4. Staffing and Recruitment update	13

1. PURPOSE

Purpose of report

This report informs the Audit, Governance and Standards Committee of the work undertaken by the Corporate Anti-Fraud Team (“CAFT”) and Special Investigations Team (“SIT”), during the period April 2023 to August 2023.

Due to the nature of the work conducted by both CAFT and SIT, this report does not set out specific details of investigations conducted.

2. ANTI-FRAUD UPDATE

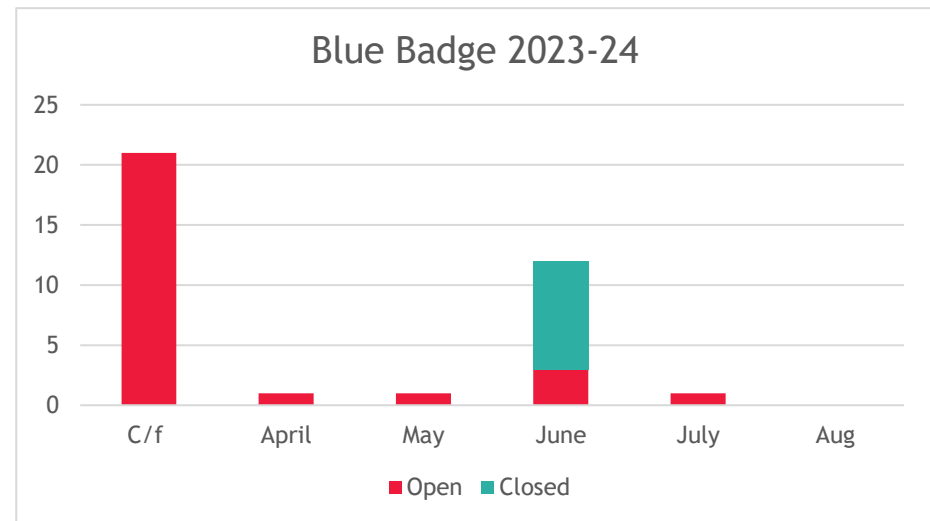

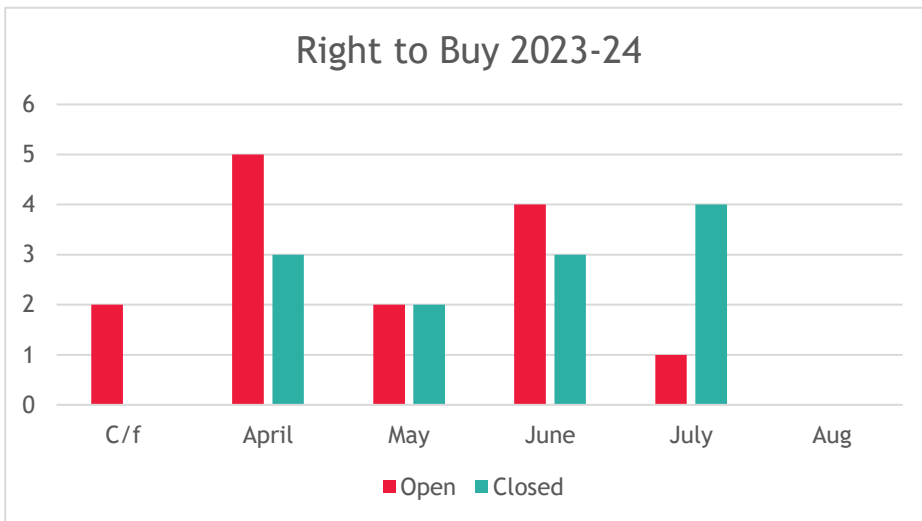

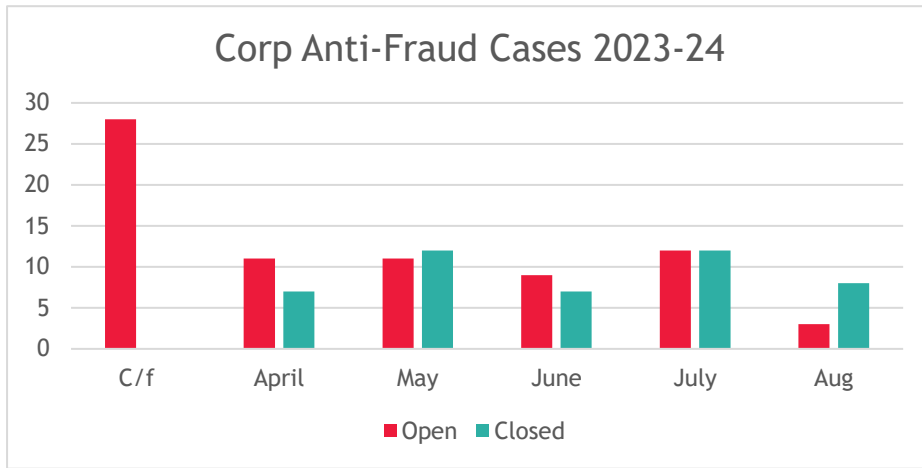

Corporate Anti-Fraud investigations (CAFT)

Summary of CAFT investigations 2023-2024

2023-24	Corporate Anti-Fraud		Housing Waiting List		Right to Buy		Blue Badges	
	Open	Closed	Open	Closed	Open	Closed	Open	Closed
C/f	28		4		2		21	
April	11	7	5	4	5	3	1	0
May	11	12	6	6	2	2	1	0
June	9	7	7	4	4	3	3	9
July	12	12	6	6	1	4	1	0
Aug	3	8	3	5	0	0	0	0
Total	74	46	31	25	14	12	27	9

Figures provided are for the period 1st April 2023 to 18th August 2023.

An analysis of the composition of number of cases is contained on the following pages.

There are currently 23 active Corporate Anti-fraud Team investigations. These are split across the relevant Council services as follows:

Chief Executives Office	1 cases
Children & Adult Services	9 Cases
Environment, Neighbourhoods & Growth	3 Case
Finance	6 Cases
Housing	4 Cases

Fraud and verification

Corporate Anti-Fraud Team conduct reviews of Housing Waiting list and Homelessness Applications which have an identified cause for concern. A test of the veracity of the application enables housing management to make an informed decision on the applicant's eligibility to remain on the housing register.

Between 1st April 2023 and 18th August 2023 the team received 27 referrals, with 4 cases carried forward from the previous year. To date the following statuses have been reached:

- 17 x cases have been denied. Information obtained suggests the applicant has provided false information regarding their circumstances to gain housing, or they have not provided sufficient evidence in response to FVT enquiries.
- 1 x case had no further action. The referral does not fall within the remit of the FVT function and was passed back to the Housing Officer for Housing to review.
- 1 x case referred back to Housing as the applicant failed to respond to enquiries.
- 4 x cases under review. Information gathering phase i.e awaiting a home visit or awaiting information from the applicant, an interview etc.
- 4 have been recommended to be maintained. FVT has reviewed the information and agreed the applicant should remain on the housing list.

Right to Buy (RTB)

The Council introduced forms to check the veracity of the sources of funds used for the purchase of properties under the right to buy scheme. Referrals are raised when the cash element of the purchase exceeds HMRC guidelines. When referrals are received, we review the source of cash funding and make a recommendation to the RTB team.

Between 1st April and 18th August 2023 there have been 11 referrals with two cases carried forward from the previous year.

- 8 cases reviewed and referred back to RTB Team to progress the application.
- 2 cases have been denied. The total value of the potential discount stopped was £232,400.
- 1 Case under review. Information gathering phase i.e. awaiting a home visit or awaiting information from the applicant etc.

The FVT identified potential subletting issues and the case was denied for RTB. This referred to Special Investigations Team who have since served a Notice to Quit and the recovery of the property is under way.

Blue Badge

CAFT are supporting Blue Badge referrals as part of an Environment & Leisure Initiative which involves outsourcing the investigation and prosecution of Blue Badge irregularities to an external contractor, BBFI.

CAFT receives reports of alleged Blue Badge fraud and misuse. Cases concerning badges issued outside the borough will be forwarded to the issuing authority. Reports concerning repeat sighting will be referred to BBFI. Retrospective single sighting with no information of the driver or vehicle occupants do not provide sufficient evidence to progress any investigation. These will normally be reported to the Blue Badge team to follow up with the badge holder to confirm the badge remains in their possession.

Between 1st April and 18th August 2023 CAFT have received 5 referrals. 24 cases were carried forward from the previous year.

- 16 cases have been referred to BBFI.
- 9 Cases have been closed with no further action i.e Blue badge has expired since report and not replaced. Disability is not obvious to persons making report.
- 4 cases have been transferred out as they are not deemed to be fraudulent and there is no case to answer. They relate to other matters i.e. neighbours not using allocated disabled parking bays and obstructing other vehicle users accessing regular parking spaces

During routine patrol the external contractor has recovered 27 badges either stolen or misused. 14 were issued by the Council. The remaining 13 badges have been returned to the issuing authorities.

NATIONAL FRAUD INITIATIVE (NFI) 2022/23 BIENNIAL EXERCISE

The Cabinet Office via NFI released the data matches in January 2023. The matches relate to a number of areas including Blue Badges, Payroll to Payroll, Council Tax Reduction, Housing Tenancy and Concessionary travel. The initial risk score is based on two factors.

1. Risk Logic a set criteria for each dataset combination which indicates when a fraudulent outcome is more likely to occur and;
2. Footprint Score a set of criteria associated with the number of times an individual appears across all NFI data at the address and inform the risk.

A combination of risk logic and footprint score produces a final risk core for each match. We do not look at every data match but prioritise matches above 50% final risk score. The fraud risk identified 4,387 matches.

High Risk	858
Medium Risk	1,731
Low Risk	1,457
Nil	341

Data matching involves comparing computer records held by one organisation against other computer records held by the same or another organisation to see how far they match. The match can be an exact match or a very close (fuzzy) match. This is usually personal information.

Where a match is found it indicates that there may be an inconsistency that requires further investigation. Therefore no assumption can be made as to whether there is fraud, error, or other explanation until an investigation is carried out.

In summary, the following is the current progress / status of the matches identified:

Processed matches	3,381
Investigating	154
Cleared	3,045
Frauds	12
Errors	324
Total Outcomes	£215,669.77

Estimates are included where it is reasonable to assume that the fraud, overpayment, and error would have continued undetected without the NFI data matching. These estimates are subject to review prior to the start of each 2 yearly National Exercise and are approved by the NFI Governance Board and the cabinet Office Cross Government Fraud Prevention Panel.

When assessing the monetary impact of the cases under investigation or deemed fraudulent, the term “Total Outcomes” refers to the actual sums that have been identified and can be considered recoverable.

In addition, specific annual matching exercises are also carried out, details of which are set out below:

Council Tax single persons discount to Electoral Register

The purpose of this match is to identify addresses where the householder is claiming a council tax single person discount on the basis that they live alone yet the electoral register suggests that there is more than one person in the household aged 18 or over. There were 6,192 matches reported in the annual dataset. Current status of matches is as follows:

Processed matches	6,192
Investigating	0
Cleared	4,689
Frauds	1,262
Errors	244
Total Outcomes	£664,932

Total Cabinet Office NFI co-estimated saving Outcome £1.1m

Council Tax rising 18s

This match identifies addresses where the householder is claiming a council tax single person discount (SPD) on the basis that they are the only occupant over 18 years of age, yet the electoral register suggests that there is somebody else in the household who is already, or is approaching, 18 years of age. This may have already made, or may be about to make, the SPD invalid.

Processed matches	34
Investigating	0
Cleared	5
Frauds	15
Errors	14
Total Outcomes	£9,083.03

Total Cabinet Office NFI co-estimated saving Outcome £17,963.90.

3. HOUSING TENANCY UPDATE

The Special Investigation Team (SIT) falls under the Council’s Fraud Prosecution Policy with the following remit:

The special investigation team will investigate ‘housing tenancy fraud’ in respect of the housing stock owned and managed by the council and other social housing where legislation directs that a local authority has specific responsibility. This includes cases of unlawful subletting, non-occupation, succession, assignment, mutual exchange, right to buy and housing register application fraud, unless otherwise agreed.

SIT are based within Residents Services, part of the Accommodation and Support Business Unit. The team operates reactively and proactively. The performance measure for the team is to be top quartile nationally in terms of properties recovered from illegal occupancy as a percentage of total housing stock. The team also provides support to other teams within Residents Services to prevent and detect housing tenancy fraud and illegal occupancy and to support actions taken by those teams, including recovery of properties from illegal occupancy.

Summary of Reactive Investigations 2023-24* Statistics up to and including 15/08/2023

2023/24	Investigations Opened	Investigations Closed	Properties Recovered	Tenancy Prevented	RTB prevented	Other Positive outcomes
C/f	402					
April	10	24	2	0	0	0
May	13	14	0	0	1	3
June	19	15	3	1	0	1
July	3	15	0	0	0	0
August*	14	6	0	0	0	1
Total	461	74	5	1	1	5

The carried forward figure for open cases includes proactive cases due for closure once new, non NFI, data matching is undertaken.

Not every illegal occupancy will be referred to SIT. In some instances it may not be necessary and in others, SIT may simply conduct some background checks. Area Housing Management have recovered 12 properties up to 31/07/2023. The total number of properties recovered from illegal occupation by Residents Services to date is 17. (NB the figures reported provide a total of those recovered by area housing management and SIT but do not all result from Counter Fraud investigations)

SIT have conducted enquiries and provided information to support action/decision making by other teams within residents services in 10 cases between 01/04/2023 and 15/08/2023 inclusive.

Proactive Investigations

National Fraud Initiative (NFI)

SIT continues to work on housing tenancy related matches under the NFI; of 1,024 initial matches released in January 2023 281 have been closed to date with a further 24 under investigation.

Operation Silver II

A further exercise to data match tenancies to enable intelligence led tenancy checks to that will be undertaken by Residents Services Officers will take place in 2023/24 to support the counter fraud work and residents services wider responsibilities.

Data matching is now due to commence at the start of Q3.

Transparency Data

In 2015 the Local Government Transparency Code was revised and published with a requirement to publish the following information about counter fraud work annually. The table below shows the required data for SIT.

Transparency Data	Q1	Q2 To 15/07/2023	Q3	Q4	Total
Number of occasions used Prevention of Social Housing Fraud powers	5	10			15
Number of FTE Investigators/prosecutors	9	9			9
Number of FTE accredited counter fraud officers	8	8			8
Total Spend £000's (YTD)	157	246			246
Total Number of cases investigated (cases closed)	53	21			74

4. STAFFING AND RECRUITMENT UPDATE

CAFT (Finance) currently consists of 2 x Senior Investigator (one is currently acting up as Interim Team Manager) and 1 Fraud & Verification Officer. Current vacancies exist for 1 x Team Manager, 1 x Senior Investigator and 1 x Anti-Fraud Trainee. A recruitment exercise is underway to fill various posts within the team.

SIT (Housing) has a compliment of a manager and eight investigations officers. During Q1 three staff have been on long term absence with an associated reduction in capacity. One of these has now returned to work. The current resource/staffing level is under review to evaluate if a long-term plan is needed to cover those on long term sick
