

### **Councillor Adele Morris - Cathedrals Ward (Liberal Democrat)**

I became a member of the Education & Children's Services scrutiny sub committee when I first joined the council in 2006, and continued until I became an Executive Member in May 2008. I have 2 teenage daughters who have been born and brought up in Southwark, using local services throughout. As a family we have had personal experience of a difficult secondary school transfer processes, and as a community activist of many years I have had a particular interest in the issues relating to funding for non - statutory services for young people, from toddler groups through to youth clubs.

### **Councillor Althea Smith – Nunhead ward (Labour)**

Councillor Althea Smith is an experienced and active member of several committees and boards including:

- Kiwanis International , Central London Branch - fundraising for children across the world, at present focused on fundraising for a Cooler machine for the special care baby unit at Kings College Hospital.
