North Dulwich Controlled Parking Zone – first stage consultation

Tim Walker, from the environment and housing dept presented the above.

Following a lengthy debate between local residents, officers and Councillors about commuter parking - particularly in regard to Holmdene Avenue. The community council decided to endorse the officer recommendations which are:

- Notes the results of the 1st stage consultation on a controlled parking zone in the North Dulwich area
- Agrees to the implementation of a CPZ in Holmdene Avenue but not in other roads included in the 1st stage consultation
- The community council agreed as part of the 2nd stage (consultation) of the North Dulwich CPZ to consult on creating extra parking – in an arrangement similar to a ‘home zone’. Residents would be given the opportunity to comment on this option of parking layout.

Andy Melia from Albany District Scout Council in Dulwich

Andy mentioned the scout movement has a large presence in Dulwich. He took the opportunity to thank Members for the small grant they received from Dulwich Community Council Fund last year. Part of the funding was used for organizing a fun day event which involved fun activities like arts and craft and a ‘bouncy castle’ for the kids. Veolia Environmental Services were present at the event to promote recycling and St John Ambulance Service were also on hand to provide assistance and help with first aid.

The organisation’s aim is to promote scouting in the area, so if anyone is interested in helping i.e. with a supporting role, treasurer, secretary, funding raising or volunteering please see contact details below
