

Appendix 1: List of proposals to award additional innovation fund awards December 2012
All proposals originally presented for 2011/12 Innovation Funds

Appendix 1

Organisation	Client group/s	Existing Service or Not Previously Successful?	Summary	Amount
SCIL/ Involuntary Movement	LD & MH	Existing	Dance project. Extremely well received and good outcomes. Doubling of money from both LD and MH awards to increase capacity	7,800
Cool2care	LD	Existing	PA project. Have evidenced some innovative PA matching and good feedback from the team. Doubling of money to increase capacity to 60	29,000
Stroke Care	OP/ PD	Not Previously Successful	They were on the reserve list last time and had a very strong bid, that meets many of our targets in relation to reablement and prevention of residential care placements.	67,000
Reader Organisation	MH/ all	Existing	This is extremely well received and they have expanded beyond their original remit through additional sources of funding- further funding would allow doubling in the current capacity and could work across other client groups (highly effective for dementia according to research)	24,000
Dragon Fight Club	MH	Not Previously Successful	User led mental health service with a range of day opportunities - this was originally rejected due to concerns about sustainability but the service has now been established (with SLAM grant funding for core costs) and is working very well, additional resource would enable it to expand range of activities and opening times	15,000
Thamesreach	MH	Existing	Employment support initiative. Top up of grant to full amount requested	23,500
Total recommended				166,300

Learning Disabilities (LD) **32,900**
Mental Health (MH) **66,400**
Older People (OP) **67,000**
