

Update on integration of community health services

Angela Dawe – Director Operations Community Services

Key organisational achievements – first 6 months

Page 1

- Integrated 1st April 2011
- One community management team across Lambeth and Southwark – 2 clinical directorates
- Building the new teams
- Performance framework implemented
- Bedding down within GSTFT – systems, processes, ways of working
- Working on culture and values

- **Adult community services**

 - Community nursing and inpatient units

 - Rehabilitation and therapies

 - Health inclusion teams

 - Health promotion and sexual health

- **Children's community services**

 - Universal (health visiting & school nursing)

 - Specialist services (children with disabilities and special needs)

- **Admission avoidance – a “virtual hospital” for KHP**
- **Improving discharge arrangements – adults and children**
- **Delivering new model of health visiting**
- **Opportunities for service integration – musculoskeletal triage, stop smoking, sexual health, leg ulcers**

Longer term (3 – 5 years)

- **Bring community services into KHP partnership**
- **Integrate and embed into the CAGs**
- **Use as a platform for KHP to lead an integrated local health system and to further diversify**
