17	15/07/2016	21:00	Richard Kalu	<p>Visit to premises with Farhad Chowdhury to complete full licensing inspection. Entered the premises and there were X6 males sat at a table eating. No alcohol was being consumed. Identified myself to staff and the PLH / DPS Letteberhan Abraha [REDACTED] came out from the kitchen to speak to myself and Farhad. Advised that she had taken back control of her premises after some time out the country and reports that the premises was being badly managed. English was not the first language of the PLH / DPS. Was advised that she has not run the premises for some time and confirmed that a section 19 had been served and it was apparent that it was more largely due to her being confused about her operating hours. I went through the hours of the licence with her and conditions detailed on her premises licence. I gave advice in relation to the potential of a review or prosecution. I have advised her that I am more than happy to complete a full licensing induction with her and would contact her to arrange a suitable time. She has confirmed that she will be using the basement part of the premises until she has completed the licensing induction as a result of my inspection I confirmed at present that would not be compliant if they opened the basement and used it as a club / cultural meeting point for members of the Ethiopian community. She has confirmed that only the restaurant will be operational until they could be fully compliant in regards to the licence conditions focusing specifically on the basement operation. Action: Licensing induction to be completed with PLH / DPS.</p>

The premises licence holder, Letteberhan Abraha Tafla, was present. I asked her to show me the CCTV footage for 10pm on Friday, 5th August, 2016. She wasn't able to do so. No one else at the venue was able to operate the CCTV. I asked her to show me the staff training records for Challenge 25. She wasn't able to do so. I asked her to show me the refusals register. She showed me an empty notebook. There were no entries in it and it wasn't marked as the refusals register. She was advised about the conditions of the licence at the time.</p>

We were advised that the basement is not currently in use and will not be in use until the sound limiter is installed in the basement. Sarah Newman asked that when the sound limiter was installed to notify EPT so that they could come and inspect the sound limiter that had been installed. Further to my statement dated 11/08/2016 I would like to make the following amendment and clarification. On Sunday the 7th August 2016 I was in the company of Southwark Council Licensing Officer Alex LISOWKI when I visited RED SEA RESTAURANT 85 CAMBERWELL ROAD SE5 0EZ.

On my statement I stated that the time of the visit to the RED SEA RESTAURANT was 02:30 hours. This was incorrect and the time was actually 01:45 hours when we attended the location monitoring the venue for a few minutes before entering the premises along with Alex LISOWKI.

When writing my statement regarding our visit to the RED SEA RESTARUANT I had referred to my Licenced Premises Visit debrief log for the times (See attached copy of my debrief log email dated 10/08/2016). This is a log of all the venues we visit, the times of the visits and a brief description of what was found.

On the debrief I put the time at the top then the venue underneath and a brief description.

I refer to page 3 of the debrief log. It show's RED SEA at the top of the page and underneath a time of 0230 hours. The time 02:30 hours actually refers to the visit to MINISTRY OF SOUND which is underneath. On page 2 of the debrief at the very bottom of the page is a time of 01:45 hours this is the time refers to the RED SEA RESTARAUNT

The reason for the error was that RED SEA RESTAURANT appears on page 2 and the time of the visit is on the following page which caused my error.
