

**Activity for Dementia Support worker Apr 13- Oct 14****Summary**

- Two-thirds of people living with dementia who received support were women.
- But women made up over 70% of carers.
- Over half of the referrals to the support worker were from the Memory Clinic/Consultant while a quarter were self-referrals.
- Over 50% of dementia clients required support for up to 3 months and a quarter were supported for less than a month. A small minority required support for over 6 months.
- Over 70% required support for only 3 hours at a time.
- 126 cases were completed with outcomes met.
