Re:- Corporation Ponce Arch 144 Eagle Yard Hampton Street SE16SP

Dear Sir/Madam

Police are in receipt of an application from the above a new premises licence for the sale of alcohol and late night refreshments on the premises. The premises is described as a Café and Restaurant, specialized in South American food, however the applicant has not offered any conditions to restrict the use of the premises to that of a restaurant. The premises is situated in the Elephant & Castle major town centre as detailed in Southwark's statement of licensing policy. The hours applied for are within those recommended for restaurants within the policy.

The Police object to the granting of this application on the grounds that it undermines the prevention of crime and disorder & public nuisance licensing objectives. The grounds for the objection are as follows.

This premises previously held a premises licence, however the company holding the premises licence went into liquidation in November 2020. As the premises licence was not transferred within the time limits the licence no longer exists. The premises have been running on occasions under the provision of a TEN.

On the 21st May 2021 Police attended the venue following reports it was operating without a premises licence. It was established that the premises were open and providing licensable activities without the correct permissions in place. No premises licence and no TEN in place. The premises were issued with a Sec 19 Closure notice and advised to close.

On the 25th June 2021 Police attended the premises, it was operating under a TEN. Police witnessed patrons sat at the bar with alcohol being served to customers at the bar, others were standing and or walking around the premises without face coverings. Loud amplified music was being played and a general lack of any Covid control measures in place. A prohibition notice was issued under Regulation 7 of the Covid Regulations 2021.

These two contraventions occurred during a period where no licence was in place and or the premises were operating under a TEN.

Previously in 2020 whilst a premises licence was in place there were further incidents that would undermine the prevention of crime and disorder licensing objective.

On the 11th July 2020 during a the covid pandemic the premises were found to be operating as bar/club with music and dancing taking place, no social distancing and no face coverings. The premises was also operating in contravention of the premises licence condition 840. This condition restricts the use of the premises to that of a restaurant with food served ancillary to table meals. At the time of visiting no food was seen and patrons were dancing and listening to amplified music.

On the 19th September 2020 the premises were again found operating in contravention of the Covid regulations. No social distancing in place, no face coverings being worn by patrons or staff, loud amplified music being played.

The applicant has shown a complete disregard for the then Covid regulations and for the conditions of the then premises licence. This licensed premises sits in an area that has been subject of a number of complaints from local residents due to an increase in Anti-social behaviour, some of which has been attributed to the operation of Corporation Ponce.

For the above reasons Police object to this application and is likely to undermine the prevention of crime and disorder and public nuisance licensing objectives.

If the committee decide to grant the licence we would like to see the following conditions on the licence as a minimum.

1. That a CCTV system be installed at the premises and be maintained in good working order and be continually recording at all times the premises are in use under the licence. The CCTV System must be capable of capturing a clear facial image of every person who enters the premises
2. All CCTV footage be kept for a period of 31 days and shall on request be made immediately available to officers of the police and the council.
3. A member of staff should be on duty at all times the premises is open that is trained in the use of the CCTV and able to view and download images to a removable device on request of Police or council officer.
4. That all staff are trained in their responsibilities under the licensing act 2003 and training records to be kept and updated every 6 months and shall, upon request, be made immediately available to Officers of the Police and the Council.
5. Intoxicating liquor shall not be sold or supplied on the premises otherwise than to persons taking table meals there and for consumption by such person as an ancillary to his meal.
6. The accommodation limit for the premises shall not exceed ???? persons (excluding staff)

7. Customers shall use no outside area after 21.00hrs other than those who temporarily leave the premises to smoke a cigarette and No more than 3 people at one any time
8. That alcohol sold, for consumption on the premises, will be by waiter / waitress service only and all customers shall be seated whilst consuming alcohol.

Yours Sincerely

PC Graham White 2288AS

Subject Re: Corporation Ponce, Arch 144 Eagle Yard, Hampton Street, London, SE1 6SP
 – Application for a premises licence

I write with regards to the above application for a premises licence, submitted by Ponce's Corporation Limited under the licensing Act 2003, which seeks the following licensable activities:

- Late night refreshment (indoors) on Friday and Saturday from 23:00 to 23:30
- Supply of alcohol (on the premises) on Sunday to Thursday from 11:00 to 22:30 and on Friday and Saturday from 11:00 to 23:30
- The opening hours will be on Sunday to Thursday from 09:00 to 23:00 and on Friday and Saturday from 09:00 to 00:00

The premises is described within the application as *'It's a café and restaurant, specialized in South American Food'*.

The premises is situated in The Elephant and Castle Major Town Centre Area.

My representation is based on the Southwark Statement of Licensing policy 2021 – 2026 and relates to the licensing objectives for the prevention of crime and disorder and the prevention of public nuisance.

This premises has previously held a premises licence, the licensee company was Sabor De Mi Tierra Limited and the company was dissolved on 03/11/2020 Mr Luis Ernesto Barragan Ponce was the named DPS on the previous licence. Mr Luis Ernesto Barragan Ponce is also the named DPS on this application and a company director of the licensee company Ponce's Corporation Limited.

I have concerns with Mr Luis Ernesto Barragan Ponce's ability to promote the licensing objectives or whether he will be able to adhere to any conditions placed upon the premises licence as the premises has been found to be in breach of several licensed conditions in the past and also other related legislation. I attached to this representation a log of officer visits, complaints and temporary event notices applied for.

Further to this, the operating schedule is lacking and the licensing objectives have not been fully addressed, in particular dispersal of patrons into the area and how the impact upon local residents could be reduced. Due to this limited information I would also ask the applicant to provide the following information:

- An accommodation limit for the premises
- To provide a written dispersal policy for the premises

Should the licensing sub- committee be of a mind to grant a licence I would recommend the following conditions are added to the premises licence:

- The accommodation limit for the premises shall not exceed ??? persons (excluding staff)
- The written dispersal policy shall be kept at the premises with the licence and made available for inspection by authorised council officers or the police. All relevant staff shall be trained in the implementation of the dispersal policy
- Intoxicating liquor shall not be sold or supplied on the premises otherwise than to persons taking a table meal and by consumption of such persons as an ancillary to their meal

I therefore submit this representation and welcome any discussion with the applicant.

I may submit further comments once all the information has been provided.

09/02/2019	22:30 NTE Visit	Justin Williams	Visit to premises to view CCTV following last inspection to ensure premises is compliant, viewed CCTV footage for 31 days as per conditions:352353 CCTV operating in good working order. Premises is compliant.
16/08/2019	22:18 NTE Visit	Richard Kalu	Visit to premises with Clarissa O'Toole to discuss resident complaint about doors and windows being left open while regulated entertainment is taking place at the premises. Discussed complaint with Luis Ponce – [REDACTED] and was advised that the premises does not have windows and doors. Advised that as we could see the premises is operational with an acoustic lobby and there was minimal sound escape from the premises. We were advised that they would now ensure that the front lobby entrance doors were kept close at all times to minimise any sound escape from the premises. At the time of the visit there was amplified music however this could barely be heard when stood outside the front of the premises when both the entrance door and acoustic lobby area door were closed. Advised by Luis Ponce that since CCTV cameras had been installed in the courtyard of eagle yard there was now very minimal ASB issues in his opinion. He stated that he welcomed the CCTV cameras as it was an aide to assist him to defend his premises in the event that any allegations were made in relation to the premises operating outside of their hours or their patrons actions being regarded as public nuisance.
17/08/2019	23:25 NTE Visit	Charlie Jerrom	Visit to the premises with Farhad Chowdhury. We observed the outside area, all windows and doors were closed, no music was audible and the outside area was completely empty. We waited around to continue to observe. The premises remained quiet with no one coming outside. Action: Append to complaints
23/08/2019	22:40 NTE Visit	Richard Kalu	Visit to premises with Adam Burchett at request of Justin Williams to discuss resident complaints in relation to the premises allegedly using residents bins to discard their own commercial waste. Advised by the operator of the premises Luis Ernesto Barragan Ponce that this was not happening. He advised us that eagle yard was now covered by extensive CCTV cameras and if someone had taken refuse from his premises and 'dumped' rubbish in residents refuse bins that this would have been captured by CCTV and they would have been notified. I asked if it was possible that this had occurred without his knowledge and I was advised that none of his staff would do this. Mr Ponce has requested CCTV to be checked to establish who had dumped this waste and if it was any member of his staff that had done this they would be disciplined. I requested Mr Ponce speak to all his staff and advise them that it was unacceptable to use residents bins to discard commercial waste.
07/09/2019	20:23 NTE Visit	Andrew Heron	Visit with Police and TS to Corporation Ponce, as current application. Met DPS Luis Ernesto Barragan Ponce (Lambeth: [REDACTED]). Summary and full licence ok. CCTV took some time to work, but was eventually operational and recording for more than 31 days. C343 and C344 - Sound limiter, music was not being played through it - says that there is a problem with the electrical feed into it.

			The music was noticeably loud in the premises, through it was gradually turned down as we were there.C840 - Alcohol should be ancillary to food, however the premises was full, hardly any tables had food when we arrived, but all had alcohol with bottled beers in buckets and small bottles of rum. DPS says that they had already eaten. By 20:55, no tables had food). I advised that he has applied to remove this condition, that the premises should be used as a restaurant not a club, that it appears that he is already running it as a club rather than a restaurant.C351 and C362 - No staff training records. There was a sheet that staff members had signed, but it made no reference to the training that they had received.C365 - No refusals book.C354 - There was an incident book, but there was not a single incident entered in, just which SIA staff had worked each night. Warning Letter Sent.
