

Item No. 9.	Classification: Open	Date: 8 March 2021	Meeting Name: East Central Multi Ward Forum Decision Meeting
Report title:		Devolved Highway 2021-22: Capital Funding Allocation	
Ward(s) or groups affected:		Nunhead & Queens Road, Old Kent Road, Peckham, Peckham Rye & Rye Lane	
From:		Head of Service, Highways	

RECOMMENDATIONS

1. To approve the reallocation of underspent funds carried forward from previous years underspend, current programme underspend and current programme project cancellations
2. To approve the allocation of funds for the 2021-2022 Devolved Highways capital programme in the East Central multi ward area from the list of applications set out in Appendix 1.

BACKGROUND INFORMATION

3. The council's non-principal road investment programme prioritises works on non-principal roads on a borough-wide basis and this investment forms the largest part of the annual investment programme.
4. Multi Ward areas are allocated a devolved fund of £800,000 each year from the total annual programme to spend on their priorities for highway renewal and maintenance that may not be prioritised as part of the borough-wide programme.
5. The financial provision for each community council is pro-rata by ward, as published in the Highways Capital Investment Programme 2014/15 report.
6. Commencing in 2017/18, the scope of the fund has been widened to permit the full range of minor traffic and highway capital schemes rather than solely like-for-like repair and replacement. Examples of the types of works which can now be funded include:
 - Footway and carriageway resurfacing
 - Traffic calming
 - Localised repairs
 - Accessibility improvements

- Footway buildouts
- Cycle hangars

KEY ISSUES FOR CONSIDERATION

7. There is £177,776 available for the 2021-2022 devolved highways programme for new projects in the East Central multi ward area.

Policy implications

8. There were none.

Community impact statement

9. The roles and functions of multi ward areas include the promotion of involvement of local people in the democratic process.
10. An explicit objective within multi ward areas is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared or mutual interest. The devolved highway programme is an important tool in achieving community participation.
11. In fulfilling the above objectives of multi ward areas to bring together and involve Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decision to the need to:
 - a. Eliminate discrimination, harassment, victimisation or other prohibited conduct
 - b. Advance of equality of opportunity between persons who share a relevant protected characteristics and those who do not share it
 - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
12. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation.
13. Having due regard to the need to advance equality of opportunity is further defined in s.149 as having due regard to the need of:
 - a. Remove or minimise disadvantages connected with a relevant protected characteristic
 - b. Take steps to meet the different needs of persons who share a relevant protected characteristic

- c. Encourage persons who share a relevant protected characteristic participate in public life or any other activity in which they are under-represented.
14. Ideas for devolved highway projects come from the local community, the majority via a simple project nomination form available in electronic and paper format.

Resource implications

15. The total expenditure and sources of funding for the scheme will be monitored and reported on as part of the overall capital programme.

Consultation

16. All devolved highway projects require consultation with stakeholders, including the project applicant, local residents, tenants and residents associations and local community groups where appropriate.

SUPPLEMENTARY ADVICE FROM OTHER OFFICERS

Director of Law and Democracy

17. The Local Government Act 2000 ('the 2000 Act') gives the Leader the power to delegate any executive function to whoever lawfully can undertake the function. The allocation of the devolved highway capital fund is an executive function.
18. Multi ward areas are 'area committees' within the meaning of the 2000 Act and executive functions can be delegated to them by the Leader. The terms of the delegation are set out in part 3H of the council's Constitution.
19. This report recommends that the East Central multi ward area approves the allocation of funds to the individual projects specified at Appendix 1. Paragraph 14, Part 3H of the Constitution enables multi ward areas to approve "the allocation of funds to devolved highway schemes of a local nature, using the resources and criteria identified by the cabinet".
20. Multi ward areas have further have powers under paragraph 16, Part 3H of the Constitution to oversee and take responsibility for the development and implementation of the local schemes.
21. In allocating funding under the devolved highways programme, multi ward areas must have regard to the council's equality duty set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties need to be considered in the body of the report at paragraphs 12 to 14 in the community impact statement. In regard to the duty under the Act, the allocation of funds from the devolved highways capital programme does not impact on equality of opportunity and protected characteristics of persons within the local community.

Strategic Director of Finance and Governance (CAP20/035)

22. This report seeks the approval of the East Central multi ward area for the allocation of funds £177,776 for the 2021-22 devolved highway programme in the East Central multi ward area from the list of applications set out in Appendix 1.
23. The strategic director of finance and governance notes the resource implications in the report that the proposed allocations will be contained within the council's capital programme.
24. It is also noted that officers' time and any other costs connected with this recommendation will be contained within existing departmental revenue budgets.
