

Strategic Environmental Assessment (SEA)

**Householder Development Supplementary
Planning Document (SPD)**

1. Introduction

This is a Strategic Environmental Assessment screening document for Householder Development Supplementary Planning Document. It determines that a Strategic Environmental Assessment is not required in this case for the reasons outlined in the remainder of this report.

2. Legislative Background

A Strategic Environmental Assessment (SEA) is a way of ensuring the environmental implications of a plan or programme for 'town or country planning or 'land use' are taken into account. The need for environmental assessments is set out in the EU Directive 2001/42/EC (hereafter referred to as the SEA Directive). This has subsequently been transposed into English law by the Environmental Assessment of Plans and Programmes Regulations 2004 (hereafter referred to as the SEA Regulations).

The Government's Planning Practice Guidance (PPG) published in September 2023 states that in some limited circumstances, where a Supplementary Planning Document (SPD) could have significant environmental effects, it may fall within the scope of the SEA Regulations and would require an SEA. To determine whether the Householder Development SPD could have significant environmental effects, its potential scope has been assessed against the criteria set out in [1 to the SEA Regulations](#).^{[OBJ]OBJ} noted in the PPG, an SEA is unlikely to be required where an SPD deals only with a small area at a local level (see regulation 5(6) of the Environmental Assessment of Plans and Programmes Regulations 2004). However, an SEA is required if there are likely to be significant environmental effects.^{[OBJ]OBJ}

3. Screening Process

The screening opinion assessment is undertaken in two parts: the first part will assess whether the SPD requires SEA (as per the flow chart shown in Figure 1); and the second part of the assessment will consider whether the SPD is likely to have a significant effect on the environment, using criteria drawn from Schedule 1 of the SEA Directive and the SEA Regulations.

Figure 1: Application of the SEA Directive to plans and programmes

4. Summary of the SPD

Details of SPD	
Name of SPD	Householder Development Supplementary Planning Document (SPD)
Geographic Coverage	The entire borough
Purpose	<p>To provide guidance to support Southwark Plan policies. It does not contain new policy. The SPD is a material consideration with significant weight in the determination of a planning application.</p> <p>The SPD has the following objectives</p> <ul style="list-style-type: none">• To guide the improvement and adaptation of existing homes• To ensure a high standard of housing for all, ensuring homes are enjoyable, liveable and accessible.• To encourage the refurbishment of homes looking to reduce energy demand, carbon emissions and adapt to the effects of climate change.• To ensure works to existing homes mitigate impact on the amenity, privacy and appearance of the surrounding area and neighbours.• To encourage sustainable technologies, healthy communities and to preserve Southwark's rich heritage

Summary of content	<p>The SPD covers a broad range of works which can be considered when looking to improve or extend a home. This includes;</p> <ul style="list-style-type: none">• Improving the appearance of a home• Improving the thermal performance or energy efficiency of a home• How to find the most appropriate type of extension for a home• Whether planning permission or listed building consent is required• If any specialist information is required to support a planning application
---------------------------	--

5. Assessment 1: Screening Assessment Establishing the Need for SEA Stage

Stage	Y/N	Reason
Is the SPD subject to preparation and/or adoption by a national, regional or local authority, OR prepared by an authority for adoption through a legislative procedure by Parliament or Government? (Art. 2(a))	Y	Yes. The SPD will be prepared and adopted by Southwark Council in its role as Local Planning Authority, which is allowed under the Town and Country Planning Act 1990.
Is the SPD required by legislative, regulatory or administrative provisions? (Art. 2(a))	N	No. The preparation of this SPD is not a requirement of legislation, regulatory or administrative provisions.
Is the SPD prepared for agriculture, forestry, fisheries, energy, industry, transport, waste management, telecommunications, tourism, town and country planning or land use, AND does it set a framework for future development consent of projects in Annexes I and II to the EIA Directive? (Art. 3.2(a))	Y	Yes. The SPD is intended to provide further guidance to the adopted Southwark Plan 2022 which is the land-use planning policy framework for its area. This has been subject to full Sustainability Appraisal (including SEA). The SPD will not create new policy or land-use designations.
Will the SPD, in view of its likely effect on site, require an assessment for future development under Article 6 or 7 of the Habitats Directive? (Art. 3.2(b))	N	No. The HRA of the Southwark Plan 2022 has been undertaken alongside the IIA, with the findings of the HRA informing the IIA. The methods and findings of the HRA process are reported separately from the IIA and the report has been approved by the statutory consultee (Natural England) and placed online to be accessed by the wider public.

		<p>The HRA screening process has found that the policies and site allocations to be adopted under the Southwark Plan 2022 will have no negative impact on the four European Sites that are located within a 10km boundary of Southwark, either alone or when considered in combination with other existing plans and projects. In light of this finding, it is not required to carry out any further HRA analysis.</p> <p>The SPD will not change or add to policy, proposals or designations within the Local Plan, therefore it is not considered that further screening for such assessment is necessary as there would be no significant effects on European Sites.</p>
--	--	---

<p>Does the SPD determine the use of small areas at local level OR is it a minor modification of a plan or programme subject to Art. 3.2? (Art. 3.3)</p>	<p>N</p>	<p>No.</p> <p>There are no additional policies, proposals or allocations contained within the SPD which have not already been set within the Local Plan. There will be no aspect of the SPD which would modify the emerging Local Plan, just support it.</p>
<p>Does the SPD set the framework for future development consent of projects (not just projects in annexes to the EIA Directive)? (Art. 3.4)</p>	<p>N</p>	<p>No.</p> <p>This framework is already set within the Local Plan. The SPD will provide further guidance on the relevant policies, proposals or allocations within the Local Plan.</p>

<p>Is the SPD's sole purpose to serve the national defence or civil emergency, OR is it a financial or budget plan or programme, OR is it co-financed by structural funds or EAGGF programmes 2000 to 2006/7? (Art. 3.8, 3.9)</p>	<p>N/A</p>	<p>Not applicable.</p>
<p>Is it likely to have a significant effect on the environment? (Art 3.5)</p>	<p>N</p>	<p>No.</p> <p>It is not likely that the SPD will have any significant effect that has not already been identified and assessed through the Sustainability Appraisal (including SEA) of the adopted Southwark Plan.</p> <p>It will provide guidance on the existing policy within the Southwark Plan.</p>

6. Assessment 2: Likely Significant Effects on the Environment

SEA Directive criteria and Schedule 1 of Environmental Assessment of Plans and Programmes Regulations 2004	Southwark Council assessment	Likely significant environmental effect?
The characteristics of plans and programmes, having regard, in particular, to-		
The degree to which the plan or programme sets a framework for projects and other activities, either with regard to the location, nature, size and operating conditions or by allocating resources;	<p>The SPD will provide further guidance on the policies, proposals and the relevant site allocations that are contained within the Local Plan.</p> <p>The Local Plan as a whole, including those parts relating to the area and the topics covered in this SPD, have been fully assessed for the purposes of Sustainability Appraisal and the Strategic Environmental Assessment, with no additional environmental impact for consideration</p>	None
The degree to which the plan or programme influences other plans and programmes, including those in a hierarchy	The SPD, in providing further guidance on the framework set within the Local Plan, does not directly affect other specific public sector plans or programmes but rather is influenced by the Local Plan and other higher tier planning policy including the London Plan, which has also been subject to a SA/SEA and examined against the National Planning Policy Framework.	None

<p>The relevance of the plan or programme for the integration of environmental considerations, in particular with a view to promoting sustainable development;</p>	<p>The Local Plan sets the context for achieving sustainable development, for which the SPD will provide further guidance regarding how this should be achieved.</p> <p>The guidance in the SPD is being used to promote sustainable development and environmental considerations.</p>	<p>Yes</p>
<p>Environmental problems relevant to the plan or programme; and</p>	<p>Environmental problems have already been considered in the Sustainability Appraisal associated with the Local Plan, which the guidance in this document supplements.</p> <p>No additional issues should arise, as the SPD does not create policies or site allocations.</p>	<p>None</p>
<p>The relevance of the plan or programme for the implementation of Community legislation on the environment (for example, plans and programmes linked to waste management or water protection).</p>	<p>The SPD is not directly relevant to the implementation of any National or European legislation on the environment, such as the Water Framework Directive.</p>	<p>None</p>

Characteristics of the effects and of the area likely to be affected, having particular regard to:		
The probability, duration, frequency and reversibility of the effects;	<p>This SPD seeks to ensure that development across the Local Plan period makes appropriate contributions to the supporting infrastructure required to sustain the projected level of development.</p> <p>It is not anticipated the SPD will result in significant long-term adverse effects, and any social and environmental impacts are likely to be positive.</p>	None
The cumulative nature of the effects;	The SPD is in general conformity with the strategic policies, the implementation of which it seeks to support across the Borough. It is not considered that there will be any negative cumulative effects on the Borough overall.	None
The transboundary nature of the effects;	The HRA screening process found that the policies and site allocations to be adopted under the Southwark Plan 2022 will have no negative impact on the four European Sites that are located within a 10km boundary of Southwark, either alone or when considered in combination with other existing plans and projects. In light of this finding, it is not required to carry out any further HRA analysis.	None
The risks to human health or the environment (for example, due to accidents);	The SA and SEA conducted for the Local Plan did not identify any potential negative impacts upon human health and the environment.	None

<p>The magnitude and spatial extent of the effects (geographical area and size of the population likely to be affected);</p>	<p>This is not an area-specific policy, but supplementary planning guidance which will apply to development across the borough. As such, it should not in itself directly result in any spatial impacts of any notable magnitude.</p> <p>The geographical area of the borough has been subject to an SA / SEA through the development of the Local Plan.</p>	<p>None</p>
--	--	--------------------

<p>The value and vulnerability of the area likely to be affected due to—</p>		
<p>(i) special natural characteristics or cultural heritage;</p>	<p>Applications for development within the borough will be assessed against relevant development policy in relation to sites of importance for cultural heritage. Southwark Council's designated heritage assets are covered by separate Local Plan and legislation. The SPD seeks a positive approach to seeking to maintain or improve the setting of these assets. No significant effects have therefore been identified.</p>	<p>None</p>
<p>(ii) exceeded environmental quality standards or limit values; or</p>	<p>The SPD seeks to support development in keeping with the principles outlined in national, London Plan and Local Plan policy guidance and the policies in the Local Plan have already been subject to SA/SEA to ensure development is sustainable.</p>	<p>None</p>
<p>(iii) intensive land-use.</p>		<p>None</p>
<p>Assessment 2 conclusion:</p>	<p>The draft Householder Development SPD is not likely to have a significant detrimental impact upon the environment.</p>	

7. Conclusion: Summary of Screening Opinion

As a result of the Screening Assessment, it is concluded that Householder Development Supplementary Planning Document (SPD) is not likely to have significant environmental effects.

The Householder Development SPD conforms with the adopted Southwark Plan 2022 and corresponding Site Specific Allocations. The SPD provides guidance on these policies but does not create new policy. The policies and allocations therein have been subject to Strategic Environmental Assessment in their own right through the Southwark Plan 2022 Integrated Impact Assessment.
