

Item 6

Petition – Grove Vale Traders Association

SUPPLEMENTARY ADVICE FROM OTHER OFFICERS

Strategic Director of Environment

7. The strategic director of environment believes that the scheme as amended strikes the right balance between the needs of traders, residents, pedestrians, and other vehicle users in line with our draft Transport Plan and the scheme will proceed on that basis. Officers have redesigned the scheme to add one additional parking place on the south side of Grove Vale. In total, there is a substantial increase in short stay parking to cater for the needs of the local shops.
