#### Reasons for granting permission.

This planning application was considered with regard to various policies including, but not exclusively:

##### Strategic policies of the Core Strategy 2011

- SP4 - Places for learning, enjoyment and healthy lifestyles - seeks to provide and enhance community facilities.
- SP11 - Open spaces and wildlife - seeks to protect and improve open spaces and biodiversity within the borough.
- SP12 - Design and conservation - securing good design and protection of heritage assets.
- SP13 - High environmental standards - aims to protect and enhance amenity and environmental standards in the borough.

##### Saved policies of the Southwark Plan 2007

- Policy 2.1 (Enhancement of Community Facilities) states that permission will not be allowed for a change of use from D class community facilities unless particular criteria can be met in relation to the need for the particular existing facility or provision of another locally accessible facility with similar or enhanced provision that can meet identified needs of the local community facility users.
- Policy 3.1 (Environmental effects) seeks to ensure there will be no material adverse effect on the environment and quality of life resulting from new development.
- Policy 3.2 (Protection of amenity) advises that permission will not be granted where it would cause a loss of amenity.
- Policy 3.11 (Efficient Use of Land) seeks to ensure that developments make an efficient use of land as a key requirement of the sustainable use of land, whilst protecting amenity, responding positively to context, avoids compromising development potential of adjoining sites, making adequate provision for access, circulation and servicing, and matching development to availability of infrastructure.
- Policy 3.12 (Quality in design) requires new development to achieve a high quality of architectural and urban design.
- Policy 3.13 (Urban Design) advises that principles of good design must be taken into account in all developments.
- Policy 3.15 (Conservation of the Historic Environment) seeks to ensure that heritage assets are preserved or enhanced.
- Policy 3.25 (Metropolitan Open Land) seeks to ensure that developments do not unacceptably impact upon the openness of the land.

##### The National Planning Policy Framework 2012

- 8). Promoting healthy communities.
- 11). Conserving and enhancing the natural environment.
- 12). Conserving and enhancing the historic environment.

Particular regard was had to the potential impact of the proposal on the character and openness of the Metropolitan Open Land and impact on the amenity of neighbouring properties and parkland. The use of the portacabins in connection with sport was acceptable, and due to the modest scale of proposed development there would be no impact on the openness of the park. The development would be a substantial distance from any residential properties, and as such it will not result in any impacts on neighbouring properties' amenities. It was therefore considered appropriate to grant planning permission having regard to the policies considered and other material planning considerations.

#### **Schedule**

- 1 The development hereby permitted shall be begun before the end of three years from the date of this permission.

Reason

As required by Section 91 of the Town and Country Planning Act 1990 as amended

- 2 The development hereby permitted shall not be carried out otherwise than in accordance with the following approved plans:224758/B/101/Rev/A, 224758/B/120/Rev/A, 224758/G/01, 1002 EXT, 1002 EXT11.

Reason:

For the avoidance of doubt and in the interests of proper planning.

- 3 The materials to be used in the implementation of this permission shall not be otherwise than as described and specified in the application and on the drawings hereby approved unless the prior written consent of the local planning authority has been obtained for any proposed change or variation.

Reason:

To ensure the use of appropriate materials in the interest of the design and appearance of the building and the visual amenity of the area in accordance with saved Policies 3.12 'Quality in Design' and 3.13 'Urban Design' The Southwark Plan 2007 (July) and SP12 -Design and Conservation of the Core Strategy 2011.

- 4 Details of the means by which the existing trees on the site are to be protected from damage by construction works, foundations, vehicles, stored or stacked building supplies, waste or other materials, and building plant or other equipment shall be submitted to and approved in writing by the Local Planning Authority before any work is begun, and such protection shall be installed and retained throughout the period of the works.

Reason

In the interests of amenity and to retain effective planning control in compliance with saved policy 3.2 - Protection of amenity of The Southwark Plan 2007 (July), Strategic Policy 13 - High Environmental Standards of The Core Strategy 2011 and the provisions of The National Planning Policy Framework 2012.

#### **Informative**

As the proposal will remove the existing portacabins from the car park any repairs to the surface will need to be agreed with parks & Open Spaces.
