M Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e) (please read guidance note 9)

<p>This is an application for Levels 9 and 10 of Peckham Multi-Storey Car Park.</p> <p>The Responsible Authorities will be familiar with Frank's Café which has been licensed on a time limited basis over the last 6 years.</p> <p>This application is similar to those but is not time limited and is only for floors 9 and 10 (as opposed to 7-10). The intention is to operate these floors both as Frank's Café and as a space which will be regularly used by the Arts Organisation (a local arts company) to hold various exhibitions.</p>

The applicant also seeks to simplify the number of conditions which were imposed on Premises Licence 844411 which are either irrelevant because they refer to other floors or relate to entertainment activities not included or are covered by new amended conditions.

The applicant has through Frank Boxer established good local relationships and hopes that the grant of the licence will be of benefit culturally to the area. It is mindful that the premises are in the cumulative impact area but bearing in mind the nature of the premises and its previous trading history it does not consider it will add to the impact.

b) The prevention of crime and disorder

See box c), d) and e)

c) Public safety

1. The Premises Licence Holder will obtain an expert's report in relation to both health & safety and fire safety issues and a copy of this report will be sent to the Responsible Authorities prior to commencement of trading and the premises will operate in accordance with these reports whenever they are open to conduct licensable activities.
2. A capacity limit of 1000 persons shall not be exceeded at any time and will be controlled by use of clickers
3. No open containers of alcohol or any other drink shall be taken outside of the premises.
4. Dedicated members of staff shall ensure that empty or unused drink containers and other materials are now allowed to accumulate on or around the perimeter wall.
5. All suspended equipment e.g. roof canopy shall be examined by a competent person to ensure their structural integrity and a record of this inspection made. Adequate controls and fixtures should be in place to prevent the risk of suspended equipment falling.
6. All parts of the premises shall be provided with adequate illumination.

d) The prevention of public nuisance

1. A risk assessment will be prepared in relation to the need for SIA door staff including time and number but in any event whenever the premises is open for licensable activities a minimum of four SIA door staff will be on duty from 6pm on Sunday to Thursday until all members of the public have left the premises and a minimum of five from 6pm on Friday and Saturday but rising to eight from 8pm until all members of the public have left the premises.
2. A crowd dispersal strategy shall be implemented to assist with patrons leaving the premises in an orderly and safe manner.
3. Volume control for "background" recorded music shall be stationed behind the bar, and under the sole control of the manager on duty.
4. A dedicated telephone number shall be provided for local residents to contact the site manager whilst the premises is in operation.

ae) The protection of children from harm

1. The premises shall operate the "Challenge 25" age identification scheme including full staff training and appropriate signage.
