BACKGROUND INFORMATION

The Licensing Act 2003

3. The Licensing Act 2003 provides a licensing regime for:
 - The sale of and supply of alcohol
 - The provision of regulated entertainment
 - The provision of late night refreshment.
4. Within Southwark, the licensing responsibility is wholly administered by this council.
5. The Act requires the licensing authority to carry out its functions under the Act with a view to promoting the four stated licensing objectives. These are:
 - The prevention of crime and disorder
 - The promotion of public safety
 - The prevention of nuisance
 - The protection of children from harm.
6. In carrying out its licensing functions, a licensing authority must also have regard to:
 - The Act itself
 - The guidance to the act issued under Section 182 of the Act
 - Secondary regulations issued under the Act
 - The licensing authority's own statement of licensing policy
 - The application, including the operating schedule submitted as part of the application
 - Relevant representations.
7. The premises licence application process involves the provision of all relevant information required under the Act to the licensing authority with copies provided by the applicant to the relevant responsible bodies under the Act. The application must also be advertised at the premises and in the local press. The responsible authorities and other persons within the local community may make representations on any part of the application where relevant to the four licensing objectives.

KEY ISSUES FOR CONSIDERATION

11. The application is summarised as follows:
- A Wine Bar at No. 59, adjoining a retail Wine Shop at No. 61. No. 59 has been granted Change of Use, Planning Permission to operate "... the ground floor of No. 59 Lant Street from wine warehouse (Use Class B8) to a wine bar (Sui generis) in connection with the existing use of No. 61 Lant Street as a wine shop."
 - Annex 2:
 - Remove Condition 125.
 - Remove Condition 127b
 - Condition 307: Increase the combined accommodation limit of No. 59-61 to 120 persons. The current capacity was set when the Premises operated solely as a Wine Shop at No. 61.

12. The application also asked for the sale of alcohol for both on and off the premises for the same times as the off sales, this indicates that the on sales are requested to increase to the following times:
 - **The sale of alcohol to be consumed on the premises:**
 - Monday to Saturday: 08:00 to 23:00
 - Sunday: 10:00 to 22:30
13. The applicant has subsequently stated that it was not his intention to extend the on sales of alcohol.

Representations from responsible authorities

15. Representations were received from two responsible authorities, the Metropolitan Police Service and the environmental protection team.
16. The police representations states that the premises is within Borough and Bankside cumulative impact area and is concerned that the application did not propose adequate control measures with regards to the prevention of crime and disorder to address the removal of conditions and increase in the times for on sales of alcohol.
17. The applicant stated that it was not his intention to increase the hours for the on sales of alcohol and agreed a number of conditions offered by the police.
18. The police therefore withdrew their representation.
19. The environmental protection team representation is concerned under the grounds of the prevention of public nuisance with only with the proposed amendment to condition 307 to increase the maximum customer capacity from 32 to 120 persons.
20. They state that the acoustic reports conducted reports by RBA Acoustics were based on the noise created by 32 patrons, not 120, and these reports were to show the performance of the sound insulation works to meet compliance with part of condition 843:
 - “That there shall be no on sales of alcohol at the premises until a scheme of noise isolation has been submitted to the EHO and approved. The details of the scheme thus approved shall be implemented in full and maintained permanently thereafter. The scheme shall ensure that a minimum airborne sound insulation of 55dB DnT,w + Ctr is provided between the ground and first floor premises.

Furthermore the solution shall ensure that a noise level of 25dBA Leq5mins is not exceeded in the first floor flat above the premises due to noise from the use of the premises.”

21. The environmental protection team have asked for further testing to be conducted to ascertain if the current sound insulation would meet the condition should the capacity be increased to 120 persons.

Southwark Council statement of licensing policy

36. Council assembly approved Southwark's statement of licensing policy 2021-2026 on 25 November 2020 and it came into effect on 1 January 2021.
37. Sections of the statement that are considered to be of particular relevance to the sub-committee's consideration are:
- Section 3 - Purpose and scope of the policy. This reinforces the four licensing objectives and the fundamental principles upon which this authority relies in determining licence applications
 - Section 5 – Determining applications for premises licences and club premises certificates. This explains how the policy works and considers issues such as location; high standards of management; and the principles behind condition setting.
 - Section 6 – Local cumulative impact policies. This sets out this authority's approach to cumulative impact and defines the boundaries of the current special policy areas and the classifications of premises to which they apply. To be read in conjunction with Appendix B to the policy.

- Section 7 – Hours of operation. This provides a guide to the hours of licensed operation that this authority might consider appropriate by type of premises and (planning) area classification.
 - Section 8 – The prevention of crime and disorder. This provides general guidance on the promotion of the first licensing objective.
 - Section 9 – Public safety. This provides general guidance on the promotion of the second licensing objective.
 - Section 10 – The prevention of nuisance. This provides general guidance on the promotion of the third licensing objective.
 - Section 11 – The protection of children from harm. This provides general guidance on the promotion of the fourth licensing objective.
38. The purpose of Southwark’s statement of licensing policy is to make clear to applicants what considerations will be taken into account when determining applications and should act as a guide to the sub-committee when considering the applications. However, the sub-committee must always consider each application on its own merits and allow exceptions to the normal policy where these are justified by the circumstances of the application.
39. Members should take into consideration both the Southwark statement of licensing policy and the Section 182 Guidance when making decisions. The links for these are below:

Climate change implications

43. Following council assembly on 14 July 2021, the council is committed to considering the climate change implications of any decisions.

44. Climate change is not a legal factor in the consideration of a grant of a premises license under the current licensing objectives, however members can make enquiries and request an agreement from applicants to promote the reduction of the impact of climate change that may be caused by the operation of the premises.

45. Examples of such agreements may be:

- Not use single use plastics, such as disposable plastic glasses, when selling alcohol at the premises.
- Encourage patrons not to drive to venues by providing details of public transport on their webpages/tickets.

46. The council's climate change strategy is available at:

Community, equalities (including socio-economic) and health impacts

Community impact statement

47. Each application is required by law to be considered upon its own individual merits with all relevant matters taken into account.

Equalities (including socio-economic) impact statement

48. This report does not result in a policy decision and each application is required to be considered upon its own individual merits with all relevant matters taken into account. In considering the recommendations of this report, due regard must be given to the public sector equality duty set out in section 149 of the Equality Act 2010. This requires the Council to consider all individuals when carrying out its functions.
49. Importantly, the council must have due regard to the need to eliminate discrimination, harassment, victimisation, or other prohibited conduct; advance equality of opportunity and foster good relations between people who have protected characteristics and those who do not. The relevant protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation. The public sector equality duty also applies to marriage and civil partnership, but only in relation to the need to eliminate discrimination, harassment, victimisation, or other prohibited conduct.
50. The equalities impact statement for licensing decisions is contained within the Southwark statement of licensing policy 2021 – 2026 at:

<https://www.southwark.gov.uk/business/licences/business-premises-licensing/licensing-and-gambling-act-policy>.

51. The equalities impact assessment is available at:

<https://moderngov.southwark.gov.uk/documents/s92016/Appendix%20F%20-%20Equalities%20Impact%20Assessment.pdf>

Health impact statement

52. Health impacts cannot be considered by law when making decisions under the Licensing Act 2003.

Resource implications

53. A fee of £190.00 has been paid by the applicant company in respect of this application being the statutory fee payable for premises within non-domestic rateable value E.

Consultation

54. Consultation has been carried out on this application in accordance with the provisions of the Licensing Act 2003. A public notice was published in a local newspaper and similar notices were exhibited outside of the premises for a period of 28 consecutive days at both the front and rear of the premises.

SUPPLEMENTARY ADVICE FROM OTHER OFFICERS

Assistant Chief Executive – Governance and Assurance

55. The sub-committee is asked to determine the application for a premises licence under Section 17 of the Licensing Act 2003.
56. The principles which sub-committee members must apply are set out below.

Principles for making the determination

57. The sub-committee is asked to determine the application for a premises licence under section 17 of the Licensing Act 2003.
58. The principles which sub-committee members must apply are set out below.
59. The general principle is that applications for premises licence applications must be granted unless relevant representations are received. This is subject to the proviso that the applicant has complied with regulations in advertising and submitting the application.
60. Relevant representations are those which:
 - Are about the likely effect of the granting of the application on the promotion of the licensing objectives
 - Are made by an interested party or responsible authority
 - Have not been withdrawn
 - Are not, in the opinion of the relevant licensing authority, frivolous or vexatious.
61. If relevant representations are received then the sub-committee must have regard to them, in determining whether it is necessary for the promotion of the licensing objectives to:
 - To grant the licence subject to:
 - The conditions mentioned in section 18 (2)(a) modified to such extent as the licensing authority considers necessary for the promotion of the licensing objectives
 - Any condition which must under section 19, 20 or 21 be included in the licence.
 - To exclude from the scope of the licence any of the licensable activities to which the application relates.
 - To refuse to specify a person in the licence as the premises supervisor.
 - To reject the application.

Conditions

62. The sub-committee's discretion is thus limited. It can only modify the conditions put forward by the applicant, or refuse the application, if it is necessary to do so. Conditions must be necessary and proportionate for the promotion of one of the four licensing objectives, and not for any other reason. Conditions must also be within the control of the licensee, and should be worded in a way which is clear, certain, consistent and enforceable.
63. The four licensing objectives are:
- The prevention of crime and disorder
 - Public safety
 - The prevention of nuisance
 - The protection of children from harm.
64. Members should note that each objective is of equal importance. There are no other licensing objectives, and the four objectives are paramount considerations at all times.
65. Conditions will not be necessary if they duplicate a statutory position. Conditions relating to night café and take away aspect of the license must relate to the night time operation of the premises and must not be used to impose conditions which could not be imposed on day time operators.
66. Members are also referred to the Home Office Revised Guidance issued under section 182 of the Licensing Act 2003 on conditions, specifically section 10.

Reasons

67. If the sub-committee determines that it is necessary to modify the conditions, or to refuse the application for a premises licence application, it must give reasons for its decision.

Hearing procedures

68. Subject to the licensing hearing regulations, the licensing committee may determine its own procedures. Key elements of the regulations are that:
- The hearing shall take the form of a discussion led by the authority. Cross examination shall not be permitted unless the authority considered that it is required for it to consider the representations.
 - Members of the authority are free to ask any question of any party or other person appearing at the hearing.

- The committee must allow the parties an equal maximum period of time in which to exercise their rights to:
 - Address the authority
 - If given permission by the committee, question any other party.
 - In response to a point which the authority has given notice it will require clarification, give further information in support of their application.
- The committee shall disregard any information given by a party which is not relevant to the particular application before the committee and the licensing objectives.
- The hearing shall be in public, although the committee may exclude the public from all or part of a hearing where it considers that the public interest in doing so outweighs the public interest in the hearing, or that part of the hearing, taking place in private.
- In considering any representations or notice made by a party the authority may take into account documentary or other information produced by a party in support of their application, representations or notice (as applicable) either before the hearing or, with the consent of all the other parties, at the hearing.

69. This matter relates to the determination of an application for a premises licence under Section 17 of the Licensing Act 2003. Regulation 26(1) (a) requires the sub-committee to make its determination at the conclusion of the hearing.

Council's multiple roles and the role of the licensing sub-committee

70. Sub-committee members will note that, in relation to this application, the council has multiple roles. Council officers from various departments have been asked to consider the application from the perspective of the council as authority responsible respectively for environmental health, trading standards, health and safety and as the planning authority.
71. Members should note that the licensing sub-committee is meeting on this occasion solely to perform the role of licensing authority. The sub-committee sits in quasi-judicial capacity, and must act impartially. It must offer a fair and unbiased hearing of the application. In this case, members should disregard the council's broader policy objectives and role as statutory authority in other contexts. Members must direct themselves to making a determination solely based upon the licensing law, guidance and the council's statement of licensing policy.
72. As a quasi-judicial body the licensing sub-committee is required to consider the application on its merits. The sub-committee must take into account only relevant factors, and ignore irrelevant factors. The decision must be based on evidence, that is to say material, which tends logically to show the existence or non-existence of relevant facts, or the likelihood or unlikelihood of the occurrence of some future event, the occurrence of which would be relevant. The licensing sub-committee must give fair consideration to the contentions of all persons entitled to make representations to them.

73. The licensing sub-committee is entitled to consider events outside of the premises if they are relevant, i.e. are properly attributable to the premises being open. The proprietors do not have to be personally responsible for the incidents for the same to be relevant. However, if such events are not properly attributable to the premises being open, then the evidence is not relevant and should be excluded. Guidance is that the licensing authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public, living, working or engaged in normal activity in the area concerned.
74. Members will be aware of the council's code of conduct which requires them to declare personal and prejudicial interests. The code applies to members when considering licensing applications. In addition, as a quasi-judicial body, members are required to avoid both actual bias, and the appearance of bias.
75. The sub-committee can only consider matters within the application that have been raised through representations from other persons and responsible authorities. Interested parties must live in the vicinity of the premises. This will be decided on a case to case basis.
76. Under the Human Rights Act 1998, the sub-committee needs to consider the balance between the rights of the applicant and those making representations to the application when making their decision. The sub-committee has a duty under section 17 Crime and Disorder Act 1998 when making its decision to do all it can to prevent crime and disorder in the borough.
77. Other persons, responsible authorities and the applicant have the right to appeal the decision of the sub-committee to the magistrates' court within a period of 21 days beginning with the day on which the applicant was notified by the licensing authority of the decision to be appealed against.

Guidance

78. Members are required to have regard to the Home Office guidance in carrying out the functions of licensing authority. However, guidance does not cover every possible situation, so long as the guidance has been properly and carefully understood, members may depart from it if they have reason to do so. Full reasons must be given if this is the case.

Strategic Director, Finance

79. The head of regulatory services has confirmed that the costs of this process over and above the application fee are borne by the service.

If you wish to make that type of change to the premises licence, you should make a new premises licence application under section 17 of the Licensing Act 2003.

1. You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable for the late night levy

Subject: EPT representation - Full variation licence consultation 59-61 Lant Street

Dear Licensing,

Southwark's Environmental Protection Team (EPT) have reviewed the variation application for Lant Street Wine Company, 59-61 Lant Street, SE1 1QN.

EPT have no objections to the removal of condition 125 & 127b.

EPT raise concerns with regards to the variation of condition 307 with regards to capacity.

EPT have been involved with Lant St Wine's previous planning permissions with regards to the granting of relevant planning use for the 59 wine bar space. This involved numerous acoustic reports and meetings with Lant St Wine & RBA acoustics.

In May 2021, planning application 21/AP/0148 was granted for '*Change of use of the front part of the ground floor of no 59 Lant Street from wine warehouse (Use Class B8) to a wine bar (Sui generis) in connection with the existing use of no 61 Lant Street as a wine shop (Use Class E(a)).*' The application can be found here: <https://planning.southwark.gov.uk/online-applications/applicationDetails.do?activeTab=summary&keyVal=QMZJENKBKQ600>

It was made clear within this application that the capacity of the venue was 32 and this would continue to be into the future. Please refer to the introduction, para 5 within RBA Acoustic note (ref: 10369.ATN01.IBF.0, dated: 22 March 2021). All acoustic predictions and subsequent installation of relevant insulation has been based off this assumption of 32 persons using the wine bar.

In December 2022, planning application 22/AP/3306 was granted for '*Variation of condition 5 (hours of use) of the planning permission 21/AP/0148 granted for: (Change of use of the front part of the ground floor of no 59 Lant Street from wine warehouse (Use Class B8) to a wine bar (Sui generis) in connection with the existing use of no 61 Lant Street as a wine shop) - to allow extension of the hours of use as follows: -Monday to Saturday 08:00 to 23:00 and Sunday 10:00 to 22:30*'. The application can be found here: <https://planning.southwark.gov.uk/online-applications/applicationDetails.do?activeTab=summary&keyVal=RIHXVBKBISJ00>

Section 42 of the officers report stated: "*The Application Form also seeks "To set the attendance capacity at 120 persons". Correctly, the council has not treated the application as seeking to vary the number of patrons, as there is no applicable condition to vary. This appears to be an omission from planning permission 21/AP/0148 as the Premises Licence limits the number of patrons to 32.*".

From EPT's understanding, the accommodation limit is specified on the current licence under condition 307. All previous and relevant planning permissions (via the RBA acoustic reports) have referenced this 32 person limit. The noise insulation subsequently installed is based on predictions with 32 persons using the space.

As such EPT have concerns that the increased capacity to 120 people could generate public nuisance by way of noise disturbance to surrounding residents as the noise insulation may not contain the noise levels generated by 120 people.

EPT would request a note from RBA Acoustics to assess the noise level from 120 persons using the space and the noise impact this would have, taking into account the insulation already installed.

In the meantime EPT raise objection to this variation application.

It is YOUR responsibility to comply fully with them. Please pay particular attention to those conditions which have to be met before work commences, such as obtaining approval for the siting and levels of buildings and the protection of trees on the site. If you do not comply with all the conditions in full this may invalidate the permission.

We have considered the application in light of our statutory policies in our development plan as set out in the officer's report.

4. Appeals to the Secretary of State

Dear Sir/Madam

Re: Lant Street Wine Company 59-61 Lant Street SE1 1QN

Police are in possession of an application from the above for a full variation to their premises Licence for supply of alcohol on sales and remove a number of licence conditions. The operating schedule describes it as a wine bar. The venue is situated in Borough and Bankside district Town Centre area and is also within the Cumulative Impact Zone. The extended hours requested as per the application are

Supply of Alcohol for sale by retail on sale
 Mon-Sat-0800hrs-2300hrs
 Sun-1000hrs-2230hrs

The premises are also situated in the Borough and Bankside Cumulative impact Zone (CIZ) as designated by Southwark Council. The High Court approval of Cumulative impact policies came in Westminster City Council v Middlesex Crown Court. In brief, it stated 'A licence could be refused on the sole ground that the area was already saturated with licensed premises'

The applicant has asked for a number of licence conditions to be removed as well as increasing the venues accommodation limit, they have also sought to extend the terminal hour for supply of alcohol on sales . In view of these amendments the application provides minimal additional control measures to address all of the licensing objectives in particular that of prevention of crime and disorder, we would like to see more robust measures as the venue sits within the cumulative impact zone. It should be noted that The Home office guidance issued under Sec 182 of the licensing Act 2003 General principles' state that it is important in setting the parameters within which the premises may operate. Conditions precise and enforceable.

Police object to the granting of this licence in its current form as the control measures offered do not address the licensing objectives sufficiently in particular the prevention of crime and disorder. Police welcome the opportunity to progress this application.

Submitted for your consideration.
Yours Sincerely

This was a review of the premises licence of Lant Street Wine Company, 59-61 Lant Street, London SE1 1QN which was brought by a local resident (the applicant).

The applicant addressed the licensing sub-committee and explained that they were the person most directly affected by the premises. They advised that they had been a resident in the building for many years and that the complaint related solely to the warehouse premises at number 59 Lant Street. The operation of the shop at 61 Lant Street had caused no problems that warranted any complaint.

The applicant gave a background to the complaint and advised that the premises had failed to advertise the variation application in 2019 which concerned the warehouse and as a result, the applicant was unaware of the variation application and was unable to submit any representations opposing the application. The applicant further stated that the 2019 application was not valid and that the subsequent grant of the licence breached planning consent.

The applicant advised that a noise abatement notice had been issued in 2019 and since this time, it had been breached on at least 11 occasions. The construction and the use of the warehouse was such that it caused a public nuisance. A Planning Enforcement Notice had been served in November 2019 and since that time, the applicant had received two threats and on one occasion had been assaulted by someone from the premises. The applicant therefore sought a revocation of the premises licence in respect of the warehouse at 59 Lant Street.

When asked by the sub-committee, the applicant advised that due to construction of the warehouse, everything in the warehouse could be heard, even down to hearing bottles of wine being opened. In 30 years prior to the grant of the licence in respect of the warehouse, there were no complaints, particularly in respect of noise.

The officer representing licensing as a responsible authority informed the sub-committee that her representation related to the promotion of the prevention of crime

and disorder and the prevention of public nuisance licensing objectives and has regard to the Southwark statement of licensing policy 2021-2026. She advised that the licensing team had received complaints from the applicant regarding this premises and noise issues, breaches of licence conditions and unlicensed activities taking place.

The officer stated that the premises had been visited and warnings letters sent to the licensee regarding a breach of condition 307 (the accommodation limit of 32 patrons) and on 22 November 2019 an officer witnessed a breach of condition 340 (written dispersal policy) and condition 4AB (training in the sale of alcohol to prevent underage sales and the operation of a challenge 25 scheme).

The licensing sub-committee then heard from the Metropolitan Police Service who advised that extensive searches had been undertaken but the crime recording systems did not produce any further crime reports than those referred to by the applicant in both his review application and those mentioned in his verbal submissions. The officer stated that he would welcome specific best practice conditions being added to the licence which would ordinarily be included on a premises licence.

An officer from the environmental protection team (EPT) informed the licensing sub-committee that the first complaint received by the licensing team was on 1 October 2019 and the first complaint to the noise team was on 11 October 2019, both of which alleged public nuisance created as a result of carrying out licensable activities at 61 Lant Street.

They advised that a noise team officer attended the applicant's property on 8 November 2019 and witnessed a statutory noise nuisance from activities associated with the 61 Lant Street premises, which was described as follows:

“The level of the music witnessed would affect the quiet enjoyment or use of the complainant's property” and the music “felt as if the song was being played from within the complainant's property”.

As a result, a section 80 Environmental Protection Act 1990 statutory noise nuisance abatement notice, was served on 11 November 2019. No further statutory noise nuisance had been witnessed by the noise team since this time.

The EPT officer went on to advise the sub-committee that planning permission for a “temporary change of use to premises at the front of no 59, to hold public wine tastings (Use Class A4) for a three year period, subject to hours of operation conditions and other conditions” was currently the subject of appeal and that an Enforcement Notice had been issued in November 2020, which is also subject to an appeal by the premises. Currently, the premises has no planning permission in place for the use of the premises as a drinking establishment.

The legal advisor enquired of the EPT officer, that whilst a statutory noise nuisance had been witnessed and a Section 80 noise abatement notice issued, whether the noise witnessed could amount to a public nuisance. The officer confirmed that numerous residents lived in close proximity to the premises and there was a concern that public nuisance could be caused to numerous residents in close proximity to 59 Lant Street if the premises licence were permitted to continue operate as currently granted. The

officer supported the review application and sought a suspension of the licence until the substantial insulation works could be undertaken.

The licensing sub-committee noted that the planning team had submitted comments detailing enforcement action against the premises. The comments did not relate to any of the licensing objectives and were submitted for the committee's information only.

The representative for the premises informed the sub-committee that the premises was well established for over 30 years and that 61 Lant Street had been closed as any kind of bar since December 2019, when the enforcement notice had been issued. Once the planning and insulation issues had been resolved, it was the premises intention to continue the tasting events. Many of the events were private parties where a fee was paid for a wine critic to attend and the provision of wine was free.

They further added that the representatives from licensing as a responsible authority and the Metropolitan Police Service had both submitted neutral representations and were essentially requesting the addition of 'best practice conditions'. Whilst it was accepted that an enforcement notice was in place, there had been no enforcement action taken in respect of the notice.

The premises stated that there was an argument as to whether the noise complained of did amount to a public nuisance. Regardless of this, the premises sought an amicable resolution to issues. There was discussion of the sub-committee removing the activity of amplified music, which the premises were agreeable to, but it was felt that this would not resolve the noise insulation problem. The premises had instructed an acoustic expert and had drafted a condition, which the EPT officer was unable to agree, as it required access to the applicant's residence.

During the discussion stage of the sub-committee meeting, the applicant said that they would agree access. The premises also accepted that Southwark had declared a climate emergency and agreed to refrain from using single use plastics and adhering to The Environmental Protection (Plastic Straws, Cotton Buds and Stirrers) (England) Regulations 2020.

The licensing sub-committee then heard from local residents, parties seven, thirteen, and fifteen who supported the premises. The local residents all stated that they were surprised that the review application related to noise, when none of them had been disturbed. One of the local residents (party 13) lived directly above 61 Lant Street. These residents spoke passionately about the premises, stating it brought a sense of community to Lant Street and that at all times the premises had been very quiet and no music or loud sounds had been witnessed by them.

The licensing sub-committee noted the further 14 written representations submitted by local residents in support of the premises.

The licensing sub-committee were concerned whether the noise complained of did amount to a public nuisance, given that there was only one complainant who never complained of general "warehouse noise" prior to the 2019 variation application. However, given the significant number of local residents in the vicinity of the premises, the sub-committee were of the opinion there was the 'potential' to cause public nuisance as explained by EPT.

The suggestion by EPT to suspend the premises licence until the insulation works had been completed was not an option to licensing sub-committee as under section 52(4)(d), a suspension may only be imposed for a maximum of three months.

Concerning the specifics of the proposed insulation, the sub-committee were mindful, that these were a matter for planning, which is a separate regime to licensing. The premises planning status is currently being resolved via the appeal process.

The condition concerning the insulation works was offered by the premises. With the applicant's agreement to allow access it is hoped that the parties are able to move forward more harmoniously. Whilst the planning committee is not bound this decision, this committee sees the condition concerning the insulation works as advancing paragraph 101 of Southwark's statement of licensing Policy 2021-2026 that: "This Authority will look to ensure proper integration with the planning regime".

In reaching this decision the sub-committee had regard to all the relevant considerations and the four licensing objectives and considered that this decision was appropriate and proportionate.

4. Appeal Rights

This decision is open to appeal by either:

- a) The applicant for the review
- b) The premises licence holder
- c) Any other person who made relevant representations in relation to the application

Such appeal must be commenced by notice of appeal given by the appellant to the justices' clerk for the Magistrates' Court for the area within the period of 21 days beginning with the day on which the appellant was notified by this licensing authority of the decision.

This decision does not have effect until either

- a) The end of the period for appealing against this decision; or
- b) In the event of any notice of appeal being given, until the appeal is disposed of.

14/10/2019	Visit To Premises	Justin Williams	<p>Attended premises I met with Mr [REDACTED] the licence holder and son of the DPS informed him of recent complaints received from a local resident. Mr [REDACTED] appeared to know who the complainant was stating that he lived upstairs I did not confirm this. Mr [REDACTED] explained that the complainant was a [REDACTED] who worked for [REDACTED]. Mr [REDACTED] explained that the noise team attended over the weekend and the officer stated that he can't stop his patrons from talking. Mr [REDACTED] also explained that a licensing officer also attended and carried out a full inspection. Mr [REDACTED] did accept that on a few occasions that he had breached condition: 307 and had more than 32 patrons in the premises. Mr [REDACTED] queried if a personal licence holder needs to be on site at all times, I advised Mr [REDACTED] that this is not a condition on his licence; however, it is good practice to have one on site at all times. I warned Mr [REDACTED] about breaching his licence conditions and advised him on applying for a minor variation to remove or change his licence conditions. Mr [REDACTED] said he would put in for a minor variation as at times he has wine tasting sessions and that he usually has a large amount of people who would want to attend. Mr [REDACTED] stated that he would like to increase the capacity to 80 but was concerned that the complainant would object. I advised Mr [REDACTED] that any objections would have to be based on the four licensing objectives and could not be vexatious. Inspection not carried out due to recent visit, observed licence summary on display.</p>

20/12/2019	Visit To Premises	Justin Williams	<p>Attended premises spoke to ██████████ of recent complaint that allegedly there was a private event on the 12th October where the premises capacity was exceeded contrary to condition 307 of the premises licence. Mr ██████████ accepted that the premises held a private event and also admitted that there was another event on the 27th November 2019 where there were about 70-80 people. Mr ██████████ explained that because the events were private he was under the impression that he was not breaching his premises licence because the event was a ticketed one only. I queried whether the event involved the retail sale of alcohol which Mr ██████████ confirmed it was a wine tasting event. I explained that although the event was private it was still a licensable activity and that the premises was in breach of their licence condition 307. Mr ██████████ apologised, I informed him that I would have to send him a Warning Letter and that if there are any further breaches I may have to take enforcement action. Mr ██████████ explained that he holds private events at least once a month and that the number of patrons attending usually exceeds the capacity limit of 32 people stipulated. He explained that he may make an application for a full variation, I advised him that he could put in a TENS to hold any future events and as he is a personal licence holder he can apply for up to 50 TENS per year. I also explained to Mr ██████████ the second purpose of my visit to ascertain the furniture part of the premises plan as the warehouse is not on the plan so therefore no licensable activities should take place there. Mr ██████████ explained that the furniture area of the premises is the warehouse area which is licensable. We were shortly joined by Mr ██████████ the DPS they both explained to me that the complainant seems to have a vendetta against them recently, they explained that the complainant always comes downstairs peeping through the window and that a member of his staff is starting to feel harassed. Mr ██████████ explained the incident that occurred recently where there was a private event with his mum and dad and the complainant tried to enter the premises and he stood by the entrance preventing him from entering, he denies threatening or using unlawful violence. Mr ██████████ explained that he had known the complainant for over 30 years he had moved in 1986 and is his landlord, before there were no issues and the complainant had assisted them by providing advice on planning in the past. Mr ██████████ explained that the complainant ██████████ in the past he welcomed him into the premises where he could have a bottle of wine on the house and sit, but that offer has now been withdrawn. Mr ██████████ explained a time when the complainant came down and he was present with two other people who he believes to be Planning Officers from ██████████ they were in the premises with some device walking around and when he queried who they were they said they were from Planning he does not think they were Southwark Officers. ██████████ explained that he was the landlord for the complainant's property and there is a condition on his lease that the complainant should have underlay and</p>

			carpet. Mr ██████ showed me the abatement notice served and explained there wasn't much information on there, I explained that I was not a noise officer and that they should contact the noise team to seek advice. I explained to them to be careful and ensure that they observe the conditions on their licence due to their premises being monitored not just by licensing but also by planning and noise and nuisance. I reminded both ██████ that I will be sending a warning letter to the premises.
