 - you are in receipt of Southwark council funding and you can provide evidence of reduction in this funding for 2011/12.
 - You have a longstanding relationship with and experience of delivering public sector services on behalf of Southwark council
2. You are based in and delivering the majority of your services in Southwark.

Grant size: Grants will normally be less than £25k but in exceptional circumstances we may consider more.

NB: Priority will be given to multi-funded organisations which are likely to losing funding from more than one council funding stream.

What your grant can be used for:

The funding is for activities that will enable your organisation to become more sustainable in the current climate and will include:
