

Scrutiny review scoping proposal

1 What is the review?

Adult Safeguarding – how can this be implemented to better protect and assist vulnerable adults, families, carers and paid staff?

The review is being conducted as members believe there is sometimes ambiguity, or different interpretations, over how abuse is implemented for vulnerable adults and this can create difficulties for the people concerned: adults, staff, families, and carers.

These are some of the consequences of false accusations of abuse or neglect:

- Staff leaving the sector
- Staff staying but being resentful and demoralised (in the context of there already being a problem with recruitment and retention)
- In the case of family carers, them needing support and solutions but instead getting the opposite i.e criticism, leading to possible disengagement with services

2 What outcomes could realistically be achieved? Which agency does the review seek to influence?

Goals:

- To make things clearer for staff so that they are not accused of abuse or neglect when it is not abuse or neglect, so as not to put people off working in the sector
- Introduce checks and balances to prevent vexatious accusations
- Make the sure there is good systems in place for people to raise concerns / whistleblowing to report issues and ensure this is more transparent and accessible
- Improved guidelines for implementation of tricky safeguarding decisions

The review is aimed at improving outcomes for :

- Council safeguarding leads , social workers and commissioners
- Paid staff
- Care providers
- Vulnerable Adults
- Carers
- Family and friends of vulnerable adults

- 3 **When should the review be carried out/completed?**i.e. does the review need to take place before/after a certain time?

Completed by 2024

- 4 **What format would suit this review? (eg full investigation, q&a with executive member/partners, public meeting, one-off session)**

Full investigation.

- 5 **What are some of the key issues that you would like the review to look at?**

Would it be beneficial to:

- To make better use in Adult Safeguarding of PIPOT (Persons in a Position of Trust) and replicate the LADO process – used in safeguarding children .
- promote undercover boss type work experience for senior managers to gain a better understanding of the work of care workers
- Recommend that social workers spend a week as a front line care worker (for example) as part of their training?
- SCIE training for local care home staff?

Conduct case studies and examine examples of where things are unclear:

- Some consider turning people every two hours during the night is necessary in order to prevent pressure sores, others consider

this to be abuse. <https://hellocare.com.au/two-hourly-repositioning-prevent-bedsore-abuse-study/>

- Some staff are told that it is abuse to wake care home residents up, but sometimes staff are then told to do this
- Is it abuse or neglect to leave someone in bed all day?
- Call bells in care homes - disconnection considered to be abuse but there are cases where it could be necessary
- When looking after someone at home, families are often told that they should not lock the front door, but they do because they want to keep their relative with dementia safe. How can the approach of experienced practitioners be championed ? (see case study SLAM nurse)

6 Who would you like to receive evidence and advice from during the review?

- A. Hourglass (elder abuse charity)
- B. SCIE (Social Care Institute for Excellence)
- C. Chair of the Southwark Safeguarding Adults Board
- D. Officers from adult safeguarding department
- E. Managers of a local homes attend meeting to discuss i) Safeguarding ii) Disciplinary policy , with a view to discussing how investigations are carried out , and how to best balance fairness and valuing workers with the need to safeguard residents

- How to best reach consensus / balance safeguarding and autonomy over definitions e.g. people with dementia leaving home and turning people in the night
