

VCS Covid-Prevention Grants Programme

APPENDIX A

Outline of Projects

Organisation	Summary of Project	Amount
<p>Rastafari Movement UK</p> <p>Currently run food delivery and befriending services to African / Caribbean heritage people in Southwark and Lambeth.</p>	<p>Target Audience for Project: African / Caribbean Heritage contacts and service users known to Rastafari Movement UK</p> <p>Project Outline: Solution-focused research into the barriers faced by their service users in relation to following COVID 19 Public Health prevention guidance. The project aims to explore barriers as well as passing on key prevention and support information and exploring ways to overcome issues identified.</p>	<p>£4882</p>
<p>UDA Community Interest Company</p> <p>Non for profit sister arm of UDA, which provides after-school clubs for some Southwark schools.</p>	<p>Target Audience for Project: Young people from across Southwark</p> <p>Project Outline: Aimed at spreading awareness amongst young people, the project would use messages relating to Covid prevention and vaccination to act as a stimulus to create a dance piece. The project will be delivered online and involve the creation of a video which can be shared online and via the Council's school network. The project aims to reduce isolation and improve physical and mental wellbeing, as well as passing on appropriate messages to participants and in turn to their networks.</p>	<p>£3064</p>

<p>God Community Help</p> <p>Charity which currently supports a network of families and individuals whose first language is French. They usually focus on employment skills but have also been supporting those who are self-isolating or vulnerable.</p>	<p>Target Audience for Project: French-speaking Black African and Caribbean residents</p> <p>Project Outline: This project will support the Black African and Caribbean communities who speak French by producing a weekly information bulletin in French and English to include Covid-19 prevention messages and the latest guidance and regulations. They will also produce flyers and posters which can be distributed via foodbanks and other community venues.</p>	<p>£5000</p>
<p>Flashy Wings Ministry</p> <p>They work with a network of around 500 women and girls in Southwark, offering conferences, workshops, courses and written materials on topics like mental health, parenting, and assertiveness</p>	<p>Target Audience for Project: Aimed primarily at BAME women</p> <p>Project Outline: Based on research they have already carried out, their want to produce educational and campaign materials and offer activities to address Covid-19 vaccination hesitancy. They aim to organise virtual events and produce posters and other written materials to empower their audience to make informed choices.</p>	<p>£3,500</p>
		<p>£2995</p>

<p>Echoes of Hope</p> <p>Charity working with BAME people with special needs. They usually focus on training programmes and job skills and work with a range of vulnerable community members, including those with no recourse to public funds.</p>	<p>Target Audience for Project: Adults and young people with special needs and visual impairment for whom English is not their first language</p> <p>Project Outline: Project will provide information on support via a 'hotline' telephone service in different (8) main identified languages spoken by their local residents, to build trust and improve the effectiveness of existing public health messages. They will also produce materials on CD and USB or via email so they can be accessed by those with visual impairment.</p>	
<p>Kingswood TRA</p> <p>Tenants and Residents Association currently running a range of activities, including a foodbank and food delivery service</p>	<p>Target Audience for Project: Residents of Kingswood Estate with part of the project focusing on older / digitally excluded residents</p> <p>Project Outline: Project involves community research to understand more about the impact of Covid on residents of the estate as well as passing on PH messages and info about support. It also includes activity around digital training to overcome exclusion, a telephone helpline for estate residents and a social media campaign focused on young people.</p>	<p>£3,900</p>
<p>Dulwich Islamic Centre</p>	<p>Target Audience for Project: Users of their centre for whom English is not their first language, or who are experiencing language barriers which mean that Covid-19 prevention advice is not being received.</p>	<p>£5000</p>

	<p>Project Outline: The project aims to use an app which can update the user in their language and inform them of current measures and what to do if they have symptoms. It will also be used to send video messages. They also intend to use digital signage in their centre to remind people of the guidance and regulation in community languages.</p>	
		TOTAL £28,341
