Cassandra Brown, Emily Hickson, Adam Hood, Leo Pollak, James McAsh, Nick Johnson, and Richard Livingstone), Councillor Dora Dixon-Fyle responded to the debate.

Amendment A was put to the vote and declared to be Lost.

The motion was put to the vote and declared to be Carried.

RESOLVED:

Good quality housing is a human right: the plan for Southwark

1. Council assembly notes:
 - a. The government's rash economic experiments in recent months, followed up by multiple U-turns have created a confidence crisis and worsened the current economic situation.
 - b. The country faces a cost of living crisis with food bills rising, fuel bills rising wages stagnating, this has created a huge fall in the standard of living.
 - c. The disastrous mini-budget in September mortgage spiked the interest rates, making it harder for people to pay their own mortgage and raised the barrier even higher for first time buyers.
 - d. Private rental costs in London are up a staggering 14% on last year.
 - e. Those in private rented accommodation now spend on average 52% of their median monthly income on housing costs.
 - f. 1/3 of our residents live in privately rented homes; that is why Southwark Council introduced the Gold Standard Charter (GSC) which is a voluntary scheme that rewards landlords and managing agents who provide a professional level of service and good practice to their tenants in the private rented sector.
 - g. Council housing is the way to tackle the housing crisis and that good quality homes change people's lives. That is why, since 2014, Southwark has completed or started on site building of 2,561 new council homes and approved 1,000 more. This is a huge achievement in delivering affordable homes for our residents and Southwark stands out as one of the most prolific council house builders in the last 5 years.
 - h. Since 2014-15, the council has been proactive in working with external partners to ensure that social rent homes are delivered as part of every major schemes. This has led, directly, to a net increase of 3,618 approved social rent homes in Southwark.
2. Council assembly believes:

- a. Good quality housing is a human right.
 - b. Private rented homes have their place but we believe that social rented homes are the best way to create long term secure housing for residents and good quality social housing can set the standard of housing across both the public and private sector.
 - c. Resident involvement is vital to brings residents, leaseholders together to find a way forward in these challenging times.
 - d. The rental market is not working; we need a rental system that works for Southwark. Until we have enough affordable homes, we need to control rent levels. Families are being priced out of Southwark and London.
3. Council assembly resolves:
- a. To call for increased regulation in the private rented sector to protect renters and would lobby a future Labour government to introduce these.
 - b. Join voices with the Mayor of London, Sadiq Khan, in calling on the government to grant City Hall powers to set fair limits on private sector rents rises, a move that City Hall have shown would save families an average of £2,988 during the next two years.
 - c. Build 500 homes for keyworkers at rents that nurses and teachers from our local hospitals and schools and other key workers can afford.
 - d. Build new council homes for older people, designed so residents can live independently for longer.
 - e. Use our planning powers to robustly require new social rent homes in private developments alongside other types of genuinely affordable homes.
 - f. Back local people to build genuinely affordable homes, supporting them to establish Community Land Trusts, housing co-operatives and partnerships with faith groups that deliver homes that stay affordable forever.
 - g. Launch a Good Lettings Agency that makes it easy for landlords who have empty homes to let them at affordable rents to essential workers, homeless families and refugees
 - h. Guarantee support to everyone who is on the street in Southwark to access a home of their own and campaign for the government action needed to end rough sleeping for good.
 - i. Roll out more protections and support for private renters, extending the council's licensing scheme so landlords have to meet higher standards
 - j. Fund free advice services so support is there if your landlord is acting unfairly.
 - k. Improve services for council tenants and leaseholders. Strengthening our

Great Estates Guarantee and ensuring repairs to council homes are done right first time.

- I. Take a zero tolerance approach to rogue landlords and empty homes, using all the powers available to the council to tackle the worst offenders and campaigning for the resources and powers to bring more long-term empty homes back into use.

4. DEPUTATIONS

As part of the programme motion the meeting agreed to hear depositions from:

Rotherhithe Residents say #LetVimalStay

The group's representatives spoke to the meeting for five minutes and thereafter asked a question of the deputy leader and cabinet member for children, young people, education and refugees.

Scylla Road Community Land Trust

The group's representatives spoke to the meeting for five minutes and thereafter asked a question of the cabinet member for council homes and homelessness.

Pecan/Food aid organisations in Southwark

The group's representatives spoke to the meeting for five minutes and thereafter asked a question of the cabinet member for health and wellbeing.

5. ISSUES RAISED BY MEMBERS

5.1 MEMBERS' QUESTION TIME

There was one late question to the leader from Councillor Victor Chamberlain, the written response to which was circulated before the meeting. There were two supplemental questions.

There were 29 members' questions, the written responses to which were circulated before the meeting. There were 11 supplemental questions.

5.2 MEMBERS' MOTIONS

Motion 1: Council funding crisis: We need a general election now

This motion was considered prior to the guillotine having fallen.

Councillor John Batteson moved the motion. Councillor Esme Hicks seconded the motion.

There was one amendment to the motion. Councillor Graham Neale moved Amendment B. Councillor David Watson seconded Amendment B.

At this point, Councillor Victor Chamberlain moved that the question be now put and to proceed to the next business, which was seconded by Councillor Jane Salmon.

The motion that the question be now put and to proceed to the next business was put to the vote and declared to be lost.

After debate (Councillors Sam Dalton, Stephanie Cryan), John Batteson responded to the debate.

Amendment B was put to the vote and declared to be lost.

The substantive motion was put to the vote and declared to be carried.

Note: This motion will be referred as a recommendation to the cabinet for consideration.

1. Council assembly notes:

- a. Local councils and public services have faced 12 years of damaging cuts imposed by the Conservative and Liberal Democrat Governments since 2010.
- b. £142 million has already been cut from Southwark's government grant funding since 2010. This represents 63% of our central funding, which must be made up from other sources.
- c. During that time we have taken incredibly difficult decisions to ensure we can deliver our core services to our residents.
- d. While global factors have contributed to the inflation crisis, the Conservative government's decision, particularly the fallout from the chaotic 'mini budget', have hugely damaged the economic stability in the United Kingdom.
- e. Paul Sculley MP's comments at the Conservative party conference suggesting there 'there was still fat to trim' regarding council budgets is disgraceful, and show how detached the Conservative Party are from the realities of delivering public services.
- f. The new Chancellor (Jeremy Hunt at the time of writing) was a high profile cabinet member in the Conservative/Liberal Democrat government responsible for the destructive austerity programme that hugely damaged the nation's public services.
- g. Councillor Kieron Williams wrote to the Chancellor on 21 October 2022 outlining extreme concerns over the impact of further cuts to local government funding.

2. Council assembly believes:

- a. Ordinary working people must not be made to pay for the failed economic game playing of the chaotic Conservative Party, who are now onto their third Prime Minister in a matter of months.
 - b. The current economic crisis cannot be solved by a return to even harsher austerity measures that we saw introduced by the Conservative and Liberal Democrat coalition governments since 2010.
 - c. Further reduction in local government funding will mean that we simply cannot deliver vital services; there is nothing left to cut.
 - d. Rishi Sunak has no mandate and no idea what working people need. We need a general election now so the public get a say on the future of Britain – and the chance for a fresh start with a competent and responsible Labour government in touch with the needs of working people.
3. Council assembly resolves to:
- a. Renew calls on the new Prime Minister and Chancellor to not make working people pay for the mistakes made by the government. The funding gap must be filled by progressive means.
 - b. Make every effort to protect our residents and work to deliver vital services even in the face of the public spending cuts the Chancellor announced on Monday 17 November 2022.
 - c. Continue to call for an immediate general election so that the country can decide its priorities.

Motion 2: Councils for Fair Democracy

This motion was considered after the guillotine had fallen.

There was one amendment to the motion.

Amendment C was put to the vote and declared to be carried.

The substantive motion as amended was put to the vote and declared to be carried.

Note: This motion will be referred as a recommendation to the cabinet for consideration.

- 1. Council assembly notes that:
 - a. Many people feel excluded from our Parliamentary democracy.
 - b. The 2022 Elections Act will raise significant barriers to political participation, due to the introduction of the need for ‘Voter ID’. Many residents may not have a drivers licence or passport, the most commons forms of the ID required. This change to the law will disenfranchise many of our communities.
 - c. The removal of a permanent postal votes, will raise further barriers to political

participation.

- d. MPs and Parliaments should reflect the age, gender and protected characteristics of local communities and the nation.
 - e. MPs should reflect their communities, leading to improved decision making, wider participation and increased levels of ownership of decisions taken.
 - f. Good Government should open up pathways to democracy, not close them down
 - g. The most recent Labour Government introduced the Devolution Act, which created regional and national assemblies to devolve powers to a more local level.
2. Council therefore resolves to:
- a. Campaign for a Labour Government that will defend democracy, including scrapping the new voter ID legislation, as this recent change in the law represents the biggest threat to democracy in the UK right now.
 - b. Campaign for a Labour Government that will explore progressive constitution reform; such as lowering the Voting age to 16, political literacy education, and potential changes to the electoral system.
 - c. Campaign for a Labour Government that will explore reforms for the House of Lords, including abolition of the Lords and the introductions of an elected second chamber.

Motion 3: Free school meals for all primary school children

This motion was considered after the guillotine had fallen.

There were no amendments to the motion.

The substantive motion was put to the vote and declared to be carried.

Note: This motion will be referred as a recommendation to the cabinet for consideration.

1. Council assembly notes:
 - a. Currently 3.9 million children in the UK – or 8 pupils in every class of 30 – are growing up trapped in poverty.
 - b. Southwark Labour committed to providing Free Healthy School Meals (FHSMs) to all primary school children in Southwark in 2010 with the policy being successfully rolled out from 2011. The Labour administration have maintained this policy over the last decade and the policy was recommitted to in the 2022 Southwark Labour manifesto.
 - c. In July 2019, Southwark Labour introduced Free Healthy Nursery Meals (FHNMs) for school nursery classes and maintained nursery schools. Evidence

shows that the best time for setting healthy behaviours is during the early years, and we rightly recognised that FHNMs, just like FHSMs, could address food insecurity and reduce costs for parents and carers.

- d. These policies have been warmly welcomed by families the length of Southwark even before the current cost of living crisis.
 - e. We know that as the cost of living crisis spirals and more and more families reliant on food banks, FHSMs will become an even more highly valuable form of support.
 - f. Without urgent and immediate action, an additional 1.3 million adults and 500,000 children will be pushed into poverty next year.
 - g. Over eight in ten of respondents to a recent National Education Union survey told us that their students demonstrated fatigue (87%) and an inability to concentrate (81%) as a result of poverty. Almost three-quarters said their students were unable to complete homework and more than half said students had experienced hunger (57%) or ill health (55%).
 - h. By age 11, only around three quarters of children from the poorest fifth of families reach the government's expected level at Key Stage 2, compared to 97% of children from the richest fifth.
 - i. In April 2022, 7.3 million adults lived in households that said they had gone without food or could not physically get it in the past month, which includes 2.6 million children.
 - j. 800,000 pupils who are living in poverty are not receiving Free School Meals.
 - k. Last year saw the largest increase in obesity rates in both reception-aged and year 6 schoolchildren in a decade. Obesity rates amongst reception-aged and year 6 children rose by 4.5% to 14.4% and 25.5% respectively.
 - l. Rolling out Free School Meals to all children in primary school nationally would represent an £850 million investment in our children's futures.
2. Council assembly commits to:
- a. Continue to invest the quality of our Free School Meals so that every parent knows that their child will be able to enjoy a healthy meal every day they are at school.
 - b. Extend holiday meals for children on Free School Meals up until Easter 2023, in order to provide relief for families facing the worst cost of living crisis in a generation.
 - c. Write to all Southwark secondary schools, highlighting the research undertaken by the Child Poverty Action Group 'Cost of the School Day' project and ask them whether their students eligible for Free School Meals can use their allowance at any time throughout the school day, and whether any unspent

money is rolled over so that students can use this credit on the following or any subsequent day.

- d. Work with other councils across the country to lobby the government to bring in free healthy, school meals for every primary school child, as part of the current national campaign run by the National Education Union.

Motion 4: Tackling food poverty

This motion was considered prior to the guillotine having fallen.

Councillor Victor Chamberlain moved the motion. Councillor Adam Hood seconded the motion.

There was one amendment to the motion. Councillor Sarah King moved Amendment D. Councillor Sunny Lambe seconded Amendment D.

Councillor Victoria Mills made a point of personal explanation.

Amendment D was put to the vote and declared to be carried.

The substantive motion as amended was put to the vote and declared to be carried.

Note: This motion will be referred as a recommendation to the cabinet for consideration.

1. Council assembly notes that:
 - a. The cost of living emergency is going to leave thousands in our borough struggling to afford to feed themselves and their families this winter.
 - b. In October, the Food Foundation released data showing that one in four household with children (25.8%) have experienced food insecurity in the past month affecting an estimated 4 million children in the UK.
 - c. The rising costs of energy and food will force families to choose between heating and eating.
 - d. 91% of food banks across the country have seen an increase in demand since July this year while the cost of a single food parcel has gone up by as much as £19. Food banks or community kitchens will need more support if they are to continue providing food for vulnerable people.
 - e. With a government in perpetual crisis, the council must continue to provide support for residents who are struggling financially, with radical and innovative policies like the council's Cost of Living Fund and Southwark Emergency Support Scheme (SESS).
 - f. Southwark Cost of Living Fund provides low-income residents with extra income support to pay for food, energy, or other essentials in the context of the Cost of Living crisis. Some vulnerable households in need of support are identified and given support from the fund automatically, others may be

referred to the fund by community partners, and from January any resident will be able to apply for help from the fund.

2. Council assembly welcomes that:

- a. Southwark has shown a commendable commitment to tackling food poverty.
- b. During covid, the council distributed over £500,000 in emergency funding to organisations providing food to vulnerable people.
- c. In March 2022, our council unanimously committed to support the right to food campaign.
- d. Southwark offers universal free school meals for all primary school age children.
- e. In July, the council, extended free school meals over the school holidays.

3. Council assembly further notes that:

- a. The council continue at pace, the work across departments, with schools, and other London local authorities to ensure children aged 11 -16 do not go hungry.
- b. Southwark had a meals on wheels service which provided hot meals to vulnerable residents, but it was ended in 2015 after 5 years of cuts of local government grant funding by the Conservative and Lib Dem Government'.
- c. Charities providing food for vulnerable people throughout the borough will see their costs rise. The council is applying the same principals it did when supporting residents during the Covid pandemic. Providing emergency financial support and advice to ensure residents can still access these vital services.
- d. The council must, where possible, find policies that simultaneously save residents money on their energy bills and help them feed themselves and their families;
 - i. Slow cookers allow people to cook healthy meals whilst costing an average of £300 less per year than an electric oven.
 - ii. Many other councils have distributed slow cookers to vulnerable residents during covid and during the current cost of living crisis to help households cook healthy meals and save costs.

4. Council assembly resolves to:

- a. Continue to invest in quality of our Free School Meals, for all nursery and primary school children, so that every parent knows that their child will be able to enjoy a healthy meal every day they are at school.
- b. Extend holiday meals for children on Free School Meals up until Easter 2023, in order to provide relief for families facing the worst cost of living crisis in a generation.

- c. Write to all Southwark secondary schools, highlighting the research undertaken by the Child Poverty Action Group 'Cost of the School 6 Day' project, and follow up the school survey, ask them whether their students eligible for Free School Meals can use their allowance at any time throughout the school day, and whether any unspent money is rolled over so that students can use this credit on the following or any subsequent day.
- d. Work with other councils across the country to lobby the government to bring in free healthy, school meals for every primary school child, as part of the current national campaign run by the National Education Union.
- e. Ensure housing staff and landlords are aware of when and where they can direct people for emergency financial support, for white goods or for affordable cooking appliances (such as electric hotplates, slow cookers, rice cookers and microwaves), via charities such as 'Glasspool', and other national funds, including specific funding for working professionals, that are included in Southwark's cost of living support booklet.
- g. Continue to champion the work of the Southwark Community Support Alliance, who organise foodbanks, shopping help and can link residents to help and support in the community.
- h. Provide support via Southwark Emergency Support Scheme (SESS) that help Southwark residents facing a crisis, emergency or disaster and need help. The scheme provides food vouchers, or help with bills.
- i. Support residents to access Community fridges, Pantry schemes and Age UKs Shopping help for the over 50s.

Motion 5: Care leaver as a protected characteristic

This motion was considered after the guillotine had fallen.

There were no amendments to the motion.

The substantive motion was put to the vote and declared to be carried.

Note: This motion will be referred as a recommendation to the cabinet for consideration.

1. Council assembly notes:
 - a. Care experienced people face significant barriers that impact them throughout their lives;
 - b. Despite the resilience of many care experienced people, society too often does not take their needs into account;
 - c. Care experienced people often face discrimination and stigma across housing, health, education, relationships, employment and in the criminal justice system;

- d. Care experienced people often face a postcode lottery of support;
 - e. As corporate parents, councillors have a collective responsibility for providing the best possible care and safeguarding for the children who are looked after by us as an authority;
 - f. All corporate parents should commit to acting as mentors, hearing the voices of looked after children and young people, and considering their needs in any aspect of council work;
 - g. Councillors should be champions of our looked after children and challenge the negative attitudes and prejudice that exists in all aspects of society;
 - h. The Public Sector Equality Duty requires public bodies, such as councils, to eliminate unlawful discrimination, harassment, and victimisation of people with protected characteristics;
 - i. In March 2021 the Independent Review into Children's Social Care began its work.
2. Council assembly believes that:
- a. Care experienced people are an oppressed group who face discrimination;
 - b. Councils have a duty to put the needs of oppressed people at the heart of decision-making through co-production and collaboration;
 - c. Services and policies should be assessed through Equality Impact Assessments to determine the impact of changes on people with care experience.
3. Council assembly resolves:
- a. To formally support the Show Us You Care Too campaign which calls for care experience to be made a protected characteristic as part of the Independent Review into Children's Social Care;
 - b. For the council to proactively seek out and listen to the voices of care experienced people when developing new policies based on their views;
 - c. To continue to build on the existing ring-fenced apprenticeship opportunities for care experienced people by committing to an agreed number of apprenticeships places each year delivered through the council's levy funding;
 - d. To take an intersectional approach and commit to tackling the systemic discrimination and disproportionality faced by specific groups of care experienced people.

Motion 6: Free Period Products in Southwark Council Buildings

This motion was considered after the guillotine had fallen.

There was one amendment to the motion.

Amendment E was put to the vote and declared to be carried.

The substantive motion as amended was put to the vote and declared to be carried.

Note: This motion will be referred as a recommendation to the cabinet for consideration.

1. Council Assembly notes that:
 - a. In June 2022, a Plan International UK survey found that nearly one in four girls in London were unable to afford period products since the start of the year, which was higher than the national rate.
 - b. The charity found that girls across the country were cutting down on food and school spending in order to afford period products.
 - c. Scotland was the first country in the world to make period products free for all.
 - d. Surrey County and Oxford City Council have both set up or agreed to schemes to provide free period products.
2. Council Assembly believes that:
 - a. No-one should experience period poverty.
3. Council Assembly resolves to:
 - a. Explore the cost and practicalities of providing free period products in all of the council's public toilets and buildings including the town hall, libraries and community centres that do not already have these available. This would include all female, male, disabled and gender-neutral toilets.
 - b. Where possible, provide sustainable period products for free.
 - c. Ensure there are sanitary waste bins in all of the council's toilets.
 - d. Contact state-maintained schools and education institutions in Southwark asking them to participate in the UK government's period product scheme.
 - e. Call for the UK government to make period products free and available to all who need them.

Motion 7: Supporting insourcing of cleaning staff at our anchor institutions including University of the Arts London (UAL)

This motion was considered after the guillotine had fallen.

There were no amendments to the motion.

The substantive motion was put to the vote and declared to be carried.

Note: This motion will be referred as a recommendation to the cabinet for consideration.

1. Council assembly notes:

- a. One of our Council Delivery Plan commitments is to “Deliver a major public awareness campaign to make sure Southwark residents know their rights at work and the benefits of trade union membership”
- b. Many universities and public sector employers are now insourcing cleaners and other auxiliary staff. Keeping staff in-house is shown to be more cost-effective, representing better value for tax-payer money and providing better forms of employment to workers.
- c. UAL is a valuable part of our community. Ranked as second in the world for art and design, the University provides world-class creative education and enriches students, residents, visitors, businesses, and local stakeholders with public exhibitions and local partnerships.
- d. UAL currently outsources its cleaning contract and the UAL cleaning staff are currently engaged in an ongoing industrial dispute with UAL about this, including a pending strike ballot for an all-out strike.
- e. Some of the benefits of a directly employed workforce include:
 - Sick pay and pension
 - Trade Union recognition
 - Protection against dismissal, harassment and unsafe working conditions.
 - Equalities relating to race, sex and nationality.

2. Council assembly believes:

- a. Insourcing can help create more careers and jobs within Southwark’s big employers for local residents, including in our council, NHS, big businesses and universities
- b. The benefits of insourcing include commitments to the wellbeing and prosperity of all of an organisations staff, including the eradication of discrimination and inequality among the workforce.
- c. Many universities and public sector employers are now insourcing cleaners and other auxiliary staff. Keeping staff in-house is shown to be more cost-effective, representing better value for tax-payer money and providing better forms of employment to workers engaged in notoriously unregulated sectors such as commercial facilities management.
- d. Insourcing should always be the first consideration when procuring services and services should always be insourced where it is possible to do so.

3. Council assembly resolves:

- a. To encourage the President and Vice-Chancellor of UAL to directly employ cleaners currently outsourced on the same terms and conditions as other staff
- b. To support the aims of UAL: End Outsourcing and the unions representing outsourced cleaners
- c. To support and campaign for an end to outsourcing of staff at anchor institutions and public bodies within the borough
- d. To ask the Council's Cabinet to continue the successful work the council has been taking forward to bring council services back in house, publicly reporting progress every year.

Motion 8: The Home Office and the unacceptable backlog of visa cases

This motion was considered after the guillotine had fallen.

There was one amendment to the motion.

Amendment F was put to the vote and declared to be lost.

The substantive motion was put to the vote and declared to be carried.

Note: This motion will be referred as a recommendation to the cabinet for consideration.

1. Council assembly notes:

- a. The unacceptable backlog of Home Office visa cases where people living in this country are kept in a state of limbo for years at a time, unable to work and move on with their lives.
- b. For example, the case of a Rotherhithe resident who is being threatened with deportation after more than eleven years in London, and being hailed locally as a 'lockdown hero' for his extensive work ensuring vulnerable people had access to food during the pandemic.
- c. The dreadful No Recourse to Public Funds policy, which prevents those affected by the policy from working or claiming support as needed, often leading to poverty and destitution
- d. The maladministration of the Home Office under Suella Braverman, and her predecessor Priti Patel, which continues to cause misery to thousands of people under the government's inhumane hostile environment policy.

2. Council assembly resolves:

- a. To call on the government to resolve the unacceptable backlog of visa cases, including that of local residents.
- b. To call on the government to immediately end the dreadful No Resource to

Public Funds policy, so that those affected by this policy in Southwark and across the country are able to work and claim support as required.

- c. To oppose the hostile environment policies and to campaign for a general election now, so that the Home Office can be brought under control of a new government with human rights and humane policies at its core.
