Dear Sir/Madam

Re:- Fourpure Brewing Co, 25 Bermondsey Trading Estate, London

Police are in possession of an application from the above to vary their premises licence as follows.

To remove conditions

350 - That the accommodation limit for the premises is 100 people (including staff).

363 - That no more than 100 persons at any one time shall be permitted into the external areas of the premises.

And to replace with

350 – That the accommodation limit of the premises, including staff, is 720

363 – That no more than 350 persons at any one time shall be permitted into the External areas of the premises

This is a considerable increase of customers with no extra conditions being offered. I would expect the provision of SIA security to have been offered with a ratio of 1/75 which would be minimum of 10 SIA. Door security, Crowd management and internal security must be dealt with by trained SIA. To allow staff to deal with conflict resolution and customer ejections would be unsafe and could possibly be unlawful.

We would like to see either a considerable reduction in the accommodation limit or the following condition included on the licence.

1. That a minimum of Ten SIA registered door supervisors will be engaged when the premises are in operation above an accommodation limit of 100 and will be employed at all times after 17:00 until the end of business and all patrons

have vacated the premises. They will be engaged to monitor admission and re-admissions to the premises, security, protection, screening, dealing with conflict and ensure that conditions related to the use of the outside area are adhered to and that the dispersal policy for the premises is implemented.

2. The CCTV system should cover all areas that customers consume alcohol including all external areas.

Submitted for your consideration.
Yours Sincerely

PC Graham White 2288ASAS
