on longer on a particular day e.g. Christmas Eve.

8. Please give timings in 24 hour clock (e.g. 16.00) and only give details for the days of the week when you intend the premises to be used for the activity.

9. If you wish people to be able to consume alcohol on the premises, please tick 'on the premises'. If you wish people to be able to purchase alcohol to consume away from the premises, please tick 'off the premises'. If you wish people to be able to do both, please tick 'both'.

10. Please give information about anything intended to occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children regardless of whether you intend children to have access to the premises, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups or the presence of gaming machines.

11. Please list here steps you will take to promote all four licensing objectives together.

12. The application form must be signed.

13. An applicant's agent (for example solicitor) may sign the form on their behalf provided that they have actual authority to do so.

14. Where there is more than one applicant, each of the applicants or their respective agents must sign the application form.

15. This is the address which we shall use to correspond with you about this application.

Please select number from range	Less than 5000
---------------------------------	----------------

#### Notes

1. You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable for the late night levy
2. Describe the premises, for example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies, you must include a description of where the place will be and its proximity to the premises.

IN ALL CASES COMPLETE BOXES K, L AND M

Provision of regulated entertainment (Please see guidance note 3) Please tick all that apply

Provision of late night refreshment (if ticking fill in box I)

	i) Late night refreshment
--	---------------------------

Supply of alcohol (if ticking fill in box J)

	j) Supply of alcohol
--	----------------------

In all cases complete boxes K, L and M

Will the provision of late night refreshment take place indoors or outdoors or both? ( Please read guidance note 4 )

	Both
--	------

Please give further details here ( Please read guidance note 5 )

	Provision of hot meals and drinks for consumption on the premises; for take-away by customers; and for delivery to customer addresses. No outside dining area at premises.
--	--

Standard days & timings for Late night refreshment (Late night start time is from 23.00, see guidance notes 8)

Day	Start	Finish
Mon	23:00	05:00
Tues	23:00	05:00
Wed	23:00	05:00
Thur	23:00	05:00
Fri	23:00	05:00
Sat	23:00	05:00
Sun	23:00	05:00

State any seasonal variations for the provision of late night refreshment ( Please read guidance note 6 )

	No seasonal variations.
--	-------------------------

Non standard timings. Where you intend to use the premises for the provision of late night refreshment at different times, to those listed. Please list, ( Please read guidance note 7 )

	No non-standard timings.
--	--------------------------

4. Where taking place in a building or other structure please tick as appropriate (indoors may include a tent).
5. For example the type of activity to be authorised, if not already stated, and give relevant further details, for example (but not exclusively) whether or not music will be amplified or unamplified.
6. For example (but not exclusively), where the activity will occur on additional days during the summer months.
7. For example (but not exclusively), where you wish the activity to go on longer on a particular day e.g. Christmas Eve.
8. Please give timings in 24 hour clock (e.g. 16:00) and only give details for the days of the week you intend the premises to be used for the activity.

Will the supply of alcohol be for consumption ( Please read guidance note 9 )

	On the premises
--	-----------------

Standard days and timings for Supply of alcohol ( Please read guidance note 8 )

Day	Start	Finish
Mon	10:00	23:00
Tues	10:00	23:00
Wed	10:00	23:00
Thur	10:00	23:00
Fri	10:00	23:00
Sat	10:00	23:00
Sun	10:00	23:00

State any seasonal variations for the supply of alcohol ( Please read guidance 6 )

No seasonal variations.
-------------------------

Non standard timings. Where you intend to use the premises for the supply of alcohol at different times to those listed. Please list, ( Please read guidance note 7 )

No non-standard timings.
--------------------------

6. For example (but not exclusively), where the activity will occur on additional days during the summer months.

7. For example (but not exclusively), where you wish the activity to go on longer on a particular day e.g. Christmas Eve.

8. Please give timings in 24 hour clock (e.g. 16:00) and only give details for the days of the week when you intend the premises to be used for the activity.

9. If you wish people to be able to consume alcohol on the premises, please tick 'on the premises'.  
If you wish people to be able to purchase alcohol to consume away from the premises, please tick 'off the premises'.

If you wish people to be able to do both, please tick 'both'.

Please highlight any adult entertainment or services, activities, other entertainment or matters ancillary to the use of the premises that may give rise to concern in respect of children ( Please read guidance note 10 )

No adult entertainment of any kind will be provided.
--

#### Guidance Notes

10. Please give information about anything intended to occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children, regardless of whether you intend children to have access to the premises, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups or the presence of gaming machines.

Hours premises are open to the public ( standard timings Please read guidance note 8 )

Day	Start	Finish
Mon	00:00	00:00

Tues	00:00	00:00
Wed	00:00	00:00
Thur	00:00	00:00
Fri	00:00	00:00
Sat	00:00	00:00
Sun	00:00	00:00

State any seasonal variations ( Please read guidance note 6 )

No seasonal variations.
-------------------------

Non standard timings. Where you intend to use the premises to be open to the public at different times from those listed. Please list, ( Please read guidance note 7 )

No non-standard timings.
--------------------------

6. For example (but not exclusively), where the activity will occur on additional days during the summer months.

7. For example (but not exclusively), where you wish the activity to go on longer on a particular day e.g. Christmas Eve.

8. Please give timings in 24 hour clock (e.g. 16:00) and only give details for the days of the week when you intend the premises to be used for the activity.

Please identify those conditions currently imposed on the licence which you believe could be removed as a consequence of the proposed variation you are seeking.

None.

a) General - all four licensing objectives (b,c,d,e) ( Please read guidance note 11 )

1. Licensing Policy: the Applicant has considered the Southwark Statement of Licensing Policy 2019-2021.
--

2. Legal advice: the applicant has sought legal advice in relation to this application for a New Premises Licence and relevant acts of legislation have been considered. These include, but are not limited to: The Licensing Act 2003 and Regulations (as amended),
--

	<p>Anti-Social Behaviour Act 2003, Clean Neighbourhoods and Environment Act 2005, Violent Crime Reduction Act 2006, Police Reform and Social Responsibility Act 2011, The Legislative Reform (Entertainment Licensing) Order 2014, The Deregulation Act 2015, The Immigration Act 2016, The Policing and Crime Act 2017 and the Licensing Act 2003 (Miscellaneous Amendments) Regulations 2017.</p> <p>3. General: Good Food Ventures Ltd ("the Applicant"), with Company number 09911032, runs the Big Town Restaurants Nigerian Food and Grill at 302 Walworth Road, London SE17 2TE. The restaurant serves fresh Nigerian and West African cuisine and is licensed for on-licence sales of alcohol under Southwark Council premises licence number 870116 (enclosed) from 10:00 to 22:30 Monday to Sunday. The hours the premises are open to the public are currently 07:00 to 23:00 Monday to Sunday. The restaurant currently offers takeaway meals (but not alcohol) for consumption off the premises. Takeaway meals may be collected from the premises, or are delivered to customer homes via third-party services such as Uber Eats, JustEat or equivalents.</p> <ul style="list-style-type: none"> <li>- Good Food Ventures Ltd is seeking to take advantage of a growing market for late-night meals by extending their opening hours to 24hr daily and offering meals for takeaway or consumption on the premises during these extended hours. The restaurant would hence be subject to the Southwark Council Late Night Levy under the proposed new hours of operation.</li> <li>- The Applicant is also seeking an extension of hours for the on-licence service of alcohol until 23:00 Monday to Sunday, taking into account the lack of need for a cooling-off period due to the proposed extension to opening hours.</li> <li>- Current opening hours are restricted by Southwark Council planning application 16/AP/0268 which defines opening hours of 07:00 to 23:00 Monday to Sunday and public holidays. Parallel planning approval will hence also be sought for the proposed, extended opening hours. The Applicant will not deviate from existing opening hours unless both planning and licensing approval have been granted.</li> <li>- The restaurant has planning use class A3 (class E(c) as of 1 September 2020). Takeaway meals are therefore currently being provided under the provisions of The Town and Country Planning (General Permitted Development) (England) (Amendment) Regulations 2020 – such permission to continue until 23 March 2022. As the A5 planning class is now Sui Generis, a further planning application will be required in order to continue provision of takeaway food after 23 March 2022.</li> <li>- 302 Walworth Road is located within the Walworth monitoring area. The applicant is hence cognisant of the risks posed to increased public nuisance and crime and disorder. The Applicant will put in place measures to limit these risks as detailed below.</li> </ul> <p>4. Where not specified, licence conditions will remain as per Southwark Council premises licence number 870116. There will be no changes to the premises plan (not included).</p>
--	---

b) the prevention of crime and disorder

	<p>1. A policy will be in force for the management of large groups, i.e. hen and stag parties. The group will be required to nominate a responsible person to liaise with staff. Staff will be trained in dealing with drunken or disruptive behaviour and the procedures for dealing with any such behaviour by patrons. Antisocial behaviour of any kind, including strong, loud and offensive language, shall not be tolerated. Any customers suspected of, or engaging in, the same shall be asked to leave, will be escorted to the exit and observed leaving the vicinity of the premises. Anyone attempting to enter the premises visibly under the influence of alcohol or drugs will be refused entry or shall be asked to leave, escorted to the exit and observed leaving the vicinity of the premises.</p>
--	--

c) public safety

	<p>1. Delivery drivers will not be permitted to mount the pavement with their vehicles when collecting food for delivery to customer addresses. Vehicles must be parked in Sutherland Walk directly to the south of the premises.</p> <p>2. The recommendations of best practice from DEFRA in respect of both retail and consumption of "food on the go" will be adopted and complied with.</p>
--	--

## d) the prevention of public nuisance

	<p>1. There will be no playing of live or recorded music at the premises under any circumstances.</p> <p>2. Doors and windows will be kept closed at all times apart from customer egress or access.</p> <p>3. The Applicant shall conduct regular risk assessments on noise levels outside the premises to ensure that any noise from speech arising from the premises shall not be audible outside the premises or inside habitable rooms of noise sensitive, residential properties in the vicinity.</p> <p>4. No queuing will be allowed outside the premises. The numbers of customers smoking in front of the premises will be limited to no more than 3 and customers will not be allowed to cause a blockage to the public footpath. Clearly legible notices will be prominently displayed detailing these conditions.</p> <p>5. Staff shall implement a dispersal policy outside the premises within the Applicant's direct control to reduce risks of public nuisance.</p> <p>6. The existing licence conditions require that "clearly legible notices will be prominently displayed where they can easily be seen and read by customers at all customer exits requesting to the effect that customers leave the premises and area in a quiet and orderly manner with respect for local residents. Such signage shall be maintained free from obstruction at all times". In addition to this condition, wording will be added to the signage requesting that customers also enter the premises in a quiet and orderly manner.</p> <p>7. The Applicant will have a policy or procedure in place which deals with excessive or unreasonable noise nuisance emanating from customers visiting the premises, and how this would be managed if customers are not prepared to abide by the signage around the premises requesting customers to enter or leave the site quietly.</p> <p>8. The Applicant will be responsible for the behaviour of delivery drivers. Contracts with Uber Eats, JustEat (or equivalent delivery agents) will specify that:</p> <ul style="list-style-type: none"> <li>- Delivery drivers will not be permitted to mount the pavement with their vehicles when collecting food for delivery to customer addresses. Vehicles must be parked in Sutherland Walk directly to the south of the premises.</li> <li>- Delivery drivers must turn off their engines whilst collecting from the premises. There will be no idling of delivery vehicles outside of the premises.</li> <li>- Delivery drivers will not be permitted to wait outside the premises when collecting orders.</li> <li>- Drivers must enter and leave the premises quietly and will not be permitted to smoke or talk outside of the premises.</li> <li>- Clear signage must be displayed inside and outside of the premises making clear to drivers the conditions which apply.</li> <li>- Breach of any of the above conditions will be a disciplinary offence.</li> </ul> <p>9. Adequate waste receptacles, for use by customers, will be provided in and immediately outside the premises.</p> <p>10. The pavement frontage area immediately in the vicinity of the premises will be swept at least twice a day and as and when required, to ensure that all litter emanating from the premises is collected and disposed of. Additionally, and at the same time, the licensee will also undertake routine inspections of the immediate surrounding area and ensure that any litter emanating from the premises is swept up and disposed of.</p> <p>11. The disposal of waste into external receptacles shall not take place between the hours of 22:00 and 08:00. No waste collection or stock deliveries will take place between the hours of 22:00 and 08:00.</p>
--	---

## e) the protection of children from harm

	As per existing licence conditions.
--	-------------------------------------

## Guidance note 11

**Re:- Big Town Restaurants, 302 Walworth Road, London, SE17 2TE**

Dear Sir/Madam

Police are in receipt of an application from the above for a variation to the current premises licence. The hours applied for are considerably outside that recommended within the South Statement of licensing policy.

The current licence application contains minimal in the way of conditions to negate the extra Impact 24 hour opening will have on the area. The Home office guidance issued under Sec 182 of the licensing Act 2003 'General principles' state that it is important in setting the parameters within which the premises may operate. Conditions must be precise and enforceable which the application fails to do.

We object to the granting of the licence on the grounds of Public nuisance, Crime and disorder.

Other premises in the area that have a 24 hour opening for the sale of late night refreshments have attracted crowds, anti social behaviour and serious violence.

The Closing time for Restaurants and Cafes within the policy is Sunday to Thursday is 00:00 hours and for Friday and Saturday is 01:00 hours. I do not see any circumstances to deviate from this.

The Following is submitted for your consideration, Police would welcome the opportunity to conciliate with the applicant should the need arise.

Yours Sincerely

**PC Graham White 288MD**  
 Licensing Officer  
 Southwark Police Licensing Unit

Subject Re: Big Town Restaurants, 302 Walworth Road, London, SE17 2TE

- Application to vary a premises licence

I write with regards to the above application for a premises licence submitted by Good Food Ventures Limited under the Licensing Act 2003, which seeks the following licensable activities:

- To add Late night refreshment (indoors & outdoors) on Monday to Sunday from 23:00 to 05:00 the following day
- To extend the supply of alcohol (on the premises) on Monday to Sunday from 22:30 to 23:00
- Overall opening times shall be on Monday to Sunday from 00:00 to 00:00 (24hrs) (was previously Monday to Sunday from 07:00 to 23:00)

The variation is described within the application as '*Extension of hours during which the premises will be open to the public FROM 07:00 – 23:00 Monday – Sunday TO 00:00 – 00:00 (24hrs) Monday – Sunday. Extension of hours for the sale by retail of alcohol for consumption on the premises FROM 10:00hrs – 22:30 Monday – Sunday TO 10:00 – 23:00 Monday – Sunday. Provision of late-night refreshment for take-away and consumption on the premises from 23:00 – 05:00 Monday – Sunday. No regulated entertainment of any kind. No playing of live or recorded music of any kind.*'

My representation is submitted under the prevention of crime and disorder and the prevention of public nuisance licensing objectives and has regard to the Southwark Statement of Licensing Policy 2021 – 2026.

The premises is situated in The Elephant and Castle Major Town Centre Area and under the Southwark Statement of Licensing policy 2021 - 2026 the appropriate closing times for public houses, wine bars or other drinking establishments on Sunday to Thursday is 23:00 hours and on Friday and Saturday 00:00 hours. Closing times for restaurants and cafes on Sunday to Thursday is 00:00 hours and for Friday and Saturday is 01:00 hours. Closing times for take-away establishment on Sunday to Thursday is 00:00 hours and for Friday and Saturday is 01:00 hours

This application is seeking opening hours in excess of that which is recommended for a restaurant or takeaway establishment within the policy in this area and the application provide any reasons to convince the Licensing sub-committee to divert from the opening hours recommended in the licensing policy.

Therefore to promote the licensing objectives I ask the applicant to consider bringing the closing times in line with the hours as appropriate within the licensing policy and in turn the provision of late night refreshment activities as follows:

**If the premises wish to operate as a restaurant and takeaway:**

- Opening times to cease on Sunday to Thursday at 00:00 and on Friday and Saturday at 01:00
- Late night refreshment to cease on Sunday to Thursday at 00:00 and on Friday and Saturday at 01:00

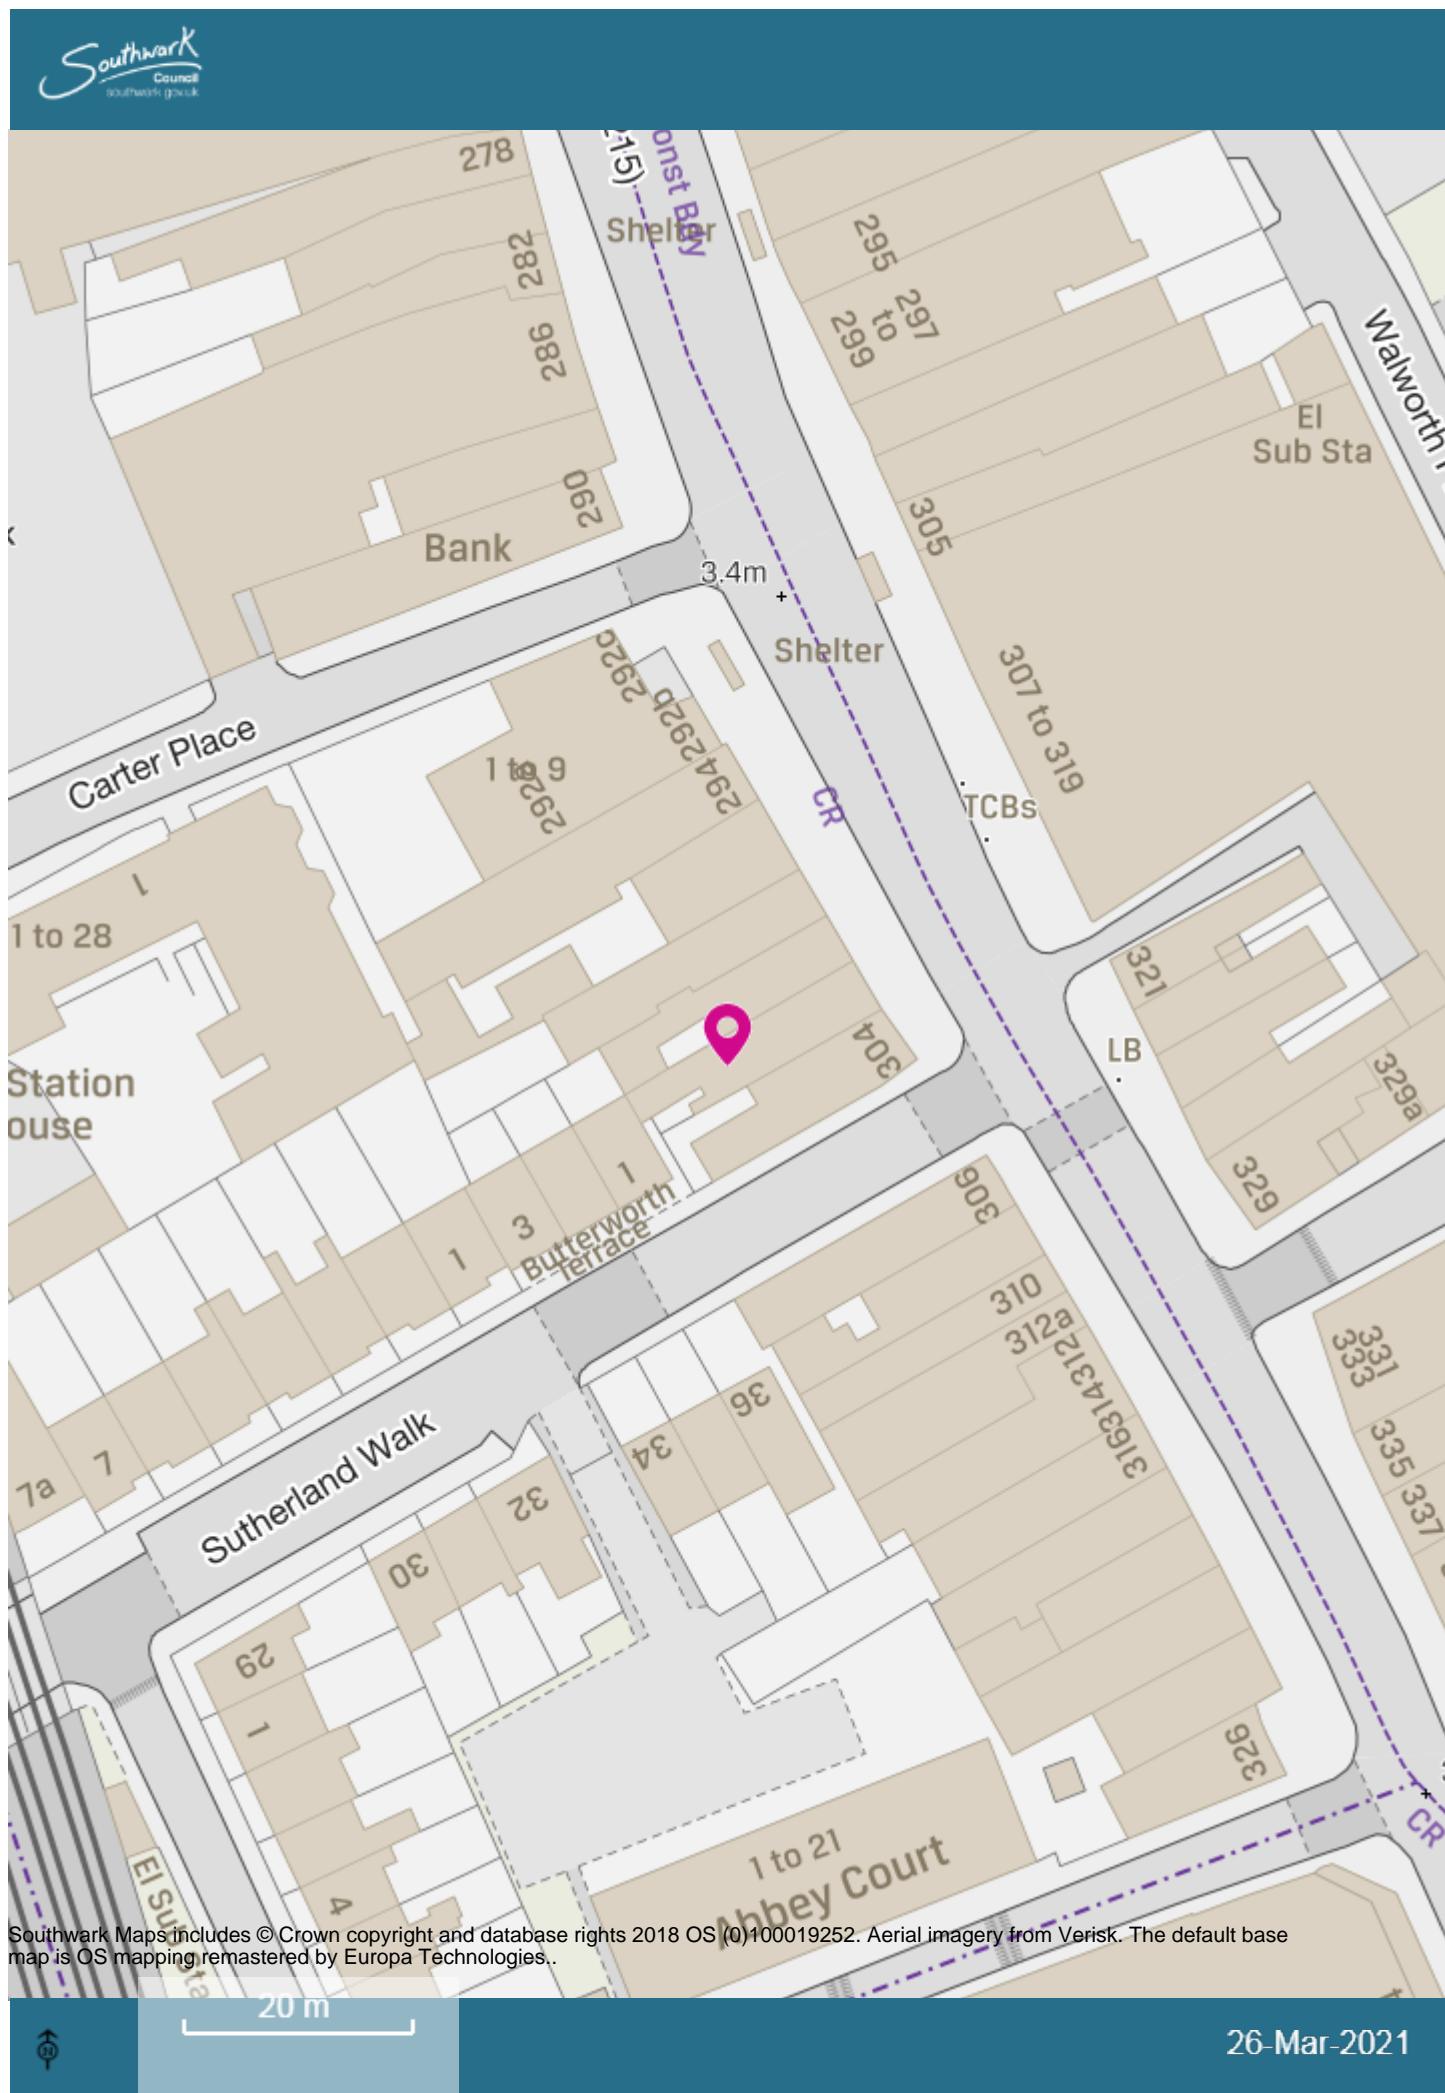

Furthermore, due to the limited information on the application form and to promote the licensing objectives I also ask the applicant to provide the following information:

- An accommodation limit for the premises (to be conditioned)
- To provide a written dispersal policy for the premises. (to be conditioned)

I therefore submit this representation and welcome any discussion with the applicant.

Southward's Statement of Licensing Policy 2019 – 2021 can be found on the following link:
