Dear Sir/Madam

Re:- Pricecutter, 145 Camberwell New Road, London SE5 0SU

Police are in possession of an application from the above for a variation to a premise licence. The application is for an off licence type premises. The premises are situated on the corner of Camberwell New Road near the junction with Warham Street. The area is deemed as a residential area under the New Southwark Statement of Licensing Policy. The premises are situated below residential flats and have other residential properties in close proximity. Although each application is looked at upon its own merits, this application does not offer the exceptional circumstance for consideration to be given to move away from the current licensing policy.

With residential premises situated in the area and the noise that would be generated by people gathered in one place we object to the granting of the application in full. Any operation outside what has already been granted which is already outside the current hours set out within the Licensing Policy would cause unnecessary public nuisance to local residents. It would also increase the possibility of anti social behaviour and crime and disorder in the area.

The premises has offered a number of condition including window hatch services after Midnight with a 24 hour opening, this could contribute to noise and public nuisance to local residence with customers gathering on the pavement outside the premises waiting to be served and consuming alcohol purchased at the premises.

The Following is submitted for your consideration.

Yours Sincerely

PC Graham White 288MD
Southwark Police Licensing Unit

To whom it may concern:

Re: Pricecutter, 145 Camberwell New Road, London SE5 0SU

As Director of Public Health for Southwark (a responsible authority under the Licensing Act 2003) I wish to make representation in respect of the above.

The representation is made in respect of the following licensing objective(s):

- The prevention of crime and disorder
- Prevention of public nuisance
- Public safety

General Comments

My representation concerns the requested finish time of alcohol sales. The applicant has requested the finish time of alcohol sales to be changed from 0130 to 0300 on Friday and Saturdays, and from 0000 to 0200 for Sundays through to Thursdays.

I am opposed to these requested finish times of alcohol sales. Increased hours of alcohol sales are associated with an increase in alcohol-related harm. Furthermore, research shows that those people who buy alcohol at later times during a night are more likely to drink in excess that night.

Recommendation

I would request that the requested changes to the finish time of alcohol sales be rejected.

If you have any further questions, please do not hesitate to contact me.

Yours faithfully,

Dr Ruth Wallis BM FFPH
Director of Public Health - Lambeth and Southwark
