## APPENDIX G (B)

The data below sets out the need in the borough and the number of people with these protected characteristics. It provides evidence for who is impacted by the Statement of Community Involvement and Developer Consultation Charter. These are taken from the JSNA data held by public health and a range of other sources national and regional sources of data.

The table identifies where do have data, and the places we would want to have more specific equalities data, but either the data is unavailable and difficult to locate or it is unobtainable due to the nature of the protected characteristic and process of obtaining that data.
