

<b>Item No.</b> 18.	<b>Classification:</b> Open	<b>Date:</b> 26 June 2013	<b>Meeting Name:</b> Cabinet
<b>Report title:</b>		143 Copleston Road, East Dulwich SE15 4AQ Disposal of Freehold interest	
<b>Wards affected:</b>		South Camberwell	
<b>From:</b>		Councillor Richard Livingstone, Finance, Resources and Community Safety	

## **FOREWORD - COUNCILLOR RICHARD LIVINGSTONE CABINET MEMBER FOR FINANCE, RESOURCES AND COMMUNITY SAFETY**

This report recommends that the cabinet agree to put the council's freehold interest in the house at 143 Copleston Road up for sale. The property is in a poor state of repair, due to structural movement, that makes bringing it back into use as council housing uneconomical. The sale of the property will raise capital to invest in the council's programme to make every council home Warm, Dry and Safe.

As this sale could raise over £500,000, it is compliant with the disposal policy agreed by the previous executive in March 2009 and reaffirmed by the cabinet report of 31 May 2011.

### **RECOMMENDATIONS**

That the cabinet authorises

1. The head of property to dispose of the council's freehold interest in 143 Copleston Road, East Dulwich, SE15 (the "Property"), for a sum that equates to the market value of the Property.
2. The earmarking of the capital receipt for the purposes of funding the Housing Investment Programme.

### **BACKGROUND INFORMATION**

3. On 17 March 2009 the then executive received a report from officers, entitled 'Capital Income Generation for the Housing Investment Programme and Hidden Homes'. Amongst the recommendations of this report the executive noted the funding gap to meet its investment needs for its housing stock, to deliver a Southwark Decent Homes Standard for all tenanted homes. Further to this the executive noted the considerations for different funding options which were identified in the April 2008 executive report (Southwark's Decent Homes Standard), and agreed the disposal of empty homes (voids) – in line with paragraphs 16-25 of the March 2009 report.

4. Executive further resolved on the 17 March 2010 'that 100% of the receipts generated from the additional disposal of voids and land proposed by this report are used to fund both the housing investment programme to deliver Southwark's Decent Homes Standard and to deliver new housing through a Hidden Homes strategy and potentially some new build'.
5. The property has been identified as suitable for disposal as it meets the value requirements of the amended criteria set out in the 31 May 2011 cabinet decision which reviewed the void strategy, i.e. it is considered that the property has a value in excess of £300,000.
6. The property comprises a two storey Victorian double fronted end of terrace house. The property has suffered from structural movement and requires comprehensive refurbishment. It is estimated that in order to fully address all the structural and disrepair issues, together with a full refurbishment to a modern standard for occupation or letting, would cost in the region of £75,000; dependent on the specification and finish.
7. The property is identified in bold outline on the attached ordinance survey extract at Appendix 1.
8. The property is currently empty and is at further risk of deterioration and becoming squatted.
9. The property is held in the housing revenue account (HRA).
10. Authority to sell is delegated to the head of property in individual cases where the sale price is below £500,000. The sale price of the property may exceed this limit and cabinet approval is therefore required.
11. The property was declared surplus to the council's requirements by the director of regeneration on 07 May 2013.

#### **KEY ISSUES FOR CONSIDERATION**

12. In accordance with the principles and policy of good asset management laid down by government, together with local authority regulations, councils are required to dispose of surplus property assets subject to best consideration and/or market value requirements. The sale of the property will comply with these requirements.
13. It is considered that due to the structural problems found at the property and its general condition, a sale by auction to be the most appropriate method of sale in this instance. The auction route is also quick and transparent. Prior to the auction a suitable reserve price representing market value will be agreed by the head of property in consultation with the auctioneer. A sale will only proceed if the reserve price is met or exceeded.
14. The sale of the property to owner occupiers, developers and/or investors should ensure that it is brought back into beneficial use.

15. This report recommends that the receipt from the sale of the property be earmarked for the Housing Investment Programme.

### **Policy implications**

16. The disposal of this property will generate a substantial capital receipt, which will be used to provide capital funding in support of the council's key priorities as set out in paragraphs 3-5 of this report. This includes the provision, refurbishment and redevelopment of affordable housing. This assists the council in meeting its commitment to regeneration and sustainability in housing as demonstrated through the 2009-2016 Southwark Housing Strategy.
17. As previously stated the disposal of the property is consistent with the recommendations contained within the report considered by Executive on the 17 March 2009 entitled 'Capital Income Generation for the Housing Investment Programme and Hidden Homes' as further endorsed by the 31 May 2011 cabinet report referred to above which noted the progress made to date and resolved to continue the void strategy.
18. The sale of properties within the HRA stock will have a negative impact on the number of council properties available to let. However, this will be offset by gains through the Hidden Homes programme and investment to retained stock, especially where decent homes have not yet been delivered.

### **Community impact statement**

19. Increased investment into Southwark's stock to provide warm, dry and safe homes will have a positive impact on disadvantaged and minority communities, who are statistically more likely to be council tenants than the general population as a whole.
20. As this property sale is considered to be non-contentious, consultation is thought not to be appropriate.
21. The proposed sale of this property will likely have a positive impact on the immediate community, in the event that the new owner subsequently refurbishes and/or improves it.

### **Resource implications**

22. This report recommends the disposal of the property on the open market for a sum that equates to the market value of the property. The property has been declared surplus to the council's housing requirements.
23. There will be a loss of rental income for this property in 2013/14 following the sale but the HRA rent budget for 2013/14 allows for stock loss through void sales. There are no current recurring costs.
24. As this property is being disposed of under the void strategy, set out in the report to executive on 17 March 2009 and endorsed at cabinet on 31 May 2011, the impact of loss of rental potential and on subsidy has been considered within the cumulative impact on the Housing Revenue Account of this strategy.

25. Disposals expenditure would include reasonable incidental management and legal charges which would be reimbursed from receipts as a percentage of the value of the receipt which is standard, as well as sales and marketing costs.
26. There are no other risks or costs involved.

## **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

### **Director of Legal Services**

27. Section 1 of the Localism Act 2011 grants councils a general power of competence whereby a local authority has power to do anything that individuals generally may do. However, that power does not enable a local authority to do anything which it is unable to do by virtue of a pre-commencement limitation. Section 32 of the Housing Act 1985 is a pre-commencement statute that imposes limitations on the council's power to dispose of property.
28. The property is within the council's housing portfolio so the disposal can only proceed in accordance with section 32 of the Housing Act 1985, for which purposes the consent of the Secretary of State for the Department of Communities and Local Government is required.
29. A number of general consents have been issued in the General Housing Consents 2012.
30. Consent A 3.1.1 states that "A local authority may, subject to paragraph 3.1.2, dispose of land for a consideration equal to its market value." "Land" includes buildings.
31. The exclusions in paragraph 3.1.2 apply to:
  - a) A disposal of land which is subject to a tenancy to occupy from the local authority to a landlord who is not another local authority; or
  - b) A disposal of land to a body in which the local authority owns an interest except:
    - i) Where the local authority has no housing revenue account; or
    - ii) In the case of a local authority with a housing revenue account, the first five disposals in a financial year.
32. Neither of the exclusions apply to the property.
33. The report indicates that the property is held in the councils housing portfolio and that a surplus declaration has been obtained.
34. If the cabinet is satisfied that the consideration that will be obtained for the property as referred to in paragraph [9][12] of this report represents market value, then the cabinet may approve the recommendation.

## Strategic Director of Finance and Corporate Services (FC13/035)

35. This report proposes that cabinet approve the sale of the council's freehold interest in 143 Copleston Road, SE15, with the capital receipt being earmarked for the Housing Investment Programme. This forms part of the council's void strategy as per paragraph 23.
36. The strategic director of finance and corporate services understands that the council will endeavour to obtain market value for these properties. No rental income is currently received as the property is empty and so there are no implications to rent collection rates in the housing revenue account.
37. Reasonable costs associated with the disposal will be met from receipts and officer time to implement this decision will be contained within current resources.
