I would like to object to the licence granting of application number 879966 my reasons for objecting are as follows [REDACTED] which is very peaceful and a quiet culdesac there are [REDACTED] houses backing onto the park and none of the [REDACTED] houses [REDACTED] want your festivals. after the Korean pop concert. and the unbearable noise level is like mental torture for ten hours. it's not going to benefit the park or the animals wildlife (but destroy it) in the park. the music is so loud we have to close all our windows all day when it's hot outside. and dread to think what and how loud 4 stages of music will be houses [REDACTED] the residents are pensioners unable to represent there selves and these festivals are forced upon them. we don't want the park turned into a place to listen to loud music and take drugs. just like the Printworks it's destroying the community. wildlife and much more. instead you should have a sports days and community involved activities. we dont want the festivals. if you asked the residents and neighbours one to one I'm pretty sure you would get the same reply. to be honest the place for festivals is fields and unused farm land. and not public parks which the community enjoy on there weekends off. the loudness of the music is unbearable .

As someone who has worked in the outdoor events industry for the last 10 years I have seen first hand how events such as the proposed Rally festival can positively impact local areas and communities, generating income for the local borough and businesses.

You only have to look at the work they do there involving local residents, schools, art groups and charities for an indication into just what could come to the Bermondsey area.

Furthermore the financial and infrastructure support that Rally will provide will then help to fund and organise local events, such as Bermondsey Carnival that was sadly cancelled in 2022.

Kind regards,

We really believe this event will bring attention and people to the burrough, bring people together and be an incredible occasion to discover new artists.

RALLY will be also supporting the Bermondsey Carnival, allowing it to run after lack of funding in 2022.

For those reason we really support their application

Thanks a lot

Best

Rally aims to involve local residents, schools, art groups, charities in the Bermondsey area via employment onsite as well as opportunities to contribute to artworks & installations.

As a local business network, we have worked with Southwark Council since 2020 to manage the Bermondsey Carnival and seek solutions for the long-term sustainability of the event due to increasing annual restrictions on the Council's events budgets. Prior to this, I have personally been a part of staging the Carnival for over 2 decades in some shape or form.

Since the beginning of this year, [REDACTED] has been working with all parties to contribute to shaping an arrangement where the Bermondsey Carnival could take place in tandem with the Rally festival and feel that we have come to a situation where with Rally festival support we can look towards staging the Bermondsey Carnival to a high standard with the possibility of building a strong partnership to look ahead with optimism. We believe that it is a good fit for all, and I am satisfied by meeting and working with the Rally Festival team that we can have a great weekend in Southwark Park, that brings all people together and also brings massive economic benefits to Bermondsey and helps to raise the profile of the area positively.

Most importantly, the partnership with Rally and Southwark Council can be developed and refined based on ongoing learnings and become a strong and beneficial arrangement that is a solid platform that can help to keep the 'Carnival' going for many more years and future generations.

Kind Regards,

To whomever it may concern,

My name is [REDACTED], resident of [REDACTED], London and I am writing on the 27th of April 2023 to show my support for the PL Southwark Park for rallyrallyrally festival.

As a Southwark resident, I am writing to offer my full support to the new Rally Festival to be held at Southwark Park. I believe supporting cultural events like this one contribute to the development of the borough and offer a different set of entertainment and experiences of a young demographic which is growing ever more in Southwark. It's great to know that my neighbourhood is being used to its best potential with social events which drive the economy of the area and also give its residents a fun festival to enjoy!

Please email me at [REDACTED] if you have any questions.

Many thanks,

To whom it may concern,

As a local, I have seen first hand the importance that art, music and creativity has for the community and how much character it gives the area. As a musician, community facilitator and radio presenter myself, having opportunities for the local community to come together and support home-grown artists is extremely important.

Having attended some wonderful events at The Blue (including the Okinawa festival) and also the weekend market stalls, I have noted that there is a strong desire to celebrate and support local businesses. The RALLY event will help to generate income for the borough and in turn to support businesses.

I have also read that the organisers of RALLY plan to involve local residents, schools, art groups, charities in the area. This is a great and exciting investment into the future of Bermondsey. Furthermore, RALLY will be financially supporting Bermondsey Carnival which was a wonderful event (especially for families) which was sorely missed since covid.

I wish to emphasise how important an opportunity that RALLY festival is, both economically and socially. It would be a great disservice to the Bermondsey community to not grant the team a license, and we would miss a chance to bring local artists and businesses together to uplift such a vibrant and flourishing area even further.

Yours sincerely,

Hi there,

I'm aware that an application has been made for a Licence to allow music events in Southwark Park from Assembled Live. I want to offer my support to the application. There will no doubt be a vocal minority who are against these events taking place, but I believe our area needs something for the young people to get involved in.

Many thanks,

Hello, I am a Southwark resident who lives near Southwark Park and I am writing in connection to the Rally event that is proposed in Southwark Park at the start of August this year . I am personally in support of this event and would simply like to register this support as I suspect there will be some objections. I hear you will be covering some costs for Bermondsey Carnival to return and myself as a mother of [REDACTED] [REDACTED] am pleased to hear this as it'll be great to attend with the kids.

Kind Regards
