MEMBERS' QUESTIONS

## 16. QUESTION TO THE CABINET MEMBER FOR CHILDREN AND SCHOOLS FROM COUNCILLOR JAMES OKOSUN

Can the cabinet member provide a list of secondary school offers made this year by order of preference broken down by community council area?

## RESPONSE

It would be a lengthy exercise for the schools team to pull together the detail on applications by family address by community council areas. I have asked that the schools team continue to prioritise their work on primary admissions and instead provide a breakdown of secondary school offers made this year by order of preference broken down by postcode.
"Preference $21 s$ " are those allocated a place manually.
Percentages are a percentage of the applicants for that particular postcode - i.e. 61.7\% of applicants from an address in SE1 received their $1^{\text {st }}$ preference, $19.6 \%$ received their $2^{\text {nd }}, 9.3 \%$ their $3^{\text {rd }}$, and so on. The summary statistics in the last 2 columns total those in a particular postcode getting one of their first three choices, and one of their 6 choices.

| POSTCODE AREA | PREFERENCES |  |  |  |  |  |  |  | SUMMARY <br> STATISTICS |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
