## **PART 3H: INDIVIDUAL WARD COUNCILLORS**

---

### **MATTERS RESERVED FOR DECISION**

#### **Introduction**

The leader has delegated certain executive functions to individual ward councillors to take decisions about local matters in the following key areas: the neighbourhoods fund, cleaner greener safer (CGS), devolved highway capital programmes and community project banks. These decisions were previously delegated to the area based community councils.

In discharging any function that has been delegated, a ward councillor must act lawfully. This means that the ward councillor must act within the scope of the authority that is delegated to him or her in accordance with any limits within the delegation, this constitution, council policies, procedure rules and the members' code of conduct.

#### **Decision making**

To approve the allocation of neighbourhood funds<sup>1</sup>, cleaner, greener, safer and devolved highway capital schemes of a local nature using the resources and criteria identified by the cabinet.

#### **Consultation/non-decision making**

1. To be consulted on the Local Implementation Plan (LIP) programme before it is submitted to Transport for London.
2. To be consulted on strategic traffic and highway improvement projects.
3. To be consulted on any non-strategic traffic and highway improvement.

---

<sup>1</sup> The neighbourhood fund was established in December 2014 by amalgamating the Community Council Fund and the Cleaner Greener Safer revenue scheme. This required some consequential constitutional changes (see notice of variation to executive scheme of delegation dated 4 March 2015)
