KEY ISSUES FOR CONSIDERATION

The attached table shows the recommendations considered by the Commission on 23rd September including the amendments agreed at that meeting. The last three columns of the table show proposed amendments (underlined) and comments (italicised). Where no changes were suggested this is indicated in the table and the rows are shaded.

recommendations should be			
considered as a whole Package.			
Whilst they can be implemented			
individually the commission			
believes that as a whole they			
represent a comprehensive			
solution for the Council Assembly.

considered by the Constitutional			
Steering Panel and a report			
brought to Council Assembly that

resources. For most			
recommendations the changes

proposed should have minimal cost. One of the driving factors for these changes is to ensure the maximum benefit for the cost of Council Assembly.			
2 The need for change			
2.1 That the commission accepts the need for change and acknowledges that doing nothing is not an option based on the strong body of evidence accompanying this review.	None	None	None.
2.2 That the Commission recommendations should be considered together as a whole package to obtain the maximum positive effect.	None	None	None.
 2.3 That the Commission recommends these changes on the basis of maximising the benefits of the Council Assembly by: Increasing the involvement and participation of local people. Increasing accountability to local people. Discussion of issues relevant to local people. Better scrutiny of decision making for the people of the 	None	None	None.

borough. Improving the quality of decisions made in the Council Assembly. Holding the Administration to Account 3. PURPOSE The role of the Council	Assambly		
 3.1 The Commission has found a need to set out a clear and easily understood role for the Council Assembly. The commission therefore recommends that the role of the Council Assembly is to: Decide on policy framework, strategies plans and policies. Debate and inform council plans, priorities and strategies. Debate and consider issues of relevance to residents and members. Hold the Cabinet to Account. Demonstrate community leadership. 	None	None	None.
 3.2 The Commission recommends that the Council actively seeks to: Develop its role as a community leader by better community engagement and involvement. Strengthen the ability of residents and Elected 	None	None	None.

Members to influence and hold the cabinet to account. Enable residents to more easily bring issues of relevance to the Council Assembly. Enable the public and members to participate in decision making early enough to influence change; both before and at the Assembly meeting.			
4. In deliberating and deciding policy	, plans and strategies		
4.1 The Council Assembly only considers those plans and strategies that the Government through the legal framework makes mandatory with the rest of these being considered by the Cabinet.	In addition to all the plans and strategies that the Government through the legal framework makes mandatory for the Council Assembly to consider it will debate and make recommendations on all plans and strategies referred by Overview and Scrutiny Committee (OSC), the Cabinet and the Constitutional Steering Panel. There is general agreement that Council Assembly will be better attended and the people of Southwark will be more engaged with it if it has more decision making powers and is involved in the decision making process at an earlier stage than at present.	The Council Assembly both considers those plans and strategies that the Government through the legal framework makes mandatory, and gains the power to decide whether it wishes to consider plans which are currently the preserve of Cabinet on a case by case basis, or whether to devolve them to Cabinet for decision.	None.

Original Recommendation	Amendment 1 (Cllr Mitchell)	Amendment 2 (Cllr Al-Samerai)	Amendment 3 (Cllr Mohamed)
	I have therefore amended Paragraph 4 to try and reflect that.		
4.2 The Overview and Scrutiny Committee (OSC) can refer more plans or strategies to the Council Assembly for debate and recommendation. The Constitutional Steering Panel will be asked to consider if there are additional plans that could be decided by Council Assembly.	Delete.	<u>Delete</u>	None.

		The Coalition Agreement also states that: • We will give councillors the power to vote on large salary packages for unelected council officials (This should be vested in Council Assembly) In addition, we would wish the Democracy Commission to back the government's plans for voting reform for local government in

Young people, children's and families meeting (held with Southwark Youth Council). Adult Social Care. Housing. Regeneration. 		concern. However, themes will occur naturally on occasion, such as where the Housing Strategy is being considered.	
8.2 Cabinet Members will involve residents at Community Council and other forums (such as Scrutiny) sometime before they come to Council assembly on the set themes.
