**a) General – all four licensing objectives (b,c,d,e)** (please read guidance note 9)

This is an application to vary the Premises Licence (no: 847994) by changing condition 341 – increasing the capacity limit to 1,500 from 1,000.

No other changes are proposed either to the premises, the licensable activities, the hours or the conditions.

The applicant has had a fire risk assessment which can be produced on request which stipulates that the maximum safe occupancy is 1,800.

The applicant is aware that the premises are in the cumulative impact zone, however, it has been trading here for some time and is sensitive to the area and its concerns.

The applicant is confident that it can continue to trade with an increased occupancy without adding to the cumulative impact or adversely affecting local residents.

A number of conditions were agreed when this licence was granted and the application will continue to maintain its operating policies and high operating standards.

By way of information only it is also intended to change the entrance and exit to floors 9 and 10 to avoid the need to travel across floors 7 and 8 but there is no change to the licensing plan.
