Note: This is an executive function for decision by the multi-ward forum.

RESOLVED:

1. That the reallocation of underspent funds of £28,111 carried forward from previous years underspend, current programme underspend and current programme project cancellations be agreed.
2. That the following allocation of funds for the 2022-2023 Devolved Highways budget in the North East multi-ward area be agreed:

North Bermondsey ward

Ref	Project	Amount
	Wilson Grove improvement project	£38,095

South Bermondsey ward

Ref	Project	Amount
1742172	Octopus Gardens - Keep our streets cleaner, greener & safer	£4,800
	Ten new bike stores throughout the ward where waiting lists are longest	£44,995

Surrey Docks ward

Ref	Project	Amount
	Surrey Docks Wayfinding Signage	£6,000
	Transfer to South Bermondsey ward for the bike stores project	£5

Rotherhithe ward

Ref	Project	Amount
	Designing in safety: Cottle Way & Albatross Way, SE16	£38,450

The meeting ended at 8.05 pm.

CHAIR:

DATED:

Item No. 9.	Classification: Open	Date: 16 March 2023	Decision Taker: North East Multi Ward Forum
Report title:		Cleaner Greener Safer 2023-24: Capital Funding Allocation (North East)	
Ward(s) or groups affected:		North Bermondsey, Rotherhithe, South Bermondsey, Surrey Docks	
From:		Head of Highways	

RECOMMENDATIONS

1. That the reallocation of underspent funds carried forward from previous years underspend, current programme underspend and current programme project cancellations be approved.
2. That the the allocation of funds for the 2023-24 Cleaner Greener Safer capital programme in the North East Multi Ward Area be approved from the list of applications set out in Appendix 1.

BACKGROUND INFORMATION

3. The Council's Cleaner Greener Safer capital programme has been running since 2003.
4. £ 1.88 million has been allocated every year since 2003 for capital projects within the borough.
5. Funding is allocated to individual wards based on a per councillor calculation.
6. Examples of the types of projects that have been funded include:
 - Parks, community gardens, landscaping, tree planting and wildlife areas
 - Children's playgrounds, youth facilities, ball courts and cycle tracks
 - Lighting, security measures, pavements, streets, and tackling 'grot spots'
 - Grants to local groups to self-deliver projects

KEY ISSUES FOR CONSIDERATION

7. There is £ 255,600 available for the 2023-24 CGS capital programme for new projects in the North East Multi Ward area.
8. There is £ 7,000 in additional funding from previous years underspend,

current programme underspend and current programme project cancellations.

9. Eligible proposals must bring about a permanent improvement and make an area cleaner, greener or safer.
10. Proposals with revenue costs, including salaries, costs for events, festivals, workshops or other one-off events are not eligible for capital funding. CCTV proposals and internal improvements to housing property and works on schools where there is no access to the general public are also not eligible. Works on private property are not eligible unless there is a long-term guarantee of public access or a demonstrable public benefit.
11. The application form invited expressions of interest for the applicants to deliver projects themselves. A due diligence exercise to ensure that this is both practical and realistic has been undertaken as part of the feasibility process. In such cases, the council would give the funding allocation to the applicant in the form of a capital grant, with appropriate conditions attached.

Policy framework implications

12. The Cleaner Green Safer programme is fully aligned with the council's policies around sustainability, regeneration and community engagement.
13. The Cleaner Greener Safer programme fully supports and aligns with the council's Streets for People strategy which outlines the council's ongoing commitment to, and ambition for, healthier neighbourhoods, cleaner air, thriving town centres and safer roads.

Community, equalities (including socio-economic) and health impacts

Community impact statement

14. The roles and functions of Multi Ward areas include the promotion of involvement of local people in the democratic process and to take decisions about local matters.
15. The Multi Ward Forums have delegated authority in the following key areas: The Neighborhoods Fund, Cleaner Greener Safer and Devolved Highways capital programmes and community project banks.
16. An explicit objective within Multi Ward areas is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared or mutual interest. The Cleaner Greener Safer programme is an important tool in achieving community participation.

Equalities (including socio-economic) impact statement

17. In fulfilling the above objectives of Multi Ward areas to bring together and involve Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decision to the need to:
 - a. Eliminate discrimination, harassment, victimisation or other prohibited conduct;
 - b. Advance of equality of opportunity between persons who share a relevant protected characteristics and those who do not share it;
 - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
18. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation.
19. Having due regard to the need to advance equality of opportunity is further defined in s.149 as having due regard to the need of:
 - a. Remove or minimise disadvantages connected with a relevant protected characteristic;
 - b. Take steps to meet the different needs of persons who share a relevant protected characteristic;
 - c. Encourage persons who share a relevant protected characteristic participate in public life or any other activity in which they are under-represented.
20. When undertaking the duties under section 149 the council must ensure:
 - a. The duty must be fulfilled before the decision in question is enacted;
 - b. The duty must be exercised in substance with 'rigour and an open mind'; it is not a matter of ticking boxes and;
 - c. The duty is continuing; it does not end with the completion of any EIA and due regard must be had as policy evolves and is implemented
21. Ideas for CGS projects come from the local community, the majority via a simple project nomination form available in electronic and paper format.

Health impact statement

22. The following health benefits are possible or expected based on the types of projects normally funded via the Cleaner Greener Safer Programme.
23. An Increase in community assets in the public realm – providing more places for people to spend time in their local community. This has the potential to have a positive impact on social and mental wellbeing, by creating connected and cohesive communities.
24. Increased ownership over community public realm – this helps people within the community join together around a project, supporting

connected and cohesive communities

25. Project examples such as parks, community gardens, landscaping, tree planting and wildlife areas may have the following impacts:
 - a. Improve mental wellbeing by increasing access to the outdoors and nature
 - b. Improved access to affordable healthy food, supporting people to be more food insecure
 - c. Tree planting and green spaces may help to reduce or disperse air pollution, supporting people's physical health
26. Projects such as children's playgrounds, youth facilities, ball courts and cycle tracks, encourage physical activity that has a huge number of health benefits including supporting people to achieve a healthy weight.
27. Projects such as lighting, security measures, pavements, streets, and tackling 'grot spots' support community safety.

Climate change implications

28. The allocation of funds in the North East Multi Ward Area towards the 2023-24 CGS capital programme actively supports the council's ambition to become carbon neutral by 2030.
29. It is also a decision aligned with the programme of work set out within the Climate Strategy and Action Plan, namely through priorities One, Two, Three and Five – Greener Buildings, Active and Sustainable Travel, Thriving Natural Environment and Renewable Energy.
30. By reallocating these funds, the council is continuing to invest in community led projects that reduce carbon and promote biodiversity. For example, the development of community gardens, wildlife areas and additional tree-planting all aid in the protection of local flora, fauna and wildlife.
31. Additionally, lighting upgrades taken through this scheme will look to improve energy efficiency and the development of cycle tracks through this scheme help residents transition towards active travel.
32. With all CGS spending decisions, potential carbon impact will be taken into account as part of the allocation process and where possible, officers should attempt to monitor and evaluate potential carbon emissions from individual schemes.

Resource implications

33. There are no additional staffing implications as provision will be made from the Highways Division to deliver the recommendations included in this report.

Financial implications

34. The funding for the CGS capital programme from 2011 to 2021 was approved by the cabinet and is part of the council's overall capital programme as detailed in the Capital Programme 2011–2021 report dated 21 June 2011.
35. The allocation of funding per ward for the CGS capital programme was approved by the Cabinet Member for Transport Environment and Recycling as detailed in Allocation of funds to wards via Cleaner Greener Safer and Devolved Highways programmes report dated 20 December 2018.
36. The funding for the 2023-24 CGS capital programme was approved by the Cabinet Member for Environment, Transport Management and Air Quality as detailed in Launch of Cleaner Greener Safer Capital Programme 2015-16 report dated 6 August 2014
37. All professional fees related to the project are also treated as the capital costs of the project. Where projects are awarded as a grant to organisations, the award amount announced at multi ward forum includes professional fees. The multi ward forum award notification to grant recipients details the grant amount only, excluding these fees.
38. CGS projects must be completed within two years of award of funding. Projects that are unlikely to be completed within two years will be reported to Multi ward forum and available budgets may be reallocated to other projects. Revenue costs not covered by maintenance or the contractual liability period will fall upon the asset owner. The department will be notified of the likely costs before the schemes proceeds, in order to secure permission to implement the scheme.
39. After the defects and liability period, or three year maintenance period in the case of planting works, all future maintenance is assumed by the asset owner, for example Housing, Parks, Highways, or in some cases external asset owners. Therefore, there are no revenue implications to the Highways division as a result of approving the proposed allocation.
40. The total expenditure and sources of funding for the scheme will be monitored and reported on as part of the overall Capital Programme.
41. Value for money will be ensured when the contract is procured by following the council's contract standing orders.

SUPPLEMENTARY ADVICE FROM OTHER OFFICERS

Assistant Chief Executive – Governance and Assurance

SC/02/22

42. Part 3H of the Council's Constitution provides that Multi Ward Forums can

'approve the allocation of neighbourhood funds, cleaner, greener, safer and devolved highway capital schemes of a local nature using the resources and criteria identified by the cabinet'. The recommendations in this report are therefore appropriate for determination by the North East Multi Ward Forum.

43. The Council has a duty, pursuant to Section 149 of the Equality Act 2010, to have due regard in the exercise of its functions to eliminate discrimination, advance equality of opportunity and foster good relations between persons who share a relevant protected characteristic and persons who do not share it. Protected characteristics include age, disability, pregnancy and maternity. It is noted at paragraphs 15-19 of this report that officers have considered the Public Sector Equality Duty and have concluded that at this time the proposals will have no detrimental impacts on a particular protected group under the Equality Act.
44. The Human Rights Act 1998 imposes a duty on the Council as a public authority to apply the European Convention on Human Rights; as a result the Council must not act in a way which is incompatible with these rights. The most important rights for planning and highways purposes are Article 8 (respect for homes); Article 6 (natural justice) and Article 1 of the First Protocol (peaceful enjoyment of property). The implementation of these proposals which are the subject of this report are not anticipated to breach the provisions of the Human Rights Act 1998.
45. Council Assembly on 14 July 2021 approved a change to the Council's constitution to confirm that all decisions made by the Council will consider the climate and equality (including socio-economic disadvantage and health inequality) consequences of taking that decision. This has been considered in the report at paragraphs 12-31 above.

Strategic Director of Finance and Governance

46. This report seeks the approval of the North East Multi Ward area for the allocation of funds (£255,600 + £7,000 reallocated) for the 2023-24 Cleaner Greener Safer (CGS) programme in the North East Multi Ward Area from the list of applications set out in Appendix 1.
47. The Strategic Director of Finance and Governance notes the resource implications in the report and that the proposed allocations will be contained within the CGS element of the council's capital programme.
48. It is also noted that officers' time and any other costs connected with this recommendation will be contained within existing departmental revenue budgets.

Item No. 10.	Classification: Open	Date: 16 March 2023	Meeting Name: North East Area Multi-Ward Forum Meeting
Report title:		Allocation of Neighbourhoods Fund for 2023-24	
Ward(s) or groups affected:		North Bermondsey, Rotherhithe, South Bermondsey and Surrey Docks	
From:		Director of Communities	

RECOMMENDATION

1. That the NE Multi-Ward Forum allocates a total of £120,000 of the Neighbourhoods Fund 2023-24 to the list of applications outlined in Appendix 1. In addition to this, funds totaling £4,958 remain unallocated from previous years' allocations and thus are also available for allocation.

BACKGROUND INFORMATION

2. The Neighbourhoods Fund (NsF) was introduced in 2015 by merging two former revenue programmes known as Cleaner, Greener, Safer revenue (CGS) and Community Council Fund (CCF). The cabinet member for communities, employment and business authorised the amalgamation of the CGS revenue fund and community council fund, into a single funding programme to create a new Neighbourhoods Fund for the 2015-16 round and onwards. This decision was taken on 12 December 2014.
3. The NsF has a borough-wide funding budget of £630,000 with an allocation of £10,000 per Councillor, for each ward. This is subject to annual budget setting process.
4. The purpose of introducing the NsF was to give local areas decision making powers over significant amounts of revenue funding, that they could allocate to meet locally determined priorities.

KEY ISSUES FOR CONSIDERATION

5. Each ward will have £10,000 per Councillor of revenue grants to allocate and it is proposed that any unallocated funds from the previous rounds (years) are to be carried forward and added to the financial year commencing 1 April 2023.
6. The Multi-Ward forums will use the criteria set out below for the allocation of this funding:
 - a. Creating opportunities for people from different backgrounds to get on well together; (e.g. community cohesion)

- b. Establishing projects which treat each other with respect and consideration (e.g. being a good neighbour, inter-generational contacts)
 - c. Encouraging residents to be responsible for their own neighbourhood (e.g. community clean-ups; volunteering initiatives)
 - d. Specific measures to enhance a neighbourhood's environment (e.g. increased cleaning).
7. A Multi-Ward forum may choose to allocate *some* of their NsF resources to their CGS capital allocations.
 8. Subject to the availability of resources, the NsF may be used to 'buy' services from the council.
 9. As with any executive decision taken by Multi-Ward forums, this is subject to the council's existing scrutiny arrangements.

Policy framework implications

10. The NsF has a borough-wide funding budget of £630,000 with an allocation of £10,000 per Councillor, for each ward. This is subject to annual budget setting process. The fund can allow individuals and community groups to organise their own events /projects to enable communities to come together.

Community, equalities (including socio-economic) and health impacts

Community impact statement

11. The roles and functions of Multi-Ward forums include the promotion of involvement of local people in the democratic process. Multi-Ward forums take decisions on local matters including environmental improvement and community safety as well as consultation on a wide range of policies and strategies that affect the area.
12. An explicit objective within the Empowering Communities Programme (ward and multi-ward meetings) is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared mutual interest.
13. The allocation of the 2023-24 NsF North East Multi-Ward forum budget will in the main, affect the people living in the North East Area. However, in making the area a better place to live and improving life chances for local people, the North East Multi-Ward area, NsF activities will have an impact on the whole of Southwark.
14. The NsF is an important tool in achieving community participation and cohesion. Having a strong, vibrant and engaged community is a key part of creating a fairer and just society through enabling volunteering, participation, inclusion and well-being at a borough wide and neighbourhood level.

Equalities (including socio-economic) impact statement

15. In fulfilling the above objectives that Multi-Ward forums have of bringing together and involving Southwark's diverse local communities, consideration has also been given to the council's duty under section 149 of the Equality Act 2010 which requires the council to have due regard when taking decisions to the need to:
- a. Eliminate discrimination, harassment, victimisation or other prohibited conduct
 - b. Advance of equality of opportunity between persons who share a relevant protected characteristic and those who do not share it
 - c. Foster good relations between those who share a relevant characteristic and those that do not share it.

The protected characteristics are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation.

16. Having due regard to the need to advance equality of opportunity between those who share a relevant characteristic and those who do not share it is further defined in s.149 as having due regard to the need to:
- Remove or minimise disadvantages connected with a relevant protected characteristic.
 - Take steps to meet the different needs of persons who share a relevant protected characteristic.
 - Encourage persons who share a relevant protected characteristic to participate in public life or any other activity in which they are under-represented.

Due consideration was given to equalities impact during the design of this awards process and no adverse impact was evident.

17. When undertaking the duties under section 149 the council must ensure:
- The duty must be fulfilled before the decision in question is enacted;
 - The duty must be exercised in substance with 'rigour and an open mind'; it is not a matter of 'ticking boxes'; and
 - The duty is continuing; it does not end with the completion of any equality impact assessment and due regard must be had as policy evolves and is implemented.

18. Due consideration was given to this duty during the process of identifying recipients of the NsF grants and no adverse impact on any group with a protected characteristic was evident. The open application process enables residents with protected characteristics to facilitate events that are relevant to them, and equality monitoring is required which will assist the council in continuous compliance with the public sector equality duty.

Health impact statement

19. The impact of the COVID-19 pandemic has disadvantaged many communities in the borough and highlighted health inequalities.
20. Improving access to council funding will enable organisations to better support the health and wellbeing of their communities. It will also increase their ability to support their communities and address key issues within their localities.

Climate change implications

21. There are projects listed in the Appendix that may have positive climate change implications in the North East Area (e.g. community gardening projects) if they are successful.

Resource implications

22. There are no resource implications.

Legal implications

23. All approved applicants will need to comply with all relevant council grant approval requirements.

Financial implications

24. The North East multi-ward NsF has been allocated a total of £120,000, for 2023-24. In addition to this, funds totaling £4,958 remain unallocated from previous years' allocations and thus are also available for allocation.
25. It is recommended that Multi-ward forums set aside some unallocated funds from previous years in order to prevent an over allocation of funds, as well as to act as a contingency from which urgent or incidental requests can be funded throughout the year.

Consultation

26. The NsF projects may require consultation with stakeholders, including the project applicant, local residents and tenants and residents associations where applicable.

SUPPLEMENTARY ADVICE FROM OTHER OFFICERS

Assistant Chief Executive (Governance and Assurance)

27. The Local Government Act 2000 (“the 2000 Act”) gives the Leader the power to delegate any executive function to area committees. The allocation of the neighbourhoods fund is an executive function.
28. Multi-Ward Forums are ‘area committees’ within the meaning of the 2000 Act.
29. The delegation can be found in Part 3H of the Constitution, which enables Multi Ward Forums to approve “the allocation of neighbourhood funds, using the resources and criteria identified by the cabinet”. This is therefore a decision that the Multi-Ward Forum is empowered to take.
30. The Localism Act 2011 gives councils a general power of competence whereby they have power to do anything that individuals generally may do. This power can be used even if legislation already exists that allows a local authority to do the same thing. However the general power of competence does not enable a local authority to do anything which it was restricted or prevented from doing under the previous legislation.
31. The general power of competence includes the power to:
 - (a) incur expenditure
 - (b) give financial assistance to any person
 - (c) enter into arrangements or agreements with any person
 - (d) co-operate with or facilitate or co-ordinate the activities of any person
 - (e) exercise on behalf of any person any functions of that person; and
 - (f) provide staff, goods, services or accommodation to any person.
32. The provision of funding under the NsF falls within the scope of the kind of activities the council can undertake under the general power of competence as this includes the power to give financial assistance to any person.
33. In allocating funding under the NsF multi-ward forums must have regard to the council’s equality duties set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties have been considered in the body of the report. .
34. This report is recommending that the multi-ward forum approve the allocation of monies from the NsF 2023-24 as specified at Appendix 1.

Strategic Director of Finance and Governance

35. The 2023-24 budget allocation for the neighbourhoods fund will be agreed by council assembly as part of the budget setting process. The report notes the allocation is £10,000 per councillor by ward and thus £120,000 should be awarded to the North East Multi-Ward. The report notes a further value from the

prior year allocation, this being the current estimate of funds available at the conclusion of 2022-23.

36. Paragraph 25 notes the need to maintain a contingency element from the funding available for urgent or incidental requests. This is a prudent measure to assist in the effective running of the Neighbourhoods Fund.

2023/24 Neighbourhoods Fund Ward Application Summary Tables

Ward: Surrey Docks

Ref:	Organisation/Group:	Name of Project:	Project Description	Amount Requested [£]:
1736	n/a - applying as an individual with a group sponsor	Southwark East Music Fest	<p>I plan to showcase a variety of music performances from East and South-East Asia. (ESEA). In September, 2021, ESEA Network celebrated the first ESEA heritage month in September with the aim to get it formally recognised by the government in the same way Black history and South Asian heritage month is in the UK. Therefore the ESEA was involved in deciding the need for this project. In Southwark, in particular the North East area ward we have one of the largest East Asian communities in London. This project seeks to celebrate the rich diversities of this community and its related communities through the medium of music. It also seeks to bring people together through a enjoyable family friendly music event. Though there are music ventures in the community, mostly jazz based, what makes this project unique is that it will be pioneering as it has never been done before in the borough or anywhere else. As a result, Southwark will be in the forefront of this new heritage movement. The music performance will be composed of artists from Mongolia, China, Philippines, Thailand, South Korea and Japan.</p> <p>This type of event is needed because music unites people, it's intimate, it connects people with their community. Furthermore, in a time where Asian-hate crime has increased this event embodies the Southwark Stand Together pledge of championing diversity. It also helps when we celebrate our differences, and are open to our diversity, we allow our preconceived notions to be proven wrong. The event will build cultural awareness, as it will help people to learn about other cultures and people. Furthermore, when we remove prejudices and stereotypes through education and celebration using music, we may discourage the ignorance that supports racism but encourage unity instead. I request a £1000 from each ward please.</p>	£3,452.95
1740	Restorative Justice for All International Institute (RJ4All)	Therapy for Mental Health (T4MH)	Following consultations with residents in the SE16 area as well as discussions with the Councillors (e.g. Nick Johnson) of the selected Wards, we have identified an increasing need for free and specialist mental health support particularly in the form of therapy and counselling, group sessions and fitness classes. The key reasons for this rising need	£5,000

North East Multi-Ward Area

2023/24 Neighbourhoods Fund Ward Application Summary Tables

Ref:	Organisation/Group:	Name of Project:	Project Description	Amount Requested [£]:
			<p>are: the trauma and impact of COVID19, isolation and loneliness, poverty and growing unemployment.</p> <p>Over 12 months, T4MH will provide:</p> <p>(a) specialist mental health support in the form of one-to-one therapy at our Community Centre and remote (e.g. via telephone, online) to local residents who self-refer.</p> <p>(b) weekly evening sessions at our Centre aiming to address isolation and loneliness by connecting neighbours and bringing generations and cultures together using the medium of restorative justice dialogue and by sharing free food.</p> <p>(c) bi-monthly fitness group classes at the centre and online especially activities that tend to lift spirits and target our priority groups including indoor cycling, Zumba, salsa and yoga.</p> <p>T4MH is a multi-ward project focusing on the entire SE16 post-code. It is aligned with our long-term vision of establishing the first restorative justice post-code in the world. This project and our vision aim to set up holistic local services that address poverty and encourage community and social cohesion by looking at the individual across needs and abilities.</p> <p>We are a Southwark-born community organisation, and already have an extensive pool of users asking for this project as well as requests from across the selected wards. The identified needs for the proposed three free services is expected to increase as the gap between disadvantaged and affluent local families is growing. We also have evidence that alcohol and drug abuse, homelessness and unemployment have increased in the 5 estates surrounding our centre hosting over 600 families.</p>	
1752	The Proper Blokes Club	The Proper Blokes Club - walk and talk groups	TPBC has been providing a men's walk and talk group in the area since September 2020 with the aim of creating a safe space for men to open up about mental health. We have	£20,200

North East Multi-Ward Area

2023/24 Neighbourhoods Fund Ward Application Summary Tables

Ref:	Organisation/Group:	Name of Project:	Project Description	Amount Requested [£]:
			<p>since expanded into four other London boroughs Sutton, Greenwich, Barnet and Havering. We have over 200 men involved in the project throughout all the areas with Southwark being our main hub and HQ.</p> <p>On average 94 men a week are taking their own lives and we believe that maintaining this safe space we can help reduce that number and really save lives by creating positive communications around the subject.</p> <p>This project tackles not only positive mental wellbeing but also promotes an active lifestyle with the walks themselves. On average the walks are between 4 or 5 miles. They are undertaken at a slow pace so it makes this project available for almost all men.</p> <p>What we deal with on these walks are mostly stress and anxiety related issues due to work, but it also covers a wide wide of mental health issues. The environment we have created helps to ease a lot of these issues due to the relaxing nature of the groups. We have also found that strong friendships are formed from the groups which helps to maintain wellbeing knowing they have support from various members of the groups.</p> <p>This project is ongoing throughout the year. so people can stay as long as they want which makes this programme somewhat unique. We do not just offer a 10 week programme like some other services so is perfect to work along side any professional support any of the users may be using.</p>	
1825	Roosters Boxing Club	To provide boxing fitness and health advice to the youth and adults in our community	In early 2021 we opened a new Community Boxing Gym for Rotherhithe and Bermondsey. Roosters Gym is the brainchild of Jeff Coombes and Roy Connor, this gym is focusing on the youths in the area and getting them fit and healthy, teaching them discipline and providing them with a safe place away from the streets.	£5,000

North East Multi-Ward Area

Ref:	Organisation/Group:	Name of Project:	Project Description	Amount Requested [£]:
			<p>With obesity, gang culture and knife crime all so rife in these areas, it is essential to provide a focus for children and young adults and that is the sole purpose of Roosters Gym, Jeff and Roy aim to provide a sense of belonging and pride to the local youths. They are both so passionate about these issues in their community and see the gym as way of helping children, young adults and adults alike.</p> <p>Both Jeff and Roy have many years boxing experience, both of them enjoyed the camaraderie of belonging to a boxing club from a very young age. Roy has had a total of 25 international fights boxing for England. He is now a professional coach and a level 2 amateur coach. Jeff is also now a level 2 amateur coach and he has the experience of growing up on the streets of Bermondsey and Rotherhithe and feels that he can relate to the youth in these communities.</p> <p>As the gym grows we hope to be able to offer employment and careers advice within the health and fitness industry.</p>	
1914	Big Local Works Bermondsey	The Skills Bridge	<p>The Skills Bridge is a new programme of employment support by Big Local Works (BLW) that will build on our successful Employment Programme and provide the most disaffected Southwark residents with:</p> <ul style="list-style-type: none"> Key Employability and life skills training Information on local job opportunities Welfare and Benefits information Mentoring Tailored 1-2-1 advice and guidance <p>Big Local Works has an extensive history of supporting unemployed people across Southwark. Our work builds local people's economic resilience, reduces poverty and its effects, and helps people build their independence and financial well-being.</p>	£4,930

1932	Musical Mayhem London	Musical Mayhem Scholarships	I often have families saying they are unable to continue classes due to financial struggles, and I will never not have a family join us, and offer then scholarships. It costs the company, and as we aren't really a profit making business it would be very helpful to have some funding to help with these scholarships. We had 5 Ukrainian Refugees who attended our classes on a fully scholarship.	£2,268
1977	Ballers Academy CIC	Ballers Walking Sports	<p>Ballers Academy have been delivering a walking sports club for older people at The Dockland Settlements which is currently funded by Southwark Charities until July 2023 and regularly attracts 13 older people aged 70 plus every Friday morning for 1.5 hours. The weekly sessions help bring older people from different backgrounds to together and supports older people who require extra such as with limited mobility, mental health or dementia.</p> <p>Ballers Academy will deliver free weekly Walking Sports Club sessions for older people to help reduce stress, isolation and loneliness. The activities provide older people the opportunity to meet new people and supports those with two or three limiting long-term health conditions, including dementia, mental health, limited mobility or those who are inactive to stay fit and healthy. Before and after each activity, the group sits down together, and some may have open and individual conversations with refreshments along with reading and discussing various latest news stories from the Southwark News newspaper. The sports activities are delivered by having fun, stimulating the mind, developing balance and hand-eye coordination and offers an opportunity for people that would not otherwise be active and may feel disengaged with the local community. Activities include bowls, cricket, bowling, golf and other fun games using throwing, catching and striking the ball techniques. The weekly sessions also help takes away the stress for those living with someone who has dementia for the time they are at the weekly Walking Sports Club which is often all they might normally get that week. Ballers have also introduced weekly telephone conversations to keep regular communication</p>	£3,235

			going and help reduce people feeling lonely away from the sessions. The sessions are open access, and we accept referrals.	
1985	Ballers Academy CIC	Ballers Girls only Football	Ballers Academy propose to provide young females with the opportunity to attend structured, open accessed football sessions for 38 weeks of the year which take place in a location which is deemed accessible to young people in a safe environment. From consulting with many local partners and parents to decipher which areas and venues are best to target and start engagement. Through our past and continued experience of delivering provision for young people, regular training and competition is important for sustaining participants interest, behaviour and good attitude. This programme will help more young females participate in more competitive sport and physical activity. This applies especially to young people that do not normally participate in regular competitive sport and physical activity. Ballers Academy will positively contribute towards the social challenges and diverse population of London and help inspire young females to take football more seriously following the success of the England Lionesses recently winning the Euro 2022. The free programme will be accessible and inclusive for 45 young people aged between 8-14 to fulfil their potential and stop any barriers for any talented young person living in Southwark.	£3,800
2004	Living Bankside	Living Bankside Academy	See Living Bankside Academy Report	£31,000
2019	Nigel Moyce	Southwark Park Artist in Residence	<p>The project will provide an artist based in Southwark Park who will record activities and events that happen in the park. The idea originated from Southwark Park Cricket Club, because they would like to have a cricket artist available to produce occasional commemorative artworks marking their games, as is done for international Test Matches.</p> <p>This idea was then discussed with Sheila Taylor, Chair of Cherry Garden Tenants & Residents Association, which is the local supporting body for the Cricket Club. Sheila was enthusiastic and suggested broadening the concept and creating the role of 'Artist in Residence' for the Park. This would provide someone who could record in art not only</p>	£1,000

			<p>cricket, but also bowls, tennis, football and all the other sporting activities which take place in the park. This would include both formal and informal activities, and possibly even non-sporting ones.</p> <p>This concept would bring together the various park user groups and help create a greater sense of community. By participating in the art projects, people would be brought into contact with others, learn about different activities, cultures and interests. This friendly interaction would be a great benefit and social support to the diverse community of Southwark Park.</p> <p>I have lived and worked in Southwark and its park for over twenty years and developed numerous contacts amongst the park users. The park is very important to the surrounding community and much valued as a venue for friendly recreation and socialising. Having the park activities recorded in art would be an additional pleasure for everyone.</p>	
2023	Canada Water FC	Canada Water FC	Canada Water FC is a local grassroots football club our project will allow us to provide affordable and competitive football for young people and support families on low income also help the young people and there families make new friends. it will help the wider community as it will help the young people within it stay fit and healthy through activity and sports also it will support keeping the young people out of trouble and away from a crime and anti-social behaviour, it will also see them provided with opportunities to support the in there football pathway and to help develop there abilities and skills whilst also helping to support them with there life skills so that they can become respectable young people providing them with a chance to be successful later on I life . It will also see young people from divers and multicultural backgrounds come together.	£15,258.50
2025	Global Generation	Growing Food and Cooking Feasts Together	Since October 2021 we have been growing the new Paper Garden in Canada Water. Families, businesses, community groups, schools have all helped to transform a slab on concrete into a diverse habitat for wildlife and food growing. In 2022 we set up	£4,940

North East Multi-Ward Area

			community growing beds, which have been a huge success. "Having no garden in the inner city is no joke. Post-pandemic, I was wary about community groups but, because this is outside, I felt safer. With so much regeneration happening locally, it's brilliant to be part of this community space. Long may it be here." - Amanda, Community Grower 2022. With further support we wish to grow the garden further and expand the community grower programme, increasing horticultural training and cooking classes for new growers in 2023. The funding will provide the following at the Paper Garden: 12 x horticultural training workshops and dinner for 20 community growers; 12 x cooking classes on Saturdays for 50 community growers and those accessing local food pantries/banks/fridges. The cooking workshops will provide local people with knowledge and skills to take back to their communities at home. We have seen a huge gap in the knowledge around the fresh food we deliver to the food pantries and what people know about their preparation and benefits. The grow beds will provide local people with a community space to test ideas, experimenting with their own growing projects and growing connections with each other. The community growers will share produce for their cooking, decide on meals together, and what to grow together. Sharing dinner together after the training will create the space to bond, form relationships and connect in a healthy environment.	
2032	Bermondsey Community Kitchen	Bermondsey Community Kitchen inc London Community Kitchen	<p>Bermondsey Community Kitchen is a grassroots local non for profit community organisation. Our project has operated out of Bermondsey for the last several years providing a variety of services for our local community. However our support reaches across Southwark and because of this we are changing our name to the London Community Kitchen, so more people are aware of our services and are not excluded.</p> <p>BCK through the Covid 19 crisis provided over 5000 healthy nutritious ready to eat meals to the local community. This highlighted the essential need for a cooked food provision service in Southwark and was something we continued last year.</p>	£4,500

North East Multi-Ward Area

2023/24 Neighbourhoods Fund Ward Application Summary Tables

Ref:	Organisation/Group:	Name of Project:	Project Description	Amount Requested [£]:
			<p>This year we are expanding this project across the whole of Southwark. The local food banks are overwhelmed with their growing clients. Our project offers something different to the traditional food bank, providing healthy nutritious homemade ready to eat meals.</p> <p>The current cost of living crisis is greatly impacting many local residents, with rising energy costs and grocery shopping prices rocketing, people will have to decide whether to heat their homes or eat. In some cases people won't be able to afford to do either. Our project will provide a lifeline for those most in need, families struggling financially, isolated elderly residents and vulnerable residents. It will provide them with a meal they haven't had to worry about how much it will cost to buy or even cook. It will be healthy, substantial and tasty. It will help to improve wellbeing and reduce stress.</p> <p>BCK will work with ward councillors, so that they can direct us to groups they already work with and advise how meals should be distributed. BCK will work with numerous local groups and TRA's to utilise the contacts they already have in the community to deliver the meals those most in need.</p>	
2055	The Bermondsey Artists' Group managing Southwark Park Galleries	Allotment Club with craft activities for Low-Income Local Families in North-East Southwark	<p>A programme of free weekly drop-in gardening sessions for pre-school children from low-income families from the local estates surrounding Southwark Park in our Community Allotment at Lake Gallery, Southwark Park. Over the past 11 years we have engaged over 4,250 residents. We request joint funding from the wards that we directly serve: North Bermondsey, Rotherhithe and Surrey Docks.</p> <p>Parents, grandparents and carers come with their pre-school children to acquire new gardening and craft skills. Working and learning together helps build the cohesiveness of their local community. They grow, harvest and eat fresh food learning hands-on about healthy eating and the environment. They gain the tools and knowledge to grow their own plants on windowsills and balconies, continuing their journey to eating fresh produce</p>	£6,320

			<p>at home.</p> <p>Our Allotment Club also provides a valuable social space for many parents and carers who experience substantial isolation. These sessions directly tackle obesity where 30% of local 10-11 year-olds are diagnosed as obese. Food education in Early Years is proven to shift attitudes towards eating healthily and instil good food habits in children.</p> <p>The Allotment Club will deliver 20 free sessions for local families on Fridays between 10-12am from April-October 2023. The families will work with a community gardener and workshop leader who have considerable experience in facilitating fun hands-on gardening.</p> <p>To provide an even more welcoming environment, where parents can experience and learn the healthy benefits of plants, in 2023 we will provide reusable infusers so that families can make hot drinks during the workshops using the herbs available in our allotment. This will significantly raise awareness around natural remedies and herbs' health benefits. To encourage even more families to join our free sessions, this year our gardener and workshop leader will run a Pilot taster gardening session at a local nursery.</p>	
2067	MILLWALL COMMUNITY TRUST	Kicks @ St Paul's Sports Ground	<p>Our Kicks programme aims to inspire vulnerable and at-risk children and young people to achieve their potential and improve their wellbeing; working together with the community and partners to build a stronger, safer and more inclusive community in Surrey Docks.</p> <p>Millwall Community Trust will deliver a youth-focused community football & engagement programme of diversionary activities where young people from the ages of 8 to 18 can take part in free weekly sessions (football, dance, boxing, music) at the St Paul's Sports Ground facility and gain coaching and volunteering experience. More structured</p>	£5,000

			<p>volunteering opportunities will be made available to young adults from the ages of 19 to 25. Using the reach and appeal of the Millwall Football Club brand, the Kicks programme will positively contribute towards the social challenges and diverse population of Surrey Docks and help inspire young people away from those who may find themselves caught up in gang and criminal related activities.</p> <p>The project will provide young people with the opportunity to attend structured, open accessed football and youth engagement sessions for 48 weeks of the year which take place in a safe environment. We will engage with approximately 30-40 vulnerable and at-risk children and young people at each session. Through Kicks we also have a specific aim to break down barriers and ensure that all young people feel comfortable being part of our programme. As such we look to deliver specific interventions as and where required to provide further engagement opportunities for any groups which are under-represented from within the community. This will include the development of female only sessions, events and tournaments.</p> <p>Through the Kicks project we will also deliver a range of healthy lifestyle workshops designed to help the young people be more resilient and understand how they can keep themselves healthy and safe.</p>	
2086	Berth Holders Association - South Dock Marina	Local App for the Marina Community	We are creating an app for the local community to increase the community interaction and feel. The app will allow residents to communicate in selected groups eg sustainability group, allow the association to communicate directly with the berth holders, allow events to be organised, allow key information and FAQs to be shared, allow community members to indicate about themselves, the ability for community members to reach out and get help if they need it, plus much more. We are hoping this will cause more interaction with each other, a real feeling of community spirit, taking ownership of the community and it's direction. Our belief is that the app will allow people to be confident in digitally reaching out before interacting physically. Helping community	£20,000

			members is particularly important after the shock of Covid that drove people to be only communicating digitally. We hope to take this new age of digital take up and use it to bring back that physical interaction in communities.	
2138	The Dockland Settlements	Lego Therapy for 7-16 year olds	Lego therapy is a social interaction program for children where they work in a group and complete a task. For the task, they are given different roles and they need to interact among themselves and help each other to finish the task. They are helped and supervised by trained Speech and Language therapists. This program is designed to help children (mostly autistic) who have speech, language and social interaction issues by teaching them the concept of sharing, turn-taking, following rules/guidelines, problem-solving, etc. Lego therapy is an evidence-based approach that has proven to be highly effective. This project was put forward by a local parent with 12-year-old autistic, home-schooled son who have struggled to find suitable social interaction groups in our area. For this purpose, she used to run self-funded Lego therapy sessions with the help of a Speech and Language therapist at her home. There were many families interested in joining this program. However, due to financial constraints, they had to discontinue the program.	£11,700
2188	Samantha Kissin	Let's hear it for The Wibbly Wobbly	<p>This project will commemorate and celebrate comedian, Malcolm Hardee and his iconic floating pub, The Wibbly Wobbly, an iconic fixture on Greenland Dock for many years. In the same vein as this years' Bye George event, it will be an interactive promenade celebration of this extraordinary corner of London and its residents and community.</p> <p>There will be recordings of Malcolm's friends and neighbours, telling stories about him and hopefully some recordings of Malcolm himself. These will attached to a specially designed trail of QR codes placed in significant parts of the the area to be listened to on smartphones potentially with seating. The linked soundbites will be housed on a website which will provide information about Malcolm and the history of the area.</p>	£3,140

North East Multi-Ward Area

2023/24 Neighbourhoods Fund Ward Application Summary Tables

Ref:	Organisation/Group:	Name of Project:	Project Description	Amount Requested [£]:
			<p>The QR codes and banners explaining the project will be in operation over the course of the month of September and over the course of the weekends there will be a steward available to explain the project point visitors in the right direction. People will also be invited to leave messages or voice notes to highlight their own memories of this area. For those without Smartphones or with access problems we can provide a transcript of the content.</p> <p>This project will be inclusive and available to everyone who visits and who lives in this area - it is designed to reinforce the important community ties and sense of history that play such an important part of making Surrey Docks so special. It is also designed to invite interaction amongst neighbours and visitors and celebrate humour and community in a gentle and accessible way.</p>	
2241	Berth Holders Association	Rewilding Greenland	<p>We started a small gardening club with members of the boat community some time ago, and these people contribute to tidying, weeding and sorting of our toilet block area, at the main entrance to Greenland dock (we are already giving back to Southwark, as there are no other staff who do these roles). We also already have many resident waterfowl, a visiting kingfisher and are keen to attract more, plus dragonflies, butterflies, moths, bees and many other insects. We have endangered Pipistrelle bats already feeding on the dock, so further enhancing the ecosystem could increase the food supply and support their sustainability.</p> <p>We believe a gardens benefits are many: enhancing the appearance of the council property, providing space for those without gardens to enjoy gardening, learning about nature, contributing to communal cohesion and improving mental health and well-being. With careful planting, gardens will attract wildlife, some of which is endangered, such as birds, bees and other insects. The Report Lost Life (2010) identified hundreds of animal and plant species that have become extinct in London, and, in the face of further</p>	£5,000

			<p>opportunities for Southwark residents, and allow the festival to remain free.</p> <p>Workshops will involve listening to birds and bats, building DIY audio equipment, and making radio, tailored to each group. They will be hosted at Stave Hill Ecological Park and / or at each group's base. 20 participants from each group will be able to work closely with visiting artists and naturalists to explore and learn about the sounds of Stave Hill and the local area.</p>	
2251	The Dockland Settlements	Zumba for over 50's	<p>The Zumba sessions aim to be at a pace where everyone can keep up and improve fitness while enjoying a fun activity. Studies have shown that maintaining regular physical activity can help prevent many common diseases, such as heart disease and diabetes. Exercise improves overall immune function, which is important for seniors. It can also improve mental health, strength and flexibility, balance and coordination - reducing the risk of falls. Countless studies suggest a lower risk of dementia for physically active individuals, regardless of when you begin a routine. (https://thegreenfields.org/5-benefits-exercise-seniors-aging-adults/)</p> <p>Not only do the participants benefit from the weekly exercise, but it also gives them a chance to get out of the house, meet new people and make friends. Our onsite cafe also provides the perfect opportunity for participants to get together and socialise after the class.</p>	£2,000
2266	Bizzie Bodies cic	Creative Learning Camps	<p>Our Creative Learning camps have now been running successfully again since Spring 2021, including running for four weeks that Summer. Camps incorporate STEAM with sports to ensure our children stay active as well as inquisitive. Mainly aimed at local primary school-aged children, this past Easter and summer we hosted just over 200 kids in free and paid-for sessions, including terrarium making, karate, drama, football, drawing and lettering while previous camps included capoeira, engineering, coding, gymnastics, debate, lantern making, among many others. We have been fortunate enough to often receive funding from local companies and the council to run the camps</p>	£10,980

1736	n/a - applying as an individual with a group sponsor	Southwark East Music Fest	<p>I plan to showcase a variety of music performances from East and South-East Asia. (ESEA). In September, 2021, ESEA Network celebrated the first ESEA heritage month in September with the aim to get it formally recognised by the government in the same way Black history and South Asian heritage month is in the UK. Therefore the ESEA was involved in deciding the need for this project. In Southwark, in particular the North East area ward we have one of the largest East Asian communities in London. This project seeks to celebrate the rich diversities of this community and its related communities through the medium of music. It also seeks to bring people together through a enjoyable family friendly music event. Though there are music ventures in the community, mostly jazz based, what makes this project unique is that it will be pioneering as it has never been done before in the borough or anywhere else. As a result, Southwark will be in the forefront of this new heritage movement. The music performance will be composed of artists from Mongolia, China, Philippines, Thailand, South Korea and Japan.</p> <p>This type of event is needed because music unites people, it's intimate, it connects people with their community. Furthermore, in a time where Asian-hate crime has increased this event embodies the Southwark Stand Together pledge of championing diversity. It also helps when we celebrate our differences, and are open to our diversity, we allow our preconceived notions to be proven wrong. The event will build cultural awareness, as it will help people to learn about other cultures and people. Furthermore, when we remove prejudices and stereotypes through education and celebration using music, we may discourage the ignorance that supports racism but encourage unity instead. I request a £1000 from each ward please.</p>	£3,452.95

1740	Restorative Justice for All International Institute (RJ4All)	Therapy for Mental Health (T4MH)	<p>Following consultations with residents in the SE16 area as well as discussions with the Councillors (e.g. Nick Johnson) of the selected Wards, we have identified an increasing need for free and specialist mental health support particularly in the form of therapy and counselling, group sessions and fitness classes. The key reasons for this rising need are: the trauma and impact of COVID19, isolation and loneliness, poverty and growing unemployment.</p> <p>Over 12 months, T4MH will provide:</p> <p>(a) specialist mental health support in the form of one-to-one therapy at our Community Centre and remote (e.g. via telephone, online) to local residents who self-refer.</p> <p>(b) weekly evening sessions at our Centre aiming to address isolation and loneliness by connecting neighbours and bringing generations and cultures together using the medium of restorative justice dialogue and by sharing free food.</p> <p>(c) bi-monthly fitness group classes at the centre and online especially activities that tend to lift spirits and target our priority groups including indoor cycling, Zumba, salsa and yoga.</p> <p>T4MH is a multi-ward project focusing on the entire SE16 post-code. It is aligned with our long-term vision of establishing the first restorative justice post-code in the world. This project and our vision aim to set up holistic local services that address poverty and encourage community and social cohesion by looking at the individual across needs and abilities.</p> <p>We are a Southwark-born community organisation, and already have an extensive pool of users asking for this project as well as requests from across the selected wards. The identified needs for the proposed three free services is expected to increase as the gap between disadvantaged and affluent local families is growing. We also have evidence</p>	£5,000

			that alcohol and drug abuse, homelessness and unemployment have increased in the 5 estates surrounding our centre hosting over 600 families.	
1752	The Proper Blokes Club	The Proper Blokes Club - walk and talk groups	<p>TPBC has been providing a men's walk and talk group in the area since September 2020 with the aim of creating a safe space for men to open up about mental health. We have since expanded into four other London boroughs Sutton, Greenwich, Barnet and Havering. We have over 200 men involved in the project throughout all the areas with Southwark being our main hub and HQ.</p> <p>On average 94 men a week are taking their own lives and we believe that maintaining this safe space we can help reduce that number and really save lives by creating positive communications around the subject.</p> <p>This project tackles not only positive mental wellbeing but also promotes an active lifestyle with the walks themselves. On average the walks are between 4 or 5 miles. They are undertaken at a slow pace so it makes this project available for almost all men.</p> <p>What we deal with on these walks are mostly stress and anxiety related issues due to work, but it also covers a wide wide of mental health issues. The environment we have created helps to ease a lot of these issues due to the relaxing nature of the groups. We have also found that strong friendships are formed from the groups which helps to maintain wellbeing knowing they have support from various members of the groups.</p> <p>This project is ongoing throughout the year. so people can stay as long as they want which makes this programme somewhat unique. We do not just offer a 10 week programme like some other services so is perfect to work along side any professional support any of the users may be using.</p>	£20,200

		youth and adults in our community	<p>is focusing on the youths in the area and getting them fit and healthy, teaching them discipline and providing them with a safe place away from the streets.</p> <p>With obesity, gang culture and knife crime all so rife in these areas, it is essential to provide a focus for children and young adults and that is the sole purpose of Roosters Gym, Jeff and Roy aim to provide a sense of belonging and pride to the local youths. They are both so passionate about these issues in their community and see the gym as way of helping children, young adults and adults alike.</p> <p>Both Jeff and Roy have many years boxing experience, both of them enjoyed the camaraderie of belonging to a boxing club from a very young age. Roy has had a total of 25 international fights boxing for England. He is now a professional coach and a level 2 amateur coach. Jeff is also now a level 2 amateur coach and he has the experience of growing up on the streets of Bermondsey and Rotherhithe and feels that he can relate to the youth in these communities.</p> <p>As the gym grows we hope to be able to offer employment and careers advice within the health and fitness industry.</p>	
1913	London Bubble Theatre Company	Older Adults' Programme 10th anniversary takeover day	<p>Bubbles Older Adults Programme challenges assumptions about age and aging. 2023 is a milestone year, marking 10 years since it began, and our takeover day will celebrate the achievements of the programme and its members.</p> <p>The programme is unique. Bubble is the only company offering Tea Break Theatre: social theatre groups for residents of Southwark sheltered housing. 2 groups meet in Rotherhithe, for our neighbours at Frank Whymark House and Ronald Buckingham Court. Bubble's building on Elephant Lane is equipped with a workshop and opens its doors twice weekly for local older men to bring projects to make, mend and upcycle at</p>	£5,145.80

			<p>the Rotherhithe Shed.</p> <p>At this event, our Tea Break Theatre groups and Rotherhithe Shed will come together, filling Bubble's building with activities in every room. It will be a celebration with food, music and activities for current, previous and potential members plus an invited audience of local guests.</p> <p>We have run similar events previously. A guest at our 2019 event told us: I felt emotionally moved, connected to people, exhilarated and entertained.</p> <p>Our members will curate the event, supported by specialist artists. Some groups will create work especially for it, others will help us revisit past achievements screening films and displaying work they are proud of and demonstrating what they've gained and learnt from being members of Bubble.</p> <p>Research in February 2021, by C&C (charitable sheltered housing providers) found that isolation and loneliness amongst residents increased during the pandemic from 29%-60%. Members tell us how much they value opportunities to come together, enjoy each other's company, celebrate their collective achievements and show off their creativity to an audience. One Shed member told us:</p> <p>It's very much about doing something together. It's about being another thread, just like the theatre is "just another thread in the community."</p>

			community growing beds, which have been a huge success. "Having no garden in the inner city is no joke. Post-pandemic, I was wary about community groups but, because this is outside, I felt safer. With so much regeneration happening locally, it's brilliant to be part of this community space. Long may it be here." - Amanda, Community Grower 2022. With further support we wish to grow the garden further and expand the community grower programme, increasing horticultural training and cooking classes for new growers in 2023. The funding will provide the following at the Paper Garden: 12 x horticultural training workshops and dinner for 20 community growers; 12 x cooking classes on Saturdays for 50 community growers and those accessing local food pantries/banks/fridges. The cooking workshops will provide local people with knowledge and skills to take back to their communities at home. We have seen a huge gap in the knowledge around the fresh food we deliver to the food pantries and what people know about their preparation and benefits. The grow beds will provide local people with a community space to test ideas, experimenting with their own growing projects and growing connections with each other. The community growers will share produce for their cooking, decide on meals together, and what to grow together. Sharing dinner together after the training will create the space to bond, form relationships and connect in a healthy environment.	
2032	Bermondsey Community Kitchen	Bermondsey Community Kitchen inc London Community Kitchen	<p>Bermondsey Community Kitchen is a grassroots local non for profit community organisation. Our project has operated out of Bermondsey for the last several years providing a variety of services for our local community. However our support reaches across Southwark and because of this we are changing our name to the London Community Kitchen, so more people are aware of our services and are not excluded.</p> <p>BCK through the Covid 19 crisis provided over 5000 healthy nutritious ready to eat meals to the local community. This highlighted the essential need for a cooked food provision service in Southwark and was something we continued last year.</p>	£4,500

North East Multi-Ward Area

Ref:	Organisation/Group:	Name of Project:	Project Description:	Amount Requested [£]:
			<p>This year we are expanding this project across the whole of Southwark. The local food banks are overwhelmed with their growing clients. Our project offers something different to the traditional food bank, providing healthy nutritious homemade ready to eat meals.</p> <p>The current cost of living crisis is greatly impacting many local residents, with rising energy costs and grocery shopping prices rocketing, people will have to decide whether to heat their homes or eat. In some cases people won't be able to afford to do either. Our project will provide a lifeline for those most in need, families struggling financially, isolated elderly residents and vulnerable residents. It will provide them with a meal they haven't had to worry about how much it will cost to buy or even cook. It will be healthy, substantial and tasty. It will help to improve wellbeing and reduce stress.</p> <p>BCK will work with ward councillors, so that they can direct us to groups they already work with and advise how meals should be distributed. BCK will work with numerous local groups and TRA's to utilise the contacts they already have in the community to deliver the meals those most in need.</p>	
2055	The Bermondsey Artists' Group managing Southwark Park Galleries	Allotment Club with craft activities for Low-Income Local Families in North-East Southwark	<p>A programme of free weekly drop-in gardening sessions for pre-school children from low-income families from the local estates surrounding Southwark Park in our Community Allotment at Lake Gallery, Southwark Park. Over the past 11 years we have engaged over 4,250 residents. We request joint funding from the wards that we directly serve: North Bermondsey, Rotherhithe and Surrey Docks.</p> <p>Parents, grandparents and carers come with their pre-school children to acquire new gardening and craft skills. Working and learning together helps build the cohesiveness of their local community. They grow, harvest and eat fresh food learning hands-on about healthy eating and the environment. They gain the tools and knowledge to grow their</p>	£6,320

			<p>- Insurances</p> <p>Many residents within the wards are economically disadvantaged, often living in flats and reliant upon the park as a place for their healthy recreation. The provision of this free programme of events will help families during the cost of living crisis in the peak summer period when events are at a premium.</p>	
2168	ParentsSkills2go	Soft outreach activities, dressmaking and parent space for SEN families	<p>1. To provide families from the local community with soft outreach activities during the half term and holiday period, these sessions will be supported with hot meals. 2. To provide 2 ten week sewing workshops for parents and carers in the local community that will able them develop skills that can lead on to further training and employment The aim is to encourage positive change and enable parents to realise their potential and fulfil their goals. One part of the programme will focus on freehand cutting patterns as opposed to the conventional dressmaking pattern and the other aspect is to support basic sewing skills that can help reduce cost of buying new stuff and maintain not so new items. 3. To provide a space for parents and carers of children with special needs where they can meet and discuss and share issues , get support and respite during the time of dropping and picking up their children from school The aim of these 3 projects is to support learning and development that can enhance abilities and promote mental and emotional well being, reduce isolation and increase confidence and self esteem. It is also about improving confidence in accessing services, promoting family learning and reducing food poverty. Through previous sessions and activities we have found out that the impact of covid is still being felt by families in terms of their mental and emotional well being; families with SEN children who have been attending our after school activities believe that a space to 'breathe' will be helpful and parents have also said that they have a desire to learn sewing but find it difficult to read and understand conventional dressmaking patterns especially if they don't have literacy and numeracy skills. The cost of living Crisis is highlighting these issues more</p>	£4,680

Ward: South Bermondsey

Ref:	Organisation/Group:	Name of Project:	Project Description	Amount Requested [£]:
1736	n/a - applying as an individual with a group sponsor	Southwark East Music Fest	<p>I plan to showcase a variety of music performances from East and South-East Asia. (ESEA). In September, 2021, ESEA Network celebrated the first ESEA heritage month in September with the aim to get it formally recognised by the government in the same way Black history and South Asian heritage month is in the UK. Therefore the ESEA was involved in deciding the need for this project. In Southwark, in particular the North East area ward we have one of the largest East Asian communities in London. This project seeks to celebrate the rich diversities of this community and its related communities through the medium of music. It also seeks to bring people together through a enjoyable family friendly music event. Though there are music ventures in the community, mostly jazz base, what makes this project unique is that it will be pioneering as it has never been done before in the borough or anywhere else. As a result, Southwark will be in the forefront of this new heritage movement. The music performance will be composed of artists from Mongolia, China, Philippines, Thailand, South Korea and Japan.</p> <p>This type of event is needed because music unites people, it's intimate, it connects people with their community. Furthermore, in a time where asian-hate crime has increased this event embodies the Southwark Stand Together pledge of championing diversity. It also helps when we celebrate our differences, and are open to our diversity, we allow our preconceived notions to be proven wrong. The event will build cultural awareness, as it will help people to learn about other cultures and people. Furthermore, when we remove prejudices and stereotypes through education and celebration using music, we may discourage the ignorance that supports racism but encourage unity instead. I request a £1000 from each ward please.</p>	£3,452.95

			<p>counselling, group sessions and fitness classes. The key reasons for this rising need are: the trauma and impact of COVID19, isolation and loneliness, poverty and growing unemployment.</p> <p>Over 12 months, T4MH will provide:</p> <p>(a) specialist mental health support in the form of one-to-one therapy at our Community Centre and remote (e.g. via telephone, online) to local residents who self-refer.</p> <p>(b) weekly evening sessions at our Centre aiming to address isolation and loneliness by connecting neighbours and bringing generations and cultures together using the medium of restorative justice dialogue and by sharing free food.</p> <p>(c) bi-monthly fitness group classes at the centre and online especially activities that tend to lift spirits and target our priority groups including indoor cycling, Zumba, salsa and yoga.</p> <p>T4MH is a multi-ward project focusing on the entire SE16 post-code. It is aligned with our long-term vision of establishing the first restorative justice post-code in the world. This project and our vision aim to set up holistic local services that address poverty and encourage community and social cohesion by looking at the individual across needs and abilities.</p> <p>We are a Southwark-born community organisation, and already have an extensive pool of users asking for this project as well as requests from across the selected wards. The identified needs for the proposed three free services is expected to increase as the gap between disadvantaged and affluent local families is growing. We also have evidence that alcohol and drug abuse, homelessness and unemployment have increased in the 5 estates surrounding our centre hosting over 600 families.</p>

1745	Afro-Brazilian Arts & Cultural Exchange Institute	Fighting Inequality Project	<p>The aim of our organization is to use the arts, Music, dance and performing arts as the vehicle of education and the inspiration for disadvantaged people in the community. Our activities are aimed to support, people to develop their skills in order to have a better chance to integrate in the community and a better future. As a result of our activities we are aiming to reach our outcome of building stronger relationships within the community. and break barriers among members of the community coming from different backgrounds and cultures, facilitating their social inclusion. The main activities of our organisation are: Afro-Brazilian Martial Arts, dance, performing arts and music. Some of the differences that our organisation is aiming to achieve with our project in Bermondsey are:</p> <ul style="list-style-type: none"> - Reduction in the numbers of NEET young people and significant reduction in gang formation in the area of operation. - Reduction of youth crime and drug abuse rates in the areas where the project operates. - Increase in participation in Sport and arts activities among young people ages 4 to 25. <p>We support the young people in their skills development and creation of sense of belonging to a group. Our activities promote commitment, discipline and guided the young people thorough out the necessary steps to pursue their dreams and ambitions.</p>	£4,500
1752	The Proper Blokes Club	The Proper Blokes Club - walk and talk groups	<p>TPBC has been providing a men's walk and talk group in the area since September 2020 with the aim of creating a safe space for men to open up about mental health. We have since expanded into four other London boroughs Sutton, Greenwich, Barnet and Havering. We have over 200 men involved in the project throughout all the areas with Southwark being our main hub and HQ.</p> <p>On average 94 men a week are taking their own lives and we believe that maintaining this safe space we can help reduce that number and really save lives by creating positive communications around the subject.</p>	£20,200

1825	Roosters Boxing Club	To provide boxing fitness and health advice to the youth and adults in our community	<p>In early 2021 we opened a new Community Boxing Gym for Rotherhithe and Bermondsey. Roosters Gym is the brainchild of Jeff Coombes and Roy Connor, this gym is focusing on the youths in the area and getting them fit and healthy, teaching them discipline and providing them with a safe place away from the streets.</p> <p>With obesity, gang culture and knife crime all so rife in these areas, it is essential to provide a focus for children and young adults and that is the sole purpose of Roosters Gym, Jeff and Roy aim to provide a sense of belonging and pride to the local youths. They are both so passionate about these issues in their community and see the gym as way of helping children, young adults and adults alike.</p> <p>Both Jeff and Roy have many years boxing experience, both of them enjoyed the camaraderie of belonging to a boxing club from a very young age. Roy has had a total of 25 international fights boxing for England. He is now a professional coach and a level 2 amateur coach. Jeff is also now a level 2 amateur coach and he has the experience of growing up on the streets of Bermondsey and Rotherhithe and feels that he can relate to the youth in these communities.</p> <p>As the gym grows we hope to be able to offer employment and careers advice within the health and fitness industry.</p>	£5,000

2004	Living Bankside	Living Bankside Academy	See Living Bankside Academy Report	£31,000
2019	Nigel Moyce	Southwark Park Artist in Residence	<p>The project will provide an artist based in Southwark Park who will record activities and events that happen in the park. The idea originated from Southwark Park Cricket Club, because they would like to have a cricket artist available to produce occasional commemorative artworks marking their games, as is done for international Test Matches.</p> <p>This idea was then discussed with Sheila Taylor, Chair of Cherry Garden Tenants & Residents Association, which is the local supporting body for the Cricket Club. Sheila was enthusiastic and suggested broadening the concept and creating the role of 'Artist in Residence' for the Park. This would provide someone who could record in art not only cricket, but also bowls, tennis, football and all the other sporting activities which take place in the park. This would include both formal and informal activities, and possibly even non-sporting ones.</p> <p>This concept would bring together the various park user groups and help create a greater sense of community. By participating in the art projects, people would be brought into contact with others, learn about different activities, cultures and interests. This friendly interaction would be a great benefit and social support to the diverse community of Southwark Park.</p>	£1,000

1736	N/A - applying as an individual with a group sponsor	Southwark East Music Fest	<p>I plan to showcase a variety of music performances from East and South-East Asia. (ESEA). In September, 2021, ESEA Network celebrated the first ESEA heritage month in September with the aim to get it formally recognised by the government in the same way Black history and South Asian heritage month is in the UK. Therefore the ESEA was involved in deciding the need for this project. In Southwark, in particular the North East area ward we have one of the largest East Asian communities in London. This project seeks to celebrate the rich diversities of this community and its related communities through the medium of music. It also seeks to bring people together through a enjoyable family friendly music event. Though there are music ventures in the community, mostly jazz based, what makes this project unique is that it will be pioneering as it has never been done before in the borough or anywhere else. As a result, Southwark will be in the forefront of this new heritage movement. The music performance will be composed of artists from Mongolia, China, Philippines, Thailand, South Korea and Japan.</p> <p>This type of event is needed because music unites people, it's intimate, it connects people with their community. Furthermore, in a time where Asian-hate crime has increased this event embodies the Southwark Stand Together pledge of championing diversity. It also helps when we celebrate our differences, and are open to our diversity, we allow our preconceived notions to be proven wrong. The event will build cultural awareness, as it will help people to learn about other cultures and people. Furthermore, when we remove prejudices and stereotypes through education and celebration using music, we may discourage the ignorance that supports racism but encourage unity instead. I request a £1000 from each ward please.</p>	£3,452.95

1825	Roosters Boxing Club	To provide boxing fitness and health advice to the youth and adults in our community	<p>In early 2021 we opened a new Community Boxing Gym for Rotherhithe and Bermondsey. Roosters Gym is the brainchild of Jeff Coombes and Roy Connor, this gym is focusing on the youths in the area and getting them fit and healthy, teaching them discipline and providing them with a safe place away from the streets.</p> <p>With obesity, gang culture and knife crime all so rife in these areas, it is essential to provide a focus for children and young adults and that is the sole purpose of Roosters Gym, Jeff and Roy aim to provide a sense of belonging and pride to the local youths. They are both so passionate about these issues in their community and see the gym as way of helping children, young adults and adults alike.</p> <p>Both Jeff and Roy have many years boxing experience, both of them enjoyed the camaraderie of belonging to a boxing club from a very young age. Roy has had a total of 25 international fights boxing for England. He is now a professional coach and a level 2 amateur coach. Jeff is also now a level 2 amateur coach and he has the experience of growing up on the streets of Bermondsey and Rotherhithe and feels that he can relate to the youth in these communities.</p>	£5,000

			As the gym grows we hope to be able to offer employment and careers advice within the health and fitness industry.	
1842	Hope Tuesday	Hope Tuesday	<p>Hope Tuesday is a free community cafe where people can get a hot meal in a warm and friendly environment. Our aim is primarily to alleviate loneliness and enable people of different ages and backgrounds to build friendships in a safe environment. Hope Tuesday is the hub around which we want to build other courses and groups. At the moment we run CAP Life skills, helping people on a low income manage their money better and live a healthier life, physically and emotionally. We want to expand this course but also run other groups especially to help with peoples emotional health and wellbeing. Through our existing work running a CAP debt centre and partnering with Southwark Foodbank, we are seeing growing numbers of people who are struggling with their mental health. Both Covid and the current worries over the cost of living crisis are negatively affecting people's anxiety and stress levels. Through supporting hundreds of people through Foodbank and CAP, we feel we are seen in the community as a safe supportive place where people can receive both practical help, a listening ear and friendship. So we want to expand our Hope Tuesday cafe to feed more people and include more crafts and board games and courses that run before the cafe including a wellbeing group. We want to partner with Kintsugi Hope, a mental health and wellbeing charity who provide training and materials to run wellbeing groups. The aim is to help people accept themselves, understand their value and grow towards a more hopeful and resilient future. We also want to provide more social opportunities such as Sunday lunches, Christmas and Easter parties and picnics in the park in summer.</p>	£4,380
1869	Shad Thames Residents' Association	Cleaner Shad Thames	<p>This project aims to continue to provide funding for additional cleaning (via the Council's cleaning contract) in the Shad Thames area, ensuring a cleaner environment for residents, businesses and visitors alike. Extra cleaning will be provided to address the problem of discarded cigarette ends and other waste bin rubbish at weekends and bank holidays, and in addition to the standard Council cleaning service. The impact is a cleaner environment for residents, visitors and businesses in the area, and a strong</p>	£3,500

			<p>This idea was then discussed with Sheila Taylor, Chair of Cherry Garden Tenants & Residents Association, which is the local supporting body for the Cricket Club. Sheila was enthusiastic and suggested broadening the concept and creating the role of 'Artist in Residence' for the Park. This would provide someone who could record in art not only cricket, but also bowls, tennis, football and all the other sporting activities which take place in the park. This would include both formal and informal activities, and possibly even non-sporting ones.</p> <p>This concept would bring together the various park user groups and help create a greater sense of community. By participating in the art projects, people would be brought into contact with others, learn about different activities, cultures and interests. This friendly interaction would be a great benefit and social support to the diverse community of Southwark Park.</p> <p>I have lived and worked in Southwark and its park for over twenty years and developed numerous contacts amongst the park users. The park is very important to the surrounding community and much valued as a venue for friendly recreation and socialising. Having the park activities recorded in art would be an additional pleasure for everyone.</p>

			young people providing them with a chance to be successful later on in life . It will also see young people from diverse and multicultural backgrounds come together.	
2032	Bermondsey Community Kitchen	Bermondsey Community Kitchen inc London Community Kitchen	<p>Bermondsey Community Kitchen is a grassroots local non for profit community organisation. Our project has operated out of Bermondsey for the last several years providing a variety of services for our local community. However our support reaches across Southwark and because of this we are changing our name to the London Community Kitchen, so more people are aware of our services and are not excluded.</p> <p>BCK through the Covid 19 crisis provided over 5000 healthy nutritious ready to eat meals to the local community. This highlighted the essential need for a cooked food provision service in Southwark and was something we continued last year.</p> <p>This year we are expanding this project across the whole of Southwark. The local food banks are overwhelmed with their growing clients. Our project offers something different to the traditional food bank, providing healthy nutritious homemade ready to eat meals.</p> <p>The current cost of living crisis is greatly impacting many local residents, with rising energy costs and grocery shopping prices rocketing, people will have to decide whether to heat their homes or eat. In some cases people won't be able to afford to do either. Our project will provide a lifeline for those most in need, families struggling financially, isolated elderly residents and vulnerable residents. It will provide them with a meal they haven't had to worry about how much it will cost to buy or even cook. It will be healthy, substantial and tasty. It will help to improve wellbeing and reduce stress.</p> <p>BCK will work with ward councillors, so that they can direct us to groups they already work with and advise how meals should be distributed. BCK will work with numerous local groups and TRA's to utilise the contacts they already have in the community to deliver the meals those most in need.</p>	£4,500

2055	The Bermondsey Artists' Group managing Southwark Park Galleries	Allotment Club with craft activities for Low-Income Local Families in North-East Southwark	<p>A programme of free weekly drop-in gardening sessions for pre-school children from low-income families from the local estates surrounding Southwark Park in our Community Allotment at Lake Gallery, Southwark Park. Over the past 11 years we have engaged over 4,250 residents. We request joint funding from the wards that we directly serve: North Bermondsey, Rotherhithe and Surrey Docks.</p> <p>Parents, grandparents and carers come with their pre-school children to acquire new gardening and craft skills. Working and learning together helps build the cohesiveness of their local community. They grow, harvest and eat fresh food learning hands-on about healthy eating and the environment. They gain the the tools and knowledge to grow their own plants on windowsills and balconies, continuing their journey to eating fresh produce at home.</p> <p>Our Allotment Club also provides a valuable social space for many parents and carers who experience substantial isolation. These sessions directly tackle obesity where 30% of local 10-11 year-olds are diagnosed as obese. Food education in Early Years is proven to shift attitudes towards eating healthily and instil good food habits in children.</p> <p>The Allotment Club will deliver 20 free sessions for local families on Fridays between 10-12am from April-October 2023. The families will work with a community gardener and workshop leader who have considerable experience in facilitating fun hands-on gardening.</p> <p>To provide an even more welcoming environment, where parents can experience and learn the healthy benefits of plants, in 2023 we will provide reusable infusers so that families can make hot drinks during the workshops using the herbs available in our allotment. This will significantly raise awareness around natural remedies and herbs' health benefits. To encourage even more families to join our free sessions, this year our</p>	£6,320

			gardener and workshop leader will run a Pilot taster gardening session at a local nursery.	
2065	The Salmon Youth Centre	Adventuring Together Project	<p>The Adventuring Together Project will engage 400 young people from the local community. These young people will age from 6-19yrs old (19-25yrs specifically disabled young people) in accessible non-traditional adventure based activities. By taking part in the project the young people will</p> <ol style="list-style-type: none"> 1. Improve their levels of confidence, motivation and engagement in other activities. 2. Achieve physical challenges and quick youth work outcomes without much prior skill or ability 3. Develop skills around communication, team-working, safe risk-taking. 4. Share unique experiences that strengthen relationships and improve self-esteem. <p>The Centre has developed an indoor ropes course that enables young people to climb up a 12m climbing wall, leap off balconies and swing across the sports hall as if flying in a challenging yet safe environment. We will partner with Climbing Tuition to deliver 84 x two hour sessions throughout the year. Each age group and disabled group will be able to access 6 weeks of climbing and adventure activities on rotation throughout the year. The project will start from April 2020. An experienced adventure worker will run the sessions and provide additional training to staff/volunteer leaders, to maintain our 100% safety record. Young people can gain accreditation/certification in each of the adventure activities, and eventually work towards an AQA award in climbing if interested.</p>	£6,720
2075	Art in the Park	Refreshing nature garden through art	<p>We'll hold art sessions to create improvements to Aspinden Nature garden, based on ideas given by participants and Bede House staff and will include members from Bede Youth Club, Starfish (domestic abuse unit) and the local Southwark community to Aspinden Nature Garden.</p> <p>The lovely and peaceful garden has been planted with wildlife plants and is heavily used and loved. Bede has a group that maintains this every week and use this for quiet space time for PWLD. There are a variety of bird boxes and insect homes which Bede has</p>	£4,996

			<p>made for the inhabitants.</p> <p>The area has been regularly used and managed by people with learning disabilities (PWLD) from Bede House since 2007. We'll involve Bede Youth club to get young people in the area using the nature garden.</p> <p>Many people are not aware of the garden, mainly because the entrance and surrounding fencing is worn out, dark and uninviting, and so the entrance is not noticed by passers-by. We will work with the participants to make the space more noticeable, attractive and pleasant. Information boards about the garden and the wildlife living there, which currently are very faded and easily missed will be redone. The back wall also has potential for decorating but also could be used to build insect houses, bird feeding areas to attract wildlife.</p> <p>Bede has raised the money for a canopy area in the garden which will have a covering soon. This is so they can use the area to do quiet, peaceful art/crafts activities related to the nature garden.</p> <p>We'll work with participants and volunteer groups to clear the existing ivy from fencing. There is ample space to make the front of the garden an attractive and welcoming space to be used and loved by PWLD and other Bede groups.</p>	
2076	Nigeria National Community (NNC)	Intergenerational Community Project	<p>We intend to continue to spread different ranges of awareness amongst the youths through activities teaching them about culture and how to be good citizenry in the community. Care of the elderly would bring our elders towards healthy diet and cooking. helping them through good hygiene, interacting, bonding day with showcase of cultural day where members showcase their rich cultural display. 			<p>The hub will be open to any child aged 7-11 living in the area, but will be grown from a schools coaching programme (NOT funded through this grant) that will involve:</p> <ul style="list-style-type: none"> - Albion - Alfred Salter - Peter Hills with St Mary's & St Paul's - Redriff - Rotherhithe - St John's - St Joseph's, Gomm Row - Southwark Park <p>Children from introductory activities delivered at each school will be encouraged/supported to migrate to evening/weekend activity which features physical literacy, fitness, strength & conditioning, team-building, problem- solving, nutritional workshops and social events, alongside the cricket content.</p> <p>The activity will utilise the Sports Hall at Bacon's College (Jan-Apr) and the cricket facilities at Southwark Park (May-Aug). The programme will also feature important competitive opportunities (leagues/cups/festivals) that provide a focus, support identity and allow opportunities for recognition/achievement. These events are also mechanism to get children travelling around Southwark, getting comfortable with new/different neighbourhoods and facilities, and forming new relationships with children from different backgrounds.</p> <p>Activities will be led by highly qualified coaches with youth work/mentoring experience, alongside participants' family members, local residents and local Sixth Form students who will be trained/qualified as Coach Assistants through the project.</p>	
2299	Galleywall Nature Reserve	Bee friendly planting day	We have 2 beehives in Galleywall Nature Reserve and every year we aim to replenish the stock of plants that will attract bees. We have an observation hive that is used	£175

North East Multi-Ward Area

2023/24 Neighbourhoods Fund Ward Application Summary Tables

Ref:	Organisation/Group:	Name of Project:	Project Description	Amount Requested [£]:
			regularly by adults and children during the summer months. We aim to plant annual and perennial plants as recommended by our resident beekeeper to encourage bees to remain in the reserve. We will run a day focusing on this, together with our resident beekeeper who will be available to provide fun and education to those involved. The benefits that will accrue from this day include: increased knowledge and confidence about bees for all those who use the reserve; attracting bees to the reserve to maintain its health and ensure that honey is made in the hives; create greater biodiversity in planting in the reserve; education of children and families about which plants attract bees. We feel that this is needed because we need to restock the reserve with appropriate plants.	
1975	Yogotional	Yogotional	During the pandemic I started yin yoga online to bring wellbeing. I have attracted some local residents. It is free of charge. It is a place where people can have a chat and then we go into yin yoga for about an hour. It helps with body, mind and emotional wellbeing. At the end there is a meditation during savasanna. Once a year I carry a yoga retreat at Oxford for a weekend and cost of participants is £200. It will be nice to subsidise members so they can come along. Or get some help with the cooking. At the moment it is all volunteer based.	£1,072.68
2115	Create (Arts) Limited	More Creative (MC)	In 2023/24, MC will bring together local schoolchildren and disabled adults in Southwark through interactive, creative workshops, enabling them to break down barriers/develop shared understanding, enhancing inclusion, reducing isolation and improving wellbeing. As advised, Create is applying in both North East and East Central ward areas. ABOUT THE PROJECT ~Designed in partnership with Bede House (BH) and Ilderton Primary School (IPS) ~16 half-day creative arts workshops over 8 weeks. Item No. 11.	Classification: Open	Date: 16 March 2023	Decision Taker: North East Multi-Ward Forum
Report title:		Devolved Highways 2023-24: Capital Funding Allocation (North East)	
Ward(s) or groups affected:		North Bermondsey, Rotherhithe, South Bermondsey & Surrey Docks.	
From:		Head of Highways	

RECOMMENDATIONS

1. That the North East Multi-Ward Forum approves the reallocation of underspent funds carried forward from previous years underspend, current programme underspend and current programme project cancellations that can be allocated towards projects listed in Appendices 1 and 3.
2. That the North East Multi-Ward Forum approves the allocation of funds for the 2023-24 Devolved Highways capital programme in the North East Multi-Ward Area from the list of applications set out in Appendix 1 and in consideration of the officer's proposal recommendations in Appendix 3.

BACKGROUND INFORMATION

3. The council's non-principal road investment programme prioritises works on non-principal roads on a borough-wide basis and this investment forms the largest part of the annual investment programme.
4. Multi-ward areas are allocated a devolved fund of £800,000 each year from the total annual programme to spend on their priorities for highway renewal and maintenance that may not be prioritised as part of the borough-wide programme.
5. The financial provision for each community council is pro-rata by ward, as published in the Highways Capital Investment Programme 2014-15 report.
6. From 2017-18, the scope of the fund has been widened to permit the full range of minor traffic and highway capital schemes rather than solely like-for-like repair and replacement. Examples of the types of works which can now be funded include:
 - a. Footway and carriageway resurfacing.

- b. Traffic calming.
 - c. Localised repairs.
 - d. Accessibility improvements.
 - e. Footway buildouts.
Cycle hangars.
7. Advertisement of the application process for project funding in the North East Multi-Ward area under the programme was carried out in local press, social media, council website and mailing lists from multi ward area forums.

KEY ISSUES FOR CONSIDERATION

8. There is £152,380 available for the 2023-24 Devolved Highways capital programme for new projects in the North East Multi-ward area.
9. There is £80,447 in additional funding from previous years underspend, current programme underspend and current programme project cancellations. The maximum spend available for allocation by the North East Multi-Ward Forum in the 2023-24 financial year is therefore: £232,827
10. The application form for funding invited expressions of interest for the applicants to deliver projects themselves. A due diligence exercise has been undertaken as part of the feasibility process to ensure that this is both practical and realistic.

Policy framework implications

11. The Devolved Highways programme is fully aligned with the Council's policies around sustainability, regeneration and community engagement.
12. The Devolved Highways programme fully supports and aligns with the council's Streets for People strategy which outlines the council's ongoing commitment to, and ambition for, healthier neighbourhoods, cleaner air, thriving town centres and safer roads.

Community, equalities (including socio-economic) and health impacts

Community impact statement

13. The projects listed in Appendix 1 and/or Appendix 3 met the criteria of highway improvements that work towards policies set out in the Council's movement plan.
14. The funding application process itself invited ideas for projects to come from the local community. This has a positive impact in terms of the promotion of involvement of local people in the democratic process and so the allocation of funds promotes highway improvement schemes that work towards policies set out in the Council's movement plan.

15. All projects also follow consultation procedures as set out in paragraph 30 of this report.

Equalities (including socio-economic) impact statement

16. The ideas for Devolved Highways projects came from the local community, the majority via a simple project nomination form which was available in electronic and paper format. The advertising of the project funding application process was through a variety of modes to reach a wide audience and different groups within the area, such as in local press, social media, council website and mailing lists from multi ward area forums.
17. Further consideration of equalities impacts will be carried out as the funded projects progress through the design stage.
18. The allocation of funds is not considered to have any adverse effect on socio-economic or health equalities. The allocation of funds will have no disproportionate impact on any particular age, gender, disability, faith, religion, ethnicity or sexual orientation.

Health impact statement

19. One or more of the following health benefits are expected from allocation of funds based on the types of projects normally funded via the Devolved Highways Programme.
20. An increase in community assets in the public realm – providing more places for people to spend time in their local community. This has the potential to have a positive impact on social and mental wellbeing, by creating connected and cohesive communities.
21. Increased ownership over community public realm – this helps people within the community join together around a project, supporting connected and cohesive communities.
22. Project examples such as tree planting, street lighting, landscaping traffic calming, junction improvements, pedestrian crossings, cycle parking and cycling infrastructure may have the following impacts:
 - a. improve mental wellbeing by increasing access to the outdoors and nature, improve mental and physical wellbeing by improving street space and encouraging active travel;
 - b. improved access to affordable and secure cycle parking which should contribute to less congestion and air pollution locally;
 - c. tree planting and green spaces may help to reduce or disperse air pollution, supporting people's physical health; and
 - d. improved street lighting can improve safety and reduce the chances of crime or anti-social behavior.

Climate change implications

23. The proposals in Appendix 1 & 3 are in line with the council's movement plan which encourages active travel in order to reduce congestion and improve air quality within the borough.
24. The proposed measures listed in Appendix 1 & 3 support the aims of the council's Climate Change Strategy under Priority 2 – Active and Sustainable Travel. Key aims of the council's Climate Change Strategy include to 'reduce car journeys to a minimum by 2030' and to 'be a borough where the walking and cycling becomes the default way to get around'. Part of meeting the borough's ambition of net zero emissions by 2030 includes a reduction in vehicle kilometres travelled and a shift to active and public transport; road transport currently accounts for 15% of the borough's emissions. These measure strongly support that ambition.
25. A just and inclusive transition is at the heart of the council's emerging climate policy. These proposals prioritise the movement of people first and foremost, while retaining vehicle access for those who require it. In delivering a safer and more equitable highway network, the measures are in accordance with the council's approach to addressing the climate emergency.

Resource implications

26. The total expenditure and sources of funding for the scheme will be monitored and reported on as part of the overall Capital Programme.

Legal implications

27. Not applicable.

Financial implications

28. The funding for the 2023-24 Devolved Highways capital programme was approved by the Cabinet Member for Environment, Transport Management and Air Quality as detailed in Allocation of funds to wards via Cleaner Greener Safer and Devolved Highways programmes report dated 20 December 2018.
29. All professional fees related to the project are also treated as the capital costs of the project.
30. The total expenditure and sources of funding for the scheme will be monitored and reported as part of the overall Capital Programme.

Consultation

31. All Devolved Highway projects require consultation with stakeholders,

including the project applicant, local residents, tenants and residents associations and local community groups where appropriate.

SUPPLEMENTARY ADVICE FROM OTHER OFFICERS

Director of Law and Governance (AM 08/02/2023)

32. The North East Multi-Ward Forum is asked to approve the re-allocation and allocation of Devolved Highways funds for the North East Multi-ward area as detailed in paragraph 1-2 of this report.
33. Should the North East Multi-Ward Forum be satisfied with the contents of this report they have the authority to make the decision recommended at paragraph 1 pursuant to paragraph 2, Part 3H of the council's constitution. This part of the constitution states that multi-ward Forums can "approve the allocation of neighbourhood funds, cleaner, greener, safer and devolved highway capital schemes of a local nature using the resources and criteria identified by the cabinet."
34. The Human Rights Act 1998 imposes a duty on the Council as a public authority to apply the European Convention on Human Rights; as a result the Council must not act in a way which is incompatible with these rights. The most important rights for highway and planning purposes are Article 8 (respect for homes); Article 6 (natural justice) and Article 1 of the First Protocol (peaceful enjoyment of property). The allocation of funds is not anticipated to engage or breach the provisions of the Human Rights Act 1998.
35. The Council has a duty, pursuant to section 149 of the Equality Act 2010, to have due regard in the exercise of its functions to eliminate discrimination, advance equality of opportunity and foster good relations between persons who share a relevant protected characteristic and persons who do not share it. Protected characteristics include age, sex, disability, pregnancy and maternity. Officers have considered the public sector equality duty as set out in paragraphs 13 to 22 of this report and have concluded that at this time the proposals will have no detrimental impacts on a particular protected group or on the equality of opportunity under the Equality Act 2010.
36. Council Assembly on 14 July 2021 approved a change to the council's constitution to confirm that all decisions made by the council will consider the climate and equality (including socio-economic disadvantage and health inequality) consequences of taking that decision. This has been considered in the report at paragraphs 23-25 above.

Strategic Director of Finance and Governance (CAP22/069)

37. This report seeks the approval of the North East Multi-ward area for the allocation of funds (£152,380 + £80,447) for the 2023-24 Devolved Highway programme in the North East Multi-ward Area from the list of

applications set out in Appendix 1 and Appendix 3.

38. The Strategic Director of Finance and Governance notes the resource implications in the report that the proposed allocations will be contained within the council's capital programme.
39. It is also noted that officers' time and any other costs connected with this recommendation will be contained within existing departmental revenue budgets.
