A virement or budget adjustment or is a movement of an approved budget from one budget heading or service to another. It will be self-balancing and will be in response to either a change in the level of service (increased or decreased) or additional net costs or benefits within a service. It includes changes to expenditure and income budgets to take account of new grants or other income and associated expenditure including movements between subjective categories of income and expenditure and also corrections to budgets which were set on the basis of incomplete information. It may recognise movements to and from reserves and balances, which may only be actioned by the chief finance officer.

Working day

This applies to the period of notice to be given for summoning a meeting or the submission of deputation requests, questions or motions. For example, all agendas and papers for decision in public must be available five clear working days before the decision is taken (special rules apply to council assembly where the notice period is seven clear working days and to urgent late items). The five days does NOT include the day the papers are sent out, the day of receipt or the date of the meeting (hence the use of the word 'clear'). 'Working day' is taken to be Monday to Friday inclusive and excludes Saturdays, Sundays and bank holidays. A 'working day' means a period of 24 hours running from midnight to midnight.

Ward

The borough is divided into 21 electoral areas or wards, which are each represented by three councillors.
